Widmark

Noted sire of top sport horses with high rideability for the dressage and hunter arenas, Widmark himself was a successful Grand Prix competitor. He is the ONLY stallion to produce two daughters who have won the AHS Dr. Hartwig Award. He is the sire of many Elite Mares, Elite Mare Candidates and Top Foals at Hanoverian, Oldenburg and Swedish inspections nationwide.

Stud fee: \$1,200.

1998 Hanoverian, 16.2 hh
(Wolkentanz/Maat II/Azur)
Licensed HV, AHS, ARS

Fabregas

Since making his Grand Prix debut in 2019, Fabregas has continued to impress in the dressage arena, even claiming the Region 2 championship title. He is a proven sire with two licensed sons, many Elite mares, and numerous award-winning foals to his name. He is known to produce high rideability and has sired top sport horses in both the dressage and hunter rings.

Stud fee: \$1,200.

THE AMERICAN HANOVERIAN SOCIETY

A General Overview

The **American Hanoverian Society, Inc.** (the Society) was incorporated in 1978 to establish, maintain and operate a nonprofit association of breeders, owners and friends for the promotion and preservation of the Hanoverian horse in the United States. It was established to maintain a public registry of Hanoverian horses, to recognize excellence of Hanoverian and Rhineland horses in competition, to brand approved stallions, mares and foals with the society's registered brand and to disseminate information to breeders, owners and friends pertaining to the breeding and raising of Hanoverian horses. The Society promotes the performance of the Hanoverian horse in dressage, eventing, hunters, jumpers and driving to encourage a public understanding of the Hanoverian horse, its breeding and performance.

Although it is connected to the German Hannoveraner Verband, the Society is an American-based, independent, nonprofit corporation. Headquartered in Lexington, KY, at The Kentucky Horse Park, the Society office employs a full-time, experienced staff dedicated to supporting the membership. It is governed by a Board of Directors, elected by its U.S. membership and operates under by-laws voted upon by the membership. This self-governance is unique to European-affiliated registries.

The Society enjoys a strong bond and mutually beneficial working relationship with the Hannoveraner Verband (HV), including full studbook reciprocity. The Verband endorses the Society by-laws, breeding rules and the manner in which the Society conducts bloodstock inspections. The Society has representation and a vote on the Verband Board through our membership in Hannoveraner International.

In 2017, The American Hanoverian Society took over the management of the American Rhineland Studbook.

The Society now manages two independent and distinct warmblood breeding registries in the U.S.: the Hanoverian Studbook and the Rhineland Studbook. Both are well-respected warmblood breeding registries with their origins in Germany. Both follow typical warmblood protocols, including mare inspections, stallion licensing and approval, and foal registration.

The two studbooks differ in one key philosophical aspect: the Hanoverian Studbook tends to be more restrictive toward acceptance of outside (non-Hanoverian) breeding stock, while the Rhineland Studbook tends to be more open toward acceptance of outside (non-Rhineland) breeding stock.

In practice, this plays out as follows. The **Hanoverian Studbook** accepts breeding stock from fewer warmblood breeding registries than the Rhineland Studbook.

The Hanoverian Studbook only recognizes Thoroughbred, Arabian and Anglo-Arabian as "purebred" breeding stock. When grading breeding stock from these outside populations, only the best of such outside populations are accepted. In simple terms, a mare from an outside population can only enter the Hanoverian Studbook breeding program if she receives an inspection score equivalent to the "Premium Titled" Hanoverian mare requirements.

In effect, the Hanoverian Studbook has a built-in preference for its own breeding stock with a willingness to accept only the best from outside breeding populations.

The **Rhineland Studbook** generally accepts breeding stock from the majority of the registries that are members of the World Breeding Federation for Sport Horses (WBFSH). In addition to Thoroughbred, Arabian and Anglo-Arabian horses, the Rhineland Studbook also accepts registered Pura Raza Española (PRE)/Lusitano horses as well as most warmblood registries. Breeding stock from outside populations are graded on equal footing as Rhineland horses for purposes of entry into the Rhineland Studbook. This "open philosophy" with regard to outside populations is generally the philosophy employed by the majority of other warmblood registries. One other key difference between the two studbooks is the Rhineland Studbook accepts "colorful" horses, namely, dilutes and pintos.

The diverse philosophies of these two studbooks, under the common management and administration of the Society, provides significant flexibility to our breeders. One membership provides access to two distinct and diverse studbooks with shared inspection tours, familiar customer service and experienced management. Breeders wishing to utilize bloodlines and/or breeding populations restricted from the Hanoverian Studbook can seamlessly utilize the Rhineland Studbook without having to leave the Society or incur additional inspection costs.

For more information about the Hanoverian Studbook and Rhineland Studbook requirements, visit hanoverian.org or contact the Society's office at (859) 255-4141.

MISSION STATEMENT

The Society is committed to adoption and adherence to the highly selective breeding standards practiced since 1735 in the Hannover breeding area of Germany. The aim is a noble, correctly built warmblood horse capable of superior performance, with natural impulsion, space-gaining elastic movements, and because of its temperament, character and willingness, is suited principally as an all-around riding horse.

MEMBERSHIP

The Society appreciates our members and dedication to the Hanoverian and Rhineland horse.

The Society offers four types of membership:

ACTIVE MEMBERSHIP

Required for members participating in the Society breeding program (registering a foal, presenting horses for inspection and/or performance testing or standing a stallion). Active members are eligible for Society awards, may hold office, serve on committees and vote. All Active Members receive complimentary copies of the Society's *Annual Stallion Directory and Awards Magazine*.

ASSOCIATE MEMBERSHIP

Recommended for those primarily interested in showing (not breeding) their Hanoverian or Rhineland horses. Associate members may not hold office, serve on committees or vote.

JUNIOR MEMBERSHIP

Junior members, those who are under the age of 21 at the time of payment, enjoy the same benefit as Associate members. A Junior membership expires at the end of the calendar year in which the member reaches the age of 21.

LIFE MEMBERSHIP

Life members have full Society benefits as listed under the Active membership category. A Lifetime membership may not be an entity and may not be shared between individuals.

MEMBER BENEFITS

Society member benefits are numerous and can be found on the Society website at <https://hanoverian.org/forms/join-renew/>. A few of the most notable include:

- An annual inspection tour offering sites nationwide that include mare and foal inspections, mare performance tests, stallion licensing, education, futurities and an opportunity to meet fellow breeders. Both American and German judges conduct the inspections, giving perspectives and advice to all in attendance.
- The awards program is one of the most comprehensive offered to sport horse breeders and competitors in the U.S. The Society offers competition awards in dressage, jumpers, hunters and eventing, as well as awards for top mares at inspections, top foals at inspections, gold medal foals and futurity awards for yearling and 2-year-old horses.
- The annual Stallion Directory is produced and mailed to every Active member or is available for purchase.
- Monthly registry and industry updates are emailed to members via Hanoverian Happenings.
- An active Young Breeders' Program encourages the next generation of breeders.
- An annual membership meeting allows current members to participate and engage with the Board of Directors.
- Both the Hanoverian Studbook and Rhineland Studbook are managed under one membership, allowing a wide range of breeding options, single inspections for both studbooks and one centralized office.
- Website advertising options including banner ads and free ads for selling a horse. For details, visit <https://hanoverian.org/adverts/>.
- An online library of webinars covering educational topics such as feeding performance horses, bit fitting, inspection preparation, equine genetics and inheritable diseases.

MAKING THE SWITCH

Dr. Andrea Sieg has been connected to horses for more than 40 years, from her childhood in Germany to becoming a breeder and, later, an equine veterinarian.

She started riding ponies when she was 10 and got the opportunity to ride a friend's warmbloods when she was 14. While her parents told her she had to wait until she was an "adult" to buy her own warmblood, once she turned 18, Andrea wasted no time and bought a 3-year-old Westphalian gelding. Sadly, she lost the horse the first year she owned him due to colic.

"Knowing I could never find a horse like him, I bought a black, Gold Premium broodmare in foal," said Andrea. "I kept hoping for a colt, but she gave me one filly after another!" She ended up with a lot of mares and, as a result, became a real mare lover. "Now I don't want a gelding!"

Andrea has been very involved with the Northrhine Westphalian state stud (NRW) and is its official representative in the U.S., but for the last four years, she has only registered her horses with the Rhineland Studbook (except for one German Riding Pony).

Why the switch four years ago? Andrea is from Cologne, located in the Rhineland area. She had a connection to that registry and admired stallions like Florestan I, Ehrentusch, Belissimo M and Ferragamo. Now she and her husband, Jimmy, stand their own Rhineland stallion, Lord Ferragamo (Lord Loxley x SPS Fairless P x/Ferragamo). They also appreciate the breeding standards adhered to by the Hanoverian and Rhineland studbooks. "We also have many clients' mares we foal out and raise," she explains. "The

combination of the Rhineland with the Hanoverian Studbook has been great because we can offer both registries with one inspection."

Andrea became a veterinarian because of nearly losing a mare to twin pregnancies. While the foals didn't survive, the mare did and spent 25 years with Andrea as the foundation mare for their breeding program. "At 25, I entered veterinary school hoping a tragedy like that would never happen again," she said. Andrea worked in research and did her Ph.D., which brought her to the U.S. "Now I love the reproduction part of my education—breeding with fresh and frozen semen, handling embryo transfers, foaling and raising the offspring," Andrea said. So far, she has never ended up with twins carried to term because she has successfully reduced many twin pregnancies to one.

Each year at their Jackson, South Carolina farm, Andrea breeds 10 to 15 of her mares, along with embryo transfer with older mares, mares under saddle or mares for sale. She rarely sells any foals because she prefers to start them under saddle and either sell them or keep them for their breeding program. "Starting the 3-year-olds under saddle helps me evaluate rideability, temperament and potential and helps me identify what the stallions contribute, especially when we have more than one foal from a stallion," she says. "With the mares, after one or two foals, we decide if we're going to keep them in the breeding program or put them back under saddle to be

Photo courtesy Dr. Andrea Sieg

marketed as riding horses. Our top broodmares are in our program until they can't carry foals anymore and embryo transfer doesn't work. At that point, they've earned their retirement and stay here."

In Andrea's breeding program, her priority is temperament, rideability and conformation. "Temperament needs to be number one or the mares won't be in our breeding program," she says. "They also need to be good movers with great conformation. A horse should be fun and a pleasure to ride."

Andrea is also proud of Lord Ferragamo's contribution to their breeding program. He had a successful year in 2022 with champion and Gold-Medal foals, a USEF national futurity winner and a First Level Junior Champion at the U.S. Dressage Finals. "He produces top foals for us every year and his offspring are blessed with an easy temperament, super rideability, lots of suspension and very good gaits."

Andrea is pleased with the American Hanoverian Society and the Rhineland Studbook. If she could have one wish, she says, "It would be great if German Riding Ponies could be registered! That's the only time we can't stick with the Rhineland Studbook."

Photo courtesy Dr. Andrea Sieg

JUMPER BREEDING PROGRAM

Promoting the breeding of high-quality Hanoverian and Rhineland show jumping horses in North America

In 2005, the Society established the **NORTH AMERICAN JUMPER BREEDING PROGRAM (JBP)**, which is based in part on the successful experience of the Programm Hanoveraner Springpferdezucht (PHS) established in 1993 in Germany. A cooperative effort between the Society and the two regional Hanoverian breeding clubs in Canada, the Jumper Breeding Program promotes the breeding of high-quality Hanoverian and Rhineland show jumping horses in North America. To be selected for the program, mares and stallions must have both an appropriate jumping pedigree and demonstrated jumping ability or offspring with demonstrated jumping ability.

Grey C Top (Grey Top x Delightful/Drosselklang II) Owner/Breeder: Carlos and Gabriela Fernandez. Photo courtesy Carlos and Gabriela Fernandez

STALLION CRITERIA

The criteria used by the PHS for selecting the stallions was adopted for the North American Program. In addition to having an appropriate jumping pedigree, a stallion must meet one or more of the following criteria:

- A jumping index of at least 125 in the Stallion Performance Test
- A jumping score of 8.5 or higher in the Stallion Performance Test
- A successful competition record, such as placings in show jumping at USEF 1.40m or above (five times in first to third place) or Equine Canada equivalent, participation in international levels of competition or qualification for the World Breeding Championships for Young Jumpers or the Bundeschampionat in Germany
- Offspring with successful competition records at the USEF 1.40m or above or CEF equivalent
- A jumping breeding value of at least 120

Because competition records are not readily available in the U.S., the committee relies primarily on stallion performance tests and breeding values for acceptance into the JBP. The

committee encourages owners of stallions not otherwise included to provide the committee with the competition records of their stallion or his offspring. These records will be evaluated, and if sufficient, may permit the inclusion of the stallion in the program. In addition to the stallions already selected for the PHS, the current list of activated North American stallions selected for the program is set forth on the following page, and stallions in this directory have the appropriate JBP logo on their individual page.

MARE CRITERIA

The JBP committee has also adopted similar criteria to that used by the PHS for selecting the mares for the program. Mares must have an appropriate jumping pedigree and must meet one or more of the following criteria:

- An overall jumping score of at least 8.0 in the Mare Performance Test (MPT)
- A breed value index of at least 125
- A successful competition record in show jumping at USEF 1.35m or above or the Equine Canada

equivalent (five times in first to third place), qualification for World Breeding Championships for Young Jumpers or Bundeschampionat in Germany

- A mare that has two offspring with successful competition records, one with placings first to fifth in USEF 1.35m or above (or Equine Canada equivalent), and one with at least one placing first to fifth in USEF 1.40m or above (or Equine Canada equivalent); these offspring must have acceptable registration papers from a member organization of the World Breeding Federation for Sport Horses
- A mare that has close relatives (full or half siblings from the same dam with successful show jumping competition records as noted above)

Because the committee does not have access to competition records of many of these mares or their offspring, the committee may rely upon MPT data and competition records previously submitted to the Society office. The committee recognizes that there may be mares not currently on the JBP list that have successful

OWNERS OF MARES OR STALLIONS NOT OTHERWISE INCLUDED IN THE CURRENT LIST ARE ENCOURAGED TO PROVIDE THE COMMITTEE WITH THE APPROPRIATE ADDITIONAL INFORMATION SO THE HORSE MAY BE CONSIDERED FOR THE PROGRAM.

Folklore (Fortuitous I), (Franziskus x Dramatic/Donatelli)

Cornet Barcelona (Cornet Obolensky x Real Emotions RHR/Raphael Son II)
 Owner/Breeder: Carlos and Gabriela Fernandez
 Photo courtesy Carlos and Gabriela Fernandez

competition records, or other factors that have been overlooked or not considered. Owners of mares not otherwise included in the current list are encouraged to provide the committee with the appropriate additional information so the mare may be considered for the program.

APPROPRIATE JUMPING PEDIGREE

The following guidelines are generally considered to be an “appropriate jumping pedigree.” To some extent, these guidelines may be applied more strictly to stallions than mares. First, the sire of the horse in question must be a “jumping sire,” preferably meeting the requirements as set forth for the stallions elected for the program. Next, the sire of the dam and the sire of the granddam should either be both jumping sires or at a minimum one of the two should be a jumping sire, also preferably meeting the JBP requirements as set forth for stallion qualifications.

Recognizing that some sires are multi-talented which makes for many variables, the committee will consider every application very carefully.

To further encourage participation of jumper mares in the breeding

program, the inspection scoring system allows for an alternative requirement whereby a mare that meets the other requirements for Hanoverian or Rhineland Premium Mare eligibility but does not score an overall 7.0 on inspection (42 points) or an outside mare that does not obtain the necessary overall 7.0 or better for entry into the studbooks may have her free jumping score added to the overall inspection score and the resulting total divided by 7 (instead of 6). If this new total is 7.0 or better, that result would count towards Hanoverian or Rhineland Premium Mare eligibility (in the case of eligible mares) or Main Studbook acceptance (in the case of outside mares).

MARE BREEDING

The decision to breed your mare and raise a foal is one of the most exciting and challenging choices an owner will make. It is important to carefully follow the Society's established guidelines to ensure the resulting foal is eligible for registration.

Champion Mare HPMC Freya FHF (Fuerstenball x Reydena/Weyden)
Owner/breeder Candice Klingbeil. Photo by Julia B Photography

STALLION STATUS VERIFICATION

The mare owner is responsible for verifying that a stallion is approved and activated for Hanoverian and/or Rhineland breeding. Approved and activated stallions can be found in the annual *Stallion Directory* or on the Society's website. Other approved stallions can be found in the annual *German Jarbuch Hengst* or the Verband's website. Mare owners can inquire about other stallions not listed in the resources referenced above.

1B STALLIONS

Stallions deemed to have world-class performance or sired offspring with world-class performance careers may be approved for breeding on request without inspection/licensing provided such stallions:

- have an acceptable pedigree (as determined by the Society and/or the Verband), and
- are already licensed by a warmblood registry whose breeding program is approved by the Society and/or the Verband.

A stallion shall be deemed to have world-class performance if he appears in the year-end rankings of the World Breeding Federation for Sport Horses (WBFSH):

- within the top 100 show jumping stallions,
- within the top 50 dressage stallions, or
- within the top 25 eventing stallions.

IT IS IMPORTANT TO CAREFULLY FOLLOW THE SOCIETY'S ESTABLISHED GUIDELINES BEFORE AND AFTER THE BREEDING AND THE BIRTH TO ENSURE THE RESULTING FOAL IS ELIGIBLE FOR REGISTRATION WITH THE SOCIETY.

*Champion Hanoverian Mare at the Marquis Sport Horse inspection
Donika SCF (Donavan x A Stairtothemanster xx/Fred Astaire) and her foal Diamond
Affair LSE (Diesel CF), owner Joanna Russell.*

Stallions meeting all of these criteria shall be deemed approved for breeding upon approval from the Society and the Verband. Upon payment of a 1b sire fee, offspring by such stallions, and out of mares approved by the Society and the Verband, shall be eligible for registration, provided all other requirements are met.

Breeders will be more competitive in the marketplace making use of excellent stallions from other breeds proven either through their own performance, as based upon WBFSH rankings, or top-class progeny results, again based upon WBFSH year-end rankings.

If you have any questions about a proposed breeding, please contact the Society office.

TRANSFER

The Society recognizes embryo transfer and allows an unlimited number of foal registrations per donor mare, provided both the sire and dam are inspected and entered in the Hanoverian Studbook or Rhineland Studbook.

Warmblood Stallions of North America

We're honored to be trusted by Hanoverian stallion owners in North America to promote their boys. The many Hanoverians on our site include established sires and young stars in the making, including:

Stallion Licensing and Approval

The American Hanoverian and Rhineland studbooks are open to Hanoverian and Rhineland registered stallions, and stallions from other warmblood registries, as well as Thoroughbred and Arabian stallions. The first step in determining eligibility is to have the stallion's pedigree verified by the AHS Registrar. To be eligible for the Hanoverian Studbook, a stallion must have six generations of approved breeding; the Rhineland Studbook requires stallions to have a minimum of four generations of approved breeding. All stallions to be approved for breeding must also pass a standardized veterinary exam.

The next step for stallions is generally the licensing, which is done at age 3 or older. At a licensing, stallions are evaluated on their conformation, type, movement, rideability, and in the case of jumping stallions, their free-jumping technique and aptitude. Hanoverian and Rhineland-registered stallions must score an overall 7.0 with no sub score lower than 5.0. Stallions from outside populations must score an overall 7.5 for Hanoverian licensing or a 7.0 overall for Rhineland licensing.

The final step in the approval process is then meeting specific performance requirements. There are several avenues to complete the performance requirements for stallions. The following chart serves as an overview of the most common routes utilized currently. There are also hybrid options for different combinations of Sport Test, as well as participation in the German or US National Championships for Young Dressage Horses. The AHS Registrar can help stallion owners navigate through the timing and different options available to them to fulfill their stallions' sport requirements to gain his lifetime approval.

STALLION TEST FORMATS IN EUROPE

The older 70-Day and 100-Day testing formats were designed for 3-year-old stallions (although older stallions could participate). The stallions arrived at the testing stations with often widely varying degrees of training and preparation. An appointed Training Director and his staff managed all care, training and riding of the stallions during the testing process. The longer time period with stallions and the unified care and training systems during that time allowed for a scoring system that included evaluations on qualities such as character and temperament in addition to gaits, jumping ability (free jumping and under saddle) and evaluation cross-country. With the ongoing move towards sport performance and breeding specialization, as well as the costs and logistical for

running these lengthy tests, this system is no longer utilized.

The 50-Day Stallion Test still offered in Germany is most like the prior testing system. Stallions are still trained and cared for by the Stallion Testing Training Director and staff, but unlike the prior system they are choosing to specialize in one specific discipline. Note: There are other similar stallion tests (35 to 70 days) offered in other European countries such as Holland and Denmark that are accepted by the Hanoverian/Rhineland Verband in Germany as completion for sport requirements. These longer format tests only need to be completed once.

The most popular stallion testing format in Germany is the short format tests. At 3-years-old, stallions complete a 14-Day Suitability Test that has a Training Director and staff for all the stallions and evaluates basic gaits and free jumping. Stallions are then required to attend two 3-Day Sport Tests over the next two years to earn their lifetime approval status.

NORTH AMERICAN STALLION SPORT TEST (NASST) 3-DAY SPORT TEST

The North American Stallion Sport Test (NASST) was established in 2017 and modeled after the 3-Day Sport Test format in Germany. With the emphasis on sport performance and a move to evaluate stallions' progressive training, the Sport Test requires a stallion to be presented twice before earning their full approval with the major warmblood breed registries including Hanoverian and Rhineland.

Due to limited numbers of 3-year-old stallions being presented in North America, as well as the costs and logistics involved, the 14-Day test was not seen as a viable option for North America. However, because the stallions are presented in the United States at age 3 or older and shown under saddle at their initial licensing, it was agreed by all the registries and the German Federation (FN) that we could waive the 14-day test.

The 3-Day Sport Tests are discipline-specific (dressage or jumping) and are age-specific in their testing requirements. Another positive for the Sport Test format is it's not judged on a bell-curve as the old 70/100-day formats were, so the scores related to each stallion's performance are not impacted by the performances of other stallions at the testing. There is no minimum passing score established for the Sport Tests, but all scores are published and available for mare owners to use in their selections. Stallions are scored in five categories to create their final overall score for the testing.

The German Federation has endorsed the North American Stallion Sport Tests and approves the panel of judges, officials and test riders each year. This close cooperation allows NASST results to receive full acceptance by all the German Verbände and maintains the reciprocity of studbooks between North America and Germany.

Apiro was the 2007 USDF Mid-States Region Champion Mature Stallion with scores to 87.4%. In 2008, he competed successfully in the regular working classes against the nation's top hunters. He also has many championships in the amateur/owner hunter division. Apiro is a son of the legendary Argentinus. A successful advanced-level show jumper, Argentinus sired numerous approved sons, States Premium mares and became Germany's youngest millionaire based on money won by his progeny. He was renowned for passing on his willing temperament to his offspring. Argentinus' sire, Argentan I, produced many approved sons and States Premium mares and was highly-regarded as a broodmare sire. Absatz has stamped generation after generation with the type and unmistakable face of his sire Abglanz. From Argentinus's damsire, Duden II comes the dynamic movement and impulsion of Duellant. Apiro's dam, the States Premium mare Pyrah H, produced the show jumpers Perle, Pandora and Power Girl, as well as Rocci Balboa, who has had success in Young Dressage Horse classes, and the States Premium mare Airline. She also produced the approved stallion, River Phoenix, who won the Bavarian Championships and placed in the Bundeschampionat. Pyrah H is by the exceptional jumper sire Pilot, the first show jumping stallion with progeny to earn 1 million Deutsche Mark. Apiro's granddam, Ceda H, is by the Cyklon son Cyrus. The Hanoverian-approved Trakehner, Cyklon, established a good jumper line and was regarded as a superior sport horse sire. Apiro is the sire of two approved stallions, Apiro's Boy and Appeal. His progeny are proving to be successful on the line as well as in the ring. We are eagerly awaiting his next foal crop and happy to have this amazing hunter stallion in our lineup at Ryan Pedigo Hanoverians. Apiro is also GOV and Westfalen approved.

Argentum BSH, fondly known as Ace, bred and owned by Dove Butler of Butler Sport Horses, is a gorgeous 2009 Oldenburg gray Tobiano stallion sired by KWPN Tobiano stallion Art Deco, out of Seattle Slew granddaughter Sasia. Standing 16.2-H this extremely eye-catching boy has a heart of gold and an unbeatable work ethic that shows in his training sessions at home and in the competition ring. Ace was presented at the ISR Oldenburg N.A. Stallion Inspection in 2015 and obtained his Lifetime Certificate Breeding License with an impressive score of 228, which earned him his first Star award for Oldenburg stallions and impressed the judges with not only his dressage talent but with his skill and scope in jumping as well. In 2017, he earned his second Oldenburg Stallion Star in Sport-Test by achieving five of the required scores and top three placings at Prix St. Georges at just 8 years old with scores consistently in the 70s. With his natural talent for collection and can-do attitude, he has settled well into the FEI levels of dressage, showing off his powerful hind end and talent for self-carriage. In 2020, he earned USDF All-Breeds Open Champion at Intermediate II. In 2021, he proved himself a formidable competitor at Grand Prix, receiving comments such as "Cool horse!!!" and "Bright future!" His exceptionally kind attitude and remarkably good behavior make him a gentleman at home, on the show grounds and in the breeding shed. He will undoubtedly pass his agreeable temperament and willing attitude on to his offspring, making them a joy for amateurs and professionals to train and compete in dressage, jumping, eventing or hunters. He is a true homozygous black with bay genes. He also carries the flashy Tobiano for color and has a 50% chance of passing on gray. Ace's sire, Art Deco, proved himself both in the show ring and as a top sport horse sire. He earned three prestigious star awards and was an Elite stallion. Art Deco competed successfully in Grand Prix dressage, hunters, eventing and jumpers. He is one of the very few pinto Warmblood stallions in the world to compete at the above-mentioned levels. He was the first pinto stallion in the world approved for breeding by the Oldenburg Verband via ISR Oldenburg NA in 1993, opening the door for all future colored horses and their offspring (including his sire Samber) to be registered/approved into German registries, such as Oldenburg.

BALOUJOIE is a young, beautiful and exciting stallion with an outstanding temperament, jumping scope, rideability, work ethic and character. He was the top-scoring jumper stallion at the 2018 East Coast North American Sport Stallion Test. BALOUJOIE was sired by Bon Balou, who was also named jumper champion of his 70-day stallion test in 2012. BALOUJOIE shows the scope and athleticism for jumpers, yet has stylish, correct form for hunters. He stands 16.1-H, is extremely quiet and possesses natural balance, which combined with his great temperament and expression makes him the total package for both hunter and jumper breeders to consider. BALOUJOIE is successfully showing in the USEF/USHJA green hunter division

Beau Balou is an up-and-coming, 2015 Hanoverian stallion who is already accepted into the prestigious Hanoverian Jumper Breeding Program. He is a three-ring horse and his elastic, powerful gaits and scopey jump make him suitable for dressage, hunters or jumpers. Beau Balou is currently competing at 1.20m with consistent clear rounds and will be moving up in 2023. His dam, Iroise de Grandry, competed internationally at the 1.50m level at all the major European shows in France, Germany, Switzerland and Italy. She is 25-years-old and remains sound and rideable today. At the young age of 3, Beau Balou won his Canadian Warmblood Licensing and finished reserve champion against older stallions in his stallion performance test. He also finished second against the top-20 3-year-olds at the prestigious Lieutenant Governor's Cup at the Royal Agricultural Winter Fair in Toronto. He continued his winning ways as a 4-year-old, with several high placings in the hunter ring and ended the season with an excellent score of 8.29 at the North American Sport Stallion Testing. He successfully completed his second NASST in 2021, to obtain lifetime breeding approvals. Beau Balou obtained high scores at his testing for scope, character, temperament, canter and rideability. He has consistently passed on his temperament and canter on to his offspring, with all traits of his impressive lineage coming from world-renowned show jumping stallions Baloubet du Rouet, Argentinus and Laudanum xx. Beau Balou's first crop of offspring arrived in 2020. Of the top-five top Canadian Warmblood Futurity winners in 2020, three were sired by Beau Balou. In 2021, he sired the Foal Futurity winner for Canadian Warmblood.

Beltano was licensed in Verden. In his 30-day-test in Schlieckau, Germany, he earned impressive rideability scores of 10.0 from both test riders, as well as 9.0 for temperament, 8.5 trot and 8.75 for canter. With these scores, Beltano placed second in the dressage phase with an excellent total of 145 points. Beltano won several young horse championships, including the young horse championship of Bärnau and received the "Golden Knopf" award. He qualified for the 2014 Bundeschampionat, thus becoming fully licensed by the Hanoverian Verband. His sire, internationally successful Grand Prix stallion Belissimo M, has had a successful career earning Bundeschampion for dressage horses, and placed fifth in the World Young Horse Breeding Championships. He is a noted sire of Bundeschampions, States Premium Mares, licensed stallions and highest-level competition horses. Beltano's dam, SPS Heavenly, is a daughter of the celebrated Trakehner, Elite Hengst Hohenstein I, and brings the legendary Donnerhall bloodline. Beltano was imported to the U.S. from Hengststation Jens Meyer and is now being developed as an international Grand Prix prospect by three-time Olympian Guenter Seidel. Seidel shared, "After riding Beltano for a few days in Germany I saw what a nice horse he was. He has three quality gaits, great bloodlines and a very nice training foundation." In 2019, the pair made their debut during the AGDF 3 where they placed second in the competitive CDI1* Prix St. Georges with a 71.324%. Beltano returned to the arena during week 5 of AGDF where the pair continued to impress, winning the CDI1* Prix St. Georges (72.892%). Beltano and rider Guenter Seidel, had wins in FEI Intermediate II at the 2022 Global Dressage Festival in Wellington, FL, and placed third in the USDF Dressage Horse of the Year at Intermediate II. Beltano's foals in Germany were highly successful at foal shows. They are tall with long legs, modern type and beautiful gaits showing much promise as future dressage prospects.

Descending from the ever-growing Bolero line, Black Tie shares a pedigree with greats such as Beauvalais, Brentina and Bonaparte to name a few. His sire, Baroncelli, was the performance test winner in MünsterHandorf, 2002 Best Stallion of the Year, fourth at the 2004 World Championships and is now consistently in the ribbons at Grand Prix. Black Tie's dam, SPS Regina by Raphael, was a successful jumper and is a member of the German Jumper Breeding Program. The influence of Ramiro contributes greatly to Raphael's prepotency for siring top horses of diverse abilities, including Ramina, Rockefeller, Raphaelo, Ravallo and Radiator. Raphael is also seen in many top hunter pedigrees in the damlines of approved stallions. Black Tie's first foals arrived in 2007, with his firstborn being named Top Colt at the Rolling Stone Farm AHS inspection and a second colt repeating the honor in 2008. His first foal crop is now under saddle with son, Bugaboo TFH, pinning in the Baby Green divisions. In 2005, Black Tie successfully completed his performance test at Adelheidsdorf, Germany with 8.0s in character and jumping ability. In the U.S., Black Tie's first year as a hunter brought many successes with wins in the baby green divisions at HITS Ocala. He had an exceptional 2007-2008 season in Ocala, finishing up at the Spring Premier in Lexington, Virginia, competing in the pre-green hunters and consistently in the ribbons. His successes awarded him the American Hanoverian Society's Hunter of the Year award!

Bodo EDI is a black 16.2-H Hanoverian stallion combining Brentano, Floristan and Rubinstein. Bodo excels in all three gaits with superior elasticity. Bodo was reserve champion of his performance test after receiving sub scores of all 8.0s and 8.5s and is fully approved. He is a genetic dressage powerhouse, an example of modern breeding type coupled with Grand Prix-producing ancestors, the epitome of dressage performance breeding. He is a super type, wrapped in a glossy black coat. Bon Coeur was a Premium stallion at his licensing, Vice-Bundeschampion of the 3-year-olds and winner of his performance test in Schlieckau! He was awarded a maximum 10 points score several times. He achieved a score of 9.0 points for rideability during several qualifiers for the Bundeschampionat. He was also the champion in Hanover and 4-year-old reserve Bundeschampion. It became clear during the Bundeschampionat how enormously powerful and at the same time light-footed this stallion is. Excellent tact and almost unlimited elasticity. Bodo's damline has some of the best foundation stallions, including Florestan and Rubinstein. His dam, Freya, produced many champions, her offspring are winning all over Germany. Bodo's half-sister, Lady Lissann S, won a mare show, was reserve champion in the mare performance test, received States Premium status, won several young horse classes in Germany and competed in the Bundeschampionat. Bodo is fully approved for AHS, Hannover, Rhineland, Westfalen, Oldenburg and Mecklenburg. He already has a strong crop of foals showing amazing quality and consistency.

Cabardino was the USEF No.1 Hunter sire for 2017 and 2018! Cabardino is a spectacular 4-foot hunter who combines scope, technique, temperament, beauty and movement in one complete package. Cabardino is the sire of countless A-circuit hunter champions in the U.S. and Canada, including circuit champions at both Winter Equestrian Festival and Ocala. His offspring have won many hunter derbies. He is the sire of the Sallie B. Wheeler/USEF National Hunter Breeding Champion Sabrina and has produced numerous hunter-line class champions. Cabardino was reserve champion at the Oldenburg International Stallion Approval for show jumpers. Cabardino's temperament is second to none and his scope and technique over jumps is extraordinary. He produces flashy, refined foals who are intelligent, calm and easy to train. Cabardino was campaigned in the hunter ring from 2006 to 2008, winning Working Hunter championships at WEF, Kentucky National, Tournament of Champions and Combined Hunter, Adult/Amateur, and Grand Champion at the Amateur Hunter Championships at the Royal Winter Fair in Toronto. Cabardino was Open Jumper Champion at HITS Ocala in 2009. As a renowned sire, Cabardino has passed on his winning ways, producing numerous Premium and Champion foals. If you are looking to produce a classic hunter-type foal, Cabardino is your stallion of choice. Excellent quality fresh semen is available during the breeding season for shipment across North America. Semen for U.S.-based mares is sent out of Buffalo, New York, as a domestic shipment. Good quality frozen semen is always available.

Calisto is an exciting, beautiful and versatile young stallion just beginning his sports career. He has outstanding intelligence and a sweet temperament, exceptional rideability, a superior work ethic and wonderful character. Calisto is a 17-H big, sporty gray stallion who was the champion jumping stallion at the North American Stallion Sport Test for 2019 and 2021. "He is super rideable and always focused on his rider," shared Marion Ostmeier, the test rider of the jumping stallions. He scored 9.0 for scope, 9.5 for style, 9.5 for rideability and 9.0 for overall impression. Calisto is sired by Cancara, who was 70-day performance tested at Schlieckau in 2009 and received 10.0s for jumping ability and jumping technique and 9.75 for stadium jumping in the final test. Calisto's dam is Centurea, an Argentinian sport mare, which goes back to a Hannoveraner line. Calisto is an athletic, modern-type and stylish stallion with natural balance and quiet temperament, which makes him the total package for hunter, jumper and eventer breeders. He is also schooling Grand Prix dressage, another indicator of his amazing versatility, intelligence and trainability. In his first season, he produced Premium foals.

Conteros is sired by the legendary Holsteiner stallion Contender (Stamm 2472) out of Rawiena by Raphael (royally-bred foundation sire of 22 licensed sons). Contender is the sire of 127 approved sons and 40 Premium mares with offspring like Montender, Checkmate 4, Carlo 273 and Chiara 222. Conteros himself has an extensive international record at 1.60m with top rider Toni Hassmann (GER) which include many world placings in Aachen, Germany. Upon import, Conteros was able to change hats with his amateur owner to the hunter ring with notable first-place finishes in international hunter derbies (U.S.). Among his small collection of offspring, the solid grouping includes an internationally-licensed and approved son showing and placing in CSIO5* & CSI4*, with other talented offspring in CSIO5* and CSI2*. Conteros' versatile pedigree makes him an ideal candidate for North American breeders - jumping and dressage alike. His uphill, balanced and floating canter makes any discipline a breeze for this stallion and his offspring. His beautiful head, neck and topline is that of his sire, Contender. Conteros exhibits correctness and has substance of bone. Conteros' jumping style has the scope for the top of the sport, yet form for the hunter ring. Other inheritable traits are his exceptional temperament and work ethic. He stamps his offspring with leg length, scope and natural balance. Conteros is a beautiful example of a versatile stallion. With Raphael in the damline, it adds insurance of a promising, premium offspring.

Copernicus WF is a stunning, modern stallion of brilliant chestnut red with long legs and a short, coupled back. He demonstrates a consistently superior work ethic and a great temperament both at home and at the show. He carries enough blood and scope for the jumper ring while his canter will easily cross over to the hunter ring in the future. Copernicus WF continued his show career in 2022 as a 6-year-old, competing successfully up to 1.25m. He will continue to be developed to his full potential in sport as a jumper with plans to cross over to the hunter derby ring in 2023. We expect great things from this young stallion in both the hunter and jumper rings. Copernicus WF demonstrates excellent jump technique and scope. His incredible hind end is passed down from his maternal line. He is a member of the AHS Jumper Breeding Program and claimed the Champion Jumper Stallion title at the 2022 North American Stallion Sport Test with a final score of 8.65. He received top scores of 9.0 for scope, 8.5 for canter, 8.5 for style, 8.5 for rideability and 8.5 for overall impression. He now holds lifetime approvals with Hanoverian, GOV, Rhineland and Westfalen NA. His sire, Clinton I (Carolus I), jumped at 1.60m and was twice the winner of the Swedish Derby, fourth in the Grand Prix of Aachen and winner of the Nations Cup. Dam, E.M Flower Song, also a member of the AHS Jumper Breeding Program, produced many quality horses, including Quintessential WF, who is currently competing successfully in the national 1.40m Grand Prix level and has recently stepped up to 1.45m/2* level.

Cum Laude was bred on a limited basis in Europe due to his show schedule. His offspring are definitely head-turners. Several of his daughters have been awarded Elite status from the KWPN and his son, No Worries SL, was selected for the KWPN stallion show. Daughter, Natilinda, was second in her regional KWPN Keuring, receiving an 80 on conformation and an 85 on movement. Next-A-Daisy, Ster, received her provisional Keur predicate, scoring 80 points on movement and 80 points on conformation at the KWPN Studbook/Star inspection. Kalista, Elite, won the IBOP in 2019. She received 9.0s for her trot and rideability, 8.5 on dressage talent and 8.0s on her canter, elasticity, posture and balance, for an 82.5 total score. Cum Laude's first North American foal, Rosa Cum Laude, was the 2021 USDF Breeders Championships Western Series Foal Champion, earning an 82.412. His sire is the Grand Prix superstar Apache, Preferent, and his dam is the Preferent/Prestatie mare Pacharel T. This damline is highly recognized for performance success. She had seven foals who competed in dressage, including two at Prix St. Georges level and above. Cum Laude performance achievements: first place, 78.60%, Small Tour MFS, Subtop Abcoude, NL, 2019; second place, 72.98%, CDI3* Intermediate I MFS, Exloo, NL, 2019; fourth place, 68.61%, CDI3* Intermediate I, Exloo, NL, 2019; third place, 70.09%, CDI3* Prix St. Georges, Exloo, NL, 2019; first place, 73.24%, Prix St. Georges, Hippisch Geesteren Subtop, NL, 2019; sixth place, 68.25%, CDI 1* Intermediate I, Ermelo, NL, 2018; first place, 71.68%, CDI 1* Prix St. Georges, Ermelo, NL, 2018.

Licensed in Verden and 100-day tested in Adelheidsdorf (Class I Dressage Index), Dacaprio won the Hanoverian Riding Horse Championships as a 3-year-old with an exceptional score of 8.9 (8.5 canter, 9.0 in walk, trot, rideability and conformation). He was shown in dressage through intermediate level. Dacaprio's noted sire Davignon I is a son of Dressage Horse of the Century, Donnerhall. Damsire, Grand Prix competitor Caprimond, was 100-day test champion and Trakehner Stallion of the Year. The Hannoveraner Jahrbuch Hengst places Dacaprio in the top 20 for all sires, based on his daughters' rankings and in the top 100 dressage sires of Germany (FN). Dacaprio produces exceptional impulsion, elasticity and modern type as well as rideability and trainability. In Europe, he has sired stallion licensing champions, States Premium mares, Elite Auction horses and Gold Medal foals. Grand Prix competitor Deja Vu FBW won the Bundeschampionat as a 3-year-old, the bronze medal in the 5-year-old World Breeding Championships for dressage horses and finished fourth as a 6-year-old in the World Breeding Championships. She is a highly successful broodmare at Mount St. John, U.K. Dacaprio has made his mark as a damsire of international sport horses and stallion prospects. He is the damsire of Premium Stallion and PSG competitor Blue Hors Farrell (Fürstenball-SPS Desert Rose/Dacaprio) who has sired seven licensed sons, a DWB Mare of the Year and top young dressage horses as well as the most expensive Oldenburg Special Edition Auction horse. Farrell was the second highest-selling stallion at his Verden Licensing (€ 480K euros) and top-scoring stallion at the Danish Warmblood Stallion Performance Test. Dacaprio is damsire of German Grand Prix competitor Santiago, Champion of the German Championships for Developing PSG Horses. In the U.S., Dacaprio has sired AHS Top Foals, GOV, ISR/Oldenburg N.A. Premium Foals, Elite Mares, AHS inspection and MPT Champions and Dressage at Devon Breed Show Champions and Get of Sire class winners. Offspring have earned USDF Championships at regional and national levels. Noted dressage competitors include Davina B, Divine FH, Downtown HU, Dauntless B, Dornoch and Pan Am Games Honduras team member D'Esprit Joli.

Damsey FRH was a Premium stallion at the Hanoverian licensing in Verden, finishing his 30-day test in Adelheidsdorf, Germany, with the top rideability score of 9.25. He was the champion at the Danish stallion licensing in Herning in 2006 and 2009. After a successful career in the young horse dressage classes, Damsey FRH was a twice finalist of the Bundeschampionat obtaining full HV approval. He qualified for the 2006 YH World Dressage Championships, obtaining full HV approval. Damsey FRH ranked in the top 1% of all German dressage sires with 159 points according to the estimated breeding evaluation made by the FN. In 2013, he was awarded the suffix FRH, as a superior representative of Hanoverian breeding. Damsey FRH was part of the German team at the 2008 World Breeding Dressage Championships in Verden. Shown by German Olympic rider Helen Langehanenberg, the pair earned top placings in CDI Grand Prix competition across Europe. In 2017, Langehanenberg and Damsey FRH secured a position on the prestigious German team for the European Championships. With scores in the 80s, they moved up to tie in the sixth position on the 2018 FEI World Individual Dressage ranking list. In 2020, Damsey was the WBFSH No.1 world-ranked Hanoverian and No. 9 Dressage world-ranked for 2020. A successful sire, he retired from competition in early 2021. Damsey FRH's offspring includes Herwart-von-der-Decken show champion Diana C (Brentano II) who went on to an exceptional Grand Prix career, Elmlohe mare show class winner Darling (Londonderry) and overall champion Dalia (Lauries Crusador xx) who scored a perfect 10.0 for rideability in her MPT. Damsey FRH has sired multiple licensed sons, Da Dalto, Dreamer and the Premium stallion Dream Maker. Damsey stands at Hengststation Jens Meyer, Dorum, Germany. According to Susanne Meyer, "Damsey's progeny are smart horses that work for their riders and have a beautiful, correct walk. They are not only special horses for professional riders, they are horses that are for everyone due to their good temperaments." With wins in 2022 in the U.S., successful progeny include Dublin L (Grand Prix), Daniel L (PSG) and Duchess L who was high point FEI at the 2022 Caledon Dressage.

Dannebrog is an exciting stallion for the North American market. Sired by the legendary dressage stallion Don Schufro (Donnerhall x Pik Bube I) and out of the outstanding dam St.Pr. Byzantina (Brentano II x Arogno), this dark liver chestnut stallion offers highly-proven and successful bloodlines. Dannebrog completed his 300-day Stallion Performance Test at Adelheidsdorf in 2010 with fantastic scores, finishing third overall in dressage with an impressive index of 135.74. His individual scores highlight his fantastic mind and overall high quality: walk 9.0, trot 9.0, character 9.0, rideability 9.0, canter 8.0, temperament 8.0, willingness to work 8.0 and constitution 8.0. His test rider marks were equally exciting; walk 8.33, trot 9.0, canter 8.33, rideability 8.5 and jumping course canter 8.0. This rigorous 300-day testing highlighted his extraordinary character, his fantastic rideability and his three supple and elastic gaits. His foals bear his trademark friendly disposition and possess his high-quality movement. Dannebrog has produced two licensed sons, the ZFDP Premium Hengst Donaldson (Dannebrog x Worldly) and the Hanoverian licensed son Diamant (Dannebrog x Fabriano) along with multiple States Premium daughters. Dannebrog's sire, Don Schufro, sits at the very pinnacle of breeding and sport. He was champion of his stallion performance test with a 154.93 dressage index, won an Olympic bronze team medal in 2008 at Beijing, sits in ninth position in the Rolex WBFSH Top 10 Dressage Sire rankings and his young daughter Weihegold placed fourth individually at the 2016 Olympics in Rio. Dannebrog's dam St.Pr. Byzantina hails from an impressive line of States Premium Mares from the renowned Kassetta damline, producers of Gribaldi (sire of Totilas), Karon (sire of Caprimond) and many more. In 2016 Dannebrog's full sister Diva Dannebrog produced the Westphalian Stallion Licensing Reserve Champion, Premium Hengst Zoom by Zack. Pangaea Farms proudly stands Dannebrog.

Dante MG is a modern black stallion with unlimited jumping ability and fancy powerful gaits. The eventing breeders are loving him. He jumps with style and scope. Height is no problem for Dante MG! He easily cleared 1.40m at the stallion testing with lots of room to spare. His gaits are big, powerful, fluid, elastic and beautiful. His character is easy and trainable. Dante MG's sire is the impressive Chin Chin who won five consecutive times in the North American League on the World Cup circuit and competed twice in the Olympic Games. Chin Chin gave Dante MG his scope, super character and suppleness. Dante MG's motherline is the Ritta mareline NL#15. His Keur dam O'bert-e-de's dam Jorfa Keur had the incredible high IBOP riding test score of 90! From this motherline comes the approved stallions Triton, Zadok, Akteur, Zenner, Sportman, Theobal and Zandor. Dante MG offspring are impressing the inspectors and judges. Jazmin CF two times First Premium KWPN-NA jumper foal/yearling and placed fourth in the nation. Kalypso MG placed fourth for USDF HOY and won first place colt with 82.325%. Under saddle, they have a super start in dressage and jumping. Kaiser Killian was 1.10m reserve champion at Equestrian Sport Productions. Justina was reserve champion training level, 4-year-old under saddle and materiale Raleigh Summer Dressage. In Young Event Horse: My Goodness Gracious/OMG placed fourth out of 20 at the East Coast Future Event Horse Championships with score 8.0+. Dante MG is your stallion for black, modern, great character and trainability with jumping lines that also do fantastic in dressage. We will be glad to assist you in your stallion selection for your goals. We look forward to hearing from you

Dauphin is a typey son of the legendary Donnerhall from an outstanding damline developed at Groenwohldhof where his sire stood for breeding. Marefield Meadows, his breeder, was fortunate when Dauphin was invited to join 49 other colts in the 11-month Stallion Performance Test at Adelheidsdorf. He was the only privately-owned stallion of the group. The German breeders who followed his progression were favorably impressed with Dauphin's swinging back and happy attitude, saying, "For him it's like play; the riding is a game to him." He was also praised for his kind nature and good manners. Dauphin finished the test in fourth place and was invited to remain at Celle on breeding lease. Dauphin has been an outstanding producer of character, rideability, willingness, correctness and movement. He passes his exemplary conformation, type and wonderful disposition on to his offspring. He tends to be a refiner and produces rideable dressage horses in the 16-16.2-H range. He has produced 489 German Hanoverian offspring as of the 2015 publishing of the Hanoveranner Hengst Book. Of the 102 mares that are in breeding, 28 of them were awarded the coveted States Premium title. His two approved Hanoverian sons, Dallmeyer and Don Presidente, are continuing to carry on this line. Dauphin is on the Top List of the Hanoverian breed for type with an outstanding score of 132 with a 143 for his limbs! He is black but can produce chestnuts. Dauphin is also approved with CHS, GOV, CWHBA and CSHA. Foals from KWPN-NA mares will be eligible for registry "A" papers.

An exciting new addition for 2023! Denmark HTF offers a pedigree aimed for the upper levels with both parents being proven Grand Prix competitors. Denmark's sire, Desperado NOP, was a PAVO Cup winner as a 4-year-old and a top-ten finisher at the Young Horse World Championships for young horses in both his 5 and 6-year-old years. He now competes successfully at Grand Prix with scores as high as 85% under top rider Emmelie Scholtens. Desperado has made a significant mark as a sire, with 17 licensed sons to date including the popular Ibiza, many top sales results and offspring winning from the young horse divisions into the FEI arena. Denmark's dam, Uforia (reg. Unicum-D), was a successful Grand Prix horse and exceptional producer. Uforia has produced the licensed stallion Louisville and her oldest offspring made his FEI debut in 2022 and won the Prix St. Georges at the CDI3* in Devon, PA. Uforia's sire, Negro, is one of the most proven sires for his record of Grand Prix offspring, including the Olympic horses Valegro, Elegance and Fendi T as well as two-time World Young Horse Champion Kjento. Uforia's great-grandsire, Fruhling, was an advanced-level show jumper whose influence is well-established with 10 approved sons. With a proven pedigree and exceptional character, Denmark holds much promise for the future. At his Hanoverian inspection, particular highlights included a 9.0 for his exceptional walk and scores of 8.0 for both canter and rideability. We look forward to his sport debut in 2023.

Devon Heir is a gorgeous, black, imported stallion with impeccable bloodlines. In 2004 he was high-scoring Hanoverian at his 100-day test and winner of the AHS stallion licensing for the West Coast. His sire, De Niro, was a son of the legendary Donnerhall. De Niro was ranked the undisputed No. 1 dressage sire multiple times in the WBFSH sire-rankings. He has numerous licensed sons and his foals have topped Elite Hanoverian foal auctions. Devon Heir's dam is sired by dressage legend Rubinstein I, sire of 66+ approved stallions, successful Grand Prix competitors and member of the 1996 German Olympic team. In 2005, Devon Heir was the USDF/Cosequin Series West Coast Champion Mature Stallion and was second for USDF/Cosequin HOY. In 2006, he was U.S. Grand Champion Stallion in the USDF Breeder's Championship. In 2009, Devon Heir was Grand Champion at Fourth Level at Pebble Beach under rider/trainer Willy Arts and won almost every class he entered with scores in the 70s. In 2010, Ashlyn De Groot competed Devon Heir in the Young Rider division, qualifying for the Young Rider National Championships in Lexington, Kentucky. Devon Heir and Ashlyn were ranked first in the U.S. in 2010 with the AHS for Young Riders at Prix St. Georges level. Devon Heir is of modern type, with lovely conformation and three correct, suspended gaits. He produces mostly dark, refined foals with correct conformation, outstanding temperaments and spectacular movement. Daughter, Dazzling Winter, won the 2009 California Dressage Society (CDS) Sport Horse Breeding Championships (83.7%). Another daughter, Donata, tied for second in the U.S. in the 2009 ISR/Old. Foal Championships-Fillies (8.6%) and son Dubai tied for third (8.7%). Daughter Danika was 4-Year-Old 2010 CDS Futurity Champion (Training Level) and son Impression DG earned the same title in 2017. Bonameer DG, placed in the U.S. National Young Horse Five-Year-Old Championships held in Chicago under rider Stephanie Hamar Schauer. Son Drake was awarded Fourth Level HOH, 2016, with rider Eva King.

Diesel CF is a stunning full brother to the premium Hanoverian Grand Prix stallion Damsey FRH. Diesel's dam, Ria Grande, was awarded the prestigious Hanoverian Mare of the Year title in 2013. Ria Grande is one of only four dressage mares to receive this coveted award from the Hanoverian Verband. Diesel was imported in 2016 and has since been with the same amateur owner/rider. His quality, character, temperament, work ethic and rideability have proven to be exceptional. Diesel has been highly competitive in sport in the U.S. earning champion and reserve champion placements for multiple state and national titles. Career highlights include Reserve Champion USDF Horse of the Year in 2017 at Second Level (median score 73.485%) and 2018 at Fourth Level (median score of 72.389%). In 2019, he earned scores up to 74.5% at PSG. And in 2020, along with his amateur owner, he made his CDI debut in the Small Tour and broke the 70% barrier at their very first CDI in Temecula, CA. In late 2021, Diesel returned to Germany for two months of training with German Olympian Helen Langehanenberg. In 2022, he successfully showed his first Intermediate IIs. Diesel should make his Grand Prix debut in 2023. Diesel stamped his first foal crops, including Premium, Gold Medal and Top Inspection foals with these key characteristics: beautiful heads with ideal neck set, consistently improved walk and canter, maintained or even added bone and natural balance and cadence, with foals already showing the ability to sit and collect.

Don Principe has competed at the FEI levels with seven different riders over 10 years and is still going strong. That soundness, adaptability and heart are truly unique. Don Principe has won multiple USDF Regional Championships, many USDF All-Breeds Awards and has competed at both the USDF and USEF National Championships. In 2017, he added another accolade when he won the USEF "Brentina Cup" U-25 Grand Prix Championships. His sire Donnerhall was an international Grand Prix star and was on the medal-winning German team at the World Equestrian Games and European Championships. Donnerhall's influence on dressage breeding is undeniable. At the 2016 Olympic Games, over 31% of the dressage horses carried Donnerhall blood. Don Principe has sired Elite and Premium mares, licensed stallions, USDF Horse of the Year winners, U.S. national champions, has sired and is the grandsire of international Grand Prix competitors. He was the USEF Dressage Breeding Sire of the Year in 2013 and has sired a grand champion at Dressage at Devon. Rideability, work ethic and an outstanding walk are trademarks that Don Principe passes along to his offspring. His offspring are smart, show a talent for collected work and are easily developed by amateurs or professionals.

Donarweiss GGF is one of the few proven Grand Prix stallions offering fresh semen in the U.S. with many proven offspring now competing Grand Prix as well. His powerful gaits paired with amazing temperament and compact build produces offspring that are suitable for adult amateurs. Purchased by Starr Vaughn Equestrian in late 2011, Donarweiss and Genay Vaughn qualified just a few months later for the U.S. National Championships where they finished third in the Young Rider Division. Later that season they won the team silver medal at the NAYRC. In 2013, the pair qualified for the Brentina Cup National Grand Prix Championships and were Reserve National Champions and they won the Region 7 USDF Championships for Intermediaire II Jr/Yr. In 2015, Donarweiss and Genay were one of two U25 Grand Prix riders selected to represent the United States in Europe. They also went on to represent the U.S. on many FEI Nations Cup teams. Donarweiss was champion of his 30-day test with an overall score of 8.33. His versatility was showcased with individual scores of 9.0 for rideability and jumping technique. In his first season of FEI, Donarweiss was ranked first for the AHS/USDF Hanoverian All-Breeds Awards. In 2009, Donarweiss won the USDF Region 8 Prix St. Georges Championships. The following season Donarweiss finished second in the AHS/USDF Hanoverian All-Breeds Awards and eleventh in the nation for Intermediaire II with scores as high as 72%. Donarweiss has numerous gold medal-winning foals. His offspring are consistently winning at breed shows and his oldest offspring are now proving themselves under saddle at both dressage, eventing and hunter/jumper competitions. Dior (Donarweiss/Enrico Caruso) was the USDF Horse of the Year for weanling fillies and Denver HTF (Donarweiss/Riverman) was the reserve champion in both 2012 and 2013 for the USDF/GAIG East Coast Finals at Dressage at Devon. Donarweiss's sire, De Niro, was reserve champion of his performance test with a score of 141.93. De Niro had a wonderful sport career with more than 24 wins at S-Level and has sired 108 States Premium mares, 25 approved sons and numerous FEI-level competitors earning him the top spot on the 2012 WBFSH Dressage Sire Ranking List. Donarweiss's damsire, Hohenstein, was reserve champion of his Stallion Performance Test. Further back in Donarweiss's pedigree is Archipel, a son of the 1994 Hanoverian Stallion of the Year Argentan, which brings additional scope and jumping ability.

Dubarry was licensed in Verden in 2011 and 70-day tested at Adelheidsdorf in 2013. He placed fourth in dressage with a score of 138. Highlights from his test were: trot 8.5, gallop 8.5 and rideability 8.5. Dubarry is a very modern black stallion with enormous freedom in his shoulders and a powerful hind leg. He is very straightforward in his character and temperament, making him very easy to ride. His sire, Don Frederico, also jet black and of modern type, was named Hanoverian Stallion of the Year by the German Verband. Dubarry's dam, Ribana, is by the famous stallion Rubinstein. Rubinstein himself is also known for exceptional temperament and rideability. Two of Dubarry's sons qualified for the Stallion Pre-Selection in Germany. His daughter, Hann. Pr. A. Dayna (Dubarry/Weltmeyer), qualified for the prestigious Herwart von der Decken Mare Show. Dubarry offspring are showing and already in the ribbons. Dubarry foals were noted to be very typey and elegant with three excellent gaits. Won Cosmo's filly, Dumark Augustina, owned and bred by Marcie Scheskie, won a Gold Medal foal award at her Hanoverian inspection. The 2020-2022 tours saw several top inspection foals by Dubarry, three more Gold Medals and several futurity winners. 7-year-old Der Fiete won her Prix St Georges debut. Denali, a successful 3-star eventer in Ireland, made the cover of Irish Horse World. Dubarry is proving to be a consistent producer of leggy types with three outstanding gaits and a golden character.

Dumont is a bright bay stallion with lots of chrome that he reliably passes to his offspring. He is by the proven dressage sire Diamont, who was ranked first in 1994, 1996 and 1997, as the leading producer of USDF Horse of the Year qualifiers. Dumont won the yearling classes at Osierlea and the West Coast Classic, where he was named Champion Junior Stallion. He repeated these wins as a 2 and 3-year-old, earning the title Champion Stallion at the West Coast Sporthorse Classic. In 1998, as a 4-year-old, Dumont won the Mature Horse Championship at the WCSC and the Northern California USDF Mature Horse Championship. Dumont's full sister, Donna Marie, won consistently in Intermediate Level dressage classes in Germany, with scores in the high 70s and 80s. She was reserve champion at the 2003 Intermediate Championships in Hanover. His full sister Duette is an AHS Elite Mare, qualifying through scores in dressage. Dumont began his dressage show career in the summer of 2002, with scores in the upper 60s and 70s, winning several of his classes. Dumont's son, Diplomat M, has shown successfully through Fourth Level, with numerous scores in the 70s and placings in the Regional Championships, including an invitation to compete at the USDF National Championships. Another son of Dumont's, Diez, has shown through Second Level, winning many classes with scores in the 70s and earning many high-score ribbons. Dumont's daughter EM Denara, was successfully shown in dressage in 2005 and 2006, and earned the title of Elite Mare in 2008. In 2006, she completed her Mare Performance Test for AHS and was the reserve champion mare, with the highest score for rideability and the second-highest score for jumping. Prior to being retired in late 2005, Dumont was shown briefly in the hunter ring, pinning in several classes and showing beautiful classic hunter form over fences. He is easy to ride and has a wonderful, kind temperament that he passes to his offspring.

Introducing the only Escolar son in North America! Rock Solid Warmbloods and Foxworth Farm are excited with their collaborative addition to their stallion roster, the exceptional 2017 GOV, AHS and Westfalen licensed stallion. Sired by the sought-after stallion Escolar (Estobar) and bred by Christine Arns-Krogmann (GER), the breeder of Total Hope OLD, Viva Gold and many others. This son of the influential mare, VPS/EI Grosse Diva (DeNiro/Sandro Hit/Rubinstein I/Grundstein), is out of the top Oldenburg Grosse Liebe damline. His pedigree reflects the blend and tradition of top dressage breeding, with numerous Grand Prix stallions appearing within the top and bottom of his pedigree. He brings a truly unique much sought-after pedigree to North America that represents both rideability and talent. His depth of pedigree reflects itself in his presence, three quality gaits, elasticity and uphill tendency. Eastwood shows promise for top international sport! Eastwood's first foal crop is AMAZING! We have had mares from most registries, a nice variety of mares in size, height and type and all the foals are very consistent. They have pretty heads and necks, long legs, are light to medium in frame and have really good movement with the canter being uphill and fantastic!

Eskardo is a bright red chestnut stallion by Escudo I out of a Lauries Crusador xx dam. Both of these sires have produced numerous licensed sons and are some of the most sought-after bloodlines in German Hanoverian breeding. Eskardo's pedigree is a wonderful combination of athleticism from his jumper bloodlines along with the refinement, elegance and beautiful gaits from his dressage bloodlines. He has a wonderfully kind temperament and work ethic, which he passes to his offspring. His offspring have been exceptionally easy to work with and have proven to be steady competitors as well. Several of Eskardo's U.S. offspring have been shown in the dressage ring, with numerous wins and placings through USDF Fourth Level and a number of placings in the USDF Regional Championships including an invitation to compete at the USDF National Championships for his son, Eclipse HM. Eskardo's daughter, Eloquence M, earned her performance scores at Third Level in 2019 to receive her Premium mare status. In 2013, an Eskardo daughter in Germany produced the champion colt at the 2013 German Foal Championships. In 2014, another of Eskardo's daughters in Germany produced the top-selling horse in the Oldenburg Summer Auction. In 2015, an Eskardo grandson produced by one of his daughters in Germany, was licensed by the German Oldenburg Verband as a Premium stallion and was named reserve champion of the licensing in Germany.

This Olympic medalist has been in the spotlight since a young age! Everdale was champion of his stallion test, winner of the PAVO Cup Finals and was winning Grand Prix by the age of 10. The 2021 show season catapulted Everdale further into the spotlight with a bronze team medal at the Tokyo Olympics and a silver team medal and individual 5th place finish at the European Championships. He continued to impress with top CDI placings internationally in 2022, as did multiple Everdale offspring as they made their Grand Prix debut in 2022 including Imhotep and Inclusive. Everdale's sire, Lord Leatherdale, is himself an FEI horse who is well-regarded for rideability and character. His offspring have competed at the PAVO Cup Finals, World Championships for Young Horses and the FEI arena around the world. Everdale's damline is particularly strong; the mares have been highly decorated, including Everdale's great granddam who is a full-sister to the approved stallion Havidoff. Grandsire Negro has become a legend as a sire of Grand Prix horses including Olympic & World Champion Valegro. Everdale stamps his neck, uphill balance, good mechanics and an excellent canter on his offspring. He has several approved sons to his record and his offspring are highly-placed in prestigious competitions including qualifying for the PAVO Cup, USEF Young Horse Championships, the World Championships for Young Horses and the FEI World Championships. His offspring continue to showcase their talent for top sport and are in demand with top professionals around the world.

Fabregas has produced many inspection and show champions in Germany, Great Britain, Canada and the U.S. He passes on his correctness, typey looks, elasticity and beautiful gaits. Underlining his impressive breeding quality, Fabregas has two licensed sons, a number of Elite and Premium mares and numerous offspring winning at large breed shows. Along with his positive genetic influence, Fabregas is also turning heads in the show ring, winning several tests at Nationals, Small Tour Championships and CDIs including Saugerties, NY and Devon, PA with scores in the 70s. In 2019, rider/trainer Inga Hamilton competed successfully with Fabregas in Grand Prix. He has continued his Grand Prix career in the U.S. under rider/trainer Meg Williams to seven Grand Prix wins, including USDF Region 2 Championships. Though dressage bred, this stallion loves to jump and shows the qualities needed for a hunter stallion. Fabregas youngsters have excelled in North America, winning classes in dressage and hunter competitions, including Foo Fighter QC winning 2021 Foal Championship at Dressage at Devon. Fabregas is the immensely charming son of the duplicate World Champion Florencio. Based on his own performance and heritability, Florencio is one of the most interesting sires on the European dressage stage. Grandsire, Florestan, has ranked in the top 10 WBFSH Dressage Sire Rankings for nine years in a row. Damsire, De Niro, who was successful in advanced level and Grand Prix, has more than once ranked No.1 in the WBFSH Dressage Sire Rankings. This pedigree has resulted in Fabregas' very correct conformation and superior rideability. His elegance, outstanding rideability, walk and exceptional canter strengthen the vision of a growing dressage stallion of special class.

Fairbanks was champion of the 2009 Oldenburg Stallion Licensing in Vechta, Germany. He quickly became the crowd favorite with his spectacular performance, extravagant gaits, impressive jumping ability and willing temperament. Fairbanks completed his 30-day test very successfully. In a field of 49 stallions, including Bundeschampionat winners, licensing champions and top-priced stallions, he placed third with an overall score of 8.74. He repeated this success in 2011 at his 70-day test. He was the only stallion to score over 100 in both jumping and dressage, showing versatility and willingness under saddle. Sire Flemmingh, a successful dressage stallion in the Netherlands sired international dressage horses Krack C (ridden by Anky van Grunsven) and Lingham (ridden by Edward Gal). A Flemmingh daughter was overall champion at the National Dutch Mare Show. Fairbanks' dam, SPS Identify, was highly praised at her mare performance test. Damsire, Inselfürst, was the winner of his stallion test and successfully shown in advanced level dressage. Full sister to Fairbanks' granddam, Alegria, produced stallions San Brasil, a Bundeschampionat participant and Celle stallion Los Angeles. In 2011, Fairbanks presented his first outstanding foal crop in Germany which were representative of himself; large expressive foals with long lines, beautiful heads and necks and outstanding movement. As a result, Fairbanks was awarded Premium due to his exceptional stallion test results, impressive foals and his overall development as a top breeding stallion. This was especially remarkable as he was not primarily breeding in the main Oldenburg breeding region and therefore had to stand up to strong competition for this award. He has sired many Elite and Premium foals. Son Fairbanks- Paragon-Jazz owned by Elin Houe of Bralstrup, Denmark, was selected for the Danish stallion grading. His offspring are exceeding all expectations. Son Flair Royal was twice French Young Horse Champion as a 4 and 6-year-old. Owners comment on the modern type and wonderful temperament he consistently produces. In 2021, Film Star made a successful debut at the Adequan® Global Dressage Festival in the 4-year-old test.

FCF Oberons Vanity is an Arabian stallion purpose-bred for sport horse traits. His pedigree is packed with old-fashioned CMK lineages known for producing athletic horses with high rideability, longevity and soundness. FCF Oberons is the highest-scoring and highest-placing Arabian-bred stallion to have ever completed the North American 70-Day Stallion Performance Test where, as the only non-warmblood, he placed fifth out of 14. The German training director awarded FCF Oberons Vanity excellent scores including a 10.0 for character, 9.0s for willingness and rideability, 9.5 for constitution, 8.0 for trot, 8.5 for cross-country gallop and 8.5 for cross-country jumping technique. He is currently competing successfully at Intermediare at USDF shows in the open division and is schooling Grand Prix movements. His rideability is further demonstrated by having competed one season with a young rider and often serving as a schoolmaster for students learning upper-level movements. FCF Oberons Vanity is siring foals with strong, balanced feet, good bone and substance, elastic gaits, classic elegance and exemplary character and willingness. He is heterozygous for gray and has sired chestnuts and bays. FCF Oberons Vanity is tested clear for SCID, CA, LFS, OAAM and FFS. Frozen semen is shipped from either Bovine Elite in Texas or Equinereproduction.com LLC in Oklahoma.

Feinrich's breeding is very special: Through his sire Fürst Heinrich, the paternal line of the great Furioso II is combined with that of probably the most important mare in modern Oldenburg breeding history, El.St. Gesina. Feinrich was the glowing winner of his 2015 licensing, completing his stallion performance test with flying colors. In 2018, he won young horse dressage competitions of his age group, qualified for the German championships, has achieved top placings in intermediate (M**) dressage competitions with Brandi Roenick/USA and has been trained to high level. Sire of the 2021 Oldenburg Champion and Regional Champion mare Faraglioni OLD. Numerous youngsters from his first generations of foals recorded victories and placings in young horse competitions. Feinrich has six licensed sons to date. His sire, Fürst Heinrich, was champion stallion in 2001, winner of the main premium in 2002, World Champion of 5-year-old dressage horses in 2003 and has produced over 50 licensed stallions, including Fürstenball, licensing and main premium champion, German champion and elite sire as well as his neighbor at our stud, Fürst Romancier, main premium winner. His dam El.St. Gesina has produced the licensed sons For Romance I OLD, For Romance II, For Romance III, Feinrich, Despacito, Don Romance, Face Time PS, Forever Romance, Fürst Donnerhall PS and Viva Romance PS to date.

First Dance was enthusiastically acclaimed at his 2006 Hanoverian licensing in Verden, Germany, because of his perfectly cadenced rhythm and powerful movement. He placed in the 2009 Bundeschampionat for young dressage horses and won many young horse dressage classes, moving on to success in M**-classes and competed successfully at Prix St. Georges level. First Dance earned Elite stallion status based on his German 30-day test scores (walk 9.0, rideability 8.75, character 8.5, constitution 8.5, trot 8.5, canter 8.5) combined with his high placing at the Bundeschampionat. His sire, Florestan I, produced more than 70 licensed sons, over 180 States Premium mares and countless sport horses including Floriano ridden to a U.S. bronze medal by Steffen Peters. First Dance's dam, SPS Dorina, won the 1A prize each year from 2003-2006 at the Aurich-Tannenhäuser mare show. She also produced a second licensed stallion, full brother to First Dance. Damsire, Donnerhall, is a legend of breeding and sport. A double World Champion in dressage, he produced over 100 licensed sons and many extraordinarily successful offspring. First Dance's damline is known for producing advanced dressage horses and States Premium mares. First Dance has a dressage score of 140 points in the estimated breeding evaluation by the FN. He has produced Verden auction foals and riding horses, States Premium mares and three licensed sons, First Flush, First Duke and First Diamond. First Dance passes along traits of elegant, floating movement and uncomplicated rideability. In 2022, Fleur de Lis L (young rider Vanessa Creech-Terauds) had multiple wins/high placements in Grand Prix, were again part of the Canadian Team at the Adequan Global Dressage Festival and were USDF Champion All Breed AHS (Inter. II). Noted dressage competitors include Foxey Lady L (third level), First Song KF and Fighting Chance L. First Crusader won top honors at the 2020 USDF Breeders Championship. Foreign Prince HU was a breed show champion as a yearling and Flash Point HU has been successful winning Materiale and USDF Dressage Prospect Championships.

Fiti's desire to perform combined with his compact size and (owner edit) combined with talent for collection, have allowed his amateur rider to develop him quickly up the levels from First Level to winning at Grand Prix in just a few years' time. Fiti has earned multiple USDF All-Breeds awards in both the adult amateur and open divisions from Prix St. Georges through Grand Prix and competed successfully in the Florida CDIs. In 2021, Fiti competed at his first U.S. Dressage Finals earning a third and fourth place in the Grand Prix Freestyle AA Championship and Grand Prix AA Championship respectively. 2022 brought more accolades including an All-Breeds Championship for AA Grand Prix and Reserve Champion for AA GP Freestyle. Fiti AL has a natural talent for collected work with piaffe, passage and pirouettes seeming like a game for him. His compact size, combined with elastic and supple movement, give his rider a good feeling. Fiti is intelligent and sensible and an absolute pleasure to work around. Fiti AL was already approved for breeding with the ANCCE and IALHA, but due to his competition record and quality, he was the first PRE to be approved by both the Oldenburg Verband and the American Rhineland Studbook in 2018. His oldest offspring are now starting under saddle and are showing their sire's intelligence and trainability. The PRE x warmblood crosses have been gaining interest around the globe and Fiti appeals to both Iberian horse breeders and warmblood breeders seeking an outcross for their breeding programs.

Five Star is a champion Grand Prix FEI dressage stallion from a high-performance dressage pedigree. His father is the Grand Prix dressage stallion Amazing Star (Flemmingh-Ferro-Donnerhall) who was champion of the KWPN performance test, PAVO Cup and KWPN Stallion Competition. He competed in Japan until Grand Prix with an amateur rider. Five Star's dam, U-Padoeska PB, is a ster preferent prestatie daughter of the famous Grand Prix stallion Jazz. Five Star proves himself easily in sport. At his performance test as a 3-year-old, he received a score of 81.5%. At the World Young Horse Dressage Championships, he was fifth as a 5-year-old with 87% and won the silver medal as a 6-year-old with 89%! Last year, Five Star won the FEI Small Tour with high scores to 80%, with many 9.0s and 10.0s! He was Prix St. Georges and I-1 champion at the 2020 Great American/USDF Region 3 Championships. In the FEI CDI3* Small Tour, Five Star repeatedly won with high scores to 78.4%. At the US Dressage Finals, he won the FEI Prix St. Georges and I-1. He is now competing and winning at Grand Prix with scores to 73.47% and rising! Five Star is a complete stallion who stamps his offspring. He has two AES approved sons and many daughters with KWPN inspection scores over 80 points. He is an excellent choice for improving type and movement. His offspring move with freedom of the shoulder, suppleness and powerful-uphill-elastic gaits with increased hock and knee action. The offspring have pleasurable character and easy trainability. We look forward to hearing from you and helping you with your stallion choice for your mare.

Florianus II is a son of one of the most popular and prolific sires of the modern era, Florestan I. Among Florestan's many successful offspring are the young horse champions Florencio, French Kiss, Fürst Heinrich and Fidermark, as well as top Grand Prix horses such as Floriano. Florianus has an equally strong damline. His mother is SPS Die Dame, who won many tests for young riding horses and elementary level jumping classes. Full sister, SPS Dornröschen, took third place at the Bundeschampionat in Warendorf and was a top-priced mare at the Elite Auction in Münster. These mares, along with Florianus' granddam, SPS Rebecca, were the winning family at the Westfalen Elite Broodmare Show and represented Germany on a European level in Brussels. The Warendorf State Stud stallion, Dottore, is a full brother to Florianus' dam. This damline, with Hanoverian origins, produced the licensed stallions Dalheim, Doll, Falkenstern I, Falkenstern II and Gotthardsen. Florianus successfully participated at the 2003 Bundeschampionat in Warendorf and the 2004 World Championships for Young Dressage Horses in Verden before moving into the FEI Levels. As one of Karin Rehbein's youngsters, he finished the 2005 show season at the age of seven showing Intermediate II. He has a strong talent for collected work and in 2006 won numerous ribbons in Grand Prix. In 2007, Florianus won over €22,000 making him the most successful Westfalen dressage horse in Germany. Nationwide, he placed eleventh. Florianus made his North American debut in 2009 by winning the Grand Prix at Dressage on the First Coast. He won five Grand Prix classes in 2009. In 2010, Florianus placed third in the FEI Test of Choice at the WDC Holiday Challenge. In 2011, his daughter Floraya ISF won the Yearling Fillies class at Dressage at Devon, while another daughter, Florence ISF, placed second. Florianus won first and fifth in the Get of Sire class. Daughter Fashion Week was selected for the Elite Hanoverian Auction. In 2012 at Dressage at Devon he won first place, Get of Sire and at 2012 DAD CDIW - fifth in Grand Prix, seventh in Grand Prix special and four wins at Grand Prix level.

Pangaea Farms is very happy to welcome home to Canada, the tall, elegant black stallion Florent in 2023! Blue Hors Florent cleared the table at the 3-Year-Olds Championship at the Landgest Marbach Dressage Festival in 2021, where he won the 3-year-old championship with a final score of 8.3. Florent was the reserve champion stallion at the 50-day test in Adelheidsdorf, where he achieved very good grades, especially for rideability and willingness to perform, canter and overall impression, all of which are qualities that are rooted in his bloodlines- just as the good show-jumping blood is. Florent's 8.5 for jumping makes him a good option for adding jump to your dressage horse! He is a stallion that develops positively and with lots of potential for the future. His sire, Floriscount, was the 2008 winner of the 70-day test in Schlickau with a dressage index of 147.49. where he achieved the following grades: walk: 8.0, trot: 9.0, canter: 9.75, riding ability: 8.5 (test rider 10.0) and capacity: 9.0. Floriscount qualified both in 2010 and 2011 for the Bundeschampionat for 5- and 6-year-old dressage horses in Warendorf. The damsire is Desperados, who for a number of years has been one of the world's most winning dressage stallions. With rider Kristina Bröring- Sprehe, the stallion has been part of the German national team and helped win team silver at the 2012 Olympics, team gold at WEG 2014 and team gold at the 2016 Olympics, where he also became an individual bronze medalist.

Fortunato H2O is a 2016 17-H chestnut stallion by Floriscount x Rascalino. His recent accomplishments include 2021 Dressage at Devon Grand Champion and a team bronze medal for USA Para-Dressage in the 2022 World Championships. Fortunato H2O is competing through Third Level dressage with scores in mid-70s and is schooling Prix St Georges. Tuna, as he is called in the barn, is known for his exceptional walk (scored a 10 at Dressage at Devon) and extreme rideability. He shows much promise for piaffe and passage.

Free Solo EDI is a 16.3-H Westfalen combining Franziskus, through linebreeding, with Florestan and Sandro Hit. The recently imported 4-year-old Free Solo impressed in the 2022 North American Stallion Sports Test by finishing 3rd out of 17 dressage stallions with a final score of 8.2 including 8.5's for ridability, canter and overall impression. His character is excellent, he is the barn favorite, "a lovebug." Free Solo has a leggy naturally uphill build with three powerful gaits, a perfect walk, dynamic trot with a lot of push from behind as well as superb freedom in the shoulder and a fantastic uphill canter. His rideability is superb. Premium stallion Franziskus started his successful career young by winning a German Foal Championship. Two years later at his licensing, Franziskus received a Premium validation when he was performance tested. At the Bundeschampionat he was crowned 4-year-old stallion champion, receiving a 9.0 for canter, 8.5 for training and development and an almost perfect 19.5 from the two guest riders. Premium Sunshine Fire is sired by the No.1 dressage producer Sandro Hit. Sunshine Fire produced successful offspring including Rock Emilion, who was successful at PSG. Granddam Premium Mare Florin passed her performance test at 3 years old with a score of 8.66, qualifying her for the Bundeschampionat, where she was a finalist. She has produced three licensed stallions including champion stallion Dancing Dynamite, Premium stallion Dannemann and Showmaker. Daughter Semias, sold at PSI for \$320,000, has many wins and placing at Grand Prix.

Friendscout II is known for his correct conformation and rideability, both qualities that he passes along to his offspring. He has an elegant neck and sloping shoulder along with an active hind leg. Friendscout II was ridden by a 15-year-old young lady in the Bundeschampionate as a 5-year-old, a true testament to his impeccable temperament. He continues to be a pleasure to ride and his offspring are proving to be equally outstanding. His sire, Fürst Fugger, was a premium stallion of the Westphalian licensing in Munster-Handorf in 2008. He then went on to be Bundeschampionate of the 4-year-old stallions in 2010 and Bundeschampionate of the 6-year-old dressage horses in 2012. Fürst Fugger has been described to have a flawless exterior, ground-covering walk and a striking trot and canter with a fabulous transmission. He certainly has passed this on to his offspring and Friendscout II continues to deliver this as well. His dam sire, Wolkentanz II, was the reserve champion of the 100-day test in Medingen in 1999 with a winning score of 143.94 for dressage and an 85.37 points for show jumping. He totaled 133.56 points to finish second overall. Wolkentanz II produced hundreds of sport horses in Europe- 33 making it to S Level and 11 becoming licensed stallions. He is a true staple in many sport horse pedigrees. Friendscout II's grandsire, De Niro, was the reserve champion of the stallion performance test in Adelheidsdorf with an overall score of 141.93 and winner of the dressage portion with a 145.41. We could not be more excited to offer these bloodlines to American breeders!

Frisantos brings a fresh pedigree, modern type and excellent potential for sport. Frisantos was licensed in Germany and completed his 14-day test earning 9.0s for his character and work ethic. Now home at Hillock after training with Michael Bragdell, Frisantos showed in the FEI 5-Year-Olds and was the named alternate for the 2019 USEF Young Horse Championships. His scores at First Level have been as high as 73.8% and he has wonderful trainability. Frisantos' sire, Franziskus, is currently competing at Grand Prix with Ingrid Klimke and descends from an established line of Grand Prix horses. His dam adds depth and versatility. She is already the granddam to two approved stallions and her sire, Espri, was the 1995 Hanoverian Stallion of the Year who has sired Olympic competitors in both show jumping and dressage.

Galaxy Coeur is a U.S. born stallion with great aptitude for training, competition and top sport. He is the last son out of SPS/Elite Royal Coeur who competed up to Grand Prix with also a high concentration of Elite mares in his pedigree. His sire, Grand Galaxy Win, is a successful sire of stallions and sport horses and competed to I-2. Galaxy Coeur began his competition career as a 3 year old with great aplomb, excellent show nerves and ability to go new places. He is being prepared for 4-year-old classes and the fall stallion approval test. His brother, Dante Coeur, competed in Grand Prix starting as a 9 year old and two other maternal siblings are successful in sport, with his sister nationally ranked as a 4 and 5 year old.

An impressive sport record, excellent character and impeccable pedigree make Calucci a standout. He competed to the Grand Prix level and his rideability made him a winner with professional and amateur riders. Calucci has proven his reliability in the show ring time and again, earning top ribbons at shows such as HITS, Manchester, Devon and WEF. Calucci's own success is rooted in a deep pedigree of show jumping talent. His sire, Calido I, ranked first in jumping at his stallion performance test. Calido's offspring have earned more than €4.5M in sport and there are over 350 Calido offspring successful at S Level (advanced). Calucci's grandsire, Acord II, won his stallion test with 146 points overall, including scores of 9.0 or higher for jumping ability and rideability. Calucci's granddam had a strong competition career and her offspring have competed up to 1.60m. The influence of his great-grandsire Contender has been felt across all the major registries and with show jumping, eventing and dressage breeders. Calucci's oldest offspring are showing natural talent as hunters, jumpers and event horses with multiple offspring currently showing in the training jumpers, low adult amateur hunters and training-level eventers with both professional and amateur riders. We consistently see Calucci's athletic type and size, strong topline and good bone come through in his offspring. With his pedigree, it is a given that scope and jumping ability transmits readily.

Glamourdale is the 2022 double gold World Champion! Glamourdale has impressed with each step in his career. He was named champion of his KWPN keuring, placed second at his stallion performance test and commandingly won the FEI World Championships for Young Horses in 2018. An impressive debut at Small Tour in Aachen, Germany, followed with scores to 80%. The 2022 season was one for the record books when Glamourdale commandingly won team silver and individual gold medals in the special and freestyle at the FEI World Championships. That amazing freestyle performance earned a 90.654%! Glamourdale's sire, Lord Leatherdale, was reserve champion of his stallion performance test and is a successful FEI competitor and sire of Olympic medalist, Everdale. His dam is a full sibling to the approved stallion Numberto and has been an exceptional producer including two Elite daughters. Damsire, Negro, is a proven choice for producing Grand Prix horses, including the Olympic gold medalist, World Cup winner and World Equestrian Games gold medalist, Valegro. Glamourdale offspring have been well received by breeders and riders. They've been selected for the World Breeding Championships for Young Horses, US National Young Horse Championships and PAVO Cup Finals. His oldest are quickly moving up the levels. At breed shows, Glamourdale offspring are consistently earning top placings in the USDF Breeders Championships. With power, fantastic scope to the movement, and a super character, Glamourdale offers the very qualities dressage breeders are seeking.

Gorgeous Latino is a GLOCK's Toto Jr. son out of the highly-successful "Manda" mare line from Stal Hexagon. He is a black 16.2 H young stallion from pure proven dressage lines. Gorgeous Latino holds a record by earning 95 points during his approvals in the Netherlands, the highest score ever given to a young stallion in the NRPS performance test. Gorgeous Latino successfully finished his N.A. Stallion Sport Test earning 8.25 with a junior rider in 2021. In 2022, he represented the U.S. at the FEI/WBFSH Young Horse World Championships in the Netherlands with Olympic silver medalist, Sabine Schut-Kery. His sire, GLOCK's Toto Jr., is one of Totilas's most popular offspring and 2020 Dutch National Champion ridden by Edward Gal who said, "It's still daring to say, but I have the feeling that GLOCK's Toto Jr. can be even better than his father. In the walk, GLOCK's Toto Jr. demonstrates outstanding ground cover whilst, in the trot and canter, his light-footedness, balance and strong uphill tendency are captivating. His nature is also of outstanding quality." Dam, Blackmanda, is one of three generations of mares that performed dressage at the highest national levels and produced a string of successful Grand Prix horses and licensed stallions for Stal Hexagon. Damsire, Rubiquil, represented the ultimate in rideability, winning the Dutch Championships and taking team gold with a junior rider at the European Young Rider Championships before winning gold at the European Championships. Through outstanding performances, Gorgeous Latino is now fully-approved Hanoverian, Rhineland, Westfalen and licensed KWPN. Gorgeous Latino, at 6 years old, is impressively chill, focused and not fazed by the rearing horses, mares and stallions in the warmup ring with him. During his debut at the Global Dressage Festival in February 2022, he proved himself to be head and shoulders above his classmates. Ridden by Sabine Schut-Kery, he received 81.89% at Third Level only to best himself the following week with 83.5%. In March, Gorgeous Latino put in a super test for his first FEI 6-Year-Old qualifier by earning 87.9% and subsequently 91.5%. With the highest qualifying score in the U.S., Gorgeous Latino was invited to represent the U.S. at the FEI/WBFSH Dressage World Breeding Championships for Young Horses in Ermelo, Netherlands, where he placed fourth in the Small Final on the world stage. Gorgeous Latino finished the 2022 show season as the highest-ranking U.S. FEI and National 6 year old. His breedings sell with LFG and we look forward to many foals in 2023.

Guildenstern Sol (Ivanhoe/Imperio/Benz) was one of 13 stallions licensed in Neumunster, Germany in 2018, with top comments, excellent jumping ability and class one x-rays. He is from the first foal crop of Ivanhoe, a son of the outstanding stallion Millennium, and is out of a top damline of both Supreme Champion mares and many approved stallions. His damsire is the Grand Prix-winning stallion Imperio, ridden by Hubertus Schmidt. Guildenstern measures at 17-H. Soon after import in 2020, Guildenstern was invited to Young Horse Nationals as a 4 year old. He also placed fourth at Training Level and sixth at First Level at the Region 8 Championships. In 2021, he was the East Coast Breeders Championship Reserve Champion Stallion. After spending the last two years breeding and training, Guildenstern will be showing at Developing Prix St. Georges in 2023. His offspring have been exceptional, with many top inspection foals. In 2021, Quantum Sol (Guildenstern Sol/Quarterback/Ehrentusch) was the USDF HOY Reserve Champion Filly Foal, with breed show scores up to 86%! He is lifetime approved with The American Hanoverian Society and American Rhineland Society as of 2022 with scores of 9.0 from the judges for head, neck and typiness/masculinity. Guildenstern is WFFS negative and is homozygous black (cannot produce chestnut).

Hampton is the carbon copy of his famous sire His Highness. His Highness was the champion of his Hanoverian stallion licensing, his stallion test and the Danish stallion licensing. He was a successful dressage competitor and sire, producing 17 licensed sons, 69 St.Pr. mares and successful offspring too numerous to mention. As a 3-year-old, Hampton was Reserve Champion of his 70-day stallion test in Schlieckau (overall score 134.24). He competed and won several young horse classes with high scores. In 2009, Hampton qualified for the Bundeschampionat in highly competitive shows. He was successful up to Inter. I and qualified for the finals of the 2013 Nürnberger Burgpokal. He is bred out of an exquisite damline which combines success in breeding and sport. Hampton's dam, SPS Red Chili, produced a second licensed son. Granddam SPS Carina is the full sister of renowned stallion Compliment and is dam to the licensed stallion Lesodoro. SPS Carina and daughter SPS Red Chili won as a family in the 2007 and 2009 prestigious Herwart von der Decken Shows. This damline is Hanoverian royalty, (the Ahnenhold family) known for producing internationally successful horses and licensed stallions. Damsire Rotspon, by the legendary Rubinstein I, was champion of his stallion test and has sired an impressive 21 licensed stallions. Rotspon and Grand Prix dressage stallion Rubinstein I are both noted for passing on excellent rideability and trainability. Two years in a row, Hampton placed within the top-10 percent of German dressage sires with a score of 148 points in the estimated breeding evaluation by the FN. Hampton's offspring exceed expectations. He produces elegant types with seemingly endless potential, noted for their kind, willing temperaments. Hampton has sired States Premium mares and Verden auction horses. Licensed son Hampton's Junior competed successfully in young horse classes. PK Happy Hippo is competing at M & S Levels in Germany. CWH Hyperbole (Hampton-Dyani FDL/Dacaprio) was champion of her Mare Performance Test in 2021 and Training Level Champion, High Score Open, High Score Hanoverian and Breed Show Champion at the KDA show.

A dynamic stallion that offers a unique pedigree, excellent trainability and the athleticism needed for top sport. Harvest was champion of the NA Stallion Sport Test in 2017, earning an overall score of 8.61 and 9.0 for both trot and overall impression. In 2018, Harvest finished fourth at the USEF Young Horse National Championships and was reserve champion for Third Level AA at the U.S. Dressage Finals. At age 8, Harvest made his FEI debut at Intermediate II and was reserve champion at the USEF Developing Horse Grand Prix Championships. The following season, Harvest was again second at the USEF Developing Horse Grand Prix Championships and scored above 70% the entire season at Intermediate II and Grand Prix. Harvest's sire Connaissance successfully completed his KWPN Stallion Performance Test, earning no score less than 8.0. He earned top-10 placings in the PAVO Cup Finals as a 4 and 5-year-old and has developed into a successful Grand Prix horse. Connaissance has produced PAVO Cup and Young Horse Championship competitors and his oldest are successful at the FEI levels. Harvest's dam Naomi has produced two Elite mares, numerous performance horses and two licensed stallions. Damsire Ulft was an exceptionally versatile producer and the sire of the influential stallion Ferro. We see Harvest's clear stamp in his offspring that exhibit elasticity and a powerful hind leg, a compact frame, good bone and a nicely set neck. We are excited to make this top stallion accessible to North American breeders.

Hero is an exceptional example of a modern stallion who was not only successful as a young horse but has also progressed successfully through sport. He has achieved scores well over 80% in USEF young horse classes with scores in the 9.0s for gaits and mid-70% in the FEI, with room to improve and advance. He shows tremendous scope within the gaits and ease to sit and collect. Hero is an extremely rideable stallion with a positive attitude and temperament. As a producer, Hero has a fairly strong genetic influence as his foals are all extremely uphill with excellent mechanics in all three gaits and natural balance. He is an absolute joy to work with and his foals show similar enthusiasm to learn and interact. Hero will be available fresh cooled in 2023 on a limited basis as his competition schedule allows. Early booking recommended.

At his Trakehner licensing, Herzensdieb was awarded champion stallion. "This stallion is not just moving, but dancing," was the enthusiastic comment. Trakehner Verband Breeding Manager Lars Gehrman added, "Endowed with the aura of something special, this stallion embodies the classical Trakehner upgrader type." He was reserve champion of his 70-day test scoring above champions from Hanoverian, Oldenburg, Westfalen and Holsteiner licensings. He won the Trakehner championship for 3-year-old stallions, qualified for the Bundeschampionat for 6-year-old dressage horses and then trained up to the advanced level. Sire, Tambour, won his stallion licensing and was highly successful in both advanced level dressage and jumping. He then went on to become a successful sire producing auction horses, Premium mares and successful sport horses. Herzensdieb's dam, St.Pr./El.St. Herzensfreude, scored 9.11 at her Mare Performance Test and was successful in dressage competition. Granddam, SPS Herzenslust, Champion Mare in Schleswig-Holstein, won her Mare Performance Test. This noted damline has produced several licensed stallions, successful dressage horses and highly-awarded mares. Herzensdieb has an FN breeding value dressage of 142 points and is in the top 10% of German dressage sires. He was honored with the prestigious Elite Hengst title (E.H.) by the Trakehner Verband. Breeders comment Herzensdieb stamps his offspring with his elegant type, friendly personality and exceptional rideability. Many daughters are revered in Germany. Heartbreaker, Harriet and Helmi, have won honors at large German mare shows. Daughter Elfenzauber qualified for the Bundeschampionat for 6-year-old dressage horses. Licensed son Herzenswunsch was champion of Southern Germany, Horse of the Year and multiple Bundeschampionat finalist. In Germany, dressage competitor Halley v.H, made an impressive showing at the 2020 Verden Grand Prix. Hollywood L was also a successful Grand Prix competitor. Hannigan L is successfully competing at PSG Level. In 2021, daughter Schönherz was awarded Premium Mare by the Trakehner Verband and competes in dressage and eventing. Löwenherz is a champion eventer and show jumper schooling PSG in Australia. Offspring in the U.S. continue to impress and exceed expectations as they mature.

His Highness was the undisputed Hanoverian Licensing Champion in 2002. Though he was in high demand as a breeding stallion, he began his dressage career under Klaus Balkenhol. At the Danish licensing in 2005, he was proclaimed champion of the 4-year-old dressage stallions. In 2003, he was champion of his 30-day stallion performance test, as well as champion of his 70-day test receiving the outstanding total score of 149.24. His Highness' sire, Elite Hengst Hohenstein I, was named the 2002 Trakehner Sire of the Year. He was a Premium stallion at his licensing, reserve champion at his Stallion Performance Test at Adelheidsdorf, receiving the highest dressage index of 148.29 of the 52 stallions. His Highness' dam, SPS Daireen, was a multiple champion at breed shows. Her sire Donnerhall, "Sire of the Century," had incredible success as both a breeding and sport stallion, earning two gold medals at World Championships and producing Licensed sons, States Premium mares and highest-level competition horses. His Highness stood at Hengststation Jens Meyer in Dorum, Germany, for only five seasons but left an indelible influence on Hanoverian breeding as his legacy. His progeny include 16 licensed stallions and 69 State Premium mares, as well as an ever-increasing number of superior performers in upper-level dressage. Fully-approved Hanoverian stallion Hampton was reserve champion of his 70-day test and was successful up to Inter. I. Another His Highness son, Hayden, as well as Hampton, were finalists at the prestigious Nuremberg Burgpokal in Frankfurt, Germany. Happiness was reserve champion of the Herwart von der Decken Show. SPS Hila was Champion Mare of the Louis Wiegels Show. He has produced more than 430 successful sport horses. "His offspring simply have priceless values when it comes to readiness to learn, rideability and character," said Jens Meyer. Owners of his offspring compliment their sweet temperaments, beautiful topline and extraordinary gaits. Watch for successful offspring in the U.S. including Habenero L, Harley L, Hero L and Hallmark 3 among others.

Influencer EDI is a 16.2-H, black Hanoverian stallion combining the popular Ibiza with DeNiro and Calypso II. His sire, Asgard's Ibiza, combines the genes of the exceptional sires Vivaldi and Jazz and comes from the same damline as Charmeur, Zhivago and Zuidwind. In 2017, he completed his performance test in Adelheidsdorf, Germany, scoring 9.5 for walk and 9.0 for both trot and canter. At the 2018 World Championships for 5-year-old dressage horses in Ermelo, Netherlands, he qualified for the final and was victorious in the small final, finishing sixth overall. Influencer's damline has produced numerous top sport horses and licensed stallions. Influencer is the maternal brother of licensed stallion Finest Ampere as well as Cadeau Noir who sired Confess Color, a highlight sale at the Hanoverian auction selling for €2M in 2019. Aside from Influencer's superior movement, phenomenal bloodlines and proven damline, he has superb rideability with a perfect mind. He loves to work and passes on his phenomenal temperament and conformation to his offspring. His first foal crop is looking super typey and correct. His walk is ideal and clear in the rhythm with energy and enormous over track. Influencer competed in his first show in the USA in the USEF 4 year olds, winning his show and scoring an 8.2, finishing the year with top ranking. Influencer was the North American Stallion Sport Test Champion at the West Coast and HIGHEST scoring stallion in North America in 2021 (another Ibiza tied at 8.75). His scores include a perfect 10.0 for his walk and a 9.0 for overall impression. He is fully approved for AHS, Hannover, Rhineland, Westfalen and Oldenburg. Foals can also be registered with SWANA, KWPN NA, Canadian Warmblood and ISR. Influencer showcases an exemplary canter with a huge uphill jump. His trot is always supple and swinging with true shoulder freedom.

The beautiful black stallion was designated Premium at the 2018 KWP stallion show and finished third overall with 84 total points at the 2019 KWP stallion performance test in Ermelo. In 2018, he finished in fourth place in the VSN Trophy Finals, a talent-spotting competition for 3-year-old dressage horses. In 2020, Kaiman was on the Dutch team's long list for the World Championships for Young Horses. His first foals arrived this year. With 8.5s on his trot, canter, elasticity, balance, rideability and talent as a dressage horse, and an 8.0 on his walk, Kaiman is the full package. Kaiman demonstrates self-carriage, balance and suppleness in all three gaits. His walk is pure, active and has good scope. His trot is supple with good cadence. The 16.2-H stallion is known around the barn for his good attitude, kind nature and willingness to work. Kaiman comes from strong dressage bloodlines. His sire, Dark Pleasure, was a successful small tour horse who carries the Olympic genes of Ferro and Preferent. Kaiman's mother is the Elite, Preferent mare Franciska, a daughter of the Grand Prix legend Gribaldi and a granddaughter of Grand Prix standout Krack C, who's also known as an important damsire. Franciska is a full sister of the small tour horse Eye Catcher and a half-sister to Geronimo, who's competing at the ZZ-Zwaar level. The approved KWP stallions Redford and Foundation come from the same family. With all that Grand Prix talent, Kaiman will add movement, suppleness, rideability and good character for your next dressage prospect. In 2021 he scored 81.4% in the Pavo Cup Semi-Finals for 6-year-old dressage horses, KWP Championships. His son Ohio was licensed Oldenburg in Veichta in 2021.

International Grand Prix jumping stallion King Kolibri is named after his sire Kolibri and ancestor King. Kolibri, called the "Landgraf of the East," is an important stallion in eastern Europe where he sired many respectable show jumpers. King Kolibri's dam, Atletica, won the final of the Toscana Tour for 7 year olds and participated at the European Championships in 2007. Atletica's sire, Libero H, is considered to be the most influential stallion of the past decade both in show jumping and breeding. He received the "Preferent Stallion" award from 25% of his offspring competing at international levels. King Kolibri has since followed in the footsteps of his parents. He was described as a noble, elastic stallion with great potential for show jumping in Hannover. In the beginning of his career, Jos Lansink successfully piloted the stallion around many Grand Prix tracks. In 2011, he had top results including sixth place in the CSI5* Prix Europa in Aachen, seventh in the CSI5* Dublin Grand Prix, third in the CSI5* 1.50m in St. Gallen and 10th in the 1.45m CSI5* in Rome. King Kolibri was sold to American rider Lauren Tisbo in the fall of 2011 where he continued to shine. The pair's first top result together was a fifth-place finish in March 2012 in the \$500,000 CSI5* Grand Prix in Wellington, Florida. They also had a fourth-place finish in the CSI5* Queens Cup at Spruce Meadows (Canada). During 2013, the pair went on to have additional top finishes in Wellington, Florida, including a sixth-place finish in the CSI3* Grand Prix. As a breeding stallion, King Kolibri has more than 30 offspring in Europe. Bjorn H, a 2006 stallion by King Kolibri, is currently showing successfully at the 1.35-1.40m level. The 2006 stallion King Julio is competing in 1.40m classes and qualified for the World Breeding Finals in Lanaken two years in a row. Overall, King Kolibri is proving to be both a top competitor as well as a top-producing stallion.

Kjento is the stallion that everyone is talking about! His exceptional pedigree, attractive type, powerful gaits and exceptional rideability have caught the attention of breeders and trainers around the world. Champion of his KWP Stallion Test, Kjento earned no score less than 8.5, five scores of 9.0 and a 9.5 for his canter for an impressive total of 90 points. In 2019, he was reserve champion at the PAVO Cup Finals. From there, Kjento has continued to rise to the top and has now won the World Championships for Young Horses twice with wins as a 6 and 7-year old, earning scores of 10 on both occasions. Kjento is by the preferent stallion Negro, a proven sire of FEI Grand Prix horses. Kjento's dam competed through Z-level dressage, was third at the National Mare Show as a 3-year-old and earned an impressive score of 90 at her IBOP. She has been an exceptional producer with two approved sons and five Ster/Elite daughters. Her sire, Jazz, was an international Grand Prix competitor and has one of the strongest records in the world for siring FEI offspring. Kjento has been very popular with our breeders and has had excellent fertility rates. His early foals show his beautiful type, good length of leg and expressive gaits. He is an excellent choice for improving movement mechanics, impulsion, use of body and talent for the collected work. The character of his offspring has also been highly praised by the breeders.

L Primo competed in FEI competitions for six years and qualified for the USEF/Markel Young Horse Championships in Lamplight, Illinois. He was reserve champion at the North American Stallion Sport Test with a score of 86.5. His highlights were a 9.0 for the trot, 9.0 for the canter, 9.5 for the test rider and 9.0 for overall impression. L Primo is by the well-known stallion Bordeaux out of Satina by Contango. Santina has produced two Grand Prix horses and four Keur mares. She is also the mother of the futurity winner for 4 year olds, Malachi DG. L Primo is highly recommended for his rideability, suppleness, elasticity and very good type. Next year L Primo will compete in the FEI 7-Year-Old division.

Lagoheidor is a rare combination winning both his Keuring and stallion performance test, competing successfully at both international FEI show jumping and FEI dressage and producing numerous international FEI jumping and dressage offspring. Convincing in every respect, Lagoheidor was supreme champion stallion of the 1994 Oldenburg approvals. A year later, he dominated at the stallion performance test in Medingen, Luxembourg, against tough competition with a score of 140.75 points. He won the total classification with equally high points in all criteria including achieving two perfect scores of 10.0 in jumping. He is also approved for breeding by the Dutch and GOV. Lagoheidor is a full brother to the approved stallions Landwerder and Landor S, who became the German National Champion of 6-year-old jumpers and best Oldenburger jumping sire in the world in 2010-2012 (WBFSH Ranking). Lagoheidor won his 2001 stallion class at Dressage at Devon before he and his owner/rider relocated back to Germany. They successfully competed FEI dressage for six years in Europe then returned to New Jersey to continue his breeding career and compete at the Grand Prix level. His many progeny are achieving high placings at international FEI jumping and dressage competitions. His son, Lonevan, trained by Ingrid Klimke to Grand Prix dressage, is listed on the FEI WBFSH World Ranking List as well as Shenandoah, and daughters Penny Lane and Baloubetta Du Soleil are on the jumping ranking list. Lagoheidor has sired two approved stallions, Living and Lord Oldenburg, who was reserve champion at his stallion performance test in Germany and sold at the 2001 Elite Auction for 200,000 Deutsche Mark. Lagoheidor produces friendly, modern true-to-type foals strong in movement, work ethic and willingness to perform. A large percentage of his foals in Germany and the Netherlands have been awarded Premium status at GOV Championships and have won national and regional foal championships..

A fresh pedigree, beautiful exterior and expressive movement mark Lantanas as an attractive addition for dressage breeders. His sire, Sir Donnerhall, has more than 100 approved sons, 221 States Premium daughters, Young Horse Champions and many Grand Prix CDI horses to his record. Sir Donnerhall is currently ranked No. 3 on the WBFSh Dressage Sire rankings and his sire, Sandro Hit, is currently ranked No.8. Sir Donnerhall's sire is the legendary Donnerhall, who has had an incredible impact on dressage breeding. The Sandro Hit-Donnerhall combination has been an especially effective breeding nick. The dam of Lantanas is a Prestatie mare that produced two licensed stallions and the Grand Prix mare Vitana V, and is the granddam of the Grand Prix stallion, Cennin. Her sire, Hemmingway, competed at the World Championships for Young Horses in Lanaken, Belgium, and competed through 1.40m in show jumping. This valuable jumping blood is important to infuse into dressage breeding and Hemmingway has sired offspring successful in multiple disciplines as befits his versatile Holsteiner roots. Lantanas received an excellent report at his KWPN Stallion Test and earned 8.0 or higher for all three gaits. He was praised for his willingness to work, his talent for dressage and his uphill balance. In 2021, Lantanas was approved Hanoverian and competed in the PAVO Cup Finals earning a score of 81.4 points. His early foals show his modern type and expressive gaits. With the Van Olst team behind him, Lantanas has a bright future as a sire and competition horse.

Largo was honored as Horse of the Year in the Netherlands in 1979 and the PCHA Horse of the Year in 1985. He was the AGA top money-winning stallion in America in 1985 and 1986. Largo is a proven sire of world-class sport horses including Mirage, the 1992 NGPL Horse of the Year, winner of the \$100,000 Queen Elizabeth II Cup and the \$30,000 Grand Prix of Denver. Largo's daughter, Silhouette, was a FEI Nations Cup bronze medalist on the 1994 Canadian Equestrian Team and winner of the Victoria Grand Prix and the \$30,000 Thunderbird Grand Prix. Another daughter, Liebchen Mein, earned her Elite mare title in 1997 scoring an 8.0 on the jumping portion of the mare performance test.

Liberty Gold was double champion of both his stallion licensing in Verden and his performance test at Adelheidsdorf, Germany. At his licensing in 2003, he took highest honors excelling in basic gaits, free jumping, conformation and overall suppleness. He stayed in Germany throughout 2004 to be started under saddle and complete his performance testing. He was victorious at Adelheidsdorf, placing first of 42 horses, tallying high scores with a dressage index of 147.75 and an overall score of 140.93. When the final results were revealed, we were astonished; Liberty Gold scored 9.33 on trot, 9.5 on canter, 8.0 on walk, 9.0 on character and temperament, 9.667 on rideability and 9.0 on his willingness to work. In the fall of 2005, Liberty Gold made history at Dressage at Devon. He was undefeated in all seven of his classes, both in-hand and under saddle. Liberty Gold scored an 83.9% in the 4-Year-Old and Older Stallion class shown under saddle. In the 4 and 5-Year-Old Geldings and Stallion Materiale class, he continued to excel and scored a 78.8%. He further set out to dazzle us in the Hanoverian IBC 4-Year-Old and Older category with a score of 84.0% followed by an 86.27% in the Cosequin/USDF BC Stallion Championship. Liberty Gold emerged as the 2005 grand champion as well as the 2005 USDF/Cosequin East Coast Stallion Champion! Like his sire, Londonderry, also a winner in Verden at his 1997 stallion licensing, Liberty Gold's offspring have proven to be exceptional, excel in the show ring and impress judges with their character and talent. He has proven to be an exceptional producer of Elite mares, some receiving top scores in the country at AHS inspection tours. In addition, several foals have received Top Foal honors during the AHS inspection tours. Overall, Liberty Gold's offspring are marked with his tremendous movement, correct conformation and friendly, easy-going temperaments.

Lord Adonis was owned and raised by renowned international Grand Prix jumper Rene Tebbel and took everyone's breath away when he was approved at the Oldenburg Hengst-Tage in 2010. Two months after import, Lord Adonis attended the North American Stallion Performance Testing and was seventh in dressage (110.78), seventh in jumping (111.83) and eighth overall (111.58). Judges remarked, "Lord Adonis impressed because of his good type and his long legs. He clearly is still developing. In jumping, his ability was especially impressive; in the dressage test, he received high rideability values." His modern type, confident yet quiet demeanor and versatile talents have him fully licensed with most breed organizations and studbooks. His sire, Lordanos, is the USEF Leading Jumping Sire. Lordan, by Lordanos, won the Zoetis \$1M Grand Prix at HITS Saugerties (New York) twice and was reserve the third time. He was the leading USEF \$25,000 Plus Grand Prix horse. In 2017, Undeniable, by Lordanos, won the HITS/Diamond Mills \$500,000 Hunter Prix. Lordanos was successful in 1.40m and 1.50m classes. In 2013, Lordanos was named the Top Jumper Sire in the United States by USEF. Three-year-old Lord Adonis son Kanuck, out of Jane O by Wellington/Joost, owned by John van den Bosh, bred by Boulder Ridge Ranch, won the free jump class at the Canadian Royal West with an 87. Ladicea, Lord Adonis/Balou du Rouet, bred and owned by Cara Choy, was Adequan/USDF Sporthorse HOY Reserve Champion and WSS inspection AHS gold medal recipient. In 2022, Lord Adonis offspring earned several inspection top foal and several futurity site championships.

Lord Ferragamo (Lord Loxley/Ferragamo/Anmarsch) is an imported Premium Rheinlander stallion. He was awarded Premium status at his stallion licensing in Wickrath, Germany, in 2007. In 2008, he completed his 30-day stallion testing in Munster-Handorf, Germany and in 2009 completed his 70-day-test in Warendorf, Germany. Lord Ferragamo is the only approved son of Lord Loxley standing in North America. Lord Ferragamo has two fully-approved brothers. The older, Lord Leatherdale, was reserve champion of his Dutch Warmblood Stallion Testing. The younger was just licensed in 2009 in Germany. Lord Ferragamo's sire is one of the most sought-after dressage stallions in Europe. As for Lord Sinclair, Weltmeyer and Ferragamo, they are some of the most famous and valued producers of sport horses in history. Anmarsch is Lord Ferragamo's dam's damsire. He is the son of Angelo xx who produced several Olympic competitors and is the damsire of Rubinstein I. Lord Ferragamo's damline is very impressive with 10 of the first 15 being SPS or VPS mares. In 2010, his first year of competition, Lord Ferragamo was the USDF Dressage Horse of the Year for First Level 12th Place (Over 73%), USDF All-Breeds Award for Training Level Fourth Place and USDF All-Breed Award First Level Reserve Champion. Lord Ferragamo was champion at seven dressage shows during 2010. He received over 77% at Training and First Level, including a 77.667 from Olympic judge Axel Steiner at First Level. Lord Ferragamo was the Region 2 Reserve Champion at Second Level and USDF All-Breeds Award third place winner in 2011. He passes his movement, topline and temperament to his foals out of a variety of mares and are an improvement of their dams in all cases so far. His correct legs and the short strong pastern is an important factor that makes Lord Ferragamo so valuable as a sire and has helped keep him healthy and going without any break since he was started under saddle!

Lordswood Bernstein SL's high-quality basic paces, excellent type and outstanding temperament instantly catch your attention. He is a model athlete with an excellent neck, conformation, great shoulder freedom, a strong back and a lot of power. The trot and canter work are always uphill and his clear walk offers excellent ground cover. Bernstein completed the Danish Warmblood 35-Day Stallion Performance Test, earning multiple scores of 8.0 and an 8.5 for capacity from his guest rider. In 2022, he added Hanoverian and Rhineland to his list of approvals. Bernstein's sire, Bonds, was named Oldenburg Champion Stallion in 2015 and earned impressive scores of 9.12 and 9.28 at his sport tests in 2017 and 2018. Bonds currently competes at advanced level and has nine licensed sons to his credit. Grandsire, Benicio, was winner of the Bundeschampionat and developed into an accomplished FEI horse. He is highly-regarded as a sire and highly-ranked on both the German FN and Hanoverian Verband Dressage Sire ranking lists. Bernstein's dam, Sunshine M, is by the influential stallion Quaterback. Quaterback has numerous offspring competing internationally and is currently ranked fifth in the world on the WBFSH Dressage Sire rankings. Sunshine M's damline is the exceptional Elfenblume line from Germany. The first Bernstein foals arrived in Europe in 2022 and were well-received by breeders. They consistently show his beautiful type and expression. Bernstein's first breeding season in North America was very successful with numerous breeders across the country expecting Bernstein foals out of a wide variety of mares.

Louisville was an early standout winning the Colts of 2017 and the prestigious Dressage at Devon Foal Championship. In 2021 at the East Coast North American Stallion Sport Test, Louisville finished second overall, earning scores of 9.0 for his canter and rideability and an 8.5 for his trot. In 2022, Louisville finished third at the North American Stallion Sport Test and, once again, the scores reflected the highlights of his trot, canter and rideability. The 2022 show season earned Louisville many accolades with a median score over 74%. He was reserve champion for USDF All-Breeds at First Level, reserve champion at the USDF Region 1 Finals, made his Second Level debut with a score of 73.6% and was named First Level Champion at the U.S. Dressage Finals. Louisville's sire, Lord Leatherdale, is by Lord Loxley who was a Bundeschampionat winner and silver medalist at the World Young Horse Championships. Lord Leatherdale has sired multiple PAVO Cup winners, Young Horse World Champions and international Grand Prix horses. Louisville's dam had a successful competition career that included USEF Intermediaire championships and Grand Prix wins. Her sire, Negro, is one of the most proven sires for producing Grand Prix offspring, including Valegro, Nintendo and Fendi T. Great grandsire, Fruhling, was an advanced-level show jumper whose influence is well established with 10 approved sons. The quality of Louisville's first foal crop is apparent, with multiple Premium and Top Foals to his credit. They've also earned top ribbons at breed shows around the country. We consistently see him stamp his foals with his expressive gaits, strong type and outgoing personality.

Monterey was one of the most striking stallions at the 2018 Oldenburg stallion licensing in Vechta. In addition to his impression in the arena, he was revered with regard to his bloodlines and was named Premium stallion and received cheers from the crowd. Monterey is very rideable and has a lot of charm and confidence. He is immaculate in his foundation and demonstrates amazing gaits. His sire, Morricone, was the Oldenburg Champion Stallion in 2014 and secured victory in the competition for the Oldenburg Main Premium in 2016. He won his stallion performance test and qualified for the German Championships with victories in competitions for young dressage horses. Many of his foals have been sold for high prices. In his first crop of colts up for licensing, six stallions were approved, including one Premium stallion in Hanover. His dam, Special Diva, was German Champion in 2014 and subsequently won many dressage competitions at novice (A) and elementary (L) level. Monterey is the half-brother to Total Diamond PS, owned by Helgstrand Dressage. Monterey's granddam, Die Minelli, has also produced stallions. Her son, Brilliant (by Bretton Woods), was champion stallion of the Mecklenburg Licensing Days in 2014. Decor Siebenstein (by Sir Donnerhall I) was sold for over €500,000 at the P.S.I. auction in 2011 and is victorious in Inter. II in the Netherlands. Fürst Diamond, by Fürst Romancier, was successful in the international Small Tour with Zina Facklam. Die Minelli's daughter, Finella, by Fürst Heinrich, produced the advanced (S) level dressage winner Sid, by L'Espoir. His great grandsire, Diamond Hit, is a half-brother to our stallion Sandro Hit and competed in international Grand Prix competitions with Emma Hindle (GBR). He has produced more than 70 licensed stallions and 160 Premium mares.

This young stallion offers such an exceptionally-proven pedigree for producing Grand Prix horses! Nacho is sired by the preferred stallion Negro, a successful FEI competitor and a proven producer of Grand Prix horses, including Olympic champion Valegro, international team horses Fendi T and Nintendo and two-time World Young Horse Champion Kjento. Negro offspring have proven time and again they have the talent for FEI work and are winning at the FEI levels with professionals, amateurs and young riders. Nacho's dam, Benetton, is a ster mare by the Grand Prix stallion Krack C. Krack C had an exceptionally successful career at Grand Prix under Anky Van Grunsven, including a top-ten finish at the World Equestrian Games, and went on to sire numerous licensed stallions and FEI competitors. Nacho's granddam, Mystiek, has produced multiple Elite mares and the Intermediate I horse Dj Juice Geuzenhof, in addition to other Z and Z-Licht horses. Great grandsire Fruhling was an advanced-level show jumper whose influence is well established with ten approved sons. Nacho completed his KWPN Stallion Performance Test in 2021, earning especially high praise for his canter, which earned a score of 9.0. Additional highlights included 8.0s for both rideability and attitude, as well as posture and balance. With Nacho's proven pedigree and beautiful exterior we feel he is an excellent addition for North American breeders and we anticipate he'll improve the canter and add size for dressage breeders.

Sire of Olympic, World Equestrian Games and World Cup winner Valegro and WBFSH 6 and 7-year-old World Champion Kjento, Negro has repeatedly confirmed his value as a sire of top dressage talent. Negro offspring have proven time and again they have the talent for FEI work and are winning at the FEI levels with professionals, amateurs and young riders. An exceptional canter, active hindleg and talent for collection are consistent across his offspring. Due to the world-class quality of his offspring, Negro has been awarded the coveted Preferant status by the KWPN and was the 2017 KWPN Stallion of the Year. Negro's sire, Ferro, was one of the most successful international dressage stallions in history, capturing the team silver at the World Equestrian Games, European Championships and Olympics. Negro's dam, the Keur mare Fewrie, is by the successful international dressage stallion Variant. At his stallion performance test, Negro was reserve champion overall earning exceptional praise for his canter which scored an 8.5. Negro won his KWPN Stallion Show competitions and was the highest-placed Dutch horse at the 2001 FEI Young Horse Championships. By age 7 he was winning at Prix St. Georges and had a remarkable talent for all the Grand Prix work. Olympic rider Anne Van Olst calls him, "the best horse I ever rode" and the impact of his influence as both a sire and damsire has built the foundation for the success of Van Olst Horses in both breeding and international sport.

This 4-year-old stallion is true to his pedigree (Don Schufro x Blu Hors Zack x OO SEVEN x Jazz x Uift). All these sires are known for producing super characters and rideability. New Adventure's score for rideability in the KWPN NA testing was a 9.0. He is a very complete horse out of a very famous damline in the Netherlands, which has produced many Grand Prix horses. We look forward to his first offspring next year! New Adventure will be competing in the FEI 5-Year-Olds during the 2023 competition season.

Nick of Diamond, or Karat as he's known in the barn, is a brilliant young stallion with a future for the world stage. He is stunningly gorgeous, has talent for Grand Prix and the character of a gentleman. Karat has already proven himself in the show ring in Wellington, Florida, with Austin Webster with scores to 88% in the 4-year-olds. Watch for him in the FEI 5-Year-Olds in 2023. Karat won Champion 4-Year-Old at KWPN-NA Keuring with a whopping 83.5% for all of USA and Canada! This is a major feat. He is licensed Hanoverian, KWPN-NA, Westfalen and Rhineland. We're so proud of this horse, he's got his own Instagram page, too (instagram.com/nickofdiamondkwpn) so follow along on this journey with us.

Obi Wan B is currently the only breeding stallion by Nabab de Reve out of a Jus de Pomme mother in the world. Obi Wan B was purchased by Coruscant Stables as a foal from breeder Allyn McCracken of Bannockburn Farm, LLC. He has an amateur-friendly temperament and shows tremendous scope, ability and rideability. Obi Wan earned full approval with BWP and BWP/NAD in 2019, meeting all performance, veterinary, conformation and inspection criteria. The judge commented, "Good conformation of topline and rectangular frame, good impulsion from hind quarter, jump shows a lot of scope and power in take-off and a great stallion expression." In 2021, Obi completed the North American Stallion Sport Test, where he finished reserve champion, achieving the highest scores in both scope and overall impression. After completing the test, he was approved by GOV, Westfalen and Hanoverian for North American breeders. Obi's first offspring have inherited his gentle temperament, bone and lovely canter. Offspring have received Premium scores at inspection. Obi was started by and competed through the young jumper divisions with Robert Mendoza. In 2022, Obi took a long break from competition to be available fresh for the first time to American breeders. Obi's first foals have scored First Premium with BWP/NAD. He will continue in sport in 2023.

Pedigree, performance and an incredibly strong record as a sire make Olivi a top contender for dressage breeders. Olivi was reserve champion of his KWP Stallion Selection. His competition record includes placings in the PAVO Cup Finals, French Young Rider Championships and at the CDI Grand Prix level. Olivi's sire, Jazz, is one of the most significant sires in modern dressage breeding. An international competitor, Jazz currently stands No. 5 on the WBFSH Dressage Sire rankings and is the sire of international stars Johnson, Parzival and Vancouver K. Olivi's dam descends from the famous Utopia mare line, one of Holland's prized mare families that produced famous stallions such as Vivaldi and Arko III. Olivi's damsire, Aktion, competed in the European Championships, World Equestrian Games and Olympic Games. Olivi's offspring have earned him the incredibly high dressage Index of 175 and he has been previously ranked No. 2 on the KWP Sire Rankings and 18th on the WBFSH Dressage Sires list. He has sired many Keur/Elite daughters, two approved sons and is the damsire for additional licensed stallions. His offspring are consistent winners from the young horse classes through Grand Prix in both Europe and the U.S. In 2021, Olivi's offspring, Ultimo, was reserve champion at USDF Region 4 Grand Prix AA Championship, Zo'dan was reserve champion at the USDF Region 6 Intermediate AA Championship and Exclusive was a Para-Olympic mount at the Tokyo Olympic Games. To breed your next champion, start with a proven sire like Olivi.

Orbetello is a 2003, 16.2-H stallion bred for performance in international show jumping at the highest level. Orbetello is the embodiment of impeccable character, intelligence and work ethic. During his Oldenburg stallion licensing in Vechta, he scored the highest free-jumping score to date, received the honor of the 1c Premium designation and placed third among all stallions. At 4-years-old, during his 70-day stallion test in Munster-Handorf, Orbetello earned the exceptional overall score of 121.988 (106.63 for dressage and 131.72 for jumping). In September 2015, Orbetello was inspected and approved by the Belgian Sport Horse Studbook (SBS) and received 9.5 for jumping, rideability, walk, canter, type and forelegs. At his American Hanoverian Society inspection in August of 2021, he scored 9.0 for his head, neck and hindleg and 8.0 for conformation, typiness, frame, walk and canter; outstanding scores. In January 2023, he received the BWP Elite stallion title in Belgium for his show jumping performance record. Orbetello's sire, the BWP Ambassador Orlando, produces jumpers and breed champions. Heartbreaker, also in his sire line, is a Keur stallion and a leader on the Dutch and Belgian jumping indexes, generating numerous upper-level jumpers (including the 2006 Belgian Stallion Selection Champion Dulf Van Den Bisschop). He also sired High Level Devil Z, the record-breaking (£145,000) foal at France's 2021 Fences Elite Foal Auction. His sire line includes Darco, voted Best Sire in the World for four consecutive years. Nimmerdor, the KWPN Sire of the Century, is also on Orbetello's sire line. On Orbetello's damline, the Holsteiner mare Landkind descends from Landgraf I by HLP Ladykiller XX, regarded as the most influential Thoroughbred stallion in German sport horse/jumping history. He sired the famous Holsteiners Landgraf and Lord Landgraf I. Landkind's damline traces to the Selle Francais Cor de la Bryere, known as the Reserve Stallion of the Century, second only to Landgraf I. Orbetello proved his willing temperament and rideability excelling with international riders. With Margie Engle (USA), he earned the Winter Equestrian Festival 8-Year-Old Jumper Circuit Championship, then enjoyed success at 1.60m with Federico Szttyrle (ARG), Brianne Goutal-Martreau (USA) and Paul O'Shea (IRL).

From the breed show ring to the Grand Prix ring, Qredit has surpassed our expectations each step of the way. He's been grand champion of Dressage at Devon, champion of his 70-day stallion test, earning ten scores of 9.0 or higher, reserve champion of the USEF Young Horse National Championships, two-time USDF Horse of the Year winner with many USDF All-Breeds titles, champion of the US Dressage Finals and winner of the 2021 Devon CDI4* Grand Prix and Freestyle. His pedigree is packed with Grand Prix dressage horses and includes jumping blood to offer versatility in breeding choices. Qredit's sire, Quaterback, was winner of the Bundeschampionat, his 30-day test and competed to the FEI levels. Quaterback ranks fifth on the WBFSH Dressage Sire Rankings. Qredit's dam comes from an exceptional mare family that has produced multiple licensed stallions and FEI horses. Grandsire, Dream of Glory, competed to Grand Prix and sired licensed stallions, Bundeschampionat winners, high-priced auction offspring and many advanced-level dressage competitors. Qredit's offspring have won at Dressage at Devon, USDF Breeders Series Championships and are frequent winners at inspections. From his first foal crop, Qennett HTF and Quinzy HTF are shining at the FEI levels. Much like their sire, their versatility is also apparent with offspring winning in hunters, eventing and even combined driving. Qredit crosses well on a variety of bloodlines and he is a fantastic choice for adding suppleness and elasticity with clockwork rhythm.

Quidam Blue is an international Grand Prix jumper licensed and approved by the German Hanoverian Verband. He is a gem to have in the stable and a beautiful athlete that loves his work and his people. Quidam Blue started his show career by winning the 5-year-old Western Canadian Young Horse Championship. As a young head turner, he collected ribbons at venues such as Spruce Meadows (Canada) under his amateur rider, Beke Brinkmann, and played his way into the 1.30m division. In 2014, he quickly entered the 1.50m level with Olympic silver medalist Jill Henselwood. Together their highlights include top-three finishes as part of the Canadian team at the Furusiyya FEI Nations Cup in Bratislava, Slovakia and the Wild Card SmartPak Grand Prix at Saugerties, New York, and winning the SynOil Energy Services CSI2* Cup at the Royal West in Calgary. He added numerous placings in the 1.60m level in the following years. Quidam Blue is now available as a breeding stallion with fresh and frozen semen after a serious injury shortened his jumping career. During his own training, he always impressed his dressage and jumper coaches. Quidam Blue is known to pass on his natural ability for collection, clean gaits and a superb canter, with his offspring suiting both amateurs and professionals. So far, his eldest offspring have won in the hunter/jumper and eventing disciplines and are in demand throughout North America. All in 2019, Quidam Blue was the sire of the Champion Hanoverian Jumper Foal (Canada), the high-scoring filly of the Belgian Warmblood Association (North America) and the third-place jumper foal of all KWPN inspections in North America. This was no coincidence, as his pedigree is filled with famous French, Holsteiner and Westfalen jumping bloodlines, including the names of Quidam de Revel, Landgraf I, Come On, Cantus, Pilot and Weinberg.

Rapture R's pedigree consists of the most influential sport horses in history. Rubinstein, Donnerhall and Weltmeyer continue to develop and shape the modern dressage horse. His damline is equally impressive, with five of the first seven mares in his pedigree being Elite or SPS. Rapture's 100-day test scores qualify him as one of the few Class 1 Elite Hanoverian stallions in the country. His quality and breeding have translated well to the show ring. His accomplishments include countless champion and reserve championships nationally on the line as a youngster, in materiale divisions, regional championship wins, placings in Training Level through Grand Prix and USDF Horse of the Year titles. Rapture R continues to produce top foals at AHS, GOV and ISR/OLD inspections with comments praising type, conformation and temperament. His oldest offspring are showing FEI with both amateurs and professionals. At 18 years old, Rapture remains mentally and physically sound. He continues daily training at the FEI level, a testimony to his superior temperament and longevity as a sport horse.

Regazzoni is by Rubinstein I out of the great Werther mare, Wakonda. His legendary sire has strongly influenced this era of sport horse breeding and passes on rideability, trainability and elegance. Regazzoni's damsire, Werther, is equally influential. At his 100-day test in 1994, Regazzoni scored an outstanding 140.53 points, including perfect 10.0s for temperament and rideability, traits that he readily passes on to his offspring. His dressage index alone was 152.16, confirming him as the highest-scoring stallion out of the 54 stallions at the Münster-Handorf site. In 1995, Regazzoni was Federal Vice-Champion German Riding Horse in Warendorf and in 1996, he won the finals at the German 5-Year-Old Dressage Championships. He has produced 13 approved sons as of January 2003, including the record-priced stallion of the 1998 Verden stallion market, Riccione, who sold for more than 350,000 Deutsche Mark. His stallion offspring have achieved remarkably high scores at their 100-day tests. For example, Ransom earned 123.59 points, Ragtime scored 130.2 points and Regardez earned 128.5 points. His daughters have also made the headlines in Germany, including Ribera Grande, the best Hanoverian mare at the 2000 Euro-Mare Championships in Brussels, Belgium, and SPS Ravenna M, who was highly placed at the 2000 Federal Championships in Warendorf, Germany. Regazzoni is also a popular sire for auction horses. Revue Girl and Rittmeister both sold for top money at the PSI Auction in Mühlen, Austria.

Ribaldi delivers all his pedigree entails, with his dressage bloodlines on top and his jumper bloodlines on the bottom of his heritage. Ribaldi has a huge heart and never says no to anything asked of him. Ribaldi is a very bold and talented jumper both in the ring and cross country. He is gifted with three super gaits with a particularly extravagant canter. Ribaldi has a very strong hind leg and would benefit many different types of mares. His first few crops of foals have won the title Best Young Horse multiple times. Ribaldi ranked No. 4 2022 USEF hunter breeding stallion of the year. His sire, Rosenthal, was a leading producer of Premium foals of multiple breeds, adding both beauty and temperament. His offspring are simply stunning, with beautiful conformation and excellent heads that catch the judges' eyes along with everyone else's. Rosenthal was ranked No.1 dressage breeding stallion in 2007 and then went on to be the No.1 hunter breeding stallion in 2017, 2018 and 2019. Ribaldi's grandsire, Totilas, earned three world records in the dressage arena along with three gold medals at the World Equestrian Games. He produced 28 licensed stallions and 36 Premium mares in his lifetime.

Rock Solid's sire is Rosenthal, sired by Rubinstein I, a member of the 1996 Olympic team. Rock Solid's dam, Elite Parabola, is a half-sister to the famous Elfi, of the esteemed Abita Stamm line of Hannover. Parabola's sire, Parabol, was reserve champion of his 100-day test. In 2014, Rock Solid won his first Prix St. Georges in Florida. He won every Prix St. Georges class entered in 2014 and qualified for the USEF National Developing Prix St. Georges with 70+% where he placed fourth at Lamplight. He was also GOV High Score Oldenburg. He qualified for Regionals I-1 with first-place wins, one scored at 71.0%. His USDF final standing in Prix St. Georges was 70+%. He was USDF 2014 GOV National Champion for All Breeds Awards. Rock Solid's offspring are versatile in disciplines. In 2014, Rock Royale was second in the country for the Spy Coast Young Horse in the Yearling In-Hand/At Liberty with a score of 9.03. He was reserve champion at Dressage at Devon in 2015. In 2022, he was reserve champion at Second Level in Region 1. Dames Ingrid's Solid Dancer, aka Ingrid, is a daughter that has achieved her Verband Premium title at her mare performance test and is schooling preliminary level in eventing. In 2019, Royal Heiress won 11 of her 14 classes at training level. She was ninth in the Y/H National 4-Year-Old Championships, champion in Training Level Region 2 and reserve champion at USDF Nationals in Training Level. Heiress had scores up to 83.4% with no score under 71.8%. She was the top 5 year old in the country going into Nationals in 2019. His first licensed son is Remy Martin out of Elite Lhoretta/Loerke in 2021. In 2022, Monique's Minuet RSW was champion in Region 4 Training Level, reserve champion First Level and picked as a team horse for Region 4.

Rockefeller's sublime type and conformation are supported by an outstanding performance pedigree representing a high degree of breeding certainty and very strong competition skills. Rockefeller is out of one of Germany's strongest performance damlines, linking directly back to the international eventing mare Rudilore II (aka Chica). With this mare, Harli Seifert has established her successful breeding program since this damline has produced internationally-esteemed jumping stallions like Gio Granno, Conterno Grande, Couleur Rubin and Couleur Rouge, and dressage stallions like D-Day, Don Chico, Trantris and not to forget Blue Hors Rockefeller's five licensed full brothers Rubin Royal, Blue Hors Romanov, Rucicello, Rubino Vincenzo and Rubin Action. Blue Hors Rockefeller's sire, Rohdiamant, now ranks as the third-best producer of dressage horses thanks to his numerous offspring competing in international Grand Prix competitions. Rohdiamant was a champion stallion in Oldenburg, Hauptprämiewinner, two-time Bundeschampion and winner of international Grand Prix classes, as are three of Rockefeller's full brothers: Rubin Royal, Rubin Action and Blue Hors Romanov. Two full sisters have their States Premium titles. Rockefeller is the sire of Rockson, winner of the Danish Equestrian Federation Championship for 4-year-old dressage horses in 2015 and now successful at Intermediare II. He is the sire of approved stallion DORTHEASMINDES ROCKEY. Rockefeller is throwing beautiful, elegant offspring who are very good movers with lovely temperaments. He is a serious consideration for breeders of all disciplines.

Romancero H is a fantastic dressage stallion with a 2012 FN dressage value of 140 points. At his stallion performance test in Germany in 2002, he won the dressage portion out of 23 horses with a score of 141.93, finishing third overall. His pedigree of Rohdiamant, Inschallah x, Matcho x and Wagner combine to produce proven top riding horses which have been extremely successful and popular in Germany. Previously standing with Hannes and Britta Baumgart, Romancero H has only been available by live cover in Germany. He has produced States Premium daughters, Elite auction foals, Elite auction riding horses and at least one licensed son during his breeding time in Germany. In 2011, Romancero H was listed in the top five percent of all Hanoverian dressage stallions based on Hanoverian breed values and/or FN breed values.

Royal Prinz is an elegant, long-legged stallion with a long FEI career that includes CDI wins in Wellington, Florida, Tryon, North Carolina, Saugerties, New York, and San Juan Capistrano, California. He was the 2012 Reserve Champion of the USEF National Championships at Intermediaire, USDF All-Breeds Champion at Prix St. Georges, USDF All-Breeds Reserve Champion at Intermediaire I and third in USDF Horse of the Year standings. Under several riders, he has proven his talent and consistency. Royal Prinz is sired by Royal Diamond, who earned attention as champion of his stallion performance test with an impressive 140 points overall and 150 points in dressage. He went on to win the Bundeschampionat and was developed to the Grand Prix level. Royal Diamond is a full brother to Rohdiamant. Royal Prinz's damsire, Dream of Glory, has proven particularly influential as a damsire as seen in CDI Grand Prix horse, Qredit Hilltop. Bred only lightly in his early years, Royal Prinz offspring have already succeeded in dressage and eventing. From his earliest foal crop, the Oldenburg mare Roma won the 2022 USDF Region 7 Jr/YR Intermediaire I Championship. His first foals through Hilltop Farm very much impressed us with their type and high-quality movement across a variety of mares. He has multiple Premium and Gold Medal foals to his credit. In 2020, Rapsallion ASH was the USDF Horse of the Year for Dressage Sporthorse Breeding Yearling Colts/Geldings. Royal Prinz's stamp is particularly evident in their head/neck, expression and freedom of the shoulder.

Royal Tourmalet SPF, "Artie" (Royal Prince/Armin), is an excellent example of balanced conformation, pure gaits and power. Artie was awarded the 2015 Dr. Robert Miller Memorial Perpetual Trophy as the Highest Scoring American Bred Stallion at Dressage at Devon. Judges commented on his walk's "good use of topline with elasticity and swing," his trot's "good energy, suspension, cadence and ground cover," and "modern type, attractive uphill build, well-set neck and well-angled hind leg." Artie possesses great presence, unimpeachable temperament, fluid walk, expressive trot, uphill canter and is producing foals with uphill builds, strong toplines, powerful hind ends, pure gaits and wonderful temperaments. Royal Tourmalet SPF's career highlights include: 2022 USEF Silver Stirrup National Grand Champion Open Prix St. Georges; 2022 USEF Silver Stirrup Zone Champion Open Prix St. Georges; 2022 USEF Silver Stirrup Zone Champion Open I1; 2020 USEF Silver Stirrup National Grand Champion Open Fourth Level 2020; 2015 Dressage at Devon Born in the USA Champion Stallion; earned qualifying scores for the 2015 USEF National Young Horse Dressage Championships; 2015 USEF Silver Stirrup Zone Champion Open Training Level; 2015 USEF Silver Stirrup Zone Champion Materiale; 2015 USEF Silver Stirrup Reserve National Grand Champion Training Level; 2015 NEDA Year-End Champion Materiale; 2014 Dressage at Devon Born in the USA Champion Materiale, 3-Year-Old Stallions; 2014 USEF Silver Stirrup National Grand Champion Materiale; 2014 USEF Silver Stirrup Reserve National Grand Champion DSHB; 2014 USEF Silver Stirrup Zone Championships in both Materiale and DSHB; and was Top Foal at his 2011 AHS Inspection.

At his 70-day stallion test, Rubinero finished second in the dressage phase with a score of 140+ points and finished third place overall. His character and rideability earned him perfect 10.0s. Rubinero qualified for the Bundeschampionat, was reserve champion at Rastede and quickly rose to the advanced levels. Imported to the U.S. in 2013, Rubinero continued his winning ways, earning scores as high as 72.5% at Intermediaire I. He was the USDF Region 3 Champion at Intermediaire and Reserve Champion at Prix St. Georges. Rubinstein, Rubinero's sire, is a legend with over 90 approved sons, more than 140 States Premium daughters and his offspring have won over €2.5M in competition. Rubinero's dam, Faola, passed her mare performance test with an overall score of 8.36, receiving a 9.0 for willingness to perform, canter, rideability, free jumping technique and a 10.0 for free jumping ability. She has produced two licensed stallions, successful dressage horses and a 1.40m jumper. With Ex Libris and Furioso in the mix, what a versatile pedigree Rubinero offers. We universally hear praise from breeders on the Rubinero offspring's type and outstanding temperaments. With a licensed stallion, States Premium mares and many Premium foals, we know the consistent quality this stallion sires. From young horse classes through the FEI levels, including competing at the World Equestrian Games and European Championships, Rubinero offspring shine. Their trainability, talent and jumping ability have proven them successful in the hunter ring as well.

Sanceo is the 2020 USA Olympic Champion earning team Silver in Tokyo, Japan. The first since 1948! Sanceo anchored the team's medal with a Grand Prix Special score of 81.596 percent. He did not stop there with his Olympic performance, qualifying for individuals with a score of 78.416 and garnering fifth place in his emotive Grand Prix freestyle that earned an impressive score of 84.300. Sabine Schut-Kery credits their success in part to Sanceo's desire to work for her and to please, "It comes down to the fact that he's there for me and I really do feel like we have an incredible partnership. He's just sensitive, but not over-reactive, simply, he lets me guide him and lets me be the leader," said Schut-Kery. Sanceo is a 16.3-H dark bay, one of the most decorated dressage stallions in North America today, achieving top marks with every goal he has set. Sanceo's type is gorgeous, balanced, leggy, harmonious, medium frame with correct legs and hooves. Sanceo's best attribute is his golden character. He is smart, sweet, calm, happy to work and to learn. Sire San Remo is a leading dressage sire, 8th in the 2018 WBSFH ranking. A modern dressage horse known for quality movement, type, three outstanding gaits and well-balanced nature. Sanceo's dam, SPS Rivera, is a States Premium mare sired by Ramiro's Son II/Ramiro. Sanceo was her sixth of 10 offspring. Amongst his siblings several States Premium mares, some of who competed up to Fourth Level and Prix St. Georges/I-1 in dressage and jumping up to 1.30m. Ramiro's Son II produced hard-working and above all sound, exquisite sport horses, many competing internationally. Sanceo had a very successful breeding season. His breedings sell with LFG. We look forward to many foals in 2023.

Sarkozy was licensed as a 2.5-year-old colt with the Oldenburg society first, followed by the Hanoverian, Rhineland, Westfalen and Mecklenburger Verband. He did his 30-day stallion performance test in Schlieckau in November 2008 and scored 9.01 for dressage and 6.88 for show jumping, finishing on a total of 8.03 points. Owned by Paul Schockemöhle, Sarkozy was first trained and competed by Anja Engelbart as a 4 year old in 2009. A few months later, Eva Möller took over the ride and won the 2009 Hanoverian Young Horse Championships with him, followed by silver at the 2009 Bundeschampionate. In 2010, the pair was selected to represent Germany at the World Championships for Young Dressage Horses in Verden, where they placed 11th in the finals after ranking fifth in the preliminary round. At the Bundeschampionate a month later, they were fourth in the 5-year-old dressage horse finals.

Schroeder brings unique world-class champion bloodlines to his FEI success and his offspring, along with an easy character and trainability. His sire has been the No.1 sire of the world WBFSH rankings known for producing top Grand Prix horses, like Schroeder. Schroeder's dam, SPS Esmeralda, was the 2002 Champion Mare at the famous Louis-Wiegel Show and was named the Reserve Champion of the Ratje-Niebulu Show in Germany. Schroeder's maternal grandsire, Escudo I, won his performance test and was 6-year-old world jumping champion in Germany 1997. Schroeder has competed to FEI Grand Prix dressage. In 2019, he was third in the Centerline East Coast Riders Cup. Proof of a good sire is in the offspring: Endretti GF, FEI Int-1 2021 Champion, Global Dressage Festival I; Edge, FEI Prix St. Georges Dressage at Waterloo Reserve Champion; and Sinatra Hit, FEI Prix St. Georges reserve champion at Kansas City Dressage at Longview. Schroeder was champion Get of Sire 2021 NEDA Breed Show/USDF North East Series Championships. His offspring clean up at the performance and breed shows. He is known for producing modern types, good topline, leggy, tall, correct conformation, pretty heads and super rhythmic movers with characters perfect for the amateur. Schroeder offspring can jump, too. We will be glad to help you decide if Schroeder is a good fit for your mare for your goals. We look forward to hearing from you.

Secret's sensational son, Segreto 66, was presented the coveted Premium Award at the 2020 Verden Licensing. The National Stud of Warendorf requested to buy him back the next day. It was even more of a confirmation that he is an exceptional stallion to have in the United States. He possesses the same elastic, uphill canter as his father, the extremely popular 2020 Bundeschampionate, Secret (Sezuan x St. Moritz x Rotspoh). Secret is known for his outstanding type and three gaits of the highest quality, rectangular frame and sturdy joints. On the dam side, Stedinger, by Sandro Hit, is known for his modern type and incredibly agile, graceful offspring. Segreto 66 has a workmanlike, straightforward character and a wonderful temperament. Segreto 66 is developing into a powerhouse in a compact package. He is an extremely well-balanced, agile sport horse. In his first materiale class he received an 81.04% He has received a 9.0, and a "WOW!," for general impression, 8.5 for canter, 8.0 for trot and an 8.2 for the walk. He is currently licensed with Hanoverian Verband, American Hanoverian Society, Westfalen NA and American Rhineland Studbook from the North American Stallion Sport Horse Test at Hilltop Farm in October 2022.

Sinatra Song is by one of the most legendary stallions in modern breeding, Sandro Hit. Sandro Hit was a German National Champion, World Champion of 6-year-old dressage horses and trained up to Grand Prix. Sinatra Song has also enjoyed many successes. In 2005, he was named Premium stallion and champion of his Hengste Keurings. Sinatra was one of two 3 year olds selected to represent the Hanoverian Verband at the Bundeschampionat. He finished in the reserve position and was the highest-scoring Hanoverian. He went directly to his 70-day test where he scored 121.14 points in dressage. Highlights from his testing were: character 9.0, temperament 9.0, walk 9.0, canter 9.0, gallop cross-country 9.0, jumping and rideability 8.25. Sinatra Song is a tall, black and elegant stallion that will deliver in his foals what his pedigree promises. Sinatra has had numerous site champions as well as several foals named stallion prospects and a couple that were grand champion at breed shows. Some of his offspring's successes include: Sunny Dey, second place 2-Year-Old Fillies class at Dressage at Devon 2013; Syncopation won the 4-year-old FEI class at Dressage at Devon 2012; Sabella was the top filly at her Hanoverian inspection; UNO Sandie Girl qualified for the Norwegian 4-Year-Old Championships; Sequel HF was awarded USDF DSHB 2011 Horse Of The Year Reserve Champion 2-year-old colts/geldings and AHS DSHB 2011 Reserve Champion 2- and 3-year-old Colts/Geldings division; and Scampolina won the 2013 Bundeschampionat qualifier for 6-year-old horses with an impressive 8.4. Daughter, Sabella, won the 2014 Yearling Fillies class and placed second in the Hanoverian class at the VADA/NOVA breed show at Morven Park. Son, Swagga, won a materiale class in Wellington, Florida, with a 72%. Another son, That's Life, won the Suitable to Become a Dressage Horse 4-Year-Old division at Devon. Solja Girl finished second in the FEI 4-Year-Old class at Dressage at Devon. Serendipity placed second in the 2-Year-Old and Under Hanoverian class at Dressage at Devon. Spaniard, a 5-year-old gelding by Sinatra Song, won the 2017 Materiale Championships at Dressage at Devon!

NEW for the 2023 breeding season! This charismatic, handsome black stallion brings three high-quality gaits and a fresh pedigree for our breeders. Sir Real is by the influential sire Sir Donnerhall I. Sir Donnerhall's influence rivals that of his sire, Sandro Hit, and we see both ranked in the top standings of the WBFSH Dressage Sire rankings. Sir Donnerhall has more than 100 licensed sons, 200 Premium mares and more than 200 offspring that have competed through s-level dressage. Sir Real's dam, Fürstin Florentina B, is by Fürst Heinrich. He was champion of his 70-day test, reserve champion at Bundeschampionship Final and World Young Horse Champion as a 5 year old. His influence as a breeding stallion is strongly felt. With numerous State Premium mares and over 40 approved sons, Fürst Heinrich quickly drew attention of breeders. Sir Real's maternal granddam, Bella, has produced three licensed stallions. In addition, Fürstin Florentina and grandsire, Brentano II, have sired top dressage horses, including Brentina. In his first year showing, Sir Real qualified for the USEF Young Horse National Championships with scores as high as 8.98. All three gaits consistently score over 8.0 and the walk is a particular highlight. Sir Real finished the year ranked fourth in the Horse of the Year standings. Sir Real also finished second at the North American Stallion Sport Test with an overall score of 8.5 and high praise from the judging commission. His rideability is a real strength, along with his beautiful type. Sir Real is currently licensed Hanoverian, Rhineland, ISR/Oldenburger, German Oldenburg Verband and Westfalen.

Sternlicht epitomizes the modern sport horse with his beautiful type, movement and confident character. His impressive show record includes placing third at the USEF FEI 6-Year-Old Championships, multiple USDF regional championships, All-Breeds titles and winning the USDF Dressage Finals three times to date. Sternlicht successfully made his Grand Prix debut in 2021 and in 2022, he proved himself an excellent schoolmaster to bring a new rider into the FEI levels with success. Sternlicht's sire, Soliman de Hus, was champion of his licensing and performance test and also competed to Grand Prix. He has many approved stallions and high-priced auction horses to his record. Grandsire, Sandro Hit, ranks at the top of the WBFSh Dressage Sire rankings and his influence was readily apparent at the 2021 Olympic Games. Great grandsire, Donnerhall, has created his own legend by being a top international Grand Prix horse and a positive influence on dressage breeding. Sternlicht's dam is an eighth-generation Elite/SPS mare and has produced two licensed stallions. Sternlicht has sired Premium foals and inspection site champions as well as USDF breed show winners. His oldest offspring are now showing under saddle with multiple top-ten finishes at USDF Regional Championships and a few earning division championships in the hunter ring. Across a wide variety of mares, we see Sternlicht's positive contribution. If you are looking to add length of leg, an uphill frame and a strong topline, you cannot go wrong with choosing Sternlicht.

Toronto is a Dutch stallion acquired by the Celle State Stud to further the jumping talent of the breeding program. This powerful bay stallion descends from the jumping horse producer and successful competitor Now or Never M, who is stationed in Holland. Toronto's scope and athleticism can certainly be attributed to his sire. Now or Never M has many approved sons and is well on his way to establishing his own line in Hanoverian breeding. He currently has a high breeding value of 152 points for jumping on the German FN's ranking system, showing to consistently improve the canter. Toronto's grandsire, Voltaire, a highly successful international show jumper, is a consistent sire of top-ranked jumpers with temperaments of gold. Voltaire is descended from the legendary Furioso II, renowned in Germany for producing versatile offspring. Toronto's damsire is Belisar, by Saros xx, a full brother to Swazi xx, the sire of the Trakehner stallion Consul. Saros xx comes from a strong line of successful steeplechasers, race winners and sport horses. The infusion of Thoroughbred blood is essential in warmblood breeding and this particular line has had an excellent influence, which can also be seen through the Trakehner stallion Consul. The Now or Never M nick with Belisar/Saros xx daughters has proven to be an undeniably successful cross, producing the approved stallions Valentino, Winston Uccello, Alchemist and Vallado, in addition to Toronto. At his performance test, Toronto won the jumping phase of the test with an outstanding overall 9.3, which could be expected because of his outstanding pedigree. He scored an impressive perfect 10 on cross-country, 9.0s for natural jumping ability and jumping manner, 8.83 for free jumping and 8.67 for jumping technique. He gained the following scores: character 8.0, temperament 8.0, willingness to perform 8.0, conformation 8.0, trot 6.33, canter 8.0 and walk 7.67. Among his offspring produced to date, he has one licensed son, five State Premium mares and 15 auction horses. Toronto is also approved for RPSI, KWPN and German Oldenburg Verband.

In 2014, Uno Don Diego won four Prix St. Georges and Intermediate I classes with scores as high as 73% at the Adequan Global Dressage Festival. He has three quality gaits, an excellent temperament and work ethic. "Uno" was bred by the legendary Stutteri Uno in Denmark. He was licensed as a Premium Stallion in 2006 by the Danish Warmblood Society. In 2009, he represented Denmark in the 6-Year-Old Final at the World Young Horse Championships in Verden. Before leaving for the United States, he competed at Advanced Level dressage in Denmark. Uno Don Diego's sire is Dressage Royal, whose bloodlines include the prolific Donnerhall x Rubinstein I cross. However, it is Diego's legendary dam who produced two licensed sons, Diego and Uno Don Diablo, as well as the remarkable Uno Donna Unique, World Young Horse Champion. Uno passed his 35-day performance test with a total dressage score of 866 and jumping total of 709. At his final grading in 2007, he was awarded a breeder's silver medal and the Challenge Cup of Aage Ravn for being the best 4-year-old Danish-bred dressage breedsire. He is a stallion with good manners in the stable and with other stallions. He is energetic with a very good and uncomplicated temperament, a good character and is very willing to work. He has been praised at shows/licensing for his smooth and rhythmic movement, especially his walk, canter and elastic trot. He jumps willingly with good attitude. Uno's own offspring have also received accolades. From his first crop in Denmark, son ERA Dancing Hit was the dressage champion at his stallion test and awarded the gold medal. Daughters Uno Danuska and Donna Divina Holst were both awarded the bronze medal at the Elite Mare Show in Denmark. In 2016, son Independent Little Me was named Champion Gelders Stallion at the KWPN Stallion Show and selected for the stallion testing. Uno Don Diego is an excellent choice for mare owners looking for stallions free of Jazz, Ferro and Flemmingh blood or in search of cooled semen from Donnerhall lines.

Utopie (USA show name Combina) is a 16.1-H bay KWPN stallion by Jacomar out of Pherna Keur Sport by Calvados. Utopie is an international show jumper with great ridability and a fantastic disposition. He was successful at 1.60m with Marc Houtzager (NL), Candice King (USA), Nicole Bellissimo (USA) and Kirsten Coe (USA). Utopie performed excellently during the stallion competition in 2006 and 2007 with Marc Houtzager, winning the finals. He was the first KWPN stallion of his licensing class to debut in the 1.60m and with two impressive clean rounds. Despite Utopie's focus on showing, he was sixth on the KWPN list for leading sires of offspring jumping 1.30m or higher, following closely behind Heartbreaker, Mr. Blue and Cantos, with 27.9% of his offspring competing at that level. Utopie is a light type with correct conformation and 56.4% consolidated Thoroughbred performance blood, combining Ramiro (Ramzes AA) blood on top with TB blood from Dutch toppers Lucky Boy xx, Uppercut xx, Tangelo xx, French blood from Calvados (Ibrahim AA) and Rigoletto (Ramzes AA) on the bottom. What a masterful accumulation of performance genes. His sire, Jacomar, celebrated great success with Marc Houtzager and is one of the top-earning Dutch stallions in sport. Jacomar's successes include ISJ level 1.60m with Marc Houtzager, third at the 2003 CSIO5* Nations Cup in Dublin, Ireland, and first at the 2002 CSIO Grand Prix of Dublin. Utopie's dam, Pherma, competed internationally at 1.60m and scored 9.0 and 8.5 for her jumping on her IBOP. This line produced many Grand Prix jumpers. His granddam, Cerna, also had five siblings jumping at the highest national level. Utopie was awarded "KWPN top keuring sire." In 2019, Utopie offspring, Obsidian, was fifth in the KWPN NA Top-10 Awards from the inspection tour. Utopie has sired several KWPN Star mares and several stallion sons made it to the second and third round of the testing. In 2022, Utopie offspring won, by far, the highest total dollar amount in the USA, with over \$150,000 in offspring winnings. Utopie is the highest-ranked of all available with fresh semen.

Vilancio is a striking, first-class stallion in an impressive dark chocolate chestnut coat. Always supple with an irresistible look-at-me factor, Vilancio is 16.3-H and possesses maximum balance in all three gaits, an attribute that he demonstrates under saddle. Vilancio completed his 30-day test with the key aspect on dressage with a total score of 9.23 (interior 9.63, trot 9.0, canter 8.75, walk 10, conformation 10 and rideability 9.25). His breeding history is mostly in Sweden (Flyinge Stud), with at least three licensed sons in Germany with Vilanciano (dam by San Amour I, LB Warendorf), Veuve Cliquot HS (dam by Stedinger) and Verlaine by Fidertanz. Vitalis has 33 licensed sons. Vilancio's dam's sire, Lancet, participated at two Olympic games. In Athens in 2004 he finished 11th individually with Imke Schellekens-Bartels and in 2008 in Hong Kong he finished sixth individually with Emma Hindle and second with the British team. In 2009, he once again earned team silver at the European championships in Windsor.

Virginian Sky is a 16.1-H homozygous gray imported Trakehner stallion offering refinement and performance without compromise. Currently competing at Prix St. Georges with high scores schooling the FEI tests and competed at I1 in 2021. Winning at Fourth level dressage (70%), he earned performance bronze and successfully competed through preliminary level eventing, indicating great versatility. Virginian Sky has breathtaking passage and piaffe and a super work ethic. Virginian Sky was a USEA Blue Ribbon Award recipient. Versatility is consistent on both the sire and dam side of Sky's pedigree with European performance bloodlines, which have produced Olympic competitors in the three major equestrian disciplines of eventing, dressage and show jumping. Best Before Midnight, a 16.3-H gray Trakehner stallion, who won the jumping portion of his stallion test, competed in jumpers first, switched to dressage and has a performance record at FEI level. Sir Shostakovich xx founded a highly performance-proven, new stallion line in the Trakehner breed. Among his sons are Olympic eventers. Virginian Girl xx was a champion steeplechaser in Germany and raced for seven seasons. She produced Virginian Sky siblings that compete successfully in Germany. His pedigree includes Northern Dancer xx, Secretariat xx, Charlottown xx, Ballymoss xx, Busted xx, Hurry On xx, Precipitation xx and Sir Gaylord xx. Trakehner and Westfalen stallions came from this family, as did top eventer Amethyst, top FEI show jumpers and Bundeschampionat dressage winner For Romadour. This is the same family as AHS-approved stallion Sea Lion xx, a four-star eventer in the U.S. Sky is Trakehner, Oldenburg NA and Rhineland approved based on his performance record and is on track to be presented for Hanoverian approval in the fall. His offspring are successfully competing in eventing, dressage, jumping and hunters. They show incredible athleticism, wonderful work ethic and enjoy human companionship. Of Wind N Sky FSF won the Area VI Novice Championships in 2019 and is currently competing preliminary with her young rider. Biscotti was the high-score mare at the 2019 inspection at WSS. Bodega Sky was a Premium foal. All presented Virginian Sky mares have been approved with high scores. In 2023, Sky is working with his owner toward her USDF gold medal.

Warcloud is a 16.1-H Hanoverian stallion with good bone and medium frame. Warcloud received his Hanoverian and Oldenburg NA licenses as a 3 year old, with high scores of all 8.0s for conformation, typiness, impulsion, elasticity and his great walk. On the same day as his Hanoverian stallion licensing, Warcloud won the Cosequin Breeders' Championship in the 3-Year-Old Colts/Geldings division. Warcloud performed through Prix St. Georges with his owner, who continues to ride him daily. Warcloud's sire, Wolkentanz I, requires little introduction. He is a prominent sire of successful dressage horses and son of the legendary Weltmeyer. Wolkentanz I started off his success as champion stallion of the Hanoverian licensing in Verden and thereafter, Bundeschampionat for 3-year-old stallions in Warendorf. Wolkentanz I garnered an impressive 140.53 points in dressage and 133.78 overall, placing him second of 35 at his stallion performance test. Wolkentanz I was selected for the State Stud Celle, where he passed on his excellent movement, superior rideability and correctness. By 2020, he had 575 successful Hanoverian offspring competing who won well over £600,000, 47 of whom competed at the highest national levels in Germany. Wolkentanz's breed values gave him a Hanoverian dressage score of over 134, with an incredible 154 for correctness and 146 for limbs. His FN breed value (nationwide, all breeds) as a sire of competing dressage horses was 145! Warcloud's dam, EM Bollonne, was an Elite Hanoverian mare, a broodmare and shown in between having foals. Ballonne's daughter, Wardance, a full sibling to Warcloud, was also shown successfully through Prix St. Georges with her owner. Warcloud's career focus and success have taken his rider to Prix St. Georges rather than breeding. Warcloud sired a limited amount of progeny while competing for his owner, which have done well in dressage, while some are winning hunter and equitation championships.

Designated as Premium at his 2000 stallion licensing, Widmark finished third overall at the 2001 Adelheidsdorf 70-Day Test earning 9.0s for trot and canter. In 2015, Widmark competed in Grand Prix dressage with his owner/rider Meg Williams. A true gentleman, Widmark stamps his get with looks, talent and temperament. His offspring have been successful in breed shows and dressage, as well as the hunter ring with professional and amateur owners. Widmark foals have been named Top Foals at Hanoverian, Oldenburg and Swedish inspections and many have won at top breed shows in the U.S. In 2007, EMC Wrazzle Dazzle was the top-scoring mare at the Oakwood Farms inspection, won the 2007 4-Year-Old Maiden Mare class at Devon with an 80% and was reserve champion mare. She also won the Dressage at Devon Perpetual Trophy for the highest-scoring Hanoverian. In 2013, EMC Won Ruby won her MPT with a score of 8.05 and in 2014, she went on to place 11th in the 4-Year-Old Market Young Horse Championships. In 2007, 2008, 2011 and 2013, Widmark daughters won or were reserve for the Dr. Hartwig Award, making him the only stallion to produce four winners. He has sired three Elite mares and 24 Elite mare candidates. In 2013, With Affection was third at the Region 2 Training Level Championship. Won Margarita won her MPT with a 7.86 and went on to win her AHS inspection in 2014 as a 3-year-old. A Widmark daughter, Willow CBF, was champion at the Capital Challenge Horse Show in the Future Hunter Mare division and has won several show championships in the amateur/owner and first year green divisions. Not only has Widmark proven himself, but his offspring are winning as well.

Wild Dance was the champion of his Stallion Performance Test in Germany with a dressage index of 147.57 where he received a 9.0 for jumping. Wild Dance's sire, Wolkenstein II, was also champion of his performance test and known as one of Weltmeyer's best-producing sons with 46 licensed sons of his own. Wild Dance's dam, States Premium mare Milva, by Matcho x, has Gotthard and Abhang III on her maternal side. This nick created many upper-level dressage competitors, top-producing mares and licensed stallions and has proven to be exceptional. Wild Dance qualified for the Bundeschampionat and placed fourth in the finals. He is an accomplished international competitor, winner of six Grand Prix competitions and had many placings in Europe. In 2005, he was reserve champion at the Neurenberger Burg Pokal Finals with Hubertus Schmidt. They showed in this prestigious German show circuit with the highest-qualifying scores of any competitor that year, routinely scoring over 75%. Wolkenstein II produces great rideability, gaits, conformation and type as witnessed by his high breed values in those areas. Wild Dance passes on type, quality gaits, exceptional temperament and willingness to work, which result in typey, high-performance offspring. In 2011, Wild Dance had less than 50 offspring because of his owner's focus on performance. With only 24 offspring in competition, 10 had successes and four placed at the Grand Prix level. At only 7 years old, Will Be placed at Grand Prix and by 2011, had 43 placings and nine victories. Seven mares sired by Wild Dance became States Premium mares in Germany. Windsor VT was highest scoring Premium colt on the entire Oldenburg NA tour and reserve champion at Devon. Deyonce (Wild Dance/Contucci) is one of only three Swedish Diploma mares in the U.S. Wild Gambol HU became an EMC and won the 5-Year-Old Future Dressage class at Devon. Wruby Noon HU was the 2015 nationwide AHS 2-Year-Old Futurity Champion. Sunsprite's Watusi, the 2017 USEA Young Event Horse West Coast Champion, is now a successful eventer. His son, Wild Escort, was licensed ISR/Oldenburg NA in 2018. By passing their MPT, Wild Ivy upgraded and Walkyra became Premium Eligible. Christiane Noelting had the top colt by Wild Dance at the 2020 WSS OLD-NA inspection and Michele Vaughn's Wild Dance was the top foal at the 2020 SVE AHS inspection and gold medal winner.

DANNEBROG

Don Schufro (Donnerhall) - SPS Byzantina/Brentano II

Dannebrog was imported directly from Celle to stand in North America. He was selected and licensed by the Hanoverian Verband in Verden in 2009 as a 2.5 year old stallion and successfully completed his 300-Day Stallion Performance Test in 2010 at Adelheidsdorf with an impressive dressage index of 135.74. Individual scores highlight his fantastic mind and overall high quality; Walk 9, Trot 9, Character 9, Rideability 9, Canter 8, Temperament 8, Willingness to Work 8 and Constitution 8. His offspring reflect his high-quality movement and trademark friendly disposition. Dannebrog has produced two licensed sons, multiple State Premium daughters and many top level dressage competitors.

FEINRICH

Fürst Heinrich (Florestan I) - El. St. Gesina/Sir Donnerhall I

Pangaea Farms welcomed Feinrich to Canada in 2022! His breeding is very special: Through his sire Fürst Heinrich, the paternal line of the great Furioso II is combined with probably the most important mare in modern Oldenburg breeding history, El.St. Gesina. In 2015, Feinrich was the glowing winner of his licensing and completed his stallion performance test with flying colors. In 2018, he won young horse dressage competitions of his age group, qualified for the German championships, has since achieved top placings in intermediate (M**) dressage competitions with Brandi Roenick/USA and has been trained to high level. Feinrich has already sired six licensed sons, champion mares and numerous youngsters from his first foal crops have recorded victories in young horse competitions. Visit his Facebook page, Feinrich Stallion!

VILANCIO

Vitalis (Vivaldi) - Pavona/Lancet

Vilancio offers unique bloodlines for the North American market and a "look at me presence." Vilancio is balanced and has wonderful extension in all gaits, an attribute he demonstrates under saddle. He has continued to impress since his 30-Day Test in Schliechkau, Germany, where his overall dressage score was 9.23. He scored 10 for walk, 9 for trot, 8.75 for canter, and 9.25 for rideability. He also scored 10 for Character. Vilancio has already sired three licensed sons and several States Premium mares and many registered sport horses in Europe.
