Licensing and the Masters – they belong together!

For the second time, the licensing of the show jumping-stallions in December took place embedded in the Hannoveraner Show Jumping-Masters, or the Show Jumping-Masters took place embedded in the licensing of the show jumping-stallions – it just depends on the point of view. Some changes from the previous year have already had a positive effect on the overall event, and new possibilities for optimization opened up. But already in the second year, it is fair to say: These two events belong together and benefit from each other.

By Ulrich Hahne and Wilken Treu

The one-day break for stallions in the licensing was cancelled; so the stallions did not start with their presentation on the hard soil until Friday morning. Out of 36 stallions, which were admitted to the licensing, 33 were presented on hard ground and also completed the licensing. This is a pleasingly good quota. The presentation on the pavement also showed in the jumping stallions that the stability of the conformation, especially in the front leg, is a feature that must not be neglected. The first free-jumping was moved from the warm-up arena into the Niedersachsenhalle. Especially for the spectators, this was a newly created amenity, and ensured well-filled grandstands early on. For the set-up, the arena was visually reduced in size, analogous to the free-jumping competition, in order to keep the strengths of the young stallions at bay on one hand and to preserve the effect of a "new" arena-feeling for the following day on the other hand. What worked very well for the free-jumping competition, left a wish or two unfulfilled for the young stallions. Some stallions were slightly distracted at the last jump and did not yet perform as well as they did the following day. Possibilities for improvement will be explored.

Again this year, a three-year-old stallion was admitted, who performed a few small jumps under the rider on Friday instead of jumping free. The full-brother of Büttner's Minimax by Cornado/Antaeus (breeder: Wilhelm Harling, Sottrum; exhibitor: Breeding Farm Eichenhain, Varste) did this in an impressive manner. He already appeared to be very well-balanced.

The finals of the Hannoveraner Show Jumping-Masters for four- and six-year-olds followed on Friday afternoon. While the grandstands were almost empty the day before during the preliminary classes, they now remained well-filled, which provided an appropriate setting for the sport. While the Niedersachsenhalle was not yet well-filled on Saturday for the finals of the five- and seven/eight-year-olds, this changed, when the free-jumping started, which was followed by the announcement of the licensing decisions. The second free-jumping presentation was a bit more demanding than the day before. This was especially true for the three-year-old, who was already further along in his development, and was able to prove his potential jumping more demanding fences. Once again he was very convincing. This grey horse is really a powerhouse and reminds us very much of his brother, who currently is highly successful with Germany's Janne-Friederike Meyer-Zimmermann. He was the first of seven premium stallions and will have every opportunity for an equally success-

ful career in his brother's stable. The auction gavel fell at 75,000 Euros and marked the start of an overall good auction. The concept regarding three-year-old stallions seems to work and one can certainly imagine a larger contingent of this age group in the future.

A stallion with a sovereign appearance in every phase of the presentations, light-footed despite of his calibre and equipped with good reflexes presented himself to the licensing commission with head number 13. The bay stallion by Comme il faut/Quality (breeder/exhibitor: Tessa Pfeil, Elmlohe) also has a very successful mare line in his background, which also has successful horses in its immediate family, such as the stallion's internationally successful half-brother Swedish Dynamite by Sampras, who successfully competes internationally up to 1.45 metres. His home in the near future will be in Mühlen, as he sold for 115,000 Euros to the stable of Paul Schockemöhle - just like some other stallions.

Highly-secured dam lines

The density in quality of highly secured dam lines in the premium lot is also underlined by the fact that three of these stallions directly trace back to a Hannoveraner Mare Of The Year. Three years ago, Havanna by Heraldik xx/Ramiro was awarded the status Hannoveraner Mare Of The Year as the dam of fischerChipmunk FRH by Contendro (Julia Krajewski, Michael Jung) among other things. The full-sister of the medal collector in eventing fi-

75,000 Euros, Lower Saxony

The full brother of Büttner's Minimax – he is very similar to him in many ways: attitude, expression, scope and ability. Great hopes are placed on this powerfully performing and powerfully jumping stallion. As a three-year-old he already convinced over higher jumps and under the rider with good balance.

As in the free jumping competition, the stallions completed their first round in a separated area in the Niedersachsenhalle. Photo: Fellner

scherChipmunk FRH delivered the enormously typy, medium-sized Conthargos-son (breeder: Dr. Hilmer Meyer-Kulenkampff, Behlmer; exhibitor: Stallion Station Hoffrogge, Dorsten), who was a licensing-contender in Verden. The Stallion Station Hoffrogge, which is dedicated to versatility, only brought this stallion, which impressed with quickness and instant reactions, to Verden for the licensing not the sale and took him back home as a premium stallion. During the show program, Dr. Hilmer Meyer-Kulenkampff not only accepted the honor for his stallion's premium status, but also received a medal of the German Equestrian Federation for the World Championship-success of fischerChipmunk FRH. The half-brother of Fine Lady by Forsyth, who won Olympic bronze with

Canada's Eric Lamaze in Rio de Janeiro in 2016, and the son of Dorina by Drosselklang II/Grannus, the Hannoveraner Mare Of The Year in 2018, also came to Verden for the licensing only. The sturdily constructed grey by Cornet's Edition/Drosselklang II (breeder: Wilhelm Leymann, Bassum; exhibitor: Holger Baum, Hofheim-Wallau) showed what he is capable of as the requirements increased. His sire Cornet's Edition was awarded the Stakkato-Prize during the show program for his particularly good stallion performance test. This stallion will also remain in the stallion owner's hands; his semen will be available through the Moritzburg State Stud after the good experiences with his sire. An opportunity, which breeders from all over Germany should take advantage of.

Ability and fighting spirit

The third in the group is a grandson of the Hannoveraner Mare Of The Year 2017, St.Pr.St. Sarah by Sherlock Holmes/Calypto II, who delivered international show jumpers in series when bred to Stakkato. The bay by For Treasure VDL/Stakkato (breeder: Georg Bräuer, Elze; exhibitor: Ramona Lorenz-Bräuer, Elze) embodies the attributes of a modern show jumper in every respect. In addition to his ability, his fighting spirit also distinguished him. He sold to a Belgian-Dutch cooperation of the van de Helle-breeding station and the VDL-Stud for a final price of 107,000 Euros. His dam and two full sisters were presented during the show program. These mares were rewarded as the reserve champion family at the Herwart von der

13 Bay by Comme il faut NRW/Quality

**Breeder and exhibitor: Tessa Pfeil, Elmlohe
115,000 Euros, Paul Schockemöhle, Mühlen**

A dam line that has already produced many successful horses. A half-brother already shows internationally. This promising stallion has all the scope, very good technique and a powerful hind end. He shows everything you are looking for in a top jumper.

17 Bay by Conthargos/Contendro

**Breeder: Dr. Hilmer Meyer-Kulenkampff, Behlmer
Exhibitor: Hengststation Hoffrogge, Dorsten – For licensing only**

A beautiful stallion with top technique and reflexes. He has a good canter and maximum of elasticity. These are all good conditions for his future. He is a top model and his dam is the full sister to the world class eventer fischerChipmunk FRH.

Decken-Show a year ago. From a breeding perspective, we have high hopes especially for these three stallions because of their genetics. After all, the heredity of a stallion depends to a higher degree on the quality of his mare-line than on the quality of the stallion himself.

A premium stallion by Grey Top/Ludwigs As (breeder: Heino Hennig, Hechthausen; exhibitor: Peter Dieckmann, Odenthal) also has the opportunity to be used for breeding. The all-in-all very complete stallion regarding type, stability, quality of movement and jumping found a new home on the farm of Family Brodhecker in Wolfskehlen, Hessen, for a sale price of 38,500 Euros. There he will not only have the opportunity for a career as a breeding stallion but also as a sport horse. Paul Schockemöhle secured himself another premium stallion for 42,000 Euros. This son of the Hannoveraner Stallion Of The Year 2022 is a striking chestnut by Perigueux/Carenzo (breeder/exhibitor: ZG Hagenah/Gustafsson-Hagenah, Oerel), who impressed not only with his great body-lines and correctness, but also with his almost unlimited ability. The full-brother of the grandam Ballybo H by Balou du Rouet/Graf Sponeck competes as a stallion in the Ukraine where he won the Grand Prix of Kiev and was the national champion, which confirms that his dam-line is also well secured.

Top price for Aganix du Seigneur-son

A licensed stallion outside the premium lot obtained the top sale price of 120,000 Euros. He de-

scends from the currently very popular Aganix du Seigneur and thus leads back to the sire Der Löwe xx, the founder of a Hannoveraner line. Frank Johannsen from Daensen bred this powerfully moving and jumping chestnut stallion out of a dam by Acorado, and presented him in Verden. The mare line of this stallion is also peppered with successful horses up to the Olympic champion Espirit FRH, who is a half-brother of the grandam of this stallion, who is in the very best hands in terms of sport and breeding at the Beerbaum Stables in Riesenbeck.

As with the dressage licensing, the statistics of the show jumping licensing are almost identical to those of the previous year. With 18 out of 33 stallions, the approval rate was 54.54 percent. It is the same with the one of the dressage horses and 1.7 percent lower than last year (dressage horses -1.8 percent). With a total of seven premium stallions, we have one more receiving this status than last year. In contrast to the previous year, it is very pleasing that two-thirds of the licensed stallions were sold to stallion owners. Adding those that already were in stallion owners' hands, this is a pleasing development. For example, a powerfully jumping Diaron/Stakkato-son (breeder/exhibitor: Helmut Bäßmann, Meitze) went to the State Stud Moritzburg for 46,000 Euros.

A still young and cleverly jumping Checkter/Kannan-son (breeder/exhibitor: B.A.T.H. van Uhm, Stokkum/Netherlands) came to the stable of Fami-

18 Grey by Cornet's Edition/Drosselklang II

Breeder.: Wilhelm Leymann, Bassum, exhibitor: Holger Baum, Hofheim
For licensing only

He is the half brother of Fine Lady and we are looking forward to his breeding career. He shows endless scope and a very good technique. He got better and better with increasing demands. The stallion is in stallion-owner hands, who will also bring him on his way in sport.

28 Bay by For Treasure VDL/Stakkato

Breeder: Georg Bräuer, Elze, exhibitor.: Ramona Lorenz-Bräuer, Elze
107,000 Euros, VDL-Stud, Bears/Niederlande

A top modern stallion from a great family. He is great looking and a blood type. Granddam Sarah, the 2017 Hannoveraner Mare of the Year, produced internationally successful show jumpers in a row with sire Stakkato. The stallion is characterized by great scope.

Jörg Münzner: "The young stallions performed excellently. I was very pleased with the overall performance and the way the stallions presented themselves. The cooperation in the licensing commission was very harmonious. We saw some stallions that will present Hannover excellently in breeding and sport in the future.

The development of the stallions from the pre-selection to the licensing was enormous. It was good to see how mature and self-confident some stallions have become." ■

ly Schockemöhle via the stallion market, as did a Diacontinus/Crazy true Colour-son, who impressed with his good technic (breeder/exhibitor: Fritz Ryser, Neerach/Switzerland). The same applies to a son of Diamant de Plaisir/Zacharias (breeder: Christian Pfeil, Bremerhaven; exhibitor: Natasia Kuhlemann, Bitterfeld) who is closely related to the premium stallion by Comme il faut. A Cavoiro-H/Perigueux-son (breeder and exhibitor: Dr. Ernst Grimmelmann, Bücken) who jumps with a lot of overview and ability, as well as a Diacontinus/Stalypso-son (breeder: Erich Single Pfalzgrafenweiler; exhibitor: Nadine Kusel-Leske, Visselhövede) were sold to stallion managers in Belgium. The fact that year after year stallion managers from Belgium buy show jumping stallions in Verden shows the international respect that the Hannoveraner show jumper still holds. Regular customers from the Czech Republic also successfully bid on the auction and secured a Stanley/Gibralon-son (breeder/ exhibitor: Karl-Henning Rollwage, Bockenem), who jumped using his body very well. The State Stud Celle did not succeed in buying one of the preferred stallions at this year's auction.

Stallion sales with good atmosphere

Everyone had to wait a long time for the auction to start. At the same token, the well conducted free-jumping revealed that the schedule could not be kept on the final day. With a delay of a solid two hours, the auction did not start until around 8 pm. The visitors stayed however and followed the

bidding duels, which mainly took place in the arena in a good atmosphere. The parallel function of online bidding was used less than last time. The auctioneers Bernd Hickert and Frederik de Backer kept the flow going in the good two-hour auction. The result of the OnLive-Auction could keep up with the high result of the previous year; the price structure of the licensed stallions was also almost identical with prices ranging from 22,000 Euros to 120,000 Euros. Observers considered the price structure to be in line with the delivered performances and with the expectations regarding the families. Analogous to the previous year, 15 licensed stallions were auctioned off, they fetched 792,500 Euros (previous year 816,000 Euros) and an average price of almost 53,000 Euros (previous year 54,400 Euros). The non-licensed stallions had a lower turnover than in the previous year: 14 stallions achieved a total turnover of 246,500 Euros with an average price of 17,600 Euros.

Combining two parts of the event into one informative event for breeders of show jumpers does involve more effort; however, the event in the Niedersachshalle in Verden proves to be progress. After two successful years, the continuation of the licensing of jumping stallions parallel to the Hannoveraner Show Jumping- Masters is logical. To what extent the frequently expressed wish from breeders of combining the licensing of dressage stallions and show-jumping stallions again can be fulfilled will be discussed in the committees in the coming weeks – it does not seem impossible. ■

29 Bay by Grey Top/Ludwigs As Photo: Beelitz/Gerstenkorn

Breeder: Heino Henning, Hechthausen, **exhibitor:** Peter Dieckmann, Odenthal
38,500 Euros, Hengststation Brodhecker, Riedstadt

His dam La Luna already produced a licensed son to Verden two years ago. A stallion with power who uses his body perfectly at the jump. A complete horse: type, movements, jumping – all at a high level.

31 Chestnut by Perigueux/Carenzo Photo: Beelitz/Gerstenkorn

Breeder and exhibitor: ZG Hagenah/Gustafsson-Hagenah, Oerel
42,000 Euros, Paul Schockemöhle, Mühlen

A big-framed and powerful son of Perigueux. He shows amazing movements both in trot and canter. In addition a stable construction and limbs. A horse with spirit and a lot of scope. Very tall, but very light-footed. He solves his tasks without any effort.

Double at the Masters

Not only Jessica Freye celebrated a double victory at the Hannoveraner Show Jumping Masters aboard Big Lady ZE and High five, breeder Heinrich Bremer also achieved a double with Karamell M & M and Diraba.

By Britta Züngel

The third edition of the Show Jumping Masters impressively showed how close the connection between breeding and sport is in Hannover. Three of the twelve medallists were products of Heinrich Bremer's breeding program; the renowned breeding station of the Jacobs family had two in the Niedersachsenhalle as well as three additional finalists. Furthermore, two of the best were ridden by the sons of the breeders, Ole Klintworth and Fynn Müller-Rulfs. Let us not forget Roman Duchac, who successfully rode four horses into the top three plus two placings in finals. First, 14 four-year-olds competed in the L-level jumping horse class. The Big Star/Contendro-daughter Hann.Pr.A. Big Lady ZE by Big Star/Contendro (breeder: Rolf Eggerking, Brinkum), who had been highly rewarded at the Herwart von der Decken-Show and had passed the mare performance test with excellent scores also for her basic gaits, already convinced in the qualification finishing third. Jessica Freye presented the bay mare, who impressed with a lot of overview and high rideability values leading the field for a long time with a score of 8.50, until the last pair entered the ring. Lexion by Lord Pezi Junior/Canstakko (breeder: Bernd Nordmann, Syke) and Roman Duchac completed the well-built course in picture-book style, always attentive and supple. 8.60 made him appear to be the winner. Looking at the clock, however, 0.10 points were deducted for exceeding the time allowed, and hence the 2018 age group had two winners. The Czech also beat himself finishing third with the Balou du Rouet/Cassus-daughter Brandy Jo PJ (breeder: Horse Breeding Dr. Jacobs GbR, Bierbergen). It was the second time for the chestnut mare to be in the Niedersachsenhalle. She had finished the free-jumping competition for four-year-olds in fourth place. Roman Duchac also rode her half-sister Candilou PJ by Cristallo. She had placed third in the Hannoveraner Championships for seven-year-olds in August. Sammy Jo, the Hannoveraner Mare Of The Year 2021 and the dam of Embassy I to III, is the great-grandam of both. This successful bloodline is also found in Blue Balou PJ by Balou

du Rouet/Silvio, who won the qualification with his owner Luisa Försterling. His dam is Sammy Jo's full sister.

Golden boots

Less than two hours after the award ceremony, Jessica Freye proved that she wore "golden boots" this Friday. As the first starter in the jump-off of the 1.35 metre-class, for which nine out of 13 six-year-olds had qualified, she set a time with High five by Hickstead White/Cheenook (breeder: Marc Hahne, Kirchlinteln) that no other contender could beat. With this performance, she earned the second title of the day. Two years ago, High five had already placed second in the Hannoveraner Show Jumping Masters for four-year-olds. The female jumper rider, who manages a training stables in Bad Zwischenahn, had discovered the brown at the stallion sales four years ago. Thus he follows into the hoof prints of his siblings. Dam Cara Mia already produced three exceptional show jumpers with international successes: La Cucaracha by Landclassic, Campagnarde by Carabas and Gold Cat by Chequille. Second place was awarded to the in the Rhineland registered Van Halen Z/Adlantus As-son Valantus (breeder: Henning Müller-Rulfs, Ritterhu-

The class of four-year-olds were led by Big Lady ZE and Jessica Freye (above), the best five-year-olds were Crumble Cheesecake K and Ole Klintworth.

Jessica Freye also sat in the saddle of the winner of the six-year-olds, High Five. The title in the seven- and eight-year-olds went to Karamell M & M and Hilmar Meyer. Photos: Fellner

de). He was presented by the breeder's son Fynn Müller-Rulfs. They had finished the qualification, which had 30 participants, on an excellent fifth place. The 24-year-old had already ridden Valantus' dam Antonia in medium (M-) level show jumping classes ten years ago. Match Point PS by Messenger/Sandro Boy (breeder: Stud Lewitz, Mühlen) placed third with Alexa Stais, who took over the bay horse, which is owned by Meredith Michaels-Beerbaum and Markus Beerbaum, from Irish Jack O'Donohue. Match Point's half-brother Bubamara by Clinton II competed in 1.50 metre-classes with the Hungarian Szabolcs Kurcsó; his half-sister Cool Lady by Cartoon was successful over 1.45 metres with Boy Peels. Scope runs like a red thread through the pedigree. The third dam Leona produced the privately-owned stallion Ukato by Stakkato, who celebrated Grand Prix-successes with Jan Greve, before he died much too early at the age of 13.

Crumble Cheesecake K in a winning mood

The Masters for five-year-olds saw the largest starting field. The qualifiers were based on scores and the finals were against the clock. The qualification was open to all breeds, the final only to Hannoveraner and horses from the Rhineland. 41 horse-rider combinations competed in the L-level jumping horse-class on Thursday, before 13 Hannoveraner and one horse from the Rhineland competed in the medium (M*-) level show jumping class early on Saturday morning. In the jump-off, the Crumble/Chasseur son Crumble Cheesecake K (breeder: Martin Klintworth, Ohrensen) and Ole Klintworth won the yellow and white winner's sash after delivering an impressive round. Last year, they had been fifth at the same location. With a third placing in the Hannoveraner Show Jumping Championships in August, they were then on their way to the Bundeschampionat in Warendorf. At the Klintworth family in Ohrensen, everything revolves around show jumping. So it comes to no surprise that Crumble Cheesecake's dam St.Pr.St. Cintia proved her talents with Janina and Martin Klintworth, before she was used in the breeding program. Her daughter Hann.Pr.A. Cylla, born in 2013, recently celebrated top placings in 1.35 metre-

jumping classes with Ole Klintworth. The 26-year-old was very busy: As soon as the stadium course was dismantled, he was in demand presenting stallions in hand in the licensing in his yellow sweatshirt. He did such a good job that he was awarded the prize for best handler. Silver in the Masters went to Hann.Pr.A. Baloutina HB by Balou du Rouet/Stakkato and Victoria Kiefer. This was the first podium placing for breeder Heinrich Bremer from Nöpke with an offspring from his successful line of Nokadere. Stepstone by Stolzenberg/Quintender (breeder: Ulrike Freifrau zu Stietencron, Emmerthal) finished third. With this placing, Stepstone gave his rider Roman Duchac the third top placing. The bay stallion, who spent his youth at the Hunnesrück facility for raising stallions, had found his way to the jumping stable of Max Kühner in Bavaria last year via the elite auction as the most expensive show jumper.

The last title of the Hannoveraner Show Jumping Masters was awarded to the seven- and eight-year-olds, who competed in a 1.40 metre-competition. It turned out to be a double victory for breeder Heinrich Bremer. The last starters in the jump-off led the lap of honor: Karamell M & M by Kannan/Contendro and Hilmar Meyer. They had already won the qualification, a 1.35 metre-show jumping competition, in which 30 horse-rider combinations had competed. Second place went to the Grey Top/Diarado-daughter Grey Diraba with Lina Seidel. Heinrich Bremer cultivates the dam-line of these two highly talented show jumpers as well as of the five-year-old Hann.Pr.A. Baloutina HB for over 50 years. Karamell's and Baloutina's grandam Galena by Grannus/Akzent II is the great-grandam of Grey Diraba. And she is also the grandam of St.Pr.St. Acorte by Acorado/Stakkato, who competed in Nations Cups for Germany with Rolf Moormann. Third place went to Hann.Pr.St. Candilou PJ by Cristallo/Cassus (breeder: Horse Breeding Dr. Jacobs GbR, Bierbergen) and Roman Duchac, the reigning third place winners of the Hannoveraner Show Jumping Championships in August. Roman Duchac had already ridden her half-sister Brandy Jo PJ to bronze in the four-year-old class. ■

Perigueux: A real fighter

He was in the limelight and he visibly enjoyed it: Celle's state stud stallion Perigueux is Hannoveraner Stallion Of The Year. It was the second award for the typy chestnut in the Niedersachsenhalle; nine years ago, he was awarded the Grande-Prize.

By Britta Züngel

Perigueux by Perpignon/Stakkato was born on March 11, 2002 at the farm of Dr. Karl-Otto Jacobs in Bierbergen. "He was a very, very beautiful foal out of a superb mare. State stud manager Dr. Bade visited four days after his birth, looked at the foal and bought it right then and there," the breeder recalls. He had purchased Perigueux's dam, appropriately named Sensation, from her breeder Hartmut Hopmann, who in turn had discovered her dam Alcantara at the 1992 summer auction in Verden. In addition to the jumping talent, she also gave her grandson the type – which was rated "very good" at Alcantara's studbook inspection. At the mare performance test, St.Pr.St. Sensation received the ideal score of 10 for her scope and 9.0 for her technique. The chestnut mare also inspired other horse enthusiasts; shortly after Perigueux was born, she sold to Italy. "We took her from the pasture with her foal and let her free jump," Dr. Karl-Otto Jacobs remembers. In Italy, Sensation achieved placings up to 1.50 metres. Bred to Lincoln L, she produced Lord Dix, a stallion who was successful up to 1.40 metres and was licensed for the Belgian sBs. Attempts to buy the mare back failed.

After his youth at the Hunnesrück facility for raising stallions, Perigueux completed his 300-day test in Adelheidsdorf. Awarded top marks, he took second place in the stallion test with 131.93 points in the jumping sub-index. After his licensing in Verden in February of 2006, his breeding career was initially marked out by remaining at the State Stud Celle. Joachim Winter trained Perigueux. In 2007, they finished fifth in the Hannoveraner Show Jumping Championships. "He was a

fighter, but sometimes you had to keep his ambition in check," says the head saddle-master. He clearly remembers the day when Eva Bitter and Marco Kutscher paid a visit to the state stud in search of a suitable stallion for the Youngster-Tour. He gave the decisive tip that there was a promising seven-year-old. "That was a pity for me as a rider, but the best thing for the development of Perigueux and an excellent advertisement for the state stud! He should get the best possible opportunities to be successful in competitions." Already in February of 2010, the first successes in the advanced (S*-) level were achieved, which was to be followed by numerous top international placings up to 1.60 metres as well as earning the German Champion-title in 2013. "Perigueux lives

from his attitude. He tries to do the right thing every day. Good to handle, and alert when it counts – a real fighting spirit!” said Eva Bitter after winning the title. In 2015, the chestnut stallion managed the feat of winning three Grand Prix-classes on three consecutive Sundays, including the Grand Prix of Groß Viegeln, which earned him 25,000 Euros. When Perigueux was near his birthplace, his breeder was not far away either. “I always went to see him. You feel proud as a breeder when a horse does so well,” says Dr Karl-Otto Jacobs. “Eva has ridden Perigueux with a lot of sensitivity, they grew together. She goes through fire for him and vice versa. That’s why he’s still with her, even though he’s no longer competing – she doesn’t want to give him up!” So the chestnut did not return to the State Stud Celle, but spends his retirement in Bad Essen, looked after by his long-time groom Sophie Bosselaar.

His successful daughters and sons

Perigueux himself was not only convincing in international competition. He passes on his outstanding type and his exceptionally clean front leg to his offspring. At the European Championships in Riesenbeck/GER, his son Equine America Papa Roach obtained the best individual result for Norway in the history of the Championships with Victoria Gulliksen finishing ninth. Hans-Dieter Dreher celebrated numerous international successes aboard Prinz. Currently the names Policeman, who was third in the World Championships for young show jumpers with Omer Karaeavli, Prieure with Marco Kutscher and Primus vom Neumühler Hof with David Will are found at the top of the result lists. In addition, Palina de l’Escout with Kaitlin Campbell, (USA), Pembroke with Pedro Junqueira Muylaert (BRA), Perry KHR with David Will, Pandora with Aturo Parada Vallejo (MEX), Peter Pan with Henrik von Eckermann (SWE) and Paul Walker with Matthew Sampson (GBR) are causing sensations internationally on 1.50 metre-courses. A total of 82 offspring are successful in advanced (S-) level show jumping competitions in Germany.

Perigueux also gained an excellent reputation as a refining sire. His son Pamero finished third in the World Championships for young event horses with Gemma Stevens (GBR) and competed in Badminton, while Peppermint Patty FRH won the Hannoveraner Championships for young event horses with Stephan Dubsy. His daughters also are quite special; for instance Hann.Pr.St. Picarda and Hann.Pr.A. Poppy Lifton left the Herwart von der Decken-Show as reserve winners of the jumping mares. In addition, there were another 44 Hannoveraner premium mares or premium candidates. The

German Equestrian Federation estimates Perigueux’s breeding value for jumping at 149, in the Hannoveraner Verband’s breeding value estimation, he is listed with 147 points. As we already read, he is ambitious and he made beautiful types. “Sometimes his offspring can be too ambitious. And he sometimes makes quite narrow horses. That is why he fits well on broader mares,” says Dr. Karl-Otto Jacobs. “It is very reminiscent of a bloodstock horse.”

Obviously Dr. Karl-Otto Jacobs also used Perigueux on his own mares. 16 foals have been born in Bierbergen, among them the S-successful show jumpers Perigo and Picobella as well as Petite Fleur PJ, the dam of the Stakkato-Prize-winner Bilbao City by Balou du Rouet. “I have had at least one foal from each of my homebred stallions,” says Dr. Karl-Otto Jacobs. The homebred stallions include the state stud stallions Carridam by Carrico/Quidam de Revel and Frappant by Werther/Graphit, Cassillias by Contendo/Stakkato, who also won the Stakkato-Prize, and of course Embassy by Escudo/Silvio and El Bundy by Escudo/Rebel Z, for whom daughter Dr. Bonny-Jasmin Jacobs is responsible as the breeder. “I used Perigueux again this year. For our Contender-mare Conny, who already produced four licensed stallions: Kandoo PJ by Kannan, Confire PJ by Calido, Aperol PJ by Asti Spumante and Gunfire PJ by Grey Top, who won Verden’s free-jumping competition in 2016 and is now successful over 1.50 metres,” says the veterinarian.

Dr. Karl-Otto Jacobs and his daughter Dr. Bonny-Jasmin Jacobs are among the most successful breeders of jumping horses in Hannover. The list of prizes and awards for horses born in the north-eastern part of the Hildesheim Börde is long. Stakkato-Prize, Freiherr von Stenglin-Prize, Grande-Prize, Mare Of The Year –there hardly is an award that has not been awarded to the Jacobs family, some even twice. In addition, there are countless top results in sport and at mare shows. “Mare Of The Year, that was something. Sammy Jo is the dam of the three Embassy-brothers. Embassy II won over 1.3 million Euros with Hans-Dieter Dreher. The whole family was unique in terms of character. All foals are well behaved and ready to perform. Very good!” Dr. Karl-Otto Jacobs raves and adds with a wink: “I was also very happy about the Stallion Of The Year!” Together with R+V/Vereinigte Tierversicherung, an insurance for animals, the Hannoveraner Verband honors a significant Hannoveraner stallion since 1992. In addition to a highly endowed check, the breeder receives a valuable oil painting from the art studio of Manfred Busemann. ■

Clitschko wins with Celtics

Clitschko and Michael G. Duffy were part of the winning Miami Celtics-team in the Super Cup-final of the Global Champions League in Prague, while Coby and Philipp Weishaupt won the La Coruña Grand Prix.

Text: Britta Züngel • Photos: Stefan Lafrentz

Show Jumping

Acorado

Acuero

At the end of November, Acuero by Acorado/Catoki/Graf Grannus (line of Steingilde; breeder: Gundi Engfer, Rosengarten) and Annelies Vosselmans won the Grand Prix of Lier/BEL. They had already placed second in the qualification.

Cador

IB Chica

Since October, the 23-year-old Tanimara Maria Macari Carrillo has been riding the Cador/Escudo/Calypto II-daughter IB Chica (line of Kandare; breeder: Hauke Schmidt, Hänigsen). So far, the black mare, born in 2013, had been successful with Tim Rieskamp-Goedeking. In California, IB Chica and the Mexican

won a two-phase jumping competition at the CSI5* in Thermal/USA.

Canstakko

Casio HE

At the start of the CSIU25-A in Opglabbeek/BEL, the Canstakko/Beg xx/Ramiro-son Casio HE (breeder: Karl-Werner and Heike Heimrich, Hünfeld) and Charlotte Höing were delighted with a third placement in the two-phase show jumping competition.

Cantolar

Canbella Blue PS

Canbella Blue PS and Emma Emanuelsson rejoiced in Lillestrøm/NOR. The Cantolar/Chacco-Blue/Calypto II-daughter (line of Narenta; breeder: Stud Lewitz, Mühlen) and her Swedish rider won a jumping class against the clock. In the Grand Prix (1.50 metres) on the second Advent weekend, the pair finished in seventh place.

The Christian son Clitschko and Michael G. Duffy won the Super Cup final in Prague with the Miami Celtics team.

Cassini II

Casper AJ

Casper AJ by Cassini II/Escudo/Werther (line of Schneiderin; breeder: Manfred Schäfer, Köchingen) performed quite well in the Persian Gulf. The grey horse finished fifth with Sheik Ali Jmal Nasr Al Nuami in the World Cup-jumping competition (1.50 metres) in Abu Dhabi/UAE.

Chaccato

Charlie Brown

Charlie Brown sends his regards from Lombardy. The Chaccato/Lavados/Laptop-son (breeder: Hendrik Moormann-Schmitz, Kluse-Steinbild) finished third in the Youngster Tour-final of the CSI2* in Gorla Minore/ITA with his rider Elian Baumann.

Top placings in Prague were secured by Chao Lee by **Comme il faut NRW** and **Katrin Eckermann**.

Chacco-Blue

RMF Chacco Top (VA)

In the jumping competition with winning round at the CSI4*-W in Las Vegas/USA, RMF Chacco Top by Chacco-Blue/Graf Top/Wandersmann xx (line of Isabella; breeder: Tors-ten Siems, Oyle) and Jake Endicott enjoyed placing third. It was the first international appearance for the 2009-born chestnut gelding with his 18-year-old rider. So far, RMF Chacco Top had successfully competed under Shawn Casady, Cormac Hanley and Michael Duffy.

Chaconvio PS

Second place in a class with jump-off for the victory at the CSI2* in Ornago/ITA went to Chaconvio PS by Chacco-Blue/Silvio/Continue (line of Grail Goddess; breeder: Stud Lewitz, Mühlen) and the Portuguese rider Mandu Mendes Costa.

Chapilot

In Friday's main jumping class (1.50 metres) at the CSI5* in Thermal/USA, three Hannoveraner finished among the top ten. The Chacco-Blue/Pilot/Waldloewe-son Chapilot (line of Tante; breeder: Stud Lewitz, Mühlen) and Rodrigo Lambre finished in seventh place.

Check In

Caramba de Janeiro

Caramba de Janeiro by Check In/Stolzenberg/Glenfiddich (line of Lunda; breeder: Christa Marklewitz, Lüchow) was one of the winners

at Riesenbeck International. The ten-year-old won the qualification for the Grand Prix with Patrick Bölle.

Christian

Clitschko

With a clear round in the Super Cup-final of the Global Champions League (1.60 metres) in Prague/CZE, the Christian/Check In/Quo Vados-son Clitschko (line of Majorin; breeder: Bernd Hickert, Borntosten) and Michael G. Duffy contributed significantly to the victory of the Miami Celtics-team. This victory was endowed with 1.5 million Euros. Clitschko had already remained penalty-free in the semifinals (1.50 metres).

Clinton's Heart

Vhs Caira

In the Youngster Tour-final of the CSI2* in Opglabbeek/BEL on the first weekend in December, Vhs Caira by Clinton's Heart/El Bundy/Fly High (breeder: Breeding Farm Brech, Brech/UKR) and Tomasz Miskiewicz were delighted to take third place on the podium.

Contendro

Con Couleur

In Friday's main show jumping competition (1.55 metres) at the CSI3* in the Equestrian Center Wellington/USA, fourth place went to the Contendro/Couleur-Rubin/Picard-son Con Couleur (line of Selma; breeder: Ingo and Britta Janssen, Holtgast) and Rebecca Conway.

Comme il faut NRW

Chao Lee (Rhld.)

The penalty-free round of the Comme il faut NRW/Chacco-Blue/Kannan-daughter Chao Lee (line of Schliesserin; breeder: Otmar Eckermann, Kranenburg) and Katrin Eckermann in the second class (1.50 metres) of the CSI5*-GCT/GCL in Prague/CZE was rewarded with sixth place. One day later, the pair finished sixth again in jumping competition number three (1.50 metres).

Contagio

Coby

Coby's fantastic winning streak continues. After placing fourth in the qualification (1.50 metres), the Contagio/Escudo/Pik König-son (line of Kurheim; breeder: Jürgen Geffken, Lienthal) won the Grand Prix (1.60 metres) in La Coruña/ESP with Philipp Weishaupt.

Cornet Obolensky

Cornets Iberio

At the Global Champions playoffs in Prague/CZE, Cornets Iberio by Cornet Obolensky/Iberio/Acorado (line of Steingilde; breeder: Heinrich Ramsbrock, Menslage) delivered a remarkable performance. With Irish Denis Lynch, he finished second in both the first and second (1.50 metres) class of the individual classification.

Conteur

Casablanca H

Three Hannoveraner and one horse from the Rhineland with the initial letter C were among the front runners at the CSI5*-GCT/GCL in Prague/CZE. One of them was the Conteur/Landor S/Argentan-daughter Casablanca H (line of Maldone; breeder: Günther Heilshorn, Wulsbüttel). With the British rider Samuel Hutton, she finished eighth in the third individual test (1.50 metres).

Cordobes

Coenig (Rhld.)

In a two-phase jumping competition at the CSI3* in Riyadh/KSA, the Cordobes/Baloubet du Rouet/Pit-son Coenig (line of Pia; breeder: Gerd and Syliva Koenen, Viersen) and Abdullah Humaid Al Muhairi finished third. In the Grand Prix (1.50 metres), they stood their ground placing eighth place.

Diarado

Eurostar

Eurostar by Diarado/Chacco-Blue/Domino (line of Sedalia; breeder: Stud Lewitz, Mühlen), whose dam is a full sister of the privately owned stallion Chacoon Blue, and the Australian rider James Arkins finished eighth in Friday's main jumping competition (1.50 metres) at the CSI5* in Thermal/USA. In the Grand Prix (1.55 metres), the pair took the lap of honor in seventh position.

Don Diarado

Donut

In the opening round of the Youngster Tour at the CSI2* in Opglabbeek/BEL, Donut by Don Diarado/Lafontaine/Sao Paulo (line of Sibara; breeder: René Tebbel, Emsbüren) and Justine Tebbel finished on a brilliant second place. The six-year-old's half-brother is the Light On-son Light Star, with whom Justine Tebbel became European young rider vice champion. Three days later, Donut earned second place in the two-phase jumping competition at Sentower Park.

Grey Top

Hann.Pr.A. Grace WB (VA)

At the end of November, the young riders met for the Youth Show in Opglabbeek/BEL. In a 1.45 metre class, the Grey Top/Escudo/Werther-daughter Hann.Pr.A. Grace WB (line of Schligrune; breeder: Frank Wagner, Beienrode) and Anna-Maria Grimm excelled placing second.

Lord Pezi

PB Portofino

After winning the qualification, PB Portofino by Lord Pezi/Athletico/Genever (line of Ambella; breeder: Johannes zur Lage, Bersenbrück) and Karin Martinsen finished second in the Grand Prix (1.50 metres) of Lillestrøm/NOR.

Mylord Carthago

Mackay

The Mylord Carthago/Quidam de Revel/Landadel-son Mackay (line of Denkerin; breeder: Dieter Scherwitzki, Holdorf) celebrated the first Grand Prix-victory of his career at the

Among the successful Hanoveraner horses in Prague was the Conteur daughter Casablanca H, ridden by Samuel Hutton.

CSI1* in Chazey sur Ain/FRA. He and his rider Stephanie Hennequin crossed the finish-line more than four seconds faster than their fellow competitors.

Perigueux

Pandora

While her sire Perigueux was celebrated as Stallion Of The Year in the Niedersachsenhalle, 9,000 kilometres away from Verden at the CSI5* in Thermal/USA, the clear round of Pandora out of a Lordanos/Athlet Z-dam (breeder: Christel and Helge Deußler, Hünfelden) was rewarded a ninth placing in a 1.50 metre-class. One day later, the bay took fifth place in a jumping competition with winning round (1.50 metres). The Mexican Arturo Parada Vallejo presented Pandora.

Quaid

Quality H (VA)

The Quaid/Stakkato/Laptop-son Quality H (line of Edwine; breeder: Hans-Heinrich Hagemann, Hüpede) was one of the three successful Hanoveraner horses in Friday's main show jumping competition (1.50 metres) at the CSI5* in Thermal/USA. The former price leader of Verden's elite auction in 2015 finished eighth in the competition with his rider Mark Kinsella.

Qualito

Hann.Pr.St. Quenala T

At the end of November, the six-week Villamoura Champions Tour in Portugal ended

with a CSI03*. As a farewell to the Algarve, Hann.Pr.St. Quenala T by Qualito/Coronado/Fridericus (breeder: Anja Tomfohrde, Lamsstedt) and Santiago Diaz Ortega finished third in the speed class for seven-year-olds.

Spartacus

Simfy (VA)

On the first Advent weekend, Simfy by Spartacus/Balou du Rouet/Graf Grannus (line of Fairness III Z; breeder: Dr. Elmar Thiemann, Brockhimbergen) and his rider Peter Bulthuis won the third-place ribbon in a time-and-fault class on the opening day of the CSI2* in Opglabbeek/BEL.

Stakkato

Smokin Joe

The Stakkato/El Bundy/Cardano-son Smokin Joe (line of Kerze; breeder: Dr. Moritz Gaus, Großmoor) jumped onto the international sport's pages in DER HANNOVERANER with a giant leap. Marco Kutscher rode the 2015-born dark bay into second place in the speed class of the Youngster Tour at the CSI2* in Deurne/NED.

Sunset Strip

The second newcomer on the sport's pages is Sunset Strip. His sire also is Stakkato. The black stallion (breeder: Callaho Warmblood Sport Horses, Christiana/RSA) out of a dam by Contendro/Grannus finished second in the qualifier for the Grand Prix at the CSI2* Opglabbeek/BEL with his rider Henry Vaske.

Hann.Pr.A. Sally (VA)

Second place in the Medium Tour-final at the CSI2* in Riesenbeck/GER was awarded to Hann.Pr.A. Sally by Stanley/For Edition/Dupon (breeder: Hermann Rosenbrock, Bred-dorf) and Finja Bormann.

Stolzenberg
Samson

On the second Advent weekend, the Stolzenberg/Consulting/Escudo-son Samson (line of Arlinde; breeder: Sven Kahrens, Dedelstorf) won his first international competition. At Sentower Park in Opglabbeek/BEL, the eight-year-old flew to victory in the speed class of the Youngster Tour with Jens Hilbert.

Van Helsing
Ventago

In the Grand Prix of Liege/BEL, the winner Acuro stood on the podium next to third place-winner Ventago by Van Helsing/Scendix/Dorian (line of Arma; breeder: Stefan Trentelmann, Rastede). Tim Rieskamp-Goedeking had presented the bay, 2013-born stallion.

Dressage

All at once
Jappaloup

He was born in the Netherlands and competed for the Netherlands at the CDI3* in Kronenberg/NED. The All at once/Lord Leatherdale/Jazz-son Jappaloup (breeder: Stal 104 BV, Wijdewormer/NED) won the individual competition for juniors with Lara van Nek, after placing third in the preliminary competition.

Burlington
Bodyguard (VA)

After placing third in the preliminary competition, the Burlington/Pik L./Grande-son Bodyguard (line of Nigretti; breeder: ZG Frieling, Balge) and the Austrian rider Paul Jobstl finished second in the freestyle for young riders at Aachen Dressage Youngstars. The 2009-born, liver chestnut stallion left Verden for the Netherlands as a premium stallion and

Hands up for the Champion: Duke of Britain FRH by Dimaggio and Frederic Wandres won the World Cup Freestyle in Madrid. Photo: FEI/Olano

was used for breeding at the station of Feriendorf Stücker. As the vice Bundeschampion of four-year-old stallions and bronze medal winner of five-year-old dressage horses, he finished fourth in the final of the Nürnberger Burg-Pokal before he carried Paul Jobstl from success to success starting in 2021.

Belissimo M
Blickfang HC (VA)

Third place in the individual test for young riders at the CDIY in Aachen/GER was awarded to the Belissimo M/Brentano II/Partisan-son Blickfang HC (line of Schleife; breeder: Theodor Linnenbäumer, Walchum) and Anna Middelberg.

Dancier
Dalicanto

One of the successful Hannoveraner horses in Aachen's Albert-Vahle-arena was the Dancier/Rotspon/Sherlock Holmes-son Dalicanto (line of Futkell; breeder: Christiane Alt, Etz-bach). At his first international appearance, the ten-year-old finished third in the freestyle for juniors with Pia Schein.

Don Crusador
Diabolo Nymphenburg (VA)

On the second Advent, the Horse Centre Peelbergen/NED was all about the artists in the dressage arena. The Don Crusador/Weltmeyer/Prince Thatch xx-son Diabolo Nymphenburg (line of Isabella; breeder: Fritz Kleine, Oyle) and Leonie Koch placed third in the

introductory test for young riders. The following day, they were again awarded a third placement for their performance in the individual test.

Dimaggio
Duke of Britain FRH

The Dimaggio/Rubinstein/Don Primero-son Duke of Britain FRH (line of Klaseta; breeder: Sarah and Tony Pidgley, Windsor/Great Britain) and Frederic Wandres won the World Cup-freestyle in Madrid/ESP with ease. The pair had already left their fellow competitors behind them in the Grand Prix.

Edward
Exclusiv (VA)

Exclusiv by Edward/Wolkenstein II/Werther (line of Grubenfahrt; breeder: Carl Graf von Hardenberg, Nörten-Hardenberg) and Carolina Miesner crowned their successful season with two victories in Aachen/GER. They won the individual test and the freestyle for juniors after placing second in the preliminary test.

Londontime
Libertad (VA)

The individual test for juniors at Aachen Youngstars celebrated a double Hannoveraner victory. Behind Exclusiv, the Londontime/San Remo/Wolkentanz-son Libertad (line of Derma; breeder: Mona Diekmeier, Warmsen) and Allegra Schmitz-Morkramer finished second. ■

Great Britain

**Dornröschen
“Mare of the Year”**

She is 20 years old, but when she walked into the arena at Vale View Equestrian in Nottingham to be awarded the title Hannoveraner Mare Of The Year by the British Hannoveraner Horse Society, she showed all her spirit and elegance that has accompanied her throughout her entire life. Dornröschen by Dimaggio/Caprimond was born 20 years ago in the stable of Manfred and Karen Hoerner in Conway on the west coast of Wales. She descends from the mare line of Alder, which already produced the great Florestan. Consequently, the path through life started with Dornröschen's grandmother via the Rhineland to England and there to the Hannoveraner daughter association.

Dornröschen came to Lynne Crowden's Woodlander Stud, where Michael George Eilberg trained her. He celebrated many great successes with horses that bear Woodlander in their name as prefix. Before her competitive career began, she became the dam of another very special mare who caused goose bumps more than once in Verden. In 2006, Woodlander Farouche by Fürst Heinrich was born. When she was five and six years old, this important chestnut mare produced start-to-finish victories in the World Championships for Young Dressage Horses in Verden. Michael George Eilberg rode her at that time. It remains an unforgettable moment when Rainer Kiel, as the show manager, personally placed a GB on the Hannoveraner flag under-

Dornröschen owned by Lynne Crowden (2nd from left) was Mare of the Year. Photo: Baars

neath the brand, so that the correct flag could be hoisted at the award ceremony. Michael George Eilberg was almost speechless at the time and was quoted in DER HANNOVERANER 09/2011 after winning the first World Champion-title with having said the following words: "It is an overwhelming feeling to experience her ground covering movement under saddle. In the stable, the mare is very sweet, but in the arena she is always totally alert and shows what she is made of." This is the spirit that Dornröschen passed on to her daughter.

In 2015, Farouche re-entered the international show circuit and celebrated eleven victories in twelve international starts in Prix St.

Georges- and Inter I-competitions in 2015 and 2016. In addition, she has also been used for breeding and has already produced a licensed stallion in Wildchild by Wavavoom, who stood at stud at Celle's State Stud in 2020. Dornröschen's competitive career started at the age of five. With Michael George Eilberg, she achieved victories in young horse competitions. At the 2009 National Championships in the Medium Tour, the duo Eilberg-Dornröschen won, relegating Charlotte Dujardin and Valegro to silver. At the age of ten, their first international victories followed at the Inter I-level, and three years later, they successfully transitioned to Grand Prix.

Back to Dornröschen's breeding achievements. With the help of embryo transfer, the mare, whose type is enormously influenced by her dam's sire Caprimond, was used for breeding in 2010, parallel to her use in competition. Two years later, Farouche's full brother Franz-Ferdinand was born. During his short breeding career, he was used at the stallion station of Ingo Pape. At present, For Kingdom by For Emotion is used for breeding by Pascal Kandziora in Spelle. In addition, a son of For Compliment and a second son of For Emotion were licensed by the Oldenburg Verband.

The British Hannoveraner Association has chosen a special mare, Dornröschen, as their Hannoveraner Mare Of The Year 2022. A mare that, due to her own and her offspring's performance, does not need to shy away from being compared to mares, which were rewarded by the Hannoveraner Verband.

Ulrich Hahne

Great Britain

**British licensing winner
by Desperados**

The British Hanoverian horse Society BHHS together with the Warmblood Breeders' Studbook UK held a stallion licensing at Moreton Morell College in Warwickshire. Two very promising stallions from the age group of 2020 were licensed for Hannover.

The Hannoveraner Ducati by Desperados/Sir Donnerhall, bred by Johann-Hinrich Koj in Vorwerk in the district of Rotenburg, was singled out as the winning stallion of the entire licensing. The stallion ideally combines the

Champion stallion Ducati Photo: Christmann

advantages of both parents: strong type and movement, long legs, a strong back, in addition very athletic and equipped with a lot of

energy that can be regulated very well. His owner Sean White from London was thrilled with his stallion. Also licensed was Wild Romantic, bred and owned by Lynne Crowden from Woodlander Stud, who is a son of Wild Child and the Hann.Pr.St For your Love by For Compliment. His parents are Hannoveraner; he carries an Oldenburg horse passport. He is a very likable, medium-sized and correct stallion who convinced with his very good trot and walk. Equipped with the chestnut color, he is a typical hopeful from the paternal line of the legendary Weltmeyer. His right brother is the also licensed and performance-tested Wild Love. Both stallions were beautifully prepared, brought out and presented by Carsten Sandrock. Dr. Ludwig Christmann

A driving horse has to be cool!!

“A driving horse should have the qualities of an event horse,” says Jessica Wächter. And her horses obviously have them: Dreamcatcher is two-time World Champion and Bundeschampion, Best Buddy is Vice World Champion.

By Martina Zünger-Hein

Double World Champion and Bundeschampion Dream Catcher with Jessica Wächter and dachshund Lady Lucie. Photo: Zünger-Hein

A relaxed character, willingness to perform and good basic gaits are among the prerequisites for a horse to be successful in driving. This is how Jessica Wächter describes the basic qualities that a driving horse should definitely have. “Similar to eventing, there are three disciplines in driving – dressage, marathon and obstacle driving,” explains the 30-year-old, whose heart has been beating for driving, since she was twelve. “The horse definitely has to be cool and powerful. After all, it has to pull a lot of weight.” Two particularly “cool” driving horses are her two Hannoveraner horses: Dream Catcher and Best Buddy.

The De Niro/Epernay-son Dream Catcher was bred by the late Rudolf Temporini and goes back to the Hessen mare Maienpracht. His third dam, St.Pr.St. Mia, achieved record-breaking results: 13 of her 14 sons and daughters, who descend from Dillenburg’s state stud stallion Mariner by Matrose/Lugano, are successful in competitions. Among them are four advanced dressage horses and one advanced driving horse. Jessica Wächter had a very special friendship with the long-time chairman of the DOKR driving committee: “He entrusted Dream Catcher to me and wanted us to train him as a driving horse,” she says. “It is so sad that he will no longer be able to experience his great successes.” After the breeder’s death, Jessica Wächter and her partner Martin Röske decided to buy the bay and continue his training. Thus Dream Catcher, whom his owner affectionately calls Rudi, became Bundeschampion of five-year-old driving horses in 2021 and won the World Championships of Young Driving Horses. At the Bundeschampionat, he also received the award for Best Horse Of The Show.

The guest driver rewarded him with the ideal score of 10. The pair repeated this spectacular success in the division for six-year-old driving horses. In Moritzburg, the gelding received a score of 10 for both his thoroughness and his perspective as a driving horse. In addition, Dream Catcher was awarded the special prize for the “Best Driving Horse of All Breeds”. “Dream Catcher is an honest and willing horse – simply a dream!” Jessica Wächter raves.

The Benicio/Lauries Crusador xx-son Best Buddy (breeder: Thomas Wendelken, Schwanewede) proves that good dressage horses can also be successful driving horses. As a premium stallion of the 2019 licensing, he found his way to the dressage stable of Heinrich Brähler in Herbstein, Hesse. For many years, the master in equine management belonged to the team of the Riding and Driving School in Verden and was a test rider for the Hannoveraner Verband. He successfully competes Best Buddy in dressage horse classes up to the M-level, while Jessica Wächter trains the dark bay as a driving horse at the same time and participates with him in driving competitions. Since Best Buddy lives with his owner, the ambitious female driving competitor travels to Vogelsberg once a week for training. The fact that the five-year-old gelding qualified twice for the Bundeschampionat – as a dressage horse and as a driving horse – is one of the highlights of his career. In driving, Best Buddy left the arena in Moritzburg as the Bundeschampion of five-year-old driving horses. As with Dreamcatcher, test rider Christian Koller gave him an even 10. Only one week later, he won the vice World Championship-title in Szilvásvárad, Hungary.

16 horses, two people and a dog

Jessica Wächter discovered her love for driving horses at the age of twelve. She took riding lessons with Georg von Stein, who is now the official coach for driving teams in Hesse, among other things. “He started driving at that time and I did the same. Since then, riding has somehow become less interesting to me,” explains the 30-year-old. Together with her partner and trainer Martin Röske, she lives on the farm called Weidenseehof, a beautifully situated resettlement farm amidst fields and meadows not far from the Hessian community of Schaafheim in the northern Odenwald. Between Aschaffenburg and Darmstadt, they have enough space to train and school driving horses with great passion. There are currently 16 horses in the stable at Weidenseehof. Apart from Dream Catcher, Jessica Wächter also owns five other horses, including two colts she bred herself. In life and during work, the couple is supported by the lively dachshund-lady Lucy, who confidently and quite happily keeps

Double Bundeschampion and double World Champion: Dreamcatcher by De Niro/Epemay is at the beginning of a dream career.

the entire farm and its residents on their toes. "Otherwise, we are a two-people operation and do everything ourselves – from feeding to mucking out to daily training all the horses," Jessica Wächter explains. So the working day starts at six in the morning and usually doesn't end before 10 pm. "During the winter, we are sometimes finished with everything by 8 pm," she adds with a twinkle in her eye. It takes a great love for horses and a never-ending passion for driving to be able to handle such a workload. And to round off her day-to-day work with a corresponding training qualification, the 30-year-old, who has already completed a degree in renewable energies, still wants to graduate in horse management.

"We have a lot of great horses in Germany that are excellent for driving," says Jessica Wächter. "Of course, you can definitely tell from the pedigree what qualities a horse might have and whether they are more in the upper range or not." That is why Hannoveraner are among the favorites when it comes to looking for a new driving horse. "The Hannoveraner is – in terms of all lines – simply well bred," adds Martin Röske. "They are very broad and versatile in terms of their ability. We like that very much, and we need that in driving." On average, Jessica Wächter presents her driving skills and her horses at ten to twelve competitions per

year, which are spread all over Europe. The effort is high – every time. She and Martin Röske are usually on the road for about five days for a competition. "But for us, it's always like a little holiday," smiles the successful driver. In addition, a lot of equipment is needed – including two different carriages and harnesses. But only for those who drive one-in-hand. Those who drive two or even four-in-hand also have spare horses – either a total of three or five horses – in the van.

Sport with tradition

Driving has a long-standing and great tradition in Germany. Nevertheless, public attention for driving is only at a very low level. Apart from the CHIO Aachen, this sport receives almost no media attention. And that is a great pity according to Jessica Wächter. She would also like to see more interest on the part of breeders: "Breeders find it a bit difficult to make their horses available for driving, because they get so much more attention in dressage, show jumping or eventing.

But Best Buddy is the best proof that a horse can be successful in two different disciplines." In order to make driving more attractive for a broader audience, we must also start rethinking the rules and regulations for international competitions, trainer Martin Röske is convinced: "For example, the cross-country test with its action-packed and sometimes spectacular rides is still a big spectator magnet, even if not everyone is an expert in this sport. The dressage competition is a completely different story. With a length of eight to twelve minutes, interest wanes after the fourth or fifth competitor at the latest – especially if you don't know exactly what it's all about. But both Jessica Wächter and Martin Röske are already looking forward to the start of the season in 2023, when they want to be successful again with Dream Catcher, Best Buddy and their other driving horses and showing the equestrian world how you can pursue this exciting sport with great passion. And maybe Jessica Wächter's dreams will then come true – to become the individual senior World Champion with Dream Catcher and to start driving four-in-hand. ■

The Benicio/Lauries Crusador xx son Best Buddy is not only Bundeschampion and Vice World Champion, but is also successful in the dressage arena. Photos: Placzek

On the diagonal with Jessica Wächter

Favourite horse show: CHIO Aachen

Favourite place: Home

Favourite sport besides riding:
Sleeping – if I could go skiing.

Favourite travel destination:
Tenerife

Career wish as a child:

Horses, horses, horses

Memory of first competition:

Not directly of my first competition, but of one of the first: I rode a four-in-hand in a marathon. After the first obstacle, the carriage tipped over. I was lying between two horses. We got the carriage upright again

and then we went on. We actually won the tournament. I was twelve years old.

Favourite food: Spaghetti Bolognese

Which horse holds a special place?

Each of my horses has a very special place in my heart!

Which music group would you fit into? Definitely German pop-songs!

Breeding goal achieved

Four-year-old San to Alati is probably one of the best Hannoveraner stallions at the present time. The national champion is the discovery of the year not only with respect to breeding but also in the sport. This charismatic stallion was bred by Lena-Marie and Kerstin Klose.

By Jürgen Stroscher

Kerstin Klose from Alfhausen.

Photos: Stroscher

Everything has its time. This is also the case at the Klose family in Alfhausen. "2022 is our year. We have finally found the perfect farm for our horses and for us privately. The super successes of our stallion San to Alati round off the successful year for us," says Kerstin Klose, who only moved into the new breeding facility in Alfhausen near Bersenbrück with her husband Christian in November of 2021. "Everything is actually perfect here," Christian Klose agrees and sees "hardly any need for improvements" at his new family home. For the 55-year-old, however, the whole thing also means "new territory", because he had not experienced the breeding horses of his wife Kerstin and daughter Lena-Marie as closely in the past. "Breeding horses has always been my wife's thing. I naturally always supported her with it and also went to the shows with Lena-Marie, but since the horses were not stabled with us, I personally didn't have that much to do with them."

It was only when daughter Lena-Marie, now 27, seriously discovered riding for herself in 2005 that her mother Kerstin rediscovered her affinity for horses. "As a child, I invested all my pocket money in horse postcards and studied pedigrees." Kerstin Klose was born and raised in Hildesheim by parents who had to rebuild everything in the post-war period. To do so, they put their own dreams on the back burner. "My father came from Silesia and could not fulfill his wish to have his own horse. Instead, he gave my sisters Marion and Anke and me ponies when he could afford it as a self-employed baker." At the age of 16, Kerstin Klose bought her first riding horse from her first self-earned money as an assistant paralegal and nota-

ry public in training. She competed her horse in jumping classes up to the L-level.

"It quickly became clear to me that I would not make riding horses my profession. Rather, I had decided to earn enough money one day to be able to finance riding. Kerstin Klose's nature has always been to go her own way and to look for and find the right solutions. "Since I wanted to become an academic, I decided to sell my three riding horses to finance my studies to become a lawyer in Hannover. But since the money was not enough for that, she also looked for a job as a waitress in the bar called "Easy" in Alfeld near Hannover, where she eventually met her current husband Christian, who also worked there part-time. This encounter, however, took her far away from her beloved horses once again. Together with the teacher for athletics and German, she developed a concept for fitness and health, and, as a team, they finally set up their first self-designed fitness studio in Alfeld. The entrepreneurial couple developed this business idea into their own "brand with a health and medical background" and expanded it.

In the meantime, they got married and their children Julian (31) and Lena-Marie (27) were born. "If one of my children developed the desire to ride, it was clear to me that I would support them. Julian had absolutely no ambitions in that area, but Lena-Marie all the more," Kerstin Klose looks back on the already mentioned year 2005. "After the classic pony career, it became clear to us that it is difficult to find a suitable horse with athletic potential for a junior like Lena-Marie. This circum-

Klose stable team (from left to right): Christian Klose, Ehmie-Jo Bote, Kerstin Klose, Dörte Borchering and Harald Göttken.

stance eventually gave rise to the idea of breeding our own sport horses." However, the Klose couple soon realized that it takes time to create a successful horse breeding program, which produces the right horses. In order to not disappoint their daughter Lena-Marie, the parents bought a sport horse for her after all - and did it with success. The young gelding Redmond by Rosentau/Werther (breeder: Hans-Jürgen Sitzenstock, Bad Salzdetfurth), who had been trained by Lena-Marie's riding instructor Antje-Kim Wilkens at her dressage farm in Burgwedel, earned the state championship-title in Hannover in 2013 with the young dressage rider. The now 18-year-old black horse is currently successful in dressage competitions up to the S-level with his rider Finnja Pirschel.

Starting signal for her own breeding program

Through these successes, mother Kerstin not only encouraged her daughter's competitive ambitions, but also drew her into her spell in terms of breeding horses. The starting signal for her own breeding program came in 2006, "when I bought the first foal at the January auction in Verden," Kerstin Klose looks back. However, she was offered such a high sum for the filly that she could not refuse and immediately sold the foal again. "With this income I could then finance the next purchases of young mares or foals." For this, the prospective breeder went back to Verden, where she bought the young mares Luna by Londonderry/Weltmeyer (breeder: Josef Ewing, Alfhausen), Soulmate by Sandro Hit/Georgenburg (breeder: Breeding Farm Düvel, Katlenburg-Lindau), St.Pr.St. Rosalie by Rascalino/Corradino (breeder: August Busse, Goldenstedt) and Florenzina (breeder: Andrea von Zitzewitz, Wangels). "I have only had good experiences with the Hannoveraner Verband and either bought or marketed my young riding horses there."

With the 2005-born Florenzina by Florencio, the breeder clearly proved her special feel for highly talented mares. Florenzina unfortunately only produced three offspring, a colt called Bellis Blue Label by Belissimo M (2010) and the fillies Danza Florenzina by Damsey (2009) and Bella Florencia by Belissimo M (2011). The 11-year-old Belissimo M-daughter Bella Florencia however produced the colt San to Alati by Secret in 2018. "I chose Florenzina because of her pedigree, in which the most important Trakehner line of Herbstblüte is represented via Florenzina's dam Herzchen's Letzte by Michelangelo. My goal is and was to breed the best dressage horses possible," the 60-year-

old breeder describes what she wants to achieve in her breeding program. "When San to Alati was born on our farm, he looked a bit lanky. It was, however, already then recognizable that he could possibly become an extraordinary horse," Kerstin Klose remembers very well her first impressions of her colt - after all his birth was only four years ago. "He simply has charisma and captivates the audience when he enters the dressage arena." The horse magazines saw it the same way and raved when San to Alati was crowned as the national champion in Warendorf in September: "Today, in the final, the judges were able to satisfy the audience again. And not only them. If you are looking for a horse that purely visually embodies the breeding goal of a riding horse, San to Alati comes very close to the optimum - a large-framed liver chestnut, constructed uphill with a beautiful face and a large eye. One likes this type of horse! The audience, at least, was enraptured by the stallion." The jury graded the dark chestnut's trot and canter with a 9.5, his walk with a 9.0, the training with 9.5 and his conformation with a 9.0. "Very secure swinging movement", "active from the hindquarters" and "balanced returns" were the judges' reasons. Guestrider Marcus Hermes also awarded a 9.5 for the rideability.

The great successes of Kerstin and Lena-Marie Klose are certainly also based on a very well thought-out management. Philipp Hess and especially Stefanie Wolf, the head rider at the farm called Krüsterhof, which belongs to riding master Johann Hinnemann, were responsible for the training of the young stallion. After his victory in the Hannoveraner Championships, the Secret-son finally became the "target" of dressage rider Bernadette Brune, who became his owner shortly before the Bundeschampionat. San to Alati is still available to breeders through the farm Krüsterhof, and the first promising offspring have already been born. "If it fits, we will certainly fall back on our home-bred stallion in the future." The breeding farm Klose plans to have between four and six foals per year in the next few years. Besides his breeding qualities, we have already gotten a glimpse of the athletic potential of four-year-old San to Alati, who owes his name to an idyllic Greek vacation village. Other highly talented dressage horses of Family Klose's breeding station such as Fior de la Luna by Fürstenball, Feine Seide K by Fürstenball, Four Reasons by Fürsten-Look or Four Roses by Fürstenball have already proven their special athletic abilities in the dressage ring up to the S-level. ■

In Warendorf, the Secret/Belissimo M son San to Alati was celebrated as Bundeschampion. He had previously won the Hannoveraner Championships with Mareike Mimberg in the saddle. Photo: Lafrentz

The Fürstenball/Sandro Hit-daughter Hann.Pr.A. Fritzi aus Preußen was Champion Mare in Seesen and highly awarded at the Herwart von der Decken-Show. Photo: Fellner

Quadruple victory in Neustadt/Dosse

A horse from the Rhineland and three Hannoveraner led the 50-day-test for jumping stallions in Neustadt/Dosse. Victorianus was the best in the dressage test in Warendorf.

By Britta Züngel

Sporttests

The last sport tests of the year 2022 took place in **Warendorf** in September. The fields of participants at the DOKR facility were small. The Vitalis/Rubin-Royal-son **Victorianus** (breeder: Johannes zur Lage, Bersenbrück) finished part I of the dressage stallions with the best result. The dark bay stallion received a final score of 8.17. He was ridden by Felicitas Rost, who discovered the talent out of the dam line of Ambella together with her husband Frank Rost at the stallion sales. Warendorf's state stud stallion **Dolce Gusto** by Da Costa/Floriscout (breeder: Wiebke de Buhr, Aurich) followed with 8.12. The best result in part II was achieved by **Zupermann** by Vincent Maranel/Destano from the stallion station Hoffrogge. The best Hannoveraner among the jumping stallions was **Don Corazoncito LW** by Diacontinus/Bonapar-

te N AA (breeder: Mariano Lardin Diez, Isernhagen), who scored 8.27 in the sport test part I. The four-year-old impressed with his convincing rideability. During the summer, Daniel Neiß had ridden him into tenth place in the Hannoveraner Show Jumping Championships. No Hannoveraner or horses from the Rhineland competed in part II. The winner **Chinchero** by Chopin/Clarimo, who scored 8.85 in the stallion test, was licensed for Hannover. He belongs to the stable of Sven Völz in Bienenbüttel.

Short disposition tests

At the same time as the sport tests took place, short disposition tests were offered in **Warendorf**. Behind the winner **Extra Gold** by Escolar/Apache, whose grandam is Isabell Werth's Olympic mare **Weihegold**, the **Bon Coeur/Londonderry-son Banksy Coeur** out of the renowned line of **Eckernförde II** (breeder: ZG Kutzer and Röhrssen, Bremen) obtained the second best result, an 8.34, in a field of eleven dressage stallions. In the show jumping division, an unlicensed Hannoveraner stallion participated: **Orient Gold** by Orient Express/Cornet Obolensky (breeder: Heinrich Ramsbrock, Menslage; exhibitor: Stud Sprehe, Lönningen). He received a weighted final score of 7.97.

Six weeks later, eight dressage and twelve show jumping stallions were judged in **Neustadt/Dosse**. The unlicensed **Top Gear/Fürst Romancier-son Top Score** (breeder: Katrin and Wilhelm von Holten, Geestland) lived up to his name and achieved one of the two top results with a final score of 8.60. Only the DSP-stallion **Dream Royal** was better, he scored a 9.29 with a 10 for rideability. The jumping stallions saw a Hannoveraner winner: **Chembaassy** by Chacoon Blue/Embassy (breeder: Dr. Ingrid Ragnarsson, Kalix/Sweden). The rideable bay stallion, whose willingness to perform and whose jumping ability impress greatly, already won jumping horse classes with Sven Rudolph and will be competing as Celle's state stud stallion in the future.

50-day-tests

The 50-day-tests in November started in **Adelheidsdorf**. 27 dressage stallions met at the testing station. The best Hannoveraner was the **La Vie/Bretton Woods-son Luton** (breeder: Bernhard Sieverding, Twistringen; exhibitor: Stud Blue Hors, Randbol/Denmark). World champion **Don Martillo** and Nürnberger Burg-Pokal-winner **Burlington FRH** also go back to Luton's foundation dam **Idria**.

Victorianus by Vitalis/Rubin-Royal achieved the best result in part I of the dressage test in Warendorf.

The results of the sport tests dressage and jumping as well as the short disposition tests of all Hannoveraner and horses from the Rhineland as well as the stallions of other breeding areas licensed for Hannover and the Rhineland are published.

The dark bay stallion received a final score of 8.35, the fourth best score of the test lot. He obtained a "very good" for his canter. Only one other stallion reached this mark, the winner of the test: Eleven HW from the stallion station Rüscher-Konermann in Greven. The Westphalian Escamillo/Den Haag-son out of the dam line of Narni led the field with a final score of 8.78. Both stallions were licensed for Hannover at this site. The performance of Special Sunrise by Secret/Sandro Hit (breeder/exhibitor: W.M. Stud, Visselhövede) was awarded a score of 8.04. The half-brother of the privately owned stallion Bon Coeur exhibited no weaknesses and scored very evenly in every criterion.

Three days later, the competition continued in **Adelheidsdorf** with 25 jumping stallions. The Holstein Casall/Calido-son Cape Calidus, who was sent to the test by the State Stud Neustadt/Dosse, was the class leader. He convinced with his high rideability, combined with very good ability and a just as good style. He was licensed for Hannover. In terms of jumping quality, the still nameless full-brother of Celle's former state stud stallion Qualito and of the internationally successful show jumpers IB Qualita and Qualibro by Quaid/Salito (breeder: Helmut Habermann, Hänigsen; exhibitor: Ignaz Berger, Sulzbach-Rosenberg) was convincing. The three-year-old with the best character and a very

The Qualito/Stakkato son Quentino is in the service of the Celle State Stud. In Neustadt/Dosse he convinced with the third best result.

Photo: Beelitz

good canter finished on a score of 8.41. Delox by Diamant de Semilly/Chacco-Blue (breeder: Johannes zur Lage, Bersenbrück, exhibitor: Staj Mustang, who acquired the stallion on last year's stallion sales) scored similarly high. To the judges, his inte-

rior was also worth a 9.0; they noted the final score of 8.38. Together with him, the full brother of Stakkato-Prize winner Stakkolensky (breeder: Karl-Henning Rollwage, Bockenem) had made the journey to the Czech Republic. The Stakkato/Cornet Obolensky-son also obtained a good result with the final score of 8.23.

Almost 70 kilometres away, 29 dressage stallions participated in the test in **Schlieckau**. The final score for Celle's state stud stallion Freigeist by Foundation/Competent (breeder: Dr. Michael Lühs, Wagenfeld) was 8.49. The performance-willing bay stallion received a score of 8.5 for the high quality of his basic gaits as well as for his behavior at the fences. Federer by Farrell/Livaldon (breeder: Wienke Winkelmann, Wurster Coast at the North Sea), who had moved into a box stall at the stallion station of Gerd Sosath in Lemwerder after his licensing, received a final score of 8.12. The Escolar/Don Nobless-son Endorphin (breeder/exhibitor: Ingo Pape, Hemmoor) completed the 50-day test with a score of 8.02. With an optimal score of 10 from the test riders Marco Bührig and Philipp Hess, the Escamillo/Fürstenball-son Escanto PS

(exhibitor: Paul Schockemöhle, Mühlen) catapulted himself to the top of the field. He had already convinced with top scores at his disposition test in April, now his result was 9.12. He is the youngest offspring of the line of Juromette, out of which also Westphalia's foundation sire Radetzky and Olympic stallion Don Schufro descend. Escanto's dam is a full sister of the privately owned stallion Fürst Toto, who also finished his 50-day-test as one of the best.

The last 50-day-test of the year 2022 in **Neustadt/Dosse** turned into a Rhineland-Hannoverian triumph. The best of the 36 jumping stallions was the Untouchable/Lux-son United Power (breeder: Didier Jacquemin, Seny/Belgium). The powerful grey horse left hardly anything to be desired for in terms of style and ability; the scores of 9.50 and 9.00 reflected this. In addition, both test riders awarded him a 9.75, so that the weighted final score was 8.90. He belongs to the stallion squad of the State Stud Moritzburg. His performance willingness is firmly anchored in his pedigree. Not only the privately owned stallions Chacoon Blue and Gavi, both internationally successful, go back

to the foundation mare Sedalia, but also Gerd Wiltfang's Askan, Beat Mändli's Don Ramiro and Rodrigo Pessoa's Status FRH have their roots in the area of Lüchow. Two years older is the Quasimodo van de Molendreef/Quadam-son (breeder: Hendrik Schäfer, Köchingen), who was attested having si-

Delox by Diamant de Semilly/ Chacco-Blue found his way to the Czech Republic via the stallion sales. He passed his 50-day-test in Adelheidsdorf with a final score of 8.38.

With the results of the 50-day-tests in Adelheidsdorf, Schlieckau and Neustadt/Dosse, the results of all Hannoveraner and horses from the Rhineland as well as the stallions licensed for Hannover and the Rhineland from other breeding areas have been published. Some stallions were licensed following the stallion performance test.

imilar qualities. Successful in show jumping competitions with his breeder Hendrik Schäfer, the bay stallion from the renowned dam line of Schneiderin achieved the second best result, 8.84. In addition to a 9.5 for ability, he was "very good" in his style, general impression and in the test rider-test. His dam Hann.Pr.St. Quebec was champion mare at the Friedrich Jahncke-Show at the time. Both stallions are not yet licensed for Hannover. Celle's state stud stallion Quintino by Qualito/Stakkato

(breeder: Günter Keller, Bermatingen) came in third with a final score of 8.75. This makes him the latest offspring of the line of Jessica, which has produced no less than 71 stallions, registered in the stallion book I of the Hannoveraner Verband. The Argento Vivo/Contendro-son Argento Conte (breeder/exhibitor: Norbert Bramlage, Dinklage) followed with only one tenth of a point less and a final score of 8.74. His test certificate shows that he received the score of 9.0 seven times. ■

Canada: Inspection trip after a two-year break

Doc Ridge Farm in Hamilton, Ontario was the first inspection site. Ten mares participated in the mare performance test. Scozia by Scuderia/Lauries Crusador xx (breeder: Elaine Parkinson, Rockwood, Ontario) delivered the best test. The elegant four-year-old with three good basic gaits also excelled in rideability and completed an above average test. She was highlighted as the champion mare at the show. Her dam Liesel (breeder: Eberhard Hennings, Minden) was registered in the studbook in Canada as a three-year-old and had eleven foals. Almost all her seven daughters performed good tests and are registered as broodmares. Scozia receives the Fritz-Flo-to-Prize for obtaining the best mare performance test result. The prize is named after one of the pioneers of Hannoveraner breeding in Canada. At the other sites in Ontario, the focus was on foals as well as studbook inspections combined with mare shows. At Halton Place Farm in Milton, the home of Look Ahead Sporthorses, the winning foal was a powerfully moving Fynch Hatton/Wolkenglanz-son bred by Paula Horton in Hamilton. The colt and two other foals in the top group were awarded a gold medal. At Southlane Farm in Vankleek Hill, a daughter of the premium stallion De L'Or by Dancier/Rotspoon, who stands at stud in Denmark, was the champion mare. Four-year-old Dash of Class out of his dam by Hotline/Don Bosco (breeder: Linda Brand, Limoges; owner: Isabelle Rochon, Grenville sur la Rouge) will complete the under-saddle-test next year. There were two champion foals at Southlane Farm: one dressage and one jumping foal – a filly by Ibiza/Embassy (breeder/owner: Gina Smith, Brockville) and a filly by Emerald van het Ruytershof/Providence (breeder: Louise Palmer, Vankleek Hill; owner: Grand Coteau Stables, L'Epiphanie). An integral part of the tour is the visit to the breeding farm of the Royal Canadian Mounted Police near Ottawa, where black Hannoveraner have been bred for the world-famous "Musical Ride" for many years.

For about ten years now, a growing Hannoveraner and Rhineland breeding scene is developing on Prince Edward Island, located in the east, which has been significantly influenced by stallion owner Ruth Hanselacker. She started with the stallion Schwarzenegger by Sion/Calypto II, and currently offers semen

Champion foal dressage: Freiburg by Fürstenball/Romanov Blue Hors.

of – among others – former state stud stallion Dauphin as well as the US-born Hannoveraner Rapture R by Rotspoon/Donnerhall and former, Danish-bred Rockefeller by Rohdiamant/Grundstein II. Dauphin is the sire of three-year-old champion mare Darlequin out of Highland Lily by Hampton (breeder/owner: Andrew Kielly and Virginia Cooke, Belfast). She impressed with her ideal format and with her rhythm and the regularity of her movement. The winner of the foals was Felda by For Romance/Sandro Hit (breeder: Shannon Brooks, Oxford, NS). Like the other winning foals, she is one of the best ten foals to be awarded the Albert-Kley-Prize. A reminder of

Scozia by Spörcken/Lauries Crusador xx, Inga Hamilton, breeder Elaine Parkinson and grand daughter Avery. Photos: Privat

another pioneer and lover of Hannoveraner breeding in Canada. Felda was singled out from the top 10 foals as the best dressage foal of the tour.

Long-time breeder Heather Smith (Thelma & Louise Sporthorses) from Western Canada had produced the equivalent to Felda in show jumping. The colt Dmitry by Diacontinus/Arezzo (breeder/breeder: Thelma & Louise Sporthorses, Taber) was rewarded as the best jumping foal on the show at the By Platen Farm in Camrose, Alberta. Heather Smith was named Canada's most successful breeder. Out of four foals that were presented at the foal show, three received the coveted gold medal. Among them was the winner of the dressage foals, Freiburg by Fürstenball/Romanov Blue Hors. The best mare of the show was three-year-old Flirtation by Fabregas, who is a son of Florencio/De Niro and now lives in the USA. The elite mare Rosalind by Rotspoon/Ramiro's Bube is a broodmare on the farm of Helen Page from Headingley in Manitoba, who also bred the noble liver chestnut mare. Following the show, the Horse Breeders' Club from Eastern Canada, chaired by George von Platen, used the event to celebrate the 100th anniversary of the Hannoveraner Verband. The tour concluded with a visit to Dreamcatcher Meadows Farm in Pemberton, British Columbia. The hosts and long-time Hannoveraner breeders Jill Giese and John Dingle presented another gold medal-winning foal, Showtime DMV by Secret/Balletmeister. Maren Schlender

Olympic riders go shopping

At Verden's last riding horse auction of the year in November, 55 dressage and show jumping horses achieved an average price of 19,755 Euros. Eleven two-and-a-half year olds complemented the collection. They found new owners for an average price of 15,364 Euros. Four Olympic riders secured a future hope.

For the last time in 2022, riding horses were auctioned off online on November 19th. Compared to the previous year, Verden's auction in November offered 14 more riding horses for sale and reached a higher turnover, while the average price of the riding horses was down by about 2,000 Euros in comparison to the previous year. The highest priced horse was the Secret/Florencio-son Silence (breeder/exhibitor: Hans-Jürgen Bredemeier, Grönwohld) at a sale price of 59,500 Euros. This four-year-old bay gelding impressed with his rideability and above-average movement in all three gaits. The second most expensive horse of the auction was another son of Secret: The shiny black moving artist San Serai ZK (breeder/exhibitor: Torben zur Kammer, Munster), whose dam is by Don Marcello, sold to Great Britain for 45,500 Euros. The Birmingham/Glückspilz-son Bauer Schmidt (breeder: Hauke Schmidt, Hänigsen; exhibitor: BG Gatke/Egelhardt, Hänigsen) also sold for more than 40,000 Euros. For 40,500 Euros, the black-brown gelding is going to a regular customer in Southern

San Serai ZK by Secret/Don Marcello opened the Verden auction in November with head number one. He was auctioned off to Great Britain for 45,500 Euros.

Germany. Bauer Schmidt's dam, St.Pr.St. Gotenfee, is also the dam of Dissertation FRH, the Don Crusador-daughter who is successful at the most advanced level with Semmieke Rothenberger.

For 59,500 Euros, price leader Silence by Secret/Florencio was sold to Schleswig-Holstein.

The Colman/Escudo son Camelot PJ led the statistics of the show jumpers with a knock down price of 33,000 Euros. Photos: Beelitz/Gerstenkorn

The highest priced show jumper was the Colman/Escudo-son Camelot PJ (breeder/exhibitor: Horse Breeding Dr. Jacobs GbR, Bierbergen). As the runner-up in the free-jumping competition in Verden, the athletic bay stallion has already been successful in the show ring. His two half-siblings, Special One and Qui Rit PJ, are successful on the international stage. A renowned trainer held the highest bid at 33,000 Euros. The five-year-old Diarado/Silvio-daughter Diadina J (breeder/exhibitor: Dieter Jennrich, Seevetal) is staying in Germany for 30,500 Euros and will go into training with an experienced rider. She brought to Verden successes in jumping horse-classes as well as an above-average result in the broodmare test. The Diacontinus/Stolzenberg-son Duplo White N (breeder/exhibitor: Ulrich Nitsch, Salzhemmendorf) was the third most expensive show jumper. For 30,000 Euros, he sold to a regular customer who has already prepared and successfully competed many auction horses from Verden.

Among the two-year-old stallions, the Bon Courage/Ehrenpreis-son Bon Prix (breeder: ZG Lenzen, Heinsberg; exhibitor: Willy Lenzen, Heinsberg) was leading the way in the race for the top price. He was auctioned off for 30,500 Euros to a Spanish customer who has taken numerous talents from Verden's Niedersachsenhalle to the large dressage arenas. The Diamant de Plaisir/Diacontinus-son Diamantinus (breeder/exhibitor: Dieter Köneke, Nienhagen) sold to Brandenburg for 21,500 Euros. A two-year-old Chacfly PS/Stakkato-son (breeder/exhibitor: Roland and Jonas-Joel Olthoff, Laholm/Sweden) went to North Rhine-Westphalia for 21,000 Euros.

Twenty times, international customers bid successfully: Five of these horses will travel to the USA, four horses will go to France. Other buyers came from Belgium, Great Britain, Italy, Romania, South Africa, Austria and Switzerland. 15 horses obtained prices of 25,000 Euros and more. Four of the horses so impressed Olympic riders from the three disciplines of dressage, show jumping and eventing that they secured two riding horses and two stallions.

The stallion sales for show jumping stallions on December 3rd concluded the auction year 2022 in Verden. On January 21st, 2023, the next sale is scheduled with an auction for riding horses. The participating horses will move into their box-stalls at the Training and Sales Centre on January 9th. As last year, the riding horse auctions will be held online in January, April, July and November. ■

A regular customer from Spain discovered the talent of the Bon Courage/Honour Prize son Bon Prix and purchased the stallion for 30,500 Euros.

Health premium award: Vet+

In addition to performance and conformation characteristics, health is of great importance in the breeding of sport horses. Long-term usability in breeding and sport stands and falls with health.

By Antonia Heise

“The Hannoveraner is bred as a breed that is particularly suitable for equestrian sports. Horses are aimed at that are suitable as performance and leisure horses due to their inner qualities, rideability, appearance, movement, jumping disposition and health.” The Hannoveraner breeding goal already includes it: health is a crucial part of the breeding program. The selection for the breeding goal health is mainly done via indirect selection.

The health traits are indirectly inferred from the conformation and performance traits, such as in the evaluation of the limbs or the correctness of the gait. According to scientific studies, the genetic relationships between conformation and performance traits and health traits are rather moderate, thus only a moderate breeding progress in the breeding goal health is to be expected. Direct selection for health traits takes place mainly in stallions via licensing. The minimum requirements for health status are uniform and concern both clinical and radiographic appearance. Direct selection of the roaning also takes place in mares via the award of the Hannoveraner Premium. In order to increase direct selection for health traits in the mare base as well, the Vet+ Health Premium was introduced. Vet+ health premium for mares is analogous to the minimum health status requirements for licensed stallions. The award is given to mares that are registered with the Hannoveraner Verband in the main studbook or studbook and meet the minimum health status requirements. For this purpose, an owner's declaration and a current clinical ex-

amination (no more than six months old) as well as a x-ray examination must be available for the mares. The mares must have already reached the minimum age of 27 months at the time of the examinations. Older x-ray examinations, which are already available from purchase or routine examinations or were also made in the context of auctions and cover all exclusion criteria, can be examined directly at the Hannoveraner Verband after application. If the required examinations are not yet available, they can be requested by the mare owner from the Hannoveraner contract veterinarians. They will then forward the examination protocols to the Hannoveraner Verband. Requirement for the external appearance and condition is that the criteria of the clinical examination are without special findings. The following findings in the x-ray examination will lead to the exclusion of a premium award:

The costs for the Vet+Health Award.

1. processing fee:
30 Euro + VAT.
2. Clinical examination:
80 Euro + VAT.
And: ONLY if the x-ray examination is not yet available:
3. x-ray examination: individual agreement between veterinarian and mare owner.

Further information and the blank examination protocols: www.hannoveraner.com under mares/ awards.

- an OCD finding or an indentation in the knee
- an OCD finding in both hocks
- an isolated shadowing (chip) in more than three joints
- a medium to high grade spavin finding
- serious navicular findings
- cysts near the joints

According to scientific studies, the above-mentioned radiographic findings have medium heritabilities. There is a small difference between the requirements for mares and stallions in the case of cysts near the joints. While stallions must not have any cysts for licensing, this criterion is somewhat relaxed for mares, as cysts close to the joints are rather risky and thus lead to exclusion. With the owner declaration, the mare owner confirms that no surgeries have been performed with regard to the listed clinical or radiographic exclusion criteria and that the mare has no breeding-relevant defects.

The application for the Vet+ Health Premium is done online by the mare owner in the course of the owner declaration via the website www.hannoveraner.com. At the same time, the examination protocols must be sent to the Hannoveraner Verband. As soon as all required documents are available in Verden and the mare meets the set requirements for health status, the award will be given by the Hannoveraner Verband. The mare owner receives the confirmation by mail, as well as the sticker with which the award is noted in the horse passport. In the future, the mare will carry the predicate Vet+ in her breeding name. ■

Asking Heide Peters and Jan-Dirk Gießelmann

DER HANNOVERANER asked Heide Peters, breeder and member of the Breeding Committee for Show Jumping from Hammah, and Jan-Dirk Gießelmann, stallion rearer and dressage rider and trainer from Barver, about Vet+.

DER HANNOVERANER: What do you expect from the health status of your mare?

Heide Peters: "Since 2008, when our now 17-year-old Graf Top/For Pleasure-mare was three years old, we have x-rayed all of our mares that we have put into breeding to rule out hereditary defects. For me, these hereditary defects would be an exclusion criterion for breeding with this mare. Also with other smaller findings one can possibly counteract with the choice of stallion. All the more important for me would be a health database, so that I can specifically exclude certain characteristics for certain mares. Also very important are the findings that you can derive from the health status for your line when you have it available over several generations."

Jan-Dirk Gießelmann: "Health status is an important topic. Since we breed our horses with the aim of selling them at some point, we are constantly in touch with the subject of health. The horses should then also be easy to sell on the market. Especially in the past few years, customers have become more and more sensitive with regard to health. We examine all our horses towards the end of the rearing phase radiologically and clinically. Thus, we have a health status available for almost every horse, since most of our broodmares also come from our stock."

DER HANNOVERANER: Can Vet+ make a lasting contribution to achieving the breeding goal of health?

Heide Peters: "Absolutely. But much more important would be the health database for the sires, as they have a stronger influence on the population. In any case, a positive aspect of Vet+ is that not only X-rays are discussed, but other insights can be gained through clinical examination."

Jan Dirk Gießelmann: "The Vet+ health award is in any case a successful initiative,

also with regard to raising awareness of the issue of health in breeding. Especially the view over several Vet+ generations on the mare side is certainly also a good marketing argument. So I see a lot of opportunities in that "

DER HANNOVERANER: How should Vet+ be developed further?

Heide Peters: "The data obtained should be incorporated into a health database." (Editor's note: The health database project was launched by the German Equestrian Federation back in 2013 and has been in development ever since. The challenge here is the integration and interpretation of the data in terms of quality and quantity).

Jan-Dirk Gießelmann: "First of all, I think it is important that the health premium for mares does not lead to exclusion from breeding, but exists as an award for above-average mares in the trait health. For further development, it would be important to me to constantly include scientific findings. So first to determine the health traits that are mainly responsible for a uselessness in sport and breeding. In the next step then the determination of the actual heritabilities of these characteristics. With this knowledge, the award can be developed in a meaningful way and also creates more information for the breeder. For this, of course, the breeders must also have access to this information. Then this can be a real decision-making aid."

DER HANNOVERANER: What advice do you have for breeders?

Heide Peters: "Every breeder should have this information about his mares so that painful failures can be avoided after the offspring have been reared."

Jan-Dirk Gießelmann: "I actually see many opportunities in this for breeders. When selling foals out of a Vet+-awarded mare, one can always use as a marketing argument that the mare meets the certain minimum health requirements. With the hereditary traits, the probability of a foal that is healthy in that trait is, after all, then higher." ■

Sport horses, foals and
young stallions

Stallion Directory 2023

The following stallions have been registered with the Hannoveraner Verband for the breeding season 2023 up to the date of publishing of this issue of DER HANNOVERANER. After the successful completion of the predisposition test or sport test, there will be additions in the coming issues. Behind the stallion names is the indication of the method of use (FS = fresh semen transfer, T = frozen semen, N = natural covering).

Hannoveraner Jumper Breeding Programme

Stallions of the Hannoveraner Jumper Breeding Programme are marked with

WFFS-Status

According to the extended board decision of November 28, 2018, only stallions that have been tested for WFFS will be published in the stallion directory. Stallions with a predisposition are marked with a * behind the name.

Predisposition test and sport test

The registration in the stallion book I will only be made after the stallion has passed the performance test according to his age. The stallions under which the above sentence stands have not yet provided the proof of performance required for registration in stallion book I for the 2023 breeding season. If this has not been done by the time a foal born in 2024 is registered, the stallion will be entered in stallion book II for the current breeding season. The foal then receives a pedigree II. In sporting terms, these foals can be fully registered with national equestrian federations later, but a colt would not be eligible for licensing and a filly could not be registered in the main studbook.
