PRESIDENT'S MESSAGE

Dear AHS Members,

It's with great pleasure that I write this intro for the AHS Annual Awards Magazine. As we find ourselves amidst another exciting year for our society, I am filled with gratitude for the unwavering dedication and passion our members consistently bring to our community.

First, I would like to express my appreciation to all who joined us for our annual meeting this past February in West Palm Beach, Florida. Your presence and participation truly made the event a resounding success, and thanks to Barbara Schmidt and the entire annual meeting committee, we enjoyed two full days of an

innovative agenda that had a bit of something for everyone, regardless of their discipline of choice.

I would also like to extend my congratulations to all the 2023 competition and inspection award winners. We celebrate your horses' accomplishments in this beautiful magazine. These horses are a testament to the strength and excellence of our breeding program. Thank you also to the Editorial Committee who continue to refine our printed publications into the best possible show-cases for our Hanoverian and Rhineland horses.

In this edition of our magazine, I also share a glimpse into our newest endeavor, the **American Hanoverian Society Foundation**—a 501(c)3 non-profit organization. Stay tuned as we delve deeper into this exciting initiative, which promises to further support and advance our mission of education.

Furthermore, I'm delighted to announce several important and exciting rule changes that are now in effect. These changes represent our ongoing commitment to modernizing

the AHS and ensuring our breeding standards for Hanoverian and Rhineland horses remain consistent across the globe.

As we continue to navigate the ever-evolving landscape of the sport horse industry, let us remain united in our shared passion and dedication to the Hanoverian and Rhineland breeds. This Society is driven by our members and because of you, continues to thrive.

Thank you once again for your unwavering support and commitment. Here's to another year of achievements, camaraderie and the pursuit of excellence.

THE AMERICAN HANOVERIAN SOCIETY FOUNDATION: Cultivating Excellence in Hanoverian and Rhineland Horses

By Natalie DiBerardinis

With great excitement, the American Hanoverian Society (AHS) proudly unveiled its newest endeavor, the **American Hanoverian Society Foundation** (AHSF), at our Annual Meeting this spring. Years of planning and research have gone into the idea of the AHSF.

The new foundation's mission is to promote educational opportunities and financial support to the community of Hanoverian and Rhineland horse enthusiasts. This also means AHSF will become the educational arm for the AHS and will take over the development and hosting of podcasts, webinars, special events and other educational opportunities. In addition, the AHSF will provide financial support to breeders, trainers, riders and enthusiasts of Hanoverian and Rhineland horses through scholarships for educational clinics, symposia, programs and certain show-related expenses.

One of the cornerstone initiatives of the AHSF is the establishment of the Rachel Ehrlich Scholarship Fund. Founding donors, Barbara Davis, V.M.D., Ph.D., D.A.C.V.P. and J. Carl Barrett, Ph.D., created this fund with the AHSF in honor

of Barbara's mentor, Rachel Ehrlich, a longstanding AHS member whose Hanoverian breeding program is highly regarded in the world of Hanoverian breeding. This scholarship fund embodies a legacy of mentorship, dedication and passion for excellence. Rachel Ehrlich has dedicated her professional life to breeding and promoting quality Hanoverians, while actively supporting and

mentoring new breeders and riders who share her deep commitment to equine welfare and proper development.

The Rachel Ehrlich Scholarship Fund aims to provide educational opportunities and financial support to small breeders, trainers and riders of all levels who demonstrate a desire to breed and train quality Hanoverians. With scholarships available for educational clinics, symposia, programs and certain showing expenses, the fund seeks to break down financial barriers and empower individuals to pursue their passion for

Hanoverian and Rhineland horses. The first recipient(s) of this scholarship will be announced later this spring.

The AHSF recently celebrated the success of its inaugural fundraising event, an online auction which raised more than \$20,000 in donations. This remarkable achievement underscores the tremendous enthusiasm and support within

the equestrian community for the foundation's mission and initiatives.

As the American Hanoverian Society Foundation continues to grow and

expand, it invites passionate individuals and organizations to join in its mission to celebrate and elevate the excellence of Hanoverian and Rhineland horses. Together, let us embark on a journey of innovation, education and empowerment in the breeding, riding and training of our remarkable breed.

For more information about the American Hanoverian Society Foundation and the Rachel Ehrlich Scholarship Fund, please visit ahs-foundation.org.

MARES REWARDED FOR COMPETITION SUCCESS

The Competition Mare title is awarded to mares who achieve significant success in dressage, jumping, hunters or eventing. To learn about the qualification requirements and the application form, visit hanoverian.org.

By Caryn Vesperman

In Heather Petersen's case, her mare, Worthy Aspirations (Worthy Opponent x Dominica V/Don Frederico), almost missed qualifying for the Competition Mare title years ago.

The Competition Mare (CM) title almost seems like one of the American Hanoverian Society's best-kept secrets—perhaps because it's based on performance requirements that can take years to achieve. It's not easy to achieve, but extremely rewarding for those who earn it with their horses.

In Heather Petersen's case, her mare, Worthy Aspirations (Worthy Opponent x Dominica V/Don Frederico), almost missed qualifying for the CM title years ago.

Heather found Worthy Aspirations, barn name Ruby, at five months old. Bred by Genna Gatdula, Ruby was the 45th young horse Heather looked at either in person or by video. "I loved Ruby's attitude in the pictures and videos and, of course, her gaits," says Heather.

When Ruby was five months old, her tendon sheath became infected. "There was no visible trauma to the area, and to this day, the vets have no idea how the sheath became

infected," explains Heather. "After six weeks in the ICU, they sent her home with a 10 percent chance of pasture soundness. We continued with IV antibiotics for another six weeks with our local vet before we made the decision that her quality of life was comprised, and it was time to let her go.

"We made this decision on a Friday evening. The insurance company asked us to wait until Monday when the adjusters were back in the office. That Monday, when we pulled the final set of bloodwork to send to the insurance company with the paperwork, the infection was completely gone! Three weeks later, she was 100% sound, back to her normal self. Every day I have with her is a blessing."

"I loved Ruby's attitude in the pictures and videos and, of course, her gaits."

- Heather Petersen

Not only did Ruby survive, but has moved up the levels and is progressing toward Grand Prix.

Not only did Ruby survive, but has moved up the levels and is progressing toward Grand Prix. “Feeling the connection through her back and to the contact brings me joy,” says Heather. “Ruby becomes very proud the more we work and loves praise for her efforts. It’s wonderful to see how much she enjoys the work—almost as much as she loves trail rides and gallops.”

Besides the pride Heather feels in training a horse up through the levels (especially considering the serious medical issue), an added bonus for Heather is Ruby met the Hanoverian inspection requirements this winter and is thinking about trying embryo transfer.

“I’m truly blessed to have this mare in my life,” says Heather. “It’s been wonderful to learn more about the Hanoverian breed through her. I bought a young horse a couple of years ago—also a Hanoverian. I’m loving the community this breed has created.”

Dawn Frazer, owner of Wind Phaerie HU (Wild Dance x Pikk Diva HU/Pik L), bred by Horses Unlimited, Inc., learned about the Competition Mare title when she was reading the 2023 issue of the AHS Awards Magazine. “I had already started to compete Willow (barn name) at Fourth Level, so I decided to get the final scores needed to qualify by the end of the 2023 show season,” says Dawn. “I always need a riding goal. I had already earned my USDF Silver Medal on my prior horse, so this came at a good time. Goals always make me push a little harder to develop both myself and my horse.”

Dawn bought Willow in 2019 before the start of COVID. “I had seen her advertised for several months and was intrigued, as she was 15.2h and I’m 5’ 2,” explains Dawn. “I’m located in Massachusetts, and she was in Florida. Due to her price and the distance, I did not immediately fly down for a test ride. When I did, I knew she was just the right size, and she felt like a sports car.”

Willow lives at a farm located behind Dawn’s house. “She is always happy to see me and eager to work,” says Dawn. “She’s very sweet and calm as we prepare for work, but

Heather Petersen schools Worthy Aspirations who earned her Competition Mare title this past awards year.

she can be a little distracted and overly observant of the surroundings under saddle. She will follow me anywhere with or without a lead—she just walks behind me through all things scary. She is particularly bothered by changes in footing. At shows

you will see us wandering over obstacles the day before in hopes that she learns all is safe. Sometimes this works, and sometimes you’ll see us stop at rubber mat near the ring’s entrance, and then she decides to get on with her job and jumps from a standstill to clear the mat. The extra adrenaline rush always makes for a super test.”

Even with her safety antenna up, Dawn said Willow is a worker bee and tries her hardest to learn and perform what is being asked. She said her goals are to progress to Grand Prix and earn her USDF Gold Medal: “She is making steady progress—the dream is still alive!” 🐾

FEI LEVEL

Ramora CF
*Royal Prince x
 Daniella/Davignon*

Owner and Breeder:
 Kimberly Kobryn-Callaway

It isn't often you have a breeder, owner and rider take a horse all the way up the levels to Grand Prix, but that's the case with Ramora CF and Kimberly Kobryn-Callaway.

And, there's more. While breeding and training her through every level in dressage, Kimberly also has planned for the future by doing embryo transfer with Ramora and has three of her foals for her future riding horses.

Kimberly says Ramora (aka Heart) is fun to ride and train because she's extremely light and sensitive to the aids. "She was not so easy as a young horse for these reasons, and also lacked confidence, but because I've been her only rider, we have a very definite language. I can think

something, and she'll do it," says Kimberly. "She has the best work ethic."

A successful producer (with plans for more embryo transfers), a successful performance horse (with the goal of riding in a CDI at Grand Prix) and a wonderful temperament (Heart loves going on trail rides), Kimberly sums up the bond between the two of them: "Heart has been a very generous horse to me in so many ways."

FEI AND USDF/USEF HORSES OF THE YEAR

The FEI and National Horse of the Year awards are sponsored by Leatherdale Farms. The FEI Horse of the Year is recognized for outstanding performances at international and national competitions. The National Horse of the Year is recognized for outstanding performance in National test.

NATIONAL LEVEL

Baileys H
*Benicio x
 Deniera/Dancier*

Owner: Holly and Jeffrey Taylor
 Breeder: ZG Harms

Holly Taylor has been riding and training Baileys H since he was three years old. She says he has a funny, opinionated and red-head personality, but "he tries as hard as he

can to understand what I want in the training."

Holly says she trusts Baileys H 100% when she rides him, and he's been reliable in every show location and test he's done—except one.

At one show he decided bucking and being playful in every test was the answer. "It took firm discussion mid-test to get him to recognize this was not acceptable behavior," said Holly. "Unfortunately

it happened during a regional championship ride!"

Holly also finds humor in his pre-show ritual of getting feisty in his stall just after he's braided, but before he's tacked up. "He bounces around, snorting and pawing," says Holly,

"but as soon as the tack goes on, he's all business."

Holly's future plans for Baileys is to "continue to develop this special horse up the levels as far as he wants to go, and I believe he'll go all the way."

GREENGATE FARM AWARD OPEN FEI

The **Greengate Award**, established in 2019 by Rachel and Warren Ehrlich of Greengate Farm, honors the breeder of an American-born horse that is a high-score winner at the US Dressage Finals at the National and FEI levels.

For the second year in a row, Lady in Red WS (ES Liberty Gold x EM Winessa/PB DeNiro) has earned this award for Jan and Gary Marquardt of Walkabout Station.

“We’re quite honored to be the recipients of the Greengate Farm, which honors the breeders of American-born horses,” said Jan. “Quite frankly, this award is equally shared with our partner and trainer, Heather McCarthy, who started, rides and trains Lady in Red.

“For us, the answer is to have a connection between the horses we breed and

the buyers,” says Jan. “We truly hope to be able to help buyers choose their next partner in sport so they too can be successful as they go up the levels. Breeders offer the first step in the lifelong equestrian journey. Gary and I love watching our foals become the athletes we dream of.”

Jan says Rachel and Warren Ehrlich deserve a huge thanks for initiating this award at the registry level. “As an American breeder, it’s so rewarding to receive this award because it highlights the growth that American breeders have put into their programs both from a mare

and stallion level,” says Jan. “As time goes by, we hope it will showcase the fact that Americans are breeding and developing some really nice horses for many disciplines. I hope others will recognize the treasures we have on this side of the pond.”

GREENGATE FARM AWARD ADULT AMATEUR USDF NATIONAL LEVEL

The **Greengate Award**, established in 2019 by Rachel and Warren Ehrlich of Greengate Farm, honors the breeder of an American-born horse that is a high-score winner at the US Dressage Finals at the National and FEI levels.

Roxy Lee HA was her dam EM Halleluja HA's seventh foal and third in-utero foal that Cheryl and Eric Johnson sold to Ruth Shirkey during their 20 years of Hanoverian breeding. Using Revolution for a sire, their plans were to produce a foal with a longer leg and an improved canter without losing the dam's high rideability, intelligence, elasticity, suppleness and superb walk and trot. Roxy Lee was one of the resulting foals.

"Roxy Lee represents a breeder's dream and represents the second generation of our breeding program," says Cheryl. "We imported Roxy's maternal granddam, EM Radunja by Rosentau/Weltmeyer from Germany, as our foundation

broodmare. We bred Radunja to His Highness to produce Roxy's dam, Halleluja, who represented seven direct generations of Elite/Premium Hanoverian mares who were champions of their Mare Performance Tests."

Cheryl has remained close to Ruth since 2010, when she purchased her first foal from them, EMC Wyleigh Princess (Weltmeyer x His Highness/Matcho). A USDF Gold Medalist, Ruth raised, trained and competed Wyleigh Princess through Grand Prix. "Ruth's commitment to her horses and the sport is unwavering," says Cheryl. "She has made the trek from California to Kentucky and Illinois to compete in the US Dressage Finals and Festival of Champions multiple times."

ROXY LEE HA

*Revolution x
Halleluja H.A./
His Highness*

Owner:
Ruth Shirkey

Breeder:
Cheryl and Eric Johnson

Roxy Lee headed from Michigan to California in early 2019 after weaning. "As our friendship has grown, Ruth and I speak weekly," says Cheryl. "Ruth often sends video links to me, so I can see Roxy's training and competition progress. I feel privileged to have access to this knowledge sharing. To date, Roxy and two of her half siblings, also out of Halleluja, have competed in the US Dressage Finals, resulting in top ten placements."

Cheryl and Eric decided to stop breeding in 2020 in preparation for their retirements. "We had to make decisions regarding our broodmares—including Roxy's dam, Halleluja," says Cheryl. "Because our intent was to never sell them, we decided to start them under saddle for my enjoyment. How lucky was I to have such beautiful and talented dressage talent in my own back yard! I enjoy riding her, her granddam Radunja (until her passing in 2022) and her aunt EM Havannah L."

Photo by Susan Stickle

GREENGATE FARM AWARD JUNIOR/YOUNG RIDER USDF NATIONAL LEVEL

The **Greengate Award**, established in 2019 by Rachel and Warren Ehrlich of Greengate Farm, honors the breeder of an American-born horse that is a high-score winner at the US Dressage Finals.

This award is bestowed posthumously to Otto Rudolf Fuchs who bred Lyon at Hilton Farm. For this reason, we interviewed the new owner and rider of Lyon.

Lyon had a rough few years before Lori Wolf found him. After his breeder, Otto Rudolf Fuchs of Hilton Farm, passed away, Lyon was sold twice, the second time for \$1 to live with donkeys in New Mexico. When Lori found him, he was very skittish and couldn't be ridden under saddle because he was 300 lbs. underweight. "My daughter, Autumn, worked with him for the past four years, and they have become a fabulous team,"

says Lori. "I'm sure Otto Fuchs, who also owned his sire, Liberty Gold, would be happy that Lyon received a second chance and a loving, young girl to train him."

"I've seen a complete change in personality and demeanor over the years," says Autumn. "He's also very friendly and cuddly, gives his all on a day-to-day basis, is confident and level-headed—which is a huge help at shows. He's also particularly fond of treats!"

Autumn's plans for Lyon include moving up the levels in dressage, earning her USDF Bronze medal and working on her first freestyle.

LYON

BALOUJOIE

*Bon Balou x
Wynita/Wonderland*

Owner:
Stephanie Hill

Breeder:
Chris and Tara Lambie

THE PREMONITION BHF TROPHY

The **Premonition BHF Perpetual Trophy** goes each year to the highest placing Hanoverian in the hunter division.

The award is named in honor of Premonition BHF (Pablo x SPS Galaxis/Ganymed), the inaugural winner of this award in 2017.

As an active breeding stallion and beloved companion to his owner, Stephanie Hill, Baloujoie is described as having that “it” factor in the hunter ring and everywhere they go. “As a show hunter, it’s really nice to ride a horse, stallion or otherwise, that everywhere I go, trainers and amateurs come up to me and volunteer that Baloujoie is, conformationally, the prettiest hunter they have ever seen. It’s exhilarating to ride and show a horse that everyone admires due to his looks,” says Stephanie. “In addition to having lovely hunter jumping form, I like that he’s a hack class winner. In my 50+ years of riding and showing, I have never had a more stunning horse to show in the hunter ring.”

This beautiful bay stallion was bred by Chris and Tara Lambie of Alberta, Canada. Stephanie’s husband, Tom, has been Baloujoie’s primary handler and trainer from his darling foal days to the accomplished stallion he is today. Tom’s training focus for Baloujoie was to “ensure Baloujoie was no different in handling than a mare or a gelding,” says Stephanie. “One thing Tom succeeded in was to train Baloujoie to trailer with mares. We have traveled cross country in our head-to-head, four-horse trailer with mares across the aisle, and Baloujoie acts like a gentleman”—a trait not often trusted in most breeding stallions.

At home, Baloujoie is called “Mr. B” to give credit to his quiet, laid back and happy daily temperament. As further testament to his registered name, Stephanie lovingly says, “Nothing bothers him. He has such a quiet, kind, willing nature, and is a joy to be around. Mr. B will do anything we ask, without hesitation or second thought. His first response is to please.” These traits certainly contribute to his success in the hunter ring, where he has taken home numerous wins in the 3’3” classes, as well as earning top-scoring Jumper Stallion at the 2018 East Coast North American Stallion Sport Test.

Stephanie plans to ride Baloujoie in the amateur hunter divisions and “enjoy the benefits of such a wonderful horse.” Stephanie further notes, “I’m very lucky he is quiet enough for an amateur to campaign”—another remarkable feature for a breeding stallion and his adoring owner!

DENMARK HTF

CHAMPION 4-YEAR-OLD

*Desperado x
Unicum-D/Negro*

Owner:
Hilltop Farm, Inc.

Breeder:
Hilltop Farm, Inc.

THE HILLTOP FARM, INC. YOUNG DRESSAGE HORSE AWARD

This award, sponsored by Hilltop Farm, celebrates the highest scoring Hanoverian or Rhineland young dressage horse competing in the USEF 4-year-old and the 5- and 6-year-old classes.

Denmark HTF, a 2019 Hanoverian stallion bred and owned by Hilltop Farm, Inc., had an excellent show season last year, culminating in earning the title of American Hanoverian Society (AHS) Champion in the USEF/FEI Young Horse divisions. As he was only 4 years old last year, Denmark's show season was kept deliberately light. He competed at only five competitions, yet still earned a median score of 8.1 in the 4-year old young horse tests, competed at the United States Equestrian Federation (USEF) Championships and secured an impressive fourth place in the United States Dressage Federation (USDF) year-end standings.

One of Denmark's most endearing qualities is his affable nature. Described as personable and kind, he has a penchant for morning naps, a trait that even horse shows cannot deter. Michael Bragdell, who has the privilege of training Denmark, praises the stallion's delightful temperament and aptitude for learning, stating, "Denmark is a lot of fun to train and rides very much like his half-brother Louisville. Denmark is very smart and wants to please. His canter is a highlight for me and really shows the capacity to sit and collect already."

As with most of Hilltop's stallions, Denmark is having to do double-duty, as he is also

an active breeding stallion. "Denmark has received a lot of interest from the breeders as well," says Brittany Callahan, Hilltop's Breeding Manager. "We're excited to welcome his first foals this spring including one of our own out of a For Romance/Qcredit mare."

Looking ahead to the 2024 season, Denmark and his team have ambitious goals in mind. He will again have a full breeding season and shows will be carefully chosen to minimize the impact on breeders. They aim to qualify once again for the US Young Horse National Championships, while also completing his stallion performance requirements, either through competition or participation in the North American Stallion Sport Test in the fall.

WATCH MAKER C

*Watermill Rolex x
Lilly Marleen/Linton*

Owner:
Avery Grantham

Breeder:
Laurie Cameron

THE BROOKLEA FARM AWARD

This award recognizes the Overall Eventing Horse of the Year. The champion from each of the seven eventing levels—beginner novice through advanced—is assigned a percentage factor that reflects the increasing difficulty of the levels. The horse with the most points, after the difficulty factor has been added, is named the winner.

Watch Maker C (aka Rolex) is the perfect combination of high spirits and hard working. “He’s such a joy to work with every day,” says owner/rider Avery Grantham. “He can be quite exuberant in the barn, but he’s always ready to work.”

Since moving him to their home barn, Rolex has been more of a handful, but that all goes away as soon as Avery sits in the saddle. He enjoys work.

He’s also the perfect combination for eventing. “Rolex is quite the ride!” reports Avery. “He’s a forward ride, which is what I prefer. He loves to jump and never says no to a jump. Cross country is definitely our favorite phase.”

He is a super quick learner and corrects himself well. Whenever a mistake is made, the pair works well together to figure it out.

Avery said she has not shown in about a half a year because

Rolex sustained a small injury that pushed their show schedule back, but she’s hoping to ride in a 1* before the end of the year.

“I could not have had the opportunities I have without Rolex, my parents and my trainers! I hope to take Rolex to college with me when I figure out where I am going to attend. My plan is to join the collegiate eventing team and hope to compete in the Intercollegiate Eventing Championships.”

CONTEROS BY CONTENDER

His huge scope, fantastic rideability and excellent conformation make Conteros a very complete stallion who can improve jumper breeding across the board. With his impressive stature and exceptional front end, Conteros is especially suited for improving the conformation of jumper or hunter type mares while passing on his talent for the top-levels of the sport.

FIND US ON

Conteros has outstanding bone, type, an elegant head, and a true gentleman's character. A beautiful jump and dreamy gaits seem to be standard fare for his offspring. We are excited to offer this top quality Hanoverian stallion to North American breeders so that his legacy may continue to live on. Horses like this come along but once in a lifetime. Top quality fresh and frozen semen available with excellent fertility and conception rates.

Thank You STALLION OWNERS!

To show our support and appreciation to our stallion owners and their generosity to donate year after year to the AHS Stallion Service Auction, all stallion owners who donate to the 2025 Stallion Service Auction will receive a 10% CREDIT of the final bid price for your stallion applied to your account. If you donated more than one stallion, your account will be credited 10% of the final bid price *for each stallion*.

The credit is not retroactive and cannot be applied to a previous purchase. The credit will be applied to a transaction made *after* the close of the 2025 Stallion Service Auction. Applicable transaction examples include mare inspection fees, foal registration, horse recording, transfer of ownership, membership and/or purchase of a web banner ad. Credits cannot be cashed out. Any credits not used in a calendar year will be carried over to the next year.

THE ENGLER-FRIEDLANDER MEMORIAL TROPHY

Photo by Christiane Noelting

FUERSTIN FREYA N

8.32

*Fuerstin-Look x
Signorina H/Sandreo*

Owner:
Annetta Coleman

Breeder:
Annetta Coleman

The **Engler-Friedlander Memorial Trophy** recognizes the Hanoverian mare that achieves the highest mare performance test score during the annual inspections. Sponsored by John and Tracy Weyl, the trophy honors the former Society President, Herman Frielander, and long-time board member, Dr. Reto Engler.

After a few injuries and the sale of her last horse, Lisa O'Hara wasn't sure what her riding future would be. She had been battling fear issues from recent falls and knew she had to find a safe and sane partner, if she were to continue a riding career.

When Lisa met Fuerstin Freya N (Fuerstin-Look x Signorina H/Sandreo), she immediately knew she had a connection. What was to be seen was how well Freya met the requirements of "safe" and "sane." Freya proved to be all that and more.

Bred by Lisa's trainer, Christiane Noelting of Christiane Noelting Dressage Center (CNDC) in Vacaville, California, Freya was primarily trained by Christiane's working student, Carla Schulz. Lisa joined CNDC in the summer of 2022, but didn't ride much because her fear and ambiguity around her future in the saddle overwhelmed her.

Lisa purchased Freya in 2023, after Carla had already qualified her for regional championships at First Level. "This was a great way to see how Freya would behave at an away show," says Lisa. "She was a superstar, so I knew I had the horse for me."

At six years old, Freya is the youngest horse Lisa has ever ridden, yet Freya continues to impress with her wonderful brain and temperament. Lisa is hoping to do some showing herself with Freya this year.

THE DR. HARTWIG MEMORIAL TROPHY

Photo by Aly Rattazzi Jones

FRANZISKA HVH

15.37

*Franziskus x
Rebellienne HVH/
Rotspon*

Owner:
Annetta Coleman

Breeder:
Annetta Coleman

The **Dr. Hartwig Memorial Trophy** recognizes the North American-bred 3- or 4-year-old mare that has the best combined scores from her studbook Inspection and her Mare Performance Test.

Franziska HVH hails from a long line of impressively bred Hanoverians. As a third-generation offspring of the High Valley Hanoverians breeding program, Franziska recently completed the final of three requirements to formally become a fifth generation Hanoverian Premium Mare in her line with the successful delivery of her first foal this year by Kjento.

Franziska's owner and breeder, Annetta Coleman, explains this special mare's lineage: "Franziska was bred for dressage. Her sire, Franziskus, was a Bundeschampionate winner in his early career and has achieved numerous CDI*4 Grand Prix placings with renowned Olympic rider, Ingrid Klimke, and is under consideration for the German team for the Paris Olympics. Her dam, HPM Rebellienne HVH, was USEF Young Horse Dressage Champion at age four and USDFBC HOY Materiale at age three." Adding to the strength of her ancestry, Franziska's aunt, Radiance HVH, was also a Dr. Walter Hartwig Memorial Trophy winner in 2010.

"Franziska is a wonderful blend of her dressage parents, demonstrating quality gaits, presence and exceptional character," remarks Annetta.

Franziska is blazing her path to future stardom. In addition to winning the Dr. Hartwig Memorial Trophy, Franziska began her performance career showing in the USDF three-year-old materiale classes, where she placed fourth in the national USDFBC Horse of the Year under High Valley's trainer, Olivia Torres.

"Franziska is a beautiful, talented mare with a very personable, loving temperament," says Annetta. "She was a happy filly growing up, is very focused while at work, composed in the show ring, super happy in her group paddock and easily one of our barn's favorites." Annetta says Franziska will return to her performance career after weaning her 2024 foal, and will continue to produce Hanoverian offspring via embryo transfer.

THE BARI VON BUEDINGEN MEMORIAL TROPHY

BELLE DE RUBIN AVF

7.83 - TIE

*Bon Coeur x
Ravenrubin-Rubinstein I*

Owner: Nancy Cross

Breeder:
Dr. Anke Ott-Young

The **Bari von Buedingen Memorial Trophy**, first awarded in 1994, is given to the highest scoring Hanoverian mare at an inspection. The trophy is awarded in memory of noted breeder, Bari von Buedingen, who with her husband, Dr. Richard von Buedingen, developed their top broodmare band at Graf Bae Farm.

“The third time is the charm,” says owner Nancy Cross of her mare, Belle De Rubin AVF (Bon Coeur x Ravenrubin-Rubinstein I). Nancy had looked at two other mares, but when she saw Belle, she “stole my heart.”

Nancy got Belle in September 2023 from breeder, Anke Ott-Young. “I’m grateful to Anke for breeding such a lovely mare,” says Nancy. “Belle’s dam, Ravenrubin, is one of the few remaining Rubenstein I mares alive. I feel very lucky to have that blood so close in my filly’s pedigree.”

Nancy says Belle is a joy to spend time with every day. “I sometimes try to hide my car at the barn because she wants to come in as soon as she sees me!”

As far as future plans, Nancy said she’s taking it slowly with Belle, which she feels will pay off in the future. “She has a very unique, relaxed and dignified air about her. She’s extremely confident in herself—she’s bold, kind, curious and very smart.” Nancy believes these qualities will be advantageous for a dressage career, and she looks forward to the journey. “Belle’s everything I could hope for and more.”

THE BARI VON BUEDINGEN MEMORIAL TROPHY

JHUNO

7.83 - TIE

*Jovian x
Santana/Sandro Hit*

Owner:
Maurine Swanson

Breeder:
Frieder Heilmann

The **Bari von Buedingen Memorial Trophy**, first awarded in 1994, is given to the highest scoring Hanoverian mare at an inspection. The trophy is awarded in memory of noted breeder, Bari von Buedingen, who with her husband, Dr. Richard von Buedingen, developed their top broodmare band at Graf Bae Farm.

Maurine Swanson had really wanted a filly by Jovian—who had impressed her in the young horse classes and now in the Grand Prix ring, but her efforts didn't result in a pregnancy. So, Mo did the next best thing: she bought a Jovian filly in Germany.

As a foal, Jhuno (Jovian-Sanatana/Sandro Hit) was tall, elegant and “just lifted herself off the ground from the very first steps,” says Mo. “We had to wait for that balance to return, while she went through the awkward growth phases. She finally stopped growing at 17.3 hands. Fortunately, she's not wide, so she's perfectly proportioned for a woman rider.”

Jhuno is named after the Roman goddess of marriage. (Adding the “h” as the second letter is a tradition for Mo's breeding program going back to 1996.) Jhuno is sweet, polite in her space and enjoys interacting with her

humans. Mo says Jhuno was easy to start under saddle and that her “canter is especially lovely.”

Mo says after breeding warmbloods for 45 years, she and her husband are heading into retirement, so Jhuno is for sale. If it wasn't for that, Mo would put Jhuno in her breeding program because of her gaits, high rideability and pedigree with four generations of states premium mares.

THE BENCHMARK FARM PERPETUAL TROPHY

GRAFITE N LACE

9.0

*Graf Top I x
Samantha S/Sir Caletto*

Owner:
Megan Paget-Brown

Breeder:
Tammy Burgard

The **Benchmark Farm Award** recognizes a mare's exceptional jumping ability during the Mare Performance Test.

This mare was born to jump! Grafite N Lace ("Lacey") is bred and designed for athletic ability over fences. "She's green, but always keen to the jumps," says owner, Megan Paget-Brown. "She's very focused and confident, travels well and settles right in, even in chaotic schooling arenas."

Carefully managed and developed, Lacey exhibits relaxation and sensibility, attributes that will surely support her future development as a performance horse. Under saddle, Lacey is described as "light and sporty." Megan says, "Combined with her scope and confidence, she really gives you a great feeling at the jumps. She is also fantastic out on the trails!" She's also an excellent dam, having produced two foals: a filly by Casquino in 2022 and a colt by Dominator 2000Z in 2023.

This year, Lacey is back in work and preparing to compete. Megan's goals for Lacey include the 1.45m courses. After giving Lacey ample time to mature physically, including her two-year stint as a broodmare, Megan looks forward to enjoying a long competition career with Lacey in the show

ring. "Lacey is a really sweet mare and pleasant to be around," says Megan. "She's a ready companion and game for her work."

INSPECTION TOUR SPONSOR BUCKEYE NUTRITION TOP INSPECTION MARES OF 2023

RANKED BY SCORE

During the summer and fall of 2023, the Society conducted one of its largest inspection tours ever at more than 59 public and private inspection sites across the United States. This year, 155 mares were inspected, with 123 mares entering the Hanoverian and Rhineland Main Studbooks and 13 into the Hanoverian Studbook. Additionally, 11 mares joined the Rhineland Main Studbook, and eight mares joined the Rhineland Studbook.

These are the top inspection mares of 2023, ranked by score.

STUDBOOK UPGRADE BASED ON PERFORMANCE

For upgrade from the Studbook to the Main Studbook, Studbook mares must successfully complete their Performance Requirements. As a basis for upgrading a mare to a higher studbook or granting the title of Hanoverian Premium Mare, the following performance alternatives apply: 1) a mare performance test, or 2) performance in sport.

In 2023, Beau`s Emergence was the sole mare who achieved through performance an upgrade from Studbook to Main Studbook.

HANOVERIAN AND RHINELAND PREMIUM ELIGIBLE MARES

LISTED ALPHABETICALLY

The Premium Mare Program identifies the best Hanoverian, Rhineland and non-Hanoverian/non-Rhineland mares for their respective studbooks.

In 2023, the following 32 Hanoverian, three Rhineland and 32 non-Hanoverian/non-Rhineland mares met the pedigree requirements and scored 7.0 or better upon inspection, thereby becoming Hanoverian, Rhineland or non-Hanoverian/non-Rhineland Premium Eligible Mares.

HANOVERIAN AND RHINELAND PREMIUM MARE CANDIDATES

RANKED BY SCORE

The Mare Performance Test (MPT) assesses the rideability of mares and whether their talent lies in jumping or dressage.

The results provide key evidence for informed breeding decisions. Mares who achieve a MPT score of 7.0 or better or meet the sports requirements earn the Premium Mare Candidate status. In 2023, a total of 46 mares participated in the MPT with 31 earning Hanoverian Premium Mare Candidate (HPMC), Rhineland Premium Mare Candidate (RPMC) or non-Hanoverian/non-Rhineland (PMC) status. An additional two mares earned Premium Mare Candidate status through sport results in 2023.

2023 HANOVERIAN AND RHINELAND PREMIUM MARES

LISTED ALPHABETICALLY

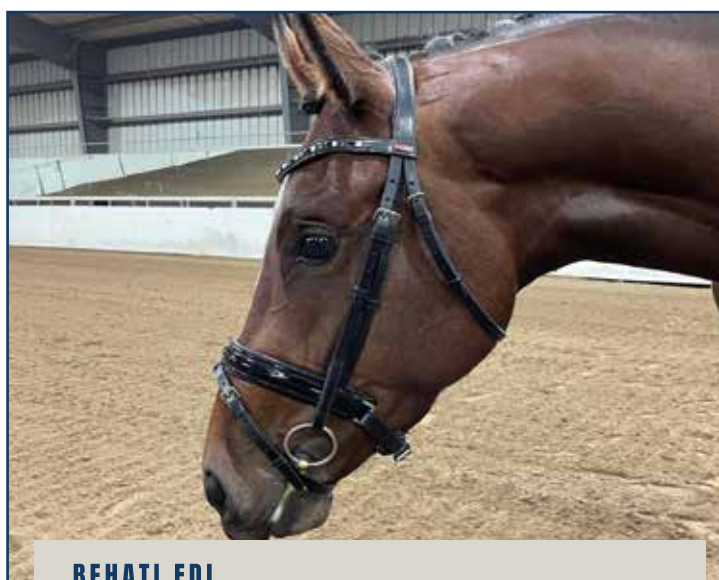

The final requirement for Hanoverian, Rhineland or non-Hanoverian/non-Rhineland Premium Mare status is the production of a Hanoverian, Rhineland or non-Hanoverian/non-Rhineland registered foal.

This group of 28 previously inspected mares fulfilled the Mare Performance Test or sport requirements and have produced their first registered foal.

NEW COMPETITION MARES

LISTED ALPHABETICALLY

The Competition Mare (CM) title requires significant achievements in sport. The title is awarded to some of the top-performing Hanoverian or Rhineland mares in dressage, show jumping, three-day eventing or hunters.

Full requirements for each discipline are listed on Hanoverian.org. In 2023, five Hanoverian mares achieved the necessary sport requirements to earn their Competition Mare title.

NEW JUMPER BREEDING PROGRAM MARES

LISTED ALPHABETICALLY

Mares that meet one or more of the Jumper Breeding Program (JBP) criteria—outlined on the Society’s website at Hanoverian.org—will be selected for the program and the JBP logo will appear on registered foals papers.

This elite group of mares fulfilled the requirements in 2023 and are welcomed into the Jumper Breeding Program.

BRIDGING THE GAP BETWEEN THE NORTH AMERICA AND EUROPEAN BREEDING MARKETS

DANNEBROG

Don Schufro/Donnerhall/Brentano II

Hanoverian, 16.1-1/2 hh,

VhW, AHS, ARS, GOV, KWPN-NA

Congratulations to Nat and Lynn Masin and Denali SDSF (Dannebrog/Rascalino/DeLaurentis). Denali SDSF won the 2023 USDF Traveling Trot Trophy, recognizing the highest median score of all Dressage Sport Horse Breeding champions with her score of 84.400%.

Dannebrog is ranked #2 in the 2023 USEF Leading Sires for Dressage Breeding.

Pangaea's newest stallion:

BLUE HORS FLORENT

Floriscout/Desperados FRH/Lantham

Hanoverian, 17.1-3/4 hh,

WFFS N/N • Black

*Thank you for a successful season for Florent in 2023.
We are very excited to see his first U.S. foal crop in 2024!*

Florent was Reserve Champion stallion of his 50-Day Test in Adelheidsdorf, where he achieved very good grades, especially for rideability and willingness to perform, canter and overall impression. Florent's 8.5 for jumping makes him a good option for adding jump to your dressage horse! He is a stallion who continues to develop and excel with plenty of potential for the future.

VILANCIO (Vitalis/Vivaldi/Lancel)

Oldenburg, 16.3 hh, GOV, VhW, AHS, ARS, KWPN-NA

Pangaea congratulates Bonnie Canter and Vitali (Vilancio/Jazz Time)

2023 USDF 4th Level Champion and

2023 USDF PSG Level Reserve Champions!

FEINRICH (Fürst Heinrich/Hlorestan I/Sir Donnerhall I)

Oldenburg, 17 hh, VhW, AHS, ARS, HV, GOV, Westfalen

We salute Fidelis QC (Feinrich/Scolari) bred by Quinten Alston of Quantico Sporthorses for winning a 2023 Born in the USA award and was crowned the 2023 Dressage at Devon Foal Champion.

Dannebrog, Feinrich, Florent and Vilancio are all proven producers of the highest quality dressage sport horses. Each excelled in their individual stallion testings not only in quality of gait, but in temperament, rideability and trainability, which they pass to their offspring. Read about our stallions' successful offspring on Facebook at Pangaea Farm Stallions' Offspring.
