SERUPGÅRDS CÉZANNE

TORVESLETTENS SYLVESTER - BLUE HORS ROMANOV - IDOCUS

2023 NASST DRESSAGE CHAMPION

CÉZANNE took top honors at the 2023 NORTH AMERICAN SPORT STALLION TEST with an 8.76, the highest score of all stallions, jumpers and dressage, in North America.

TROT: 9.0

CANTER: 8.5

WALK: 8.5

RIDABILITY: 9.0

OVERALL IMPRESSION: 8.5

CÉZANNE will be competing in the FEI 5-Year-Olds during the 2024 competition season.

- 4th Place Finish, Developing Four Year Old at 2023 USEF US Dressage Festival of Champions
- High score of the day with an 88.8 on day one of USEF US Dressage Festival of Champions
- 1st Place in 2023 CDS 4 Year Old Dressage Futurity with a score of 78.4
- High Point at 2023 CNDC Dressage Derby II with a score of 79.8
- High Point at 2023 Star Vaughan Dressage with a score of 78.9
- Consistently scoring high 70's in 2023 USDF competitions

HAPPY NEW YEAR!

I'm sure many of you, like me, enjoy spending the winter months researching stallions and carefully planning matches for the upcoming breeding season. This Stallion Directory is a vital tool for that research as it features all the current, activated stallions for our Hanoverian and Rhineland studbooks. That "activated" status is an important distinction for mare owners to consider because it means direct cost savings to you, the breeder, when you register your foals with the Society.

Note: we do get late activations/ new additions every year after this book is published. Those stallions are posted in our online Stallion Directory as they are added throughout the year.

The stallions in this directory are all licensed (still completing performance requirements) or fully approved as well. You can easily determine if a stallion is approved Rhineland only or both Hanoverian and Rhineland by the logos appearing next to their name in this Directory. In a world with so many stallion options for your breeding choices, you can have confidence that these stallions have been evaluated in-person by approved judging panels, have completed specific x-ray and health testing requirements, and meet all the pedigree and performance requirements for the Hanoverian and/or Rhineland registries.

The owners/managers of the stallions in this Directory are also active, supportive members of our Society. Many have graciously donated a breeding to their stallion(s) for our annual Stallion Service Auction, which is one of the largest fundraisers for

the Society. In 2024 this online auction, running from January 21 to February 10, offers a chance for mare owners to secure the stallion of their dreams and help support the Society in the process. You'll see a notation on each stallion's page that is a SSA participating stallion to assist in your planning.

Over the past year, the Hanoverian and Rhineland breeding rules have seen some significant changes that empower our mare owners with even more options for breeding selection. With those changes though can come confusion on registration options for resulting foals. If you are interested in using an "outside" stallion, or just have questions about the new rules, we encourage you to reach out to our Registrar PRIOR to finalizing your breeding plans.

A special thank you is owed to our amazing Editorial Committee who have put together this beautiful directory, along with our director, Janice Thompson. Hundreds of hours of work go into putting this book together each year, and that dedication and pride I feel is well-reflected in this finished result. The Society continues to be powered by the volunteer members such as Nat, Jan and Caryn who continue to donate so much of their time to this organization. Thank you!

This coming year is going to be an exciting one—there are a lot of wonderful things we will be sharing with you in the coming months. In the meantime, we wish you a great foaling season filled with healthy foals that represent the next link in the long line of success for Hanoverian and Rhineland horses around the world.

American Hanoverian Society

PRESTIGE

THE AMERICAN HANOVERIAN SOCIETY

An Overview

The American Hanoverian Society, Inc. (the Society) was incorporated in 1978 to establish, maintain and operate a nonprofit association of breeders, owners and friends for the promotion and preservation of the Hanoverian horse in the United States. It was established to maintain a public registry of Hanoverian horses, and today recognizes excellence of Hanoverian and Rhineland horses in competition, brands approved stallions, mares and foals with the society's registered brand and disseminates information to breeders, owners and friends about the breeding and raising of Hanoverian and Rhineland horses. The Society promotes the performance of the Hanoverian horse in dressage, eventing, hunters, jumpers and driving to encourage a public understanding of the Hanoverian horse, its breeding and performance.

Although it is connected to the German Hannoveraner Verband (HV), the Society is an American-based, independent, nonprofit corporation. Headquartered in Lexington, KY, at the Kentucky Horse Park, the Society office employs a full-time, experienced staff dedicated to supporting the membership. It's governed by a Board of Directors, elected by its U.S. membership and operates under bylaws voted upon by the membership. This self-governance is unique to European-affiliated registries.

The Society enjoys a strong bond and mutually beneficial working relationship with the HV, including full studbook reciprocity. The Verband endorses the Society bylaws, breeding rules and the manner in which the Society conducts bloodstock inspections. The Society has representation and a vote on the Verband Board through our membership in

Hannoveraner International. In 2017, The American Hanoverian Society took over the management of the American Rhineland Studbook.

The Society now manages two independent and distinct warmblood breeding registries in the U.S.: the Hanoverian Studbook and the Rhineland Studbook. Both are well-respected warmblood breeding registries with their origins in Germany. Both follow typical warmblood protocols, including mare inspections, stallion licensing and approval, and foal registration.

The two studbooks differ in one key philosophical aspect: the Hanoverian Studbook tends to be more restrictive toward acceptance of outside (non-Hanoverian) breeding stock, while the Rhineland Studbook tends to be more open toward acceptance of outside (non-Rhineland) breeding stock.

In practice, this plays out as follows. The **Hanoverian Studbook** accepts breeding stock from fewer warmblood breeding registries than the Rhineland Studbook.

The Hanoverian Studbook only recognizes Thoroughbred, Arabian and Anglo-Arabian as purebred breeding stock. When grading breeding stock from these outside populations, only the best of such outside populations are accepted. In simple terms, a mare from an outside population can only enter the Hanoverian Studbook breeding program if she receives an inspection score equivalent to the Premium-Titled Hanoverian mare requirements.

In effect, the Hanoverian Studbook has a built-in preference

for its own breeding stock with a willingness to accept only the best from outside breeding populations.

The **Rhineland Studbook** generally accepts breeding stock from the majority of registries that are members of the World Breeding Federation for Sport Horses (WBFSH). In addition to Thoroughbred, Arabian and Anglo-Arabian horses, the Rhineland Studbook also accepts registered Pura Raza Española (PRE)/Lusitano horses as well as most warmblood registries. Breeding stock from outside populations are graded on equal footing as Rhineland horses for purposes of entry into the Rhineland Studbook. This open philosophy with regard to outside populations is generally the philosophy employed by the majority of other warmblood registries. One other key difference between the two studbooks is the Rhineland Studbook accepts colorful horses, namely, dilutes and pintos.

The diverse philosophies of these two studbooks, under the common management and administration of the Society, provides significant flexibility to our breeders. One membership provides access to two distinct and diverse studbooks with shared inspection tours, familiar customer service and experienced management. Breeders wishing to utilize bloodlines and/or breeding populations restricted from the Hanoverian Studbook can seamlessly utilize the Rhineland Studbook without having to leave the Society or incur additional inspection costs.

MISSION STATEMENT

The Society is committed to adoption and adherence to the highly selective breeding

standards practiced since 1735 in the Hannover breeding area of Germany. The aim is a noble, correctly built warmblood horse capable of superior performance, with natural impulsion, space-gaining elastic movements and, because of its temperament, character and willingness, is suited as an all-around riding horse.

MEMBERSHIP

The Society offers four types of membership:

- **Active Membership**

Required for members participating in the Society breeding program (registering a foal, presenting horses for inspection and/or performance testing or standing a stallion). Active members are eligible for awards, may hold office, serve on committees and vote. All Active Members receive complimentary copies of the Society's *Annual Stallion Directory and Awards Magazine*.

- **Associate Membership**

Recommended for those primarily interested in showing (not breeding) their Hanoverian or Rhineland horses. Associate members are eligible for AHS awards, participate in membership meetings and serve on committees. Associate-level members may not hold office or vote. Associate-level members receive a complimentary edition of the annual Awards Magazine.

- **Junior Membership**

Junior/Young Breeders membership is for those who are under the age of 25, at time of payment. Junior/Young Breeders members are eligible for AHS awards, but may not hold office, serve on a committees or vote. A Junior/Young Breeders membership expires at the end of the calendar year in which the member reaches the age of 25.

- **Life Membership**

Life members have full benefits as listed under the Active membership category. A Lifetime membership may not be an entity and nor be shared between individuals.

MEMBER BENEFITS

Society member benefits are numerous and can be found on the website at hanoverian.org.

A few of the most notable include:

- An annual inspection tour offering sites nationwide that include mare and foal inspections, mare performance tests, stallion licensing, education, futurities and an opportunity to meet fellow breeders. Both American and German judges conduct the inspections, giving perspectives and advice to all in attendance.
- The awards program is one of the most comprehensive offered to sport horse breeders and competitors in the U.S. The Society offers competition awards in dressage, jumpers, hunters and eventing, as well as awards for top mares at inspections, top foals at inspections, gold medal foals and futurity awards for yearling and 2-year-old horses.
- All members are eligible for our new Member Discount Program that offers unique cost-savings from a special collection of partner companies.
- Monthly registry and industry updates are emailed to members via "Hanoverian Happenings."
- An active Young Breeders' Program encourages the next generation of breeders.
- An annual membership meeting allows current members to participate and engage with the Board of Directors and provides educational opportunities.

- Both the Hanoverian Studbook and Rhineland Studbook are managed under one membership and one centralized office, allowing a wide range of breeding options and single inspection sites for both studbooks.

- Website advertising options including banner ads and free ads for selling a horse. For details, please visit: hanoverian.org/adverts.

- An online library of webinars covering educational topics such as feeding performance horses, bit fitting, inspection preparation, equine genetics and inheritable diseases. 

**2023 REGISTRY

JUMPER BREEDING

PROGRAM

Promoting the breeding of high-quality Hanoverian and Rhineland show jumping horses in North America

In 2005, the Society established the **NORTH AMERICAN JUMPER BREEDING PROGRAM (JBP)**, which is based in part on the successful experience of the Programm Hannoveraner Springpferdezucht (PHS) established in 1993 in Germany. A cooperative effort between the Society and the two regional Hanoverian breeding clubs in Canada, the Jumper Breeding Program promotes the breeding of high-quality Hanoverian and Rhineland show jumping horses in North America. To be selected for the program, mares and stallions must have both an appropriate jumping pedigree and demonstrated jumping ability or offspring with demonstrated jumping ability.

STALLION CRITERIA

The criteria, used by the PHS for selecting stallions, was adopted for the North American Program. In addition to having an appropriate jumping pedigree, a stallion must meet one or more of the following criteria:

- A jumping index of at least 125 in the Stallion Performance Test
- A jumping score of 8.5 or higher in the Stallion Performance Test
- A successful competition record, such as USEF placings in show jumping at 1.40m or above (five times in first to third place) or Equine Canada equivalent, participation in international levels of competition, or qualification for the World Breeding Championships for Young Jumpers or the Bundeschampionat in Germany
- Offspring with successful competition records at the USEF 1.40m or above or CEF equivalent
- A jumping breeding value of at least 120

Because competition records are not readily available in the U.S., the committee relies primarily on stallion

performance tests and breeding values for acceptance into the JBP. The committee encourages owners of stallions not otherwise included to provide the committee with the competition records of their stallion or his offspring. These records will be evaluated and, if sufficient, may permit the inclusion of the stallion in the program. In addition to the stallions already selected for the PHS, the current list of activated North American stallions selected for the program have the appropriate JBP logo on their individual directory page and is listed on the Society website.

MARE CRITERIA

The JBP committee has also adopted similar criteria used by the PHS for selecting mares for the program. Mares must have an appropriate jumping pedigree and meet one or more of the following criteria:

- An overall jumping score of at least 8.0 in the Mare Performance Test (MPT)
- A breed value index of at least 125
- A successful competition record in USEF show jumping at 1.35m or above or the Equine Canada equivalent (five times in first to third place), qualification for World Breeding Championships for Young Jumpers or Bundeschampionat in Germany
- A mare that has two offspring with acceptable registration papers from a member organization of the World Breeding Federation for Sport Horses and successful competition records; one with USEF placings first to fifth at 1.35m or above (or Equine Canada equivalent), and one with at least one USEF placing first to fifth at 1.40m or above (or Equine Canada equivalent)
- A mare that has close relatives (full or half siblings from the same dam with successful show jumping competition records, as noted above)

HPMC Fabienne QC (Franziskus x Royal Celeste FH/ Royal Classic) owned and bred by Jonathan Clark and Quinten Alston.
Photo by Tara Jelenic Photography

Because the committee does not have access to competition records of many of these mares or their offspring, the committee may rely upon MPT data and competition records previously submitted to the Society office. The committee recognizes that there may be mares not currently on the JBP list that have successful competition records, offspring with competition records, or other factors that have been overlooked or not considered. Owners of mares not otherwise included in the current list are encouraged to provide the committee with the appropriate additional information so the mare may be considered for the program.

APPROPRIATE JUMPING PEDIGREE

The following guidelines are generally considered to be an appropriate jumping pedigree. To some extent, these guidelines may be applied more strictly to stallions than mares. First, the sire of the horse in question must be a jumping sire, preferably meeting the requirements as set forth for the stallions elected for the program. Next, the sire of the dam and the sire of the granddam should either be both jumping sires, or at a minimum, one of the two should be a jumping sire, also preferably meeting the JBP requirements as set forth for stallion qualifications. Recognizing that some sires are multi-talented which makes for many variables, the committee will consider every application very carefully.

To further encourage participation of jumper mares in the breeding program, the inspection scoring system allows for an alternative requirement whereby a mare that meets the other requirements for Hanoverian or Rhineland Premium Mare eligibility but does not score an overall 7.0 on inspection (42 points) or an outside mare that does not obtain the necessary overall 7.0 or better for entry into the studbooks may have her free jumping score added to the overall inspection score and the resulting total divided by 7 (instead of 6). If this new total is 7.0 or better, that result would count towards Hanoverian or Rhineland Premium Mare eligibility (in the case of eligible mares) or Main Studbook acceptance (in the case of outside mares).

MARE BREEDING

The decision to breed your mare and raise a foal is one of the most exciting and challenging choices an owner will make.

Aurelia N (Ampere x Laliq N/Liberty Gold) with owner/breeder Christiane Noelting and Fuerstin Freya N. Photo by Tamara with the Camera

Sebastiana HHV (Supremat x Euphoria HHV/Escudo II), owner Charlotte Bohn, breeder Renee Bambach. Photo by Farm Fresh Photography

STALLION STATUS VERIFICATION

The mare owner is responsible for verifying that a stallion is approved and activated for Hanoverian and/or Rhineland breeding. Approved and activated stallions can be found in the annual *Stallion Directory* or on the Society's website. Other approved stallions can be found in the annual *German Jarbuch Hengst* or the Verband's website. Mare owners can inquire about other stallions not listed in the resources referenced above.

It's important to carefully follow the Society's established guidelines to ensure the resulting foal is eligible for registration with the Society.

1B STALLIONS

Stallions deemed to have world-class performance or sired offspring with world-class performance careers may be approved for breeding on request without inspection/licensing provided such stallions:

- have an acceptable pedigree (as determined by the Society and/or the Verband), and
- are already licensed by a warmblood registry whose breeding program is approved by the Society and/or the Verband.

A stallion shall be deemed to have world-class performance if he appears in the year-end rankings of the World Breeding Federation for Sport Horses (WBFSH):

- top 100 show jumping stallions,
- top 50 dressage stallions, or
- top 25 eventing stallions

Stallions meeting all of these criteria shall be deemed approved for breeding upon approval from the Society and the Verband.

Upon payment of a 1b sire fee, offspring by such stallions, and out of mares approved by the Society and the Verband, shall be eligible for registration, provided all other requirements are met.

Breeders will be more competitive in the marketplace making use of excellent stallions from other breeds proven either through their own performance, as based upon WBFSH rankings, or top-class progeny results, again based upon WBFSH year-end rankings.

TRANSFER

The Society recognizes embryo transfer and allows an unlimited number of foal registrations per donor mare, provided both the sire and dam are inspected and entered in the Hanoverian Studbook or Rhineland Studbook.

QUESTIONS?

If you have any questions about a proposed breeding, please contact the Society online at hanoverian.org or by calling the office at (859) 255-4141. 🐾

STALLION LICENSING AND APPROVAL

The American Hanoverian and Rhineland studbooks are open to Hanoverian and Rhineland registered stallions, and stallions from other warmblood registries, as well as Thoroughbred and Arabian stallions. The first step in determining eligibility is to have the stallion's pedigree verified by the AHS Registrar. To be eligible for the Hanoverian Studbook, a stallion must have six generations of approved breeding; the Rhineland Studbook requires stallions to have a minimum of four generations of approved breeding. All stallions to be approved for breeding must also pass a standardized veterinary exam.

The next step for stallions is generally the licensing, which is done at age 3 or older. At a licensing, stallions are evaluated on their conformation, type, movement, rideability and, in the case of jumping stallions, their free-jumping technique and aptitude. Hanoverian- and Rhineland-registered stallions must score an overall 7.0 with no subscore lower than 5.0. Stallions from outside populations must score an overall 7.5 for Hanoverian licensing or a 7.0 overall for Rhineland licensing.

The final step in the approval process is then meeting specific performance requirements. Several avenues are available to complete the performance requirements. The following chart serves as an overview of the most common routes. Hybrid options are available for different combinations of Sport Test, as well as participation in the German or US National Championships for Young Dressage Horses. The AHS Registrar can help stallion owners navigate through the timing and different options available to them to fulfill their stallions' sport requirements to gain lifetime approval.

STALLION TEST FORMATS IN EUROPE

The older 70-Day and 100-Day testing formats were designed for 3-year-old stallions (although older stallions could participate). The stallions arrived at the testing stations with often widely varying degrees of training and preparation. An appointed Training Director and his staff managed all care, training and riding of the stallions during the testing process. The longer time period with stallions and the unified care and training systems during that time allowed for a scoring system that included evaluations on qualities such as character and temperament in addition to gaits, jumping ability (free jumping and under saddle) and evaluation cross-country.

With the ongoing move towards sport performance and breeding specialization, as well as the costs and logistics for

running these lengthy tests, this system is no longer utilized.

The 50-Day Stallion Test still offered in Germany is most like the prior testing system. Stallions are still trained and cared for by the Stallion Testing Training Director and staff, but unlike the prior system, they are choosing to specialize in one specific discipline. Note: Other similar stallion tests (35 to 70 days) offered in other European countries such as Holland and Denmark and are accepted by the Hanoverian/Rhineland Verband in Germany as completion for sport requirements. These longer format tests only need to be completed once.

The most popular stallion testing format in Germany is the short format tests. At 3 years old, stallions complete a 14-Day Suitability Test that has a Training Director and staff for all the stallions that evaluates basic gaits and free

jumping. Stallions are then required to attend two 3-Day Sport Tests over the next two years to earn lifetime approval.

NORTH AMERICAN STALLION SPORT TEST (NASST) 3-DAY SPORT TEST

The North American Stallion Sport Test (NASST) was established in 2017 and modeled after the 3-Day Sport Test format in Germany. With the emphasis on sport performance and a move to evaluate stallions' progressive training, the Sport Test requires a stallion to be presented twice before earning their full approval with the major warmblood breed registries including Hanoverian and Rhineland.

Due to limited numbers of 3-year-old stallions being presented in North America, as well as the costs and logistics involved, the 14-Day test was not seen as a viable option for North America. However, because the stallions are presented in the United States at age 3 or older and shown under saddle at their initial licensing, it was agreed by all the registries and the German Federation (FN) that we could waive the 14-day test.

The 3-Day Sport Tests are discipline-specific (dressage or jumping) and are age-specific in their testing requirements. Another positive for the Sport Test format is it's not judged on a bell-curve as the old 70/100-day formats were, so the scores related to each stallion's performance are not impacted by the performances of other stallions at the testing.

There is no minimum passing score established for the Sport Tests, but all scores are published and available for mare owners to use in their selections. Stallions are scored in five categories to create their final overall score.

The German Federation has endorsed the North American Stallion Sport Tests and approves the panel of judges, officials and test riders each year. This close cooperation allows NASST results to receive full acceptance by all the German Verbands and maintains the reciprocity of studbooks between North America and Germany. ✂

Highlights at the 2023 Stallion Sport Test

To earn their lifetime breeding approval, young stallions must complete certain performance requirements to prove their qualities as riding horses. A few routes exist to achieve these results, but the most common is through attending a sport test. The tests focus on one discipline (either dressage or jumping), and stallions are evaluated multiples times over a three-day window, including a guest rider session. The American Hanoverian Society requires this sport test to be completed two times between 4 and 6 years old.

Photo by Cathrin Cammet

The 2023 North American Stallion Sport Test (NASST) was slightly smaller this year: eight stallions participated at the West Coast test and 13 stallions at the East Coast. The West Coast test was held in charming Solvang, California at the picturesque Pollyrich Farms, owned by Rick and Buffy Oas. The East Coast test site was at Jane MacElree's beautiful Hilltop Farm in Colora, Maryland.

For full results and more information on the NA Stallion Sport Tests, visit Facebook or www.stallionsporttest.com.

Highlights of the NASST for stallions now licensed Hanoverian and/or Rhineland include:

WEST COAST

◀◀ The top-scoring jumper stallion, **Magnum TN** (Berlin/Stakkato), owned/ridden by Erik Garcia and bred by Team Nijof, completed his second year of testing. The 6 year old earned scores of 8.0 or 8.5 in all categories with his canter and scope being highlights, finishing on an overall 8.23 score.

<< In dressage, **Serupgaards Cezanne** (Torvestlettens Sylvester/Romanov), ridden by Willy Arts, owned by Richard and Linda Nickerson, and bred by Heidi Bickham, took top honors at Pollyrich. His 8.76 overall score included 9.0 for his trot and rideability.

>> **Free Solo EDI** (Franziskus/Sandro Hit), owned by Tisha Green and bred by Stefan Kupitz, was licensed last year and completed this year's test for full approval with both registries. He was presented by Joseph Newcomb.

EAST COAST

✓ The top scorer in dressage was **Nick of Diamond** (Glock's Toto Jr./Johnson), bred by Barbara Lichtendahl, owned by Roxanne Christenson, and ridden by Lindsay O'Keefe. His overall score of 8.65 included 9.0s for his walk and rideability.

Photo by Stacy Lynne Photography

Photo by Stacy Lynn Photography

<< The Canadian-based **Milo B** (Glamourdale/Krack C), ridden by Emmanuelle Lord, completed his second year of sport tests to earn his lifetime approval requirements. Milo B was bred by W. Busser and is owned by the Milo B group.

>> The Rhineland-licensed Thoroughbred stallion, **Celestial Ranger xx** (RHF Golden Globe/Twenty-four Kt Gold), bred by the Reed Hill Group, owned by Julie Hagen, and presented by Cole Horn, completed his first year of testing.

Photo by Cathrin Cammet

^ The 4-year-old **Denmark HTF** (Desperado/Negro), owned/bred by Hilltop Farm and ridden by Michael Bragdel, passed his first year of testing with an overall 7.65.

Widmark

Noted sire of top sport horses with high rideability for the dressage and hunter arenas, Widmark himself was a successful Grand Prix competitor. He is the ONLY stallion to produce two daughters who have won the AHS Dr. Hartwig Award. He is the sire of many Elite Mares, Elite Mare Candidates and Top Foals at Hanoverian, Oldenburg and Swedish inspections nationwide.

Stud fee: \$1,200.

1998 Hanoverian, 16.2 hh
(Wolkentanz/Maat II/Azur)
Licensed HV, AHS, ARS

Fabregas

Since making his Grand Prix debut in 2019, Fabregas has continued to impress in the dressage arena, even claiming the Region 2 championship title. He is a proven sire with two licensed sons, many Elite mares, and numerous award-winning foals to his name. He is known to produce high rideability and has sired top sport horses in both the dressage and hunter rings.

Stud fee: \$1,200.

2006 Hanoverian, 16.2¹/₂ hh
(Florencio I/De Niro/Lanthan)
Licensed HV, AHS, ARS, GOV

Fresh and frozen semen available.
Both stallions N/N for WFFS.

Apero was the 2007 USDF Mid-States Region Champion Mature Stallion with scores to 87.4%. In 2008, he competed successfully in the regular working classes against the nation's top hunters. Apero is a son of the legendary Argentinus, a successful advanced-level show jumper. Argentinus sired numerous approved sons, States Premium mares and became Germany's youngest millionaire, based on money won by his progeny. He was renowned for passing on his willing temperament to his offspring. Argentinus' sire, Argentan I, produced many approved sons and States Premium mares and was highly-regarded as a broodmare sire. From Argentinus' damsire, Duden II, come the dynamic movement and impulsion of Duellant. Apero's dam, the States Premium mare, Pyrah, produced the States Premium mare, Airline; show jumpers Perle, Pandora and Power Girl; and Rocci Balboa, who has had success in young dressage horse classes. She also produced the approved stallion, River Phoenix, who won the Bavarian Championships and placed in the Bundeschampionat. Pyrah H is by the exceptional jumper sire, Pilot, the first show jumping stallion with progeny to earn DM1 million. Apero's granddam, Ceda H, is by the Cyklon son, Cyrus. The Hanoverian-approved Trakehner, Cyklon, established a good jumper line and was regarded as a superior sport horse sire. Apero is the sire of two approved stallions, Apero's Boy and Appeal. His progeny are proving to be successful on the line as well as in the ring.

BALOUJOIE is a young, exciting stallion with an outstanding temperament, jumping scope, rideability, work ethic and character. He was the top scoring jumper stallion at the 2018 East Coast North American Stallion Sport Test at Hilltop Farm, Colora, Maryland. Bon Balou, his sire, was also jumper champion of his 70-day test in 2012. Baloujoie shows the scope and athleticism for jumpers, yet has stylish, correct form for hunters. Standing 16.1h, he is extremely quiet, has natural balance, is beautiful and his great temperament make him the total package for both hunter and jumper breeders. BALOUJOIE is currently campaigning in USHJA-recognized amateur and professional hunter divisions.

Beau Balou consistently stamps his offspring with a friendly, brave temperament. He throws his signature canter, size and athleticism, making him suitable for dressage, hunters and jumpers. He is a great cross for Thoroughbred mares. His dam, Iroise de Grandry, competed internationally at the 1.50m level at all the major European shows in France, Germany, Switzerland and Italy. She is 27-years-old and remains sound and rideable today. At the young age of 3, Beau Balou won his Canadian Warmblood licensing and finished as reserve champion against older stallions in his stallion performance test. He also finished second against the top-20 3 year olds at the prestigious Lieutenant Governor's Cup at the Royal Agricultural Winter Fair in Toronto. He continued his winning ways as a 4-year-old, with several high placings in the hunter ring and ended the season with an excellent score of 8.29 at the North American Stallion Sport Test. He successfully completed his second NASST in 2021, obtaining lifetime breeding approvals. Beau Balou obtained high scores at his testing for scope, character, temperament, canter and rideability. His impressive lineage comes from world-renowned show jumping stallions—Baloubet du Rouet, Argentinus and Laudanum xx. Of the five top Canadian Warmblood Futurity winners in 2020, three were sired by Beau Balou. In 2021, he sired the Foal Futurity winner for Canadian Warmbloods. In 2023 Beau Balou sired several Gold Medal foals. He came in fourth in his first grand prix with two clear rounds. He is consistently jumping at the 1.30/1.40m level.

Beltano was licensed in Verden, and at his 30-day-test (Schlieckau, Germany), he earned impressive rideability scores of 10 from both test riders as well as 9.0 for temperament, 8.75 for canter and 8.5 for trot. With these scores, Beltano placed second in the dressage phase with a total of 145 points. Beltano won several young horse championships, including the young horse championship of Bärnau and received the Golden Knopf award. He qualified for the 2014 Bundeschampionat, thus becoming fully licensed by the Hanoverian Verband. His sire, Belissimo M, has had a successful career, earning Bundeschampion for dressage horses and placed fifth in the World Young Horse Breeding Championships. Beltano's dam, SPS Heavenly, is a daughter of the celebrated Trakehner, Hohenstein I, of the legendary Donnerhall bloodline. Beltano was imported to the U.S. and is being developed as an international Grand Prix prospect by three-time Olympian, Guenter Seidel. In 2019, the pair debuted at the Adequan Global Dressage Festival (AGDF 3) in Wellington, placing second at the CDI1* Prix St. Georges with a 71.324%. Beltano returned to AGDF 5 and won the CDI1* Prix St. Georges (72.892%). They also were successful at Intermediare II at the 2022 AGDF and placed third in the USDF Dressage Horse of the Year. Beltano's foals in Germany were very successful at foal shows. They're tall with modern type and beautiful gaits, showing much promise as future dressage prospects. Son, Benson Boy, is also in training with Seidel.

Bingotti is a modern, leggy stallion who successfully competed through Intermediare I with scores in the 70s. Bingotti has a willingness to work and desire to please. His temperament is that of a gelding with the presence of a stallion. Bingotti has received 8.0s on his walk and trot and 9.0s on his canter. His sire, Bugatti, earned 140 points in the dressage portion of his 100-day test, receiving scores of 9.0 on character, rideability, temperament and all three gaits. He competed at the Bundeschampionat, FEI World Championships for Young Horses and CDI competitions at Prix St. Georges and Intermediaire. Bugatti was the 2008 USDF Region 1 champion at Prix St. Georges with a 72.625% and reserve champion in the Intermediaire freestyle. Bugatti's sire, Bergamon, won his 100-day test and was a many-time winner at S-level dressage. Grandsire, Rubinstein, was an international Grand Prix competitor, as well as a prolific sire. Bugatti's great-grandsire, Donnerhall, won many World Cup, World Championship and German Championship titles. Bugatti Hilltop's dam produced the licensed son, Santana, the Scandinavian open champion and FEI young horse finalist. Wolkenfee is an imported Dutch mare with two full siblings who were on the Great Britain Olympic jumping team. Bingotti is especially well suited for D, W and R line mares that need amateur jumping friendly and correct, elegant and leggier offspring with sufficient height.

Descending from the ever-growing Bolero line, Black Tie shares a pedigree with greats such as Beauvalais, Brentina and Bonaparte, to name a few. His sire, Baroncelli, was the performance test winner in MünsterHandorf, 2002 Best Stallion of the Year, fourth at the 2004 World Championships and is now consistently in the ribbons at Grand Prix. Black Tie's dam, SPS Regina by Raphael, was a successful jumper and is a member of the German Jumper Breeding Program. The influence of Ramiro contributes greatly to Raphael's prepotency for siring top horses of diverse abilities, including Ramina, Rockefeller, Raphaelo, Ravallo and Radiator. Raphael is also seen in many top hunter pedigrees in the damlines of approved stallions. Black Tie's first foals arrived in 2007, with his firstborn being named Top Colt at the Rolling Stone Farm AHS inspection, and a second colt repeating the honor in 2008. His first foal crop is now under saddle with son, Bugaboo TFH, pinning in the baby green divisions. In 2005, Black Tie successfully completed his performance test at Adelheidsdorf with 8.0s in character and jumping ability. In the U.S., Black Tie's first year as a hunter brought many successes with wins in the baby green divisions at HITS Ocala. He had an exceptional 2007-2008 season in Ocala, finishing up at the Spring Premier in Lexington, Virginia, competing in the pre-green hunters and consistently in the ribbons. His successes awarded him the American Hanoverian Society's Hunter of the Year award.

Bodo EDI is a black, 16.2h Hanoverian stallion combining Brentano, Floristan and Rubinstein. Bodo excels in all three gaits with superior elasticity. Bodo, reserve champion of his performance test, received subscores of all 8.0s and 8.5s and is fully approved. He is a genetic dressage powerhouse, an example of modern breeding type coupled with Grand Prix producing ancestors, the epitome of dressage performance breeding with a super type, wrapped in a glossy black coat. Bon Coeur was a premium stallion at his licensing, Vice Bundeschampion of the 3 year olds and winner of his performance test in Schlieckau. In his test, he was awarded a maximum score of 10 points several times. He achieved a score of 9.0 for rideability during several qualifiers for the Bundeschampionat. He was also the champion in Hanover and 4-year-old reserve Bundeschampion. It became clear during the Bundeschampionat how enormously powerful and, at the same time, light-footed this stallion is. He also has excellent tact and almost unlimited elasticity. Bodo's damline has some of the best foundation stallions, including Florestan and Rubinstein. His dam, Freya, produced only champions: her offspring are winning all over Germany. Bodo's half-sister, Lady Lissann S, won a mare show, was reserve champion in the mare performance test, got a States Premium, won several young horse classes in Germany and competed in the Bundeschampionat. Bodo has a strong crop of foals showing amazing quality and consistency.

Cabardino was the USEF leading hunter sire in 2017 and 2018 and has been in the USEF top five leading hunter sires from 2019 to 2023. Cabardino is a spectacular 4' hunter who combines scope, technique, temperament, beauty and movement in one complete package. Cabardino sired an approved stallion during his first year of breeding in Germany. He is known to produce beautiful, very flashy and refined foals with excellent movement and incredible technique over jumps. Cabardino's temperament is second to none, and his scope and technique over jumps are simply extraordinary. He has won many hack classes and produced several premium and champion foals during his first two years of breeding in North America. His offspring have won hunter breeding championships at Devon, Warrenton and Upperville. His offspring have been circuit champions including at WEF and HITS Ocala and have won top hunter derbies. Cabardino is the sire of countless A circuit champions and reserve champions in the U.S. and Canada. Cabardino produces tall, athletic foals with incredible technique over jumps and excellent movement. Cabardino continues to produce spectacular offspring to this date.

Calisto is an exciting, beautiful and versatile young stallion just beginning his sports career. He has outstanding intelligence and a sweet temperament, exceptional rideability, superior work ethic and wonderful character. Calisto is a 17h, big, sporty, gray stallion and was the champion jumping stallion at the North American Stallion Sport Test for 2019 and 2021. "He is super rideable and always focused on his rider" is how Marion Ostmeyer, the test rider of the jumping stallions, characterized him. He scored 9.0 for scope, 9.5 for style, 9.5 for rideability and 9.0 for overall impression. Calisto is sired by Cancara. Cancara was 70-day performance tested at Schlieckau in 2009 and, in the final test, was graded 10 for jumping ability and jumping technique and 9.75 for stadium jumping. Calisto's dam is Centurea, an Argentinian sport mare, which goes back to a Hannoveraner line. Calisto is an athletic, modern, stylish stallion with natural balance and a quiet temperament that gives him the total package for hunter, jumper and eventer breeders. He is also schooling Grand Prix dressage, another indicator of his amazing versatility, intelligence and trainability. In his first season, he produced premium foals.

Candola is an imported Holsteiner, licensed in 2008, and appreciated at the stallion selection for his fine conformation, presence and good movement. With his superb canter, the stallion showed extreme balance, a very powerful jump and used his hind quarters very well. In his 70-day test in Munster Handorf, Candola showed his quality with a third place in class 1, with high notes for jumping and character. Competing up to 1.40m in Germany before his importation, he has been competing in North America up to 1.30m. His pedigree reads like the who's who in show jumping! Just about every sire in his pedigree competed up to 1.60m, and many in his damline also had exemplary jumping careers. Candola's sire is the world-famous stallion, Caruso. Caruso displayed his fantastic qualities, for example, in the German championships for young horses in Warendorf, earning a splendid third place in the finals of the 6-year-olds under Ulrich Kirchhoff in 2002. Caruso belongs to the most promising sporthorses of his generation. He has many placings in 1.50m and 1.60m classes and qualified for the Olympics in Qatar and Lummen. Caruso was at the Olympics as a team member for Saudi Arabia. With his superb temperament, outstanding jumping ability, form and can-do attitude, Candola D will make an exceptional cross for North American breeders.

Celestial Ranger is the first Thoroughbred stallion to participate in the North American Stallion Sport Test. This young stallion is an exceptional mover with a wonderful temperament. He is very straight and correct as well as having a great deal of hind-end reach. His first foal crop of seven out of Hanoverian, Rhineland and Dutch mares are due in 2024. He also carries the double dilute creme gene, making him homozygous for throwing buckskin, palomino and smokey black foals. If you're looking to put some blood (and color) into your sport horse breeding program, Celestial Ranger is a great choice!

Conteros is sired by the legendary Holsteiner stallion, Contender (Stamm 2472), out of Rawiena by Raphael (royally bred foundation sire of 22 licensed sons). Contender is the sire of 127 approved sons and 40 Premium mares with offspring like Montender, Checkmate 4, Carlo 273 and Chiara 222. Conteros himself has an extensive international record at 1.60m with top rider, Toni Hassmann (Germany), which includes many world placings in Aachen, Germany. Upon import, Conteros was able to change hats with his amateur owner to the hunter ring with notable first-place finishes in international hunter derbies in the U.S. Among his small collection of offspring, the solid grouping includes an internationally licensed and approved son showing and placing in CSIO5* and CSI4*, with other talented offspring in CSIO5* and CSI2*. Conteros' versatile pedigree makes him an ideal candidate for North American breeders—jumping and dressage alike. His uphill, balanced and floating canter makes any discipline a breeze for this stallion and his offspring. His beautiful head, neck and topline are that of his sire, Contender. Conteros exhibits correctness and substance of bone. Conteros' jumping style has the scope for the top of the sport, yet form for the hunter ring. Other inheritable traits are his exceptional temperament and work ethic. He stamps his offspring with leg length, scope and natural balance. Conteros is a beautiful example of a versatile stallion. With Raphael in the damline, it adds insurance of promising, premium offspring.

Copernicus WF is a stunning, modern stallion—a brilliant red chestnut with long legs and a short, coupled back. He demonstrates a consistently superior work ethic and a great temperament both at home and at shows. He carries enough blood and scope for the jumper ring, while his canter and easy confidence successfully cross over to the hunter ring. Copernicus WF continued his show career in 2023 as a 7-year-old, competing successfully up to 1.25m. He will continue to be developed to his full potential as a jumper. He demonstrates excellent jump technique and scope, with his incredible hind end passed down from his maternal line. He is a member of the AHS Jumper Breeding Program and claimed the Champion Jumper Stallion title at the 2022 North American Stallion Sport Test with a final score of 8.65. He received top scores of 9.0 for scope and 8.5 for canter, style, rideability and overall Impression. Copernicus WF now holds his lifetime approvals with Hanoverian, GOV, Rhineland and Westfalen NA. Sire, Clinton I (Carolus I), jumped at 1.60m and was twice the winner of the Swedish Derby, fourth in the Grand Prix of Aachen and winner of the Nations Cup. Dam, E.M Flower Song—also a member of the AHS Jumper Breeding Program, produced many quality horses, including Quintessential WF (2012), who is currently competing successfully in the National Grand Prix and has recently stepped up to 1.45m/2* level.

Cum Laude was bred on a limited basis in Europe, due to his show schedule. His offspring are definitely head-turners. Several daughters were awarded Elite status from the KWPN, and his son, No Worries SL, was selected for the KWPN stallion show. Daughter, Natilinda, was second in her regional KWPN Keuring, receiving an 80 on conformation and an 85 on movement. Next-A-Daisy, Ster, received her provisional Keur predicate, scoring 80 points on movement and 80 points on conformation at the KWPN Studbook/Star inspection. Kalista, Elite, won the IBOP in 2019. She received 9.0s for trot and rideability, 8.5 on dressage talent and 8.0s on canter, elasticity, posture and balance, for an 82.5 total score. Cum Laude's first North American foal, Rosa Cum Laude, was 2021 USDF Breeders Championships Western Series Foal Champion, earning an 82.412. His sire is Grand Prix superstar Apache, and his dam is Pacharel T. This damline is known for performance success. She had seven foals who competed in dressage, including two at Prix St. Georges and above. Cum Laude's performance achievements include first place, 78.60%, Small Tour MFS, Subtop Abcoude, NL, 2019; second place, 72.98%, CDI3* Intermediare I MFS, Exloo, NL, 2019; fourth place, 68.61%, CDI3* Intermediare I, Exloo, NL, 2019; and sixth place, 68.25%, CDI 1* Intermediare I, Ermelo, NL, 2018. A 2023 black Hanoverian filly from owner/breeder, Sandy Toby (Cum Laude x Westernhaget x Matcho AA), was awarded AHS Top Foal Gold Medal.

Damsey FRH was a Premium stallion at the Hanoverian licensing in Verden, finishing his 30-day test in Adelheidsdorf with the top rideability score of 9.25. He was champion at the Danish stallion licensings in Herning (2006 and 2009). After successes in the young horse dressage classes, Damsey FRH was twice finalist of the Bundeschampionat, obtaining full HV approval. He qualified for the 2006 Young Horse World Dressage Championships. Damsey FRH ranked in the top 1% of all German dressage sires with 159 points, according to the FN estimated breeding evaluation. Damsey FRH was part of the German team at the 2008 World Breeding Dressage Championships. Shown by German Olympic rider, Helen Langehanenberg, the pair earned top placings in CDI Grand Prix events across Europe. In 2017, they secured a position on the German team for the European Championships. With scores in the 80s, they tied for sixth on the 2018 FEI World Individual Dressage Ranking list. Damsey was the WBFSH No. 1 World Ranked Hanoverian and No. 9 Dressage World Ranked in 2020. Damsey FRH's offspring include Herwart-vonder-Decken Show and Grand Prix competitor-Diana C, Elmlohe mare show, class winner-Darling, and overall champion-Dalia who scored a perfect 10 for rideability in her mare performance test. Damsey FRH has sired multiple licensed sons: Da Dalto, Dreamer and Dream Maker. Successful U.S. offspring in 2023 include Dublin L (Grand Prix), Daniel L (Prix St. Georges), Duchess L (Intermediare I) and Duett L (reserve champion in the 4-Year-Old division at Dressage at Devon).

Dannebrog is sired by legendary dressage stallion, Don Schufro, out of the outstanding dam, St.Pr. Byzantina—a very strong dam line. Dannebrog has a super temperament, improves topline and rideability. His foals tend to bear his trademark friendly disposition and high-quality movement. Bred for dressage, Dannebrog's well-rounded body type also produces a very pretty hunter-type horse when bred type to type. Dannebrog has produced licensed sons including Duran Duran (Florencio/Hohenstein), Diamant (x Fabiano) and ZFDP Premium Hengst Donaldson (x Worldly), plus States Premium daughters. His full sister, Diva Dannebrog, produced the Westphalian stallion licensing reserve champion. Dannebrog sired many AHS Gold Medal foals in 2023: Denali SDSF (out of a Rascalino/DeLaurentis mare), a USDF Horse of the Year-Current Year Filly Champion (84.40) who also won the USDF Traveling Trot Trophy, which recognizes the highest median score of all dressage sport horses. Dannebrog completed his 300-day stallion test at Adelheidsdorf in 2010, finishing third in dressage with an index of 135.74. His individual scores highlight his fantastic mind and overall high quality: 9.0s on walk, trot, character and rideability, 8.0s on canter, temperament, willingness to work and constitution. His test rider marks were equally good with no score under 8.0, including jumping course canter 8.0. This 300-day test highlighted his extraordinary character, fantastic rideability, and three supply and elastic gaits. Dannebrog was ranked the No. 2 USEF Dressage Breeding Sire for 2023, his first year of being recorded.

Dante MG is a modern, black stallion with unlimited jumping ability, power and scope. He jumps with style and scope—easily clearing 1.40m at his stallion testing. His gaits are big, powerful, fluid and elastic. His character is easy and trainable. He's passing these traits to his offspring who are proving themselves in the show ring and inspections. Jazmin CF is a two-time First Premium KWPN-NA jumper foal/yearling and placed fourth in the nation. Kalypso MG placed fourth for USDF Horse of the Year, won first place colt with 82.325%, and now is cleaning up in the dressage ring with his adult amateur rider. Kaiser Killian was 1.10m reserve champion at Equestrian Sport Productions. Justina was reserve champion Training Level, 4-year-old under saddle and materiale at Raleigh Summer Dressage. My Goodness Gracious/OMG placed fourth out of 20 at the East Coast Futurity Event Horse Championships, scoring 8.0+. Dante's sire is the famous Chin Chin who won five consecutive times in the North American League on the World Cup circuit and competed twice in the Olympic Games. His damline is the famous NL#15 Ritta mareline. His granddam, Jorfa, had the incredible high IBOP riding test score of 90! From this damline comes many approved stallions including Lowlands, Veritas 17, My Favorite, Fellinni, New Kid in Town, Triton, Zadok, Nochriss, Sopranist K, Demokrat, Akteur, Zenner, Sportman, Theobald and Zandor. Dante MG, a New England Dressage Association futurity stallion, offers trainability with jumping lines that also are fantastic for dressage or eventing.

Denmark offers a pedigree aimed for the upper levels along with three quality basic paces and superb trainability. Denmark's sire, Desperado NOP, has been successful from the FEI Young Horse tests through the international Grand Prix with scores as high as 85% under top rider, Emelie Scholtens. He also has made a significant mark as a sire, with many approved sons to date, including the popular Ibiza as well as significant competitors up to the Grand Prix level. Denmark's dam, Uforia (reg. Unicum-D), was a successful Grand Prix horse and an exceptional producer. Uforia produced the approved stallion—Louisville, a Premium daughter, and her oldest offspring are winning at the FEI levels. Damsire, Negro, is one of the most proven sires for his record of Grand Prix offspring, including the Olympic horses, Valegro and Fendi T, as well as two-time World Young Horse Champion, Kjent. Denmark's first competition season did not disappoint—qualifying for the U.S. Young Horse Championships, finishing the season with a median score of 8.1 and fourth nationally in the USEF 4-year-old rankings, and earning a wildcard score for the U.S. Dressage Finals. Denmark also completed his first-year stallion sport test, earning highlight scores of 8.0 for walk and rideability. The first Denmark foals arrive in 2024.

Devon Heir was the high-scoring Hanoverian at his 100-day test and winner of the AHS stallion licensing for the West Coast in 2004. His sire, De Niro, was a son of the legendary Donnerhall, was ranked the undisputed No. 1 dressage sire multiple times in the WBFSH sire rankings, has numerous licensed sons, and his foals topped Elite Hanoverian foal auctions. Devon Heir's dam is by dressage legend, Rubinstein I, sire of 66+ approved stallions, successful Grand Prix competitors and a member of the 1996 German Olympic team. Devon Heir was the USDF/Cosequin Series West Coast Champion Mature Stallion, second in the USDF/Cosequin Horse of the Year standings in 2005 and U.S. grand champion stallion in the USDF Breeder's Championship in 2006. In 2009, he was grand champion at Fourth Level at Pebble Beach under rider/trainer Willy Arts, winning almost every class he entered with scores in the 70s. In 2010, Ashlyn De Groot competed Devon Heir in the Young Rider division, qualifying for the Young Rider National Championships in Lexington, ranking first in the U.S. for Young Riders at Prix St. Georges. Devon Heir is of modern type, with lovely conformation and three correct, suspended gaits. He produces mostly dark, refined foals with correct conformation, outstanding temperaments and spectacular movement. His daughter, Dazzling Winter, won the 2009 California Dressage Society Sport Horse Breeding Championships (83.7%) and daughter, Donata, tied for second in the 2009 ISR/Oldenburg Foal Championships-Fillies (8.6%).

Now beginning his Grand Prix career, Diesel CF is a talented Hanoverian stallion, successfully trained and competed from Training Level to Grand Prix by amateur owner/rider Kasey Cannon. Diesel is a full brother to Damsey FRH, ranked up to fourth in the FEI Dressage World Rankings under rider, Helen Langehanenberg. In addition, dam, Ria Grande, also produced international Grand Prix mare, Daianira van de Helle. In 2013, Ria Grande was awarded the prestigious Hanoverian Mare of the Year title, one of five dressage mares ever to receive this coveted award from the Hanoverian Verband. Diesel's quality, temperament, work ethic and rideability have proven to be exceptional. Diesel has been highly competitive in sport with highlights including reserve champion USDF Horse of the Year at Second Level (median 73.485%) in 2017 and Fourth Level (median 72.389%) in 2018. In 2019, he earned scores to 74.5% at Prix St. Georges. In 2020, he made his CDI debut in the small tour, breaking the 70% barrier. In 2021, to help prepare for the big tour, Diesel and Kasey traveled to Germany for two months of training with Helen Langehanenberg. In 2022, Diesel showed at Intermediare II, and in 2023 he successfully debuted at Grand Prix. Diesel has produced Premium, Elite, Gold Medal and top inspection foals. He stamps his foals with beautiful heads and ideal neck sets, consistently improves walk and canter, maintains or adds bone, and throws a big, kind eye and a curious, confident, human-oriented temperament.

Donarweiss is a homozygous black, 16-H, American-bred Hanoverian. He was champion of his 30-day stallion test with an overall score of 8.33. His versatility was showcased with individual scores of 9.0 for rideability and jumping technique. Donarweiss possesses an extensive show record both internationally and nationally at Grand Prix. Donarweiss and Genay Vaughn competed at the U.S. National Championships in 2011 where they finished third. Later that season, they won the Team Silver Medal at the NAYRC. In 2013, he was the Brentina Cup Reserve National Champion and won at the Region 7 USDF championships in California at Intermediaire II-Junior/Young Rider. Donarweiss possesses the rare combination of international quality, paired with amazing character, which has allowed him to compete all over the world and be selected to represent the U.S. on countless Nations Cups at the U25 Grand Prix. Although he oozes with athleticism, his rideability has allowed him to be ridden by a petite teenager—a quality he has certainly passed down to his offspring, making him the perfect selection. Many of his offspring have reached top sport in hunters, jumpers, eventing and dressage. His oldest offspring are now competing at the FEI level, including Grand Prix, and his youngest are consistently winning at the most prestigious national breed shows, and receiving the Gold Medal foal award and many futurity champions at inspections.

Dubarry was licensed in Verden in 2011 and 70-day tested at Adelheidsdorf in 2013. He placed fourth in dressage with a score of 138. Highlights from his test were receiving 8.5s for trot, gallop and rideability. Dubarry is a modern, black stallion with enormous freedom in his shoulders and a powerful hind leg. He is straightforward in his character and temperament, making him easy to ride. His sire, Don Frederico, also jet black and a modern type, was named Hanoverian Stallion of the Year by the German Verband. Dubarry's dam, Ribana, is by the famous stallion Rubinstein. Rubinstein himself is also known for exceptional temperament and rideability. Two Dubarry sons were chosen for the Stallion Pre-Selection in Germany. His daughter, Hann. Pr. A. Dayna (Dubarry/Weltmeyer), qualified for the prestigious Herwart von der Decken Mare Show. Offspring are showing and in the ribbons. Dubarry foals were noted to be very typey and elegant with three excellent gaits. Won Cosmo's filly, Dumark Augustina, owned and bred by Marcie Scheskie, won a Gold Medal foal award at her Hanoverian inspection. The 2020-2023 tours saw top inspection foals by Dubarry, five more Gold Medals and several futurity winners. Der Fiete is now competing at Intermediare I. Denali, a successful 3* eventer in Ireland, made the cover of *Irish Horse World*. Dubarry has proven to be a consistent producer of leggy types with three outstanding gaits and a golden character. His foals are liked by the buyers.

Dumont is a bright bay stallion with lots of chrome that he reliably passes to his offspring. He is by the proven dressage sire, Diamont, who was ranked first as the leading producer of USDF Horse of the Year qualifiers in 1994, 1996 and 1997. Dumont won the yearling classes at Osierlea and the West Coast Classic, where he was named Champion Junior Stallion. He repeated these wins as a 2- and 3-year old, earning the title Champion Stallion at the West Coast Sporthorse Classic (WCSC). As a 4-year-old, Dumont won the Mature Horse Championship at the WCSC and the Northern California USDF Mature Horse Championship in 1998. Dumont's full sister, Donna Marie, won consistently at Intermediare dressage classes in Germany, with scores in the high 70s and 80s. She was Reserve Champion at the 2003 Intermediare Championship in Hanover. Dumont was successfully shown in the dressage ring, winning a number of classes with scores in the 70s. Dumont was also shown briefly in the hunter ring on the "A" circuit, with placings in some very large classes, showing beautiful classic hunter form over fences. Dumont's offspring have excelled in the dressage ring with numerous wins at recognized competitions, winning numerous high score awards, placings at regional championships and year-end breed award placings. His offspring have proven to be very competitive for both professional and amateur riders. He has also had several daughters approved for breeding and performance tested, winning high score awards for rideability and jumping. Dumont crosses very well with thoroughbred as well as warmblood mares. He passes his wonderful disposition, high rideability, and excellent work ethic to his offspring.

Introducing the only Escolar son in North America! Rock Solid Warmbloods and Foxworth Farm are excited about their collaborative addition to their stallion roster, this exceptional 2017 GOV, AHS and Westfalen-licensed stallion. Eastwood was sired by the sought-after stallion, Escolar (Estobar), and bred by Christine Arns-Krogmann (Germany), the breeder of Total Hope OLD, Viva Gold and many others. This son of the influential mare, VPS/El Grosse Diva (DeNiro/Sandro Hit/Rubinstein I/ Grundstein), is out of the top Oldenburg Grosse Liebe damline. His pedigree reflects the blend and tradition of top dressage breeding, with numerous Grand Prix stallions appearing within the top and bottom of his pedigree. He brings a truly unique, much sought-after pedigree to North America that represents both rideability and talent. His depth of pedigree is reflected in his presence, three quality gaits, elasticity and uphill tendency. Eastwood shows promise for top international sport. His first foal crop is amazing! He has bred mares from most registries, a nice variety of mares in size, height and type, and all the foals are very consistent with pretty heads and necks, long legs, light to medium in frame, and have really good movement with the canter being uphill and fantastic.

Eskardo is a bright red chestnut stallion by Escudo I out of a Lauries Crusador xx dam. Both of these sires have produced numerous licensed sons and are some of the most sought-after bloodlines in German Hanoverian breeding. Eskardo's pedigree is a wonderful combination of athleticism from his jumper bloodlines, along with the refinement, elegance and beautiful gaits from his dressage bloodlines. He has a wonderfully kind temperament and work ethic, which he passes to his offspring. His offspring have been exceptionally easy to work with and have proven to be steady competitors as well. Several of Eskardo's U.S. offspring have been shown in the dressage ring, with numerous wins and placings through USDF Fourth Level and a number of placings in the USDF regional championships including an invitation to compete at the USDF National Finals for his son, Eclipse HM. Eskardo's daughter, Eloquence M, earned her performance scores at Third Level in 2019 to receive her Premium mare status. In 2013, an Eskardo daughter in Germany produced the champion colt at the 2013 German Foal Championships. In 2014, another of Eskardo's daughters in Germany produced the top-selling horse in the Oldenburg Summer Auction. In 2015, an Eskardo grandson, produced by one of his daughters in Germany, was licensed by the German Oldenburg Verband as a Premium stallion and was named reserve champion of the licensing in Germany.

An Olympic medalist with numerous offspring moving up the FEI ranks, Everdale is a top consideration for producing top talent! Everdale was champion of his stallion test, winner of the PAVO Cup Finals and was winning at Grand Prix by the age of 10. The unforgettable 2021 show season earned Everdale a bronze team medal at the Tokyo Olympics, and a silver team medal and individual fifth place finish at the European Championships. Everdale continues to impress with top CDI placings internationally in 2022 and 2023, including sharing the podium with the Everdale son, Imhotep, at the 2023 Aachen CDIO5*. Everdale's sire, Lord Leatherdale, is an FEI horse who is well regarded for rideability and character. His offspring have competed at the PAVO Cup Finals, World Championships for Young Horses and the FEI arena around the world. Everdale's damline is particularly strong: the mares have been highly decorated, including Everdale's great-granddam who is a full sister to the approved stallion, Havidoff. Grandsire, Negro, has become a legend as a sire of Grand Prix horses including Olympic and World Champion, Valegro. Everdale stamps his neck, uphill balance, mechanics and excellent canter on his offspring. He has several approved sons to his record, and his offspring are highly placed in prestigious competitions, including qualifying for the PAVO Cup, USEF Young Horse Championships, the World Championships for Young Horses and the FEI World Championships. His offspring continue to showcase their talent for top sport and are in demand with top professionals around the world.

Fabregas has produced many inspection and show champions in Germany, Great Britain, Canada and the U.S. He passes on his correctness, typey looks, elasticity and beautiful gaits. Underlining his impressive quality, Fabregas has two licensed sons, a number of Elite and Premium mares, and numerous offspring winning at large breed shows. In the show ring, Fabregas has won at CDIs and regional and small tour championships, including Saugerties and Dressage at Devon, with scores in the 70s. His Grand Prix career began in 2019 in Canada, continuing in the U.S. under rider/trainer Meg Williams with multiple Grand Prix wins. Though dressage-bred, this stallion loves to jump and shows the qualities needed for a hunter stallion. Fabregas youngsters have excelled in North America, winning classes in dressage and hunter competitions, including Dressage at Devon wins by Foo Fighter QC winning the Foal Championship in 2021 and Felix returning with top placings and scores in the 70s in 2023. Fabregas is the immensely charming son of the World Champion, Florencio I. Based on his own performance and heritability, Florencio I is one of the most interesting dressage sires on the European dressage stage. Damsire, De Niro, was successful at the advanced level and Grand Prix, and has been ranked No. 1 more than once in the WBFSH Dressage Sire Rankings. This pedigree has resulted in Fabregas's very correct conformation and superior rideability. His elegance, outstanding rideability, walk and exceptional canter illustrate how he's a dressage stallion of special class.

Fairbanks, now fully approved by AHS and HV in 2023, was champion of the 2009 Oldenburg Stallion Licensing in Vechta, Germany. He became the crowd favorite with his spectacular performance, extravagant gaits, impressive jumping ability and willing temperament. Fairbanks completed his 30-day test, placing third out of 49 stallions with an overall score of 8.74. He repeated this success in 2011 at his 70-day test. He was the only stallion to score over 100 in both jumping and dressage. His sire, Flemmingh, a successful dressage stallion in the Netherlands, sired international dressage horses, Krack C and Lingh. Fairbanks' dam, SPS Identify, was highly praised at her mare performance test. Damsire, Inselfürst, won his stallion test and successfully showed in Advanced Level dressage. Fairbanks' first foal crop in 2011 in Germany, were representative of himself: large expressive foals with long lines, beautiful heads and necks, and outstanding movement. As a result, Fairbanks was awarded Premium, due to his exceptional stallion test results, impressive foals and overall development as a top breeding stallion. This was remarkable, as he was not primarily breeding in the main Oldenburg region and, therefore, had to stand up to strong competition for this award. He has sired many Elite/Premium foals. Fairbanks' son, Flair Royal, was twice French Young Horse Champion, and another son (Fairbanks-Paragon-Jazz) was selected for the Danish stallion grading. U.S. breeders comment on the modern type and wonderful temperament he consistently produces for dressage, hunter and eventing sport horses.

FCF Oberons Vanity is an Arabian stallion, purposefully bred for sport horse traits. His pedigree is packed with old-fashioned CMK lineages known for producing athletic horses with high rideability, longevity and soundness. FCF Oberons Vanity is the highest scoring and highest placing Arabian-bred stallion to have ever completed the North American 70-day Stallion Performance Test where, as the only non-warmblood, he placed fifth out of 14. The German training director awarded FCF Oberons Vanity excellent scores including a 10 for character, 9.5 for constitution, 9.0s for willingness and rideability, 8.5s for cross country gallop and cross country jumping technique, and 8.0 for trot. He has competed successfully through Intermediare II at USDF shows in the open division in the highly competitive USDF Region 8 and was the Arabian 2020 USDF All-Breed Open Champion for Intermediare I. He was the reserve champion stallion on the American Trakehner Association's 2021 inspection tour. His rideability is further demonstrated through serving as a schoolmaster for students learning upper-level movements and competing one season with a young rider. FCF Oberons Vanity is siring foals with strong, balanced feet, good bone and substance, elastic gaits, classic elegance, exemplary character, and willingness. He is heterozygous for gray and has sired chestnuts and bays. FCF Oberons Vanity is tested clear for SCID, CA, LFS, OAAM and FFS.

Feinrich's breeding is very special. His sire—Fürst Heinrich, the paternal line of the great Furioso II—is combined with that of probably the most important mare in modern Oldenburg breeding history: El.St. Gesina. Feinrich was the glowing winner of his 2015 licensing, completing his stallion performance test with flying colors. In 2018, he won young horse dressage competitions of his age group, qualified for the German championships, has achieved top placings in Intermediare (M**) dressage competitions with Brandi Roenick/USA and has been trained to a high level. He is the sire of the 2021 Oldenburg champion and regional champion mare, Faraglioni OLD. Numerous youngsters from his first generations of foals recorded victories and placings in young horse competitions. Feinrich has six licensed sons to date. His sire, Fürst Heinrich, was champion stallion in 2001, winner of the main premium in 2002, World Champion of 5-year-old dressage horses in 2003 and has produced over 50 licensed stallions, including Fürstenball—licensing and main premium champion, German champion and elite sire, as well as his neighbor at Pangaea Farm—Fürst Romancier, a main premium winner. His dam, El.St. Gesina, produced the licensed sons: For Romance I OLD, For Romance II, For Romance III, Feinrich, Despacito, Don Romance, Face Time PS, Forever Romance, Fürst Donnerhall PS and Viva Romance PS. Fidelis QC (Feinrich x Scolari x Weltmeyer), bred by Quantico Sporthorses, is a recipient of one of the 2023 Born in the USA awards and was crowned Dressage at Devon Foal Champion.

Finest Selection OLD is from the first crop of foals by sire, Follow Me OLD (Fürstenball)—himself a premium winner and qualifier as a state and national champion. Influences of the F line and the blood of Lauries Crusador xx reflect well in his movement. Along with Trakehner, Abglanz, this pedigree offers a high amount of blood beneficial for any breeding program. The dam line has produced more than 40 licensed stallions and his dam, St.Pr. mare Laetizia, is a full-sister to the licensed stallion, TC Lexus RDH; Intermediare I successful dressage horse, Laudon; and the St.Pr. mare, Leny B. Finest Selection won his stallion test with a 9.29 for dressage and was the Bundeschampion and Oldenburg state champion of the 3-year-old stallions in 2014 with scores on gaits ranging from 8.5 to 9.5. He also qualified for the Bundeschampionat from ages 3 to 6 and is currently schooling Prix St. Georges/Intermediare I.

First Dance was acclaimed at his 2006 Hanoverian licensing in Verden because of perfectly cadenced rhythm and powerful movement. He placed in the 2009 Bundeschampionat for young dressage horses and won many young horse dressage classes, then competing successfully at Prix St. Georges. He earned Elite stallion status based on his 30-day test scores (walk 9.0, rideability 8.75 and 8.5 character, constitution, trot, and canter), combined with his high placing at the Bundeschampionat. His sire, Florestan I, produced 70+ licensed sons and 180+ States Premium mares, including Floriano, ridden to a U.S. bronze medal with Steffen Peters. First Dance's dam, SPS Dorina, won the 1A prize from 2003-2006 at the Aurich-Tannenhäuser mare show. She also produced a second licensed stallion—a full brother to First Dance. Damsire, Donnerhall, is a legend: twice World Champion in dressage, producing 100+ licensed sons and many successful offspring. With an FN dressage breeding evaluation score of 140 points, First Dance has produced Verden auction foals and riding horses, States Premium mares and licensed sons. First Dance passes on floating movement and rideability. Fleur de Lis L, with young rider, Vanessa Creech-Terauds, had high placements at Grand Prix, and was part of the Canadian team at the Global Dressage Festival and USDF champion All Breed Hanoverian at Intermediare II in 2022. First Crusader won at the 2020 USDF Breeders Championship. Foreign Prince HU was a breed show champion as a yearling, and Flash Point HU won Materiale and USDF Dressage Prospect championships.

Fiti's desire to perform, compact size and talent for collection have allowed his amateur rider to develop him up the levels from First Level to winning at Grand Prix in just a few years' time, earning multiple USDF All-Breeds awards in both the adult amateur (AA) and open divisions from Prix St. Georges through Grand Prix, and successfully competing at the CDI level. In 2021, Fiti competed at his first U.S. Dressage Finals, earning a third and fourth place in the Grand Prix Freestyle AA Championship and Grand Prix AA Championship, respectively. Fiti's winning ways continued in 2022 and 2023, earning him the USDF All-Breeds Championship for AA Grand Prix for a fifth consecutive year. Fiti has a natural talent for the collected work with piaffe, passage and pirouettes seeming like a game for him. His compact size, combined with elastic and supple movement, give his rider a very good feeling. Fiti is intelligent, sensible and an absolute pleasure to work around. Fiti is approved for breeding with the ANCCE and IALHA and, due to his competition record and quality, he became the first PRE to be approved by the Oldenburg Verband and the American Rhineland Studbook. His oldest offspring are now under saddle, showing their sire's intelligence and trainability. In 2023, Salvador ESH ranked No. 5 for Materiale 3-Year-Old Colts/Geldings. The PRE x warmblood crosses continue gaining interest around the globe. Fiti appeals to both Iberian and warmblood breeders seeking an outcross for their breeding programs.

Five Star is a champion FEI Grand Prix dressage stallion from a high-performance dressage pedigree. His sire is Grand Prix stallion, Amazing Star (Flemmingh/Ferro/Donnerhall)—champion of his KWPN performance test, PAVO Cup and KWPN stallion competition. Amazing Star competed to Grand Prix in Japan with an amateur rider. Five Star's dam, U-Padoeska PB, is a ster preferent prestatie daughter of the famous Grand Prix stallion, Jazz. Five Star proves himself easily in sport at all levels. At his performance test as a 3-year-old, he received a score of 81.5%. At the World Young Horse Dressage Championships, he was fifth as a 5-year-old (87%) and won the silver medal as a 6-year-old (89%)! Five Star cleaned up at the FEI small tour with scores to 80% and individual scores of 9.0s and 10s! He was regional champion at both Prix St. Georges and Intermediare I. At the U.S. Dressage Finals, he won at Prix St. Georges (74.4%) and Intermediare I (74.206%). Five Star continues to win at Grand Prix with scores to 79.625%. He's a complete stallion who stamps his offspring. He has two AES-approved sons and several daughters with KWPN inspection scores over 80 points. He's an excellent choice for improving type and movement that move through the whole body with freedom of the shoulder, suppleness and powerful, uphill and elastic gaits with increased hock and knee action. The offspring have pleasurable character and easy trainability.

Blue Hors Florent cleared the table at the 3-year-old championship at the Landgest Marbach Dressage Festival in 2021, where he won with a final score of 8.3. Florent was the reserve champion stallion at the 50-day test in Adelheidsdorf, achieving very good grades, especially for rideability and willingness to perform, canter and overall impression—all qualities rooted in his bloodlines, just as the good show jumping blood is. Florent's 8.5 for jumping makes him a good option for adding jump to your dressage horse! He is a stallion that develops positively and with lots of potential for the future. His sire, Floriscount, was the 2008 winner of the 70-day test in Schlickau with a dressage index of 147.49, where he achieved the following grades: 8.0 walk, 9.0 trot, 9.75 canter, 8.5 (test rider 10) riding ability and 9.0 capacity. Floriscount qualified both in 2010 and 2011 for the Bundeschampionat for 5- and 6-year-old dressage horses in Warendorf. The damsire is Desperados who, for a number of years, has been one of the world's most winning dressage stallions. With rider Kristina Bröring-Sprehe, the stallion has been part of the German national team and helped win team silver at the 2012 Olympics, team gold at WEG 2014 and team gold at the 2016 Olympics, where he also became an individual bronze medalist.

Friendscout II is known for his correct conformation and rideability, both qualities that he passes along to his offspring. He has an elegant neck, sloping shoulder and an active hind leg. Friendscout II was ridden by a 15-year-old young lady in the Bundeschampionate as a 5-year-old, a true testament to his impeccable temperament. He continues to be a pleasure to ride, and his offspring are proving to be equally outstanding. His sire, Fürst Fugger, was a premium stallion of the Westphalian licensing in Munster-Handorf in 2008. He then went on to be Bundeschampionate of the 4-year-old stallions in 2010 and Bundeschampionate of the 6-year-old dressage horses in 2012. Fürst Fugger has been described as having a flawless exterior, ground-covering walk, a striking trot and canter with a fabulous transmission. He certainly has passed this on to his offspring—with Friendscout II delivering this as well. His dam sire, Wolkentanz II, was reserve champion of the 100-day test in Medingen in 1999 with a winning score of 143.94 for dressage and 85.37 points for show jumping for a total of 133.56, finishing second overall. Wolkentanz II produced hundreds of sport horses in Europe: 33 making it to S Level, Intermediare I and becoming licensed stallions. He is a true staple in many sport horse pedigrees. Friendscout II's grandsire, De Niro, was the reserve champion of the stallion performance test in Adelheidsdorf with an overall score of 141.93, winning the dressage portion with a 145.41.

Frisantos brings a fresh pedigree, modern type and excellent potential for sport. Frisantos was licensed in Germany and completed his 14-day test earning 9s for his character and work ethic. Now home at Hillock after training with Michael Bragdell, Frisantos showed in the FEI 5-year-old classes and was the named alternate for the 2019 USEF Young Horse Championships. His scores at First Level have been as high as 73.8%, and he has wonderful trainability. Frisantos' sire, Franziskus, is currently competing at Grand Prix with Ingrid Klimke and descends from an established line of Grand Prix horses. His dam adds depth and versatility. She is already the granddam to two approved stallions, and her sire, Espri, was the 1995 Hanoverian Stallion of the Year who has sired Olympic competitors in both show jumping and dressage.

Fürst Gribaldi is a charming, young stallion whose career has quickly progressed to the FEI ring and really impressed with his first foals. Bred in the U.S. by Avalon Farm, Fürst was exported to Germany as a young prospect and completed his 50-day test in Germany, earning highlight scores of 9.0 for character and 8.5 for willingness to work. Now back in the U.S., Fürst's show career started strongly under Jannike Gray. In 2022, he placed sixth at Fourth Level in the USDF Region 8 Championships, made his Prix St. Georges debut and captured the stallion championship for the USDF Breeders Championship Series in New England with a score over 80%. Fürst's sire, Fürstenball, is well-known for the excellent type and outstanding walk that he gives his offspring. Fürstenball's influence as a sire is felt strongly with more than 90 approved sons and is currently ranked 12th on the WBFSH Dressage Sire rankings. Fürst's dam, Etched in Black, has been exceptionally successful showing in-hand, earning the title of USDF Dressage Sport Horse Breeding 4-year-old and Older Broodmare Horse of the Year and USDF North East Series Mare Champion in 2023. Her sire, Gribaldi, was a Grand Prix competitor who has also proven himself as a sire of top international competitors, including the legendary Totilas. From Fürst Gribaldi's first small foal crop, we've already seen Premium foals and two USDF Breeders Championship Series reserve champions. His early foals show Fürst's beautiful type, refinement and kind character.

Galaxy Coeur is a U.S.-born stallion with great aptitude for training, competitions and top sport. He is a 2022 stallion testing winner with an 8.8, the highest score in North America for not only dressage but all stallions. Galaxy Coeur received almost all 9s, including a 9.0 from the test rider. In the 4-year-old qualifiers, he earned 81%+ at his first qualifier and an 84+% at his second qualifier under an Olympic-level, 5* judge. He earned an 82.6% his first time competing in the 5-year-old final test in 2023 and 81.8% in the FEI USEF/WBC qualifier. He was invited to nationals in 2023 and will be trained up to FEI. He is the last foal out of SPS/EI Royal Coeur, a mare who competed at the World Young Horse Championships and up to Grand Prix. Galaxy Coeur has a high concentration of Elite mares in his pedigree, showing the strength of his maternal lines. His sire is the proven stallion, Grand Galaxy Win, who produced (among other top horses), the 6-year-old world champion, Global Player. His older brother competed at Grand Prix from 9 years old; his 7-year-old brother is already showing at Prix St. Georges; his only sister, a premium mare, was nationally ranked as a 4- and 5-year-old, schooled Third Level, produced a stallion prospect, and now has had two wonderful elite fillies.

An exceptionally proven pedigree for the FEI levels, plus the talent and rideability George Clooney offers, are easily anticipated. At his stallion performance test, George Clooney earned scores of 8.0 or higher in all categories. He placed in the top 10 of the KWPN stallion competitions, the PAVO Cup Finals and has shown through Intermediare I. A change in ownership allowed George Clooney to introduce a new rider to the FEI level and, thanks to his super rideability, made the transition easy. George Clooney is sired by De Niro, reserve champion of his performance test with a score of 141.93. De Niro had a wonderful sport career with more than 24 wins at S-Level and has been consistently ranked at the top of the WBFSH Dressage Sire Rankings. George Clooney's damsire, Wolkentanz, was champion of his licensing, reserve champion of his stallion performance test and winner of the Bundeschampionat. The combination of George Clooney's dam bred to DeNiro has been extremely successful and includes full siblings, Despino and Delmar, who are successful at Grand Prix. Maternal grand dam, Fricka, is granddam of Isabel Werth's Don Johnson. George Clooney offspring are well received at both inspections and competitions. He has three licensed sons to his credit, and his oldest offspring are now showing at the FEI levels. In North America, his offspring are earning top ribbons in the hunters as well. He's shown to improve elasticity in movement and to be a positive influence on rideability and temperament.

An impressive sport record, excellent character and impeccable pedigree make Calucci a highlight choice for many breeders looking to add jumping ability or bloodlines in their breeding choices. He competed to the grand prix level and his rideability made him a winner with both professional and amateur riders. Calucci proved his reliability in the show ring time and again, earning top ribbons at shows such as HITS, Manchester, Devon and WEF. Calucci's own success is rooted in a deep pedigree of show jumping talent. His sire, Calido I, was ranked first in jumping at his stallion performance test. Calido's offspring have earned over £4.5 million in sport, and there are over 350 Calido offspring are successful at S Level (advanced). Calucci's grandsire, Acord II, was the winner of his stallion test with 146 points overall, including scores of 9.0 or higher for jumping ability and rideability. Calucci's granddam had a strong competition career herself, and her offspring have competed up to 1.60m. The influence of his great-grandsire, Contender, has been felt across all the major registries and with show jumping, eventing and dressage breeders. Calucci's oldest offspring are showing natural talent with multiple offspring currently showing in jumpers, hunters, hunter breeding and eventing with both professional and amateur riders. We consistently see Calucci's athletic type, size, strong topline and good bone come through in his offspring. With his pedigree, it's a given that scope and jumping ability transmits readily.

Glamourdale has impressed with each step in his career and continues to exceed expectations both in sport and breeding! He was named champion of his KWPN keuring, placed second at his stallion performance test, and commandingly won the FEI World Championships for Young Horses in 2018. The 2022 season further propelled Glamourdale into the spotlight when he won team silver and individual gold medals in the Special and the Freestyle at the FEI World Championships. No looking back for Glamourdale and Lottie Fry—the pair continued their winning ways in 2023 at some of the most prestigious international competitions, all while earning personal best scores as high as 92%. Glamourdale's sire, Lord Leatherdale, was reserve champion of his stallion performance test and a successful FEI competitor, as well as sire of Olympic medalist, Everdale. His dam is half-sister to the approved stallion, Numberto, and has been an exceptional producer. Damsire, Negro, is a proven choice for producing Grand Prix horses, including Olympic gold medalist, World Cup winner, and World Equestrian Games gold medalist, Valegro. Glamourdale offspring have been selected for the World Breeding Championships for Young Horses, U.S. National Young Horse Championships, PAVO Cup Finals, and are beginning to debut at the FEI levels. In the U.S., his offspring are earning top placings at the USDF Breeders Series, regional championships, and USDF Horse of the Year rankings. With power and scope in his movement and a super character, Glamourdale offers the qualities dressage breeders are seeking.

Gorgeous Latino is a black GLOCK's Toto Jr. son out of the highly successful Manda line from Stal Hexagon—pure proven dressage lines. Latino holds a Dutch record, earning 95 points during his approvals, the highest score ever given by the NRPS, and aced the stallion test, earning 8.25 with a junior rider. Edward Gal voiced why Dutch national Champion Toto Jr. is one of Totilas's most popular sons: "I have the feeling that Toto Jr. can be even better than Totilas. In the walk, demonstrating outstanding ground cover, the trot and canter, his light-footedness, balance, and strong uphill tendency are captivating. His nature is outstanding." Dam, Blackmanda, has three generations of mares that performed at the highest levels and produced successful Grand Prix horses and licensed stallions for Stal Hexagon. Damsire Dutch Champion, Rubiquil, represents the ultimate in rideability and won gold at the European Championships. Latino and Sabine Schut-Kery earned 87.9% and subsequently 91.5% in the FEI 6-Year-Old Test—the highest qualifying score in the U.S. Representing the U.S. at the FEI/WBFSH Dressage World Breeding Championships in Ermelo, Netherlands, they placed fourth in the small final on the world stage. In 2022 and 2023, Latino is the highest-ranking U.S. FEI horse in his age group. In 2023, Latino won the 7-year-old Dressage National Championships. His offspring are well represented by top performances. Gorgeous Latino foals show quality and earned several Hanoverian gold medals.

Hampton is the carbon copy of sire, His Highness—champion of his Hanoverian stallion licensing, stallion test and the Danish stallion licensing. His Highness was a successful dressage competitor and sire, producing 17 licensed sons, 69 St.Pr. mares and many successful offspring. As a 3 year old, Hampton was reserve champion of his 70-day test in Schlieckau (overall score 134.24). He won young horse classes, qualified for the 2009 Bundeschampionat and was successful up to Intermediare I—qualifying for the 2013 Nürnberger Burpokal finals. His dam, SPS Red Chili, produced a second licensed son. Granddam, SPS Carina, is full sister to the stallion, Compliment, and dam to licensed stallion, Lesodoro. SPS Carina and SPS Red Chili won as a family in the 2007 and 2009 Herwart von der Decken shows. Damsire, Rotspon (Rubinstein I), was champion of his stallion test and sired 21 licensed stallions. Rotspon and Rubinstein I are noted for passing on rideability and trainability. Two years in a row, Hampton placed in the top 10% of German dressage sires with 148 points in the FN estimated breeding evaluation. Hampton produces elegant types with potential and kind, willing temperaments. Hampton has sired States Premium mares and Verden auction horses. Licensed son, Hampton's Junior, competed successfully in young horse classes, PK Happy Hippo competes at M and S Levels in Germany and CWH Hyperbole was champion of her mare performance test and Training Level Champion, High Score Open, High Score Hanoverian and breed show champion at the Kentucky Dressage Association show.

At his Trakehner licensing, Herzensdieb was awarded champion stallion. He was reserve champion of his 70-day test, scoring above champions from Hanoverian, Oldenburg, Westfalen and Holsteiner licensings. He won the Trakehner championship for 3-year-old stallions, qualified for the Bundeschampionat for 6-year-old dressage horses, and then trained up to the Advanced Level. Sire, Tambour, won his stallion licensing and was highly successful in advanced level dressage and jumping. He became a successful sire, producing auction horses, Premium mares and successful sport horses. Herzensdieb's dam, St.Pr./El.St. Herzensfreude, scored 9.11 at her mare performance test and was successful in dressage competition. This noted damline has produced several licensed stallions, successful dressage horses and highly awarded mares. With an FN breeding dressage value of 142 points, Herzensdieb is in the top 10% of German dressage sires and was awarded the prestigious Elite Hengst title by the Trakehner Verband. Herzensdieb stamps his offspring with his elegant type, friendly personality and exceptional rideability. Daughters, Heartbreaker, Harriet and Helmi, have won honors at German mare shows, and Elfenzauber qualified for the Bundeschampionat for 6-year-old dressage horses. Licensed stallion, Herzenswunsch, was Southern Germany Champion, Horse of the Year and multiple Bundeschampionat finalist. Halley v.H and Hollywood L are successful Grand Prix competitors and Hannigan L at Prix St. Georges. Herzensdieb had the highest number of Gold Medal foals on the 2022 AHS inspection tour and had several highly praised Gold Medal and top foals, and Elite Mare Candidates during the 2023 tour.

His Highness was the undisputed Hanoverian licensing champion in 2002. Though he was in high demand as a breeding stallion, he began his dressage career under Klaus Balkenhol. At the Danish licensing in 2005, he was champion of the 4-year-old dressage stallions. In 2003, he was champion of his 30-day stallion test and his 70-day test, receiving the outstanding score of 149.24. His sire, Hohenstein I, named 2002 Trakehner Sire of the Year, was a Premium stallion at his licensing and reserve champion at his stallion performance test at Adelheidsdorf, receiving the highest dressage index of 148.29 of 52 stallions. His dam, SPS Daireen, was a multiple champion at breed shows. Her sire, Donnerhall, had incredible success as a breeding and sport stallion, earning two Gold medals at World championships and producing licensed sons and States Premium mares. His Highness stood at Hengststation Jens Meyer in Germany for only five seasons, leaving an indelible influence on Hanoverian breeding. His progeny include 16 licensed stallions, 69 State Premium mares, and an ever-increasing number of performers in upper level dressage. Fully approved Hanoverian stallion, Hampton, was reserve champion of his 70-day test and successful up to Intermediare I. Two other His Highness' sons, Hayden and Hampton, were finalists at the prestigious Nuremberg Burgpokal in Frankfurt. Happiness was reserve champion of the Herwart von der Decken Show. SPS Hila was champion mare of the Louis Wiegels Show. Owners of his offspring compliment their sweet temperaments, beautiful topline and extraordinary gaits.

An exciting addition for North American breeders, Iceman de Muze has an excellent performance record, proven pedigree and an exceptional production record. Iceman has an extensive FEI performance record under multiple riders through 1.60m. As a 6-year-old, he represented the Netherlands at the World Breeding Championships. Iceman continued to convincingly move up the levels, advancing to the CSI2* and CSI3* levels with top placings at premier shows across Europe. Imported to the U.S. in 2019, Iceman and Schuyler Riley took top placings at WEF, Devon, New York, Tryon and Lexington. In 2021, Iceman was paired with young rider, Elli Yeager, with great success at Grand Prix and U25 Grand Prix. Iceman's sire, Erco van't Roosakker, is an accomplished Grand Prix competitor with top finishes at the CSI5* level, Nations Cup teams, European championships and World Cup qualifiers. Erco combines the proven jumping blood of Darco and Kannan. Iceman's dam has an extensive competition record through the 1.45m jumpers and has produced three licensed stallions and multiple competition horses to her credit. Damsire, For Pleasure, was a medalist at the European championships, World Cup Finals and Olympics. Iceman has a limited number of offspring to date, but they're making their mark in the show ring with 13 FEI competitors to his record. Icen and HHS Ice Flo both competed at the World Breeding Championships, and Isla de Muze is competing at 1.60m. In North America, his offspring are showing successfully in the jumpers, hunters and equitation rings.

The eye-catching black stallion, Jayson, offers a pedigree filled with top performers that will catch any dressage breeder's attention. His sire, Johnson, had an impressive career including the World Equestrian Games, Olympics and European championships. As a sire, Johnson is proving equally impressive and currently is No. 1 in the world on the WBFSH Dressage Sire rankings, ahead of his sire, the influential stallion, Jazz, who has ranked in the top five of the WBFSH Dressage Sire rankings for more than 10 years. Jayson's dam, Zamora B, has already produced two approved sons and an Elite and Ster daughter. Zamora's oldest offspring, Esperanto, successfully moved up to Grand Prix in 2023, after winning the USDF Region 1 finals at Intermediare I in 2021. Zamora's sire is the revered stallion, Negro. An impressive FEI competitor himself, he has an incredible record for siring Grand Prix horses, including Olympic and World Cup champion, Valegro, and two-time World Young Horse champion, Kjento. Jayson convincingly won his NRPS Stallion Performance Test and went on to complete the KWPN Short-Term Performance Test, earning multiple scores of 8.0 or above and 9.0s for rideability and attitude. Jayson placed sixth in the PAVO Cup Finals in 2018 and 11th in 2019. He was also an alternate for the WBFSH Young Horse Championships. The KWPN recommends Jayson to breeders looking to add size, rideability and impulsion to the gaits. The performance careers of his offspring will be exciting to follow in the coming years.

Sonnenberg's Jersey is a black KWP stallion by the legendary Preferent stallion, Vivaldi. In 2023, Jersey ranked No. 1 in the U.S. at Prix St. Georges, averaging 73.6% and was U.S. national champion Developing Horse-Prix St. Georges with Sabine Schut-Kery. Jersey successfully passed his KWP performance test as a 3 year old, was the highlight of the KWP Stallion Select Sale, and purchased to be developed in sport by Stoeterij Turfhorst. Jersey's test scores included 7.5 walk, 8.0s trot and elasticity, 8.5s for posture and balance, rideability and talent, and 9.0 canter. Jersey was champion of the small final FEI WBFSH Young Horse Championships in 2021 and ZZ national champion with Kimberly Pap in 2022. Jersey's sire, Vivaldi, was reserve champion of his performance test, winner of the KWP finals (with a 10 trot), and showed internationally with success. Vivaldi produced 35 licensed sons and many internationally successful offspring. He shattered all records with a 2-year-old son at the 2019 Hanoverian auction, selling for £2.01 million. Jersey's dam is a highly predicated KWP mare, producing five offspring shown successfully up to Grand Prix. She is by Olympic Ferro, who earned team silver and was a European and World Cup finalist—adding a dash of Thoroughbred to the mix. Sonnenberg's Jersey, chosen for the 2024 Kundren USEF Dressage Development Program, is working toward Grand Prix with Schut-Kery. Piaffe and passage will be one of his highlights when he competes in the big tour.

FRANCISKA

KWPN
201001776
black
Elite, Preferent

This beautiful black stallion was designated Premium at the 2018 KWPN stallion show and finished third overall with 84 total points at the 2019 KWPN stallion performance test in Ermelo. In 2018, he finished fourth in the VSN Trophy Finals, a talent-spotting competition for 3-year-old dressage horses. In 2020, Kaiman was on the Dutch team's long list for the World Championships for Young Horses. With 8.5s on his trot, canter, elasticity, balance, rideability and talent as a dressage horse and an 8.0 on his walk, Kaiman demonstrates self-carriage, balance and suppleness in all three gaits. His walk is pure, active with good scope. His trot is supple with good cadence. He's known around the barn for his good attitude, kind nature and willingness to work. Kaiman comes from strong dressage bloodlines: sire, Dark Pleasure, was a successful small tour horse, carrying the Olympic genes of Ferro and Preferent, and dam is Elite, Preferent mare, Franciska, daughter of legend, Gribaldi and granddaughter of standout, Krack C—also known as an important damsire. Franciska is a full sister of small tour horse, Eye Catcher, and half-sister to Geronimo, who's competing at the ZZ-Zwaar level. The approved KWPN stallions, Redford and Foundation, come from the same family. With all that talent, Kaiman will add movement, suppleness, rideability and good character for your next dressage prospect. In 2021, he scored 81.4% in the Pavo Cup Semi-Finals for 6-year-old dressage horses, KWPN Championships. His son, Ohio, was licensed Oldenburg in Vechta in 2021.

Kastel's Nintendo is perhaps one of the most accomplished international Grand Prix stallions currently available with fresh semen in North America! Nintendo has represented the U.S. in international team competitions throughout his career, most notably the World Cup and seven Nations Cups teams. He enjoyed a long career, remaining sound into his retirement from international sport and passing his radiograph inspections with multiple registries. He possesses a lovely, kind temperament and a high propensity for collection, along with correct conformation.

International Grand Prix jumping stallion, King Kolibri, is named after his sire, Kolibri, and ancestor, King. Kolibri, called the "Landgraf of the East," is an important stallion in eastern Europe where he sired many respectable show jumpers. King Kolibri's dam, Atletica, won the final of the Toscana Tour for 7 year olds and participated at the European Championships in 2007. Atletica's sire, Libero H, is considered to be the most influential stallion of the past decade—both in show jumping and breeding. He received the Preferent Stallion award from 25% of his offspring competing at international levels. King Kolibri has since followed in the footsteps of his parents. He was described as a noble, elastic stallion with great potential for show jumping in Hannover. In the beginning of his career, Jos Lansink successfully piloted the stallion around many grand prix tracks. In 2011, he had top results including sixth place in the CSI5* Prix Europa in Aachen, seventh in the CSI5* Dublin Grand Prix, third in the CSI5* 1.50m in St. Gallen and 10th in the 1.45m CSI5* in Rome. King Kolibri was sold to American rider, Lauren Tisbo, in the fall of 2011, where he continued to shine. The pair's first top result together was a fifth-place finish in March 2012 in the \$500,000 CSI5* Grand Prix in Wellington, Florida. During 2013, the pair went on to have additional top finishes in Wellington, including a sixth-place finish in the CSI3* Grand Prix.

Kjento captured breeders' attention from a young age! His exceptional pedigree, attractive type, powerful gaits and exceptional rideability have consistently remained a highlight. Champion of his KWPN Stallion Test, Kjento earned no score less than 8.5, five scores of 9.0, and a 9.5 for his canter for an impressive total of 90 points. In 2019, he was reserve champion at the PAVO Cup Finals. From there, Kjento continued to rise to the top and has won the World Championships for Young Horses twice with wins as a 6- and 7-year old, earning scores of 10 on both occasions. Kjento is by the preferent stallion, Negro, proven sire of FEI Grand Prix horses. Kjento's dam competed through Z-level dressage, was third at the National Mare Show at 3 years old, and earned an impressive score of 90 at her IBOP. She has been an exceptional producer with two approved sons and five Ster/Elite daughters. Her sire, Jazz, was an international Grand Prix competitor and has one of the strongest records for siring FEI offspring. Kjento has been very popular with breeders and has had excellent fertility rates. His offspring show his beautiful type, good length of leg and expressive gaits. Kjento's oldest offspring were started under saddle in 2023, and some are already showing successfully. Kjento is an excellent choice for improving movement mechanics, impulsion, use of body with talent for the collected work. The character of his offspring has also been highly praised by the breeders.

L Primo DG was the 2022 West Coast Champion at the North American Stallion Sport Test (NASST) with a final score of 86.5. He also was reserve champion at Fourth Level for both the California Dressage Society and the USDF in 2023. L Primo scored 9.0 for conformation and 8.5 for gaits during his KWPN NA inspection. His offspring show very clean legs and good feet, and are very elastic movers, well proportioned and have good temperaments. His sire, Bordeaux, speaks for himself: he is well known for producing horses with very good rideability and potential for Grand Prix. His dam, Santina, has produced very good sport horses: four Keur mares with high scores in the performance test and two Grand Prix horses.

Lagoheidor is a rare combination—winning both his Keuring and stallion performance test, competing successfully at both international FEI show jumping and FEI dressage, and producing numerous international FEI jumping and dressage offspring. Lagoheidor was supreme champion stallion of the 1994 Oldenburg approvals. A year later, he dominated at the stallion performance test in Medingen, Germany, against tough competition with a score of 140.75 points. He won the total classification with equally high points in all criteria including achieving two perfect scores of 10 in jumping. Lagoheidor is a full brother to the approved stallions Landwerder and Landor S, who became the German National Champion of 6-year-old jumpers and best Oldenburger jumping sire in the world in 2010-2012 (WBFSH Ranking). Lagoheidor won his 2001 stallion class at Dressage at Devon before he and his owner/rider relocated back to Germany. They successfully competed in FEI dressage for six years in Europe, then returned to New Jersey to continue his breeding career and compete at the Grand Prix level. Lagoheidor has sired two approved stallions, Living and Lord Oldenburg—who was reserve champion at his stallion performance test in Germany and sold at the 2001 Elite Auction for DM200,000. Lagoheidor produces friendly, modern, true-to-type foals. His Grand Prix dressage son, Lonevan, trained by Ingrid Klimke, is listed on the FEI WBFSH World Ranking List as well as Shenandoah, and daughters, Penny Lane and Baloubetta Du Soleil, are on the jumping list. Lagoheidor was selected for the AHS Jumper Breeding Program (JBP).

Largo was honored as Horse of the Year in the Netherlands in 1979 and the Pacific Coast Horse Association Horse of the Year in 1985. He was the AGA top money-winning stallion in America in 1985 and 1986. Largo is a proven sire of world-class sport horses including Mirage, the 1992 NGPL Horse of the Year, winner of the \$100,000 Queen Elizabeth II Cup and the \$30,000 Grand Prix of Denver. Largo's daughter, Silhouette, was a FEI Nations Cup bronze medalist on the 1994 Canadian Equestrian Team and winner of the Victoria Grand Prix and the \$30,000 Thunderbird Grand Prix. Another daughter, Liebchen Mein, earned her Elite mare title in 1997 scoring an 8.0 on the jumping portion of the mare performance test.

Lord Adonis was raised and developed in Germany by renowned international Grand Prix jumper, Rene Tebbel. Tebbel presented him for licensing at the Oldenburg Hengst-Tage. Just two months after import, he attended the North American Stallion Sport Test where judges remarked, "Lord Adonis impressed because of his good type and his long legs...In jumping, his ability was especially impressive; in dressage, he received high rideability values." Highlights included: 9.0s for character, constitution, stadium jumping and free jumping and 8.5s for temperament, cross country and walk. His modern type, confident yet quiet demeanor, and versatile talents have him licensed with most studbooks. Sire Lordanos, a USEF Leading Jumping Sire successful in 1.40m and 1.50m classes for 11 years, has more than 34 offspring that jumped at the 1.60m level. Lordan/Lordanos won the Zoetis \$1 million Grand Prix at HITS Saugerties (NY) twice and was reserve a third time. Undeniable, by Lordanos, won the HITS/ Diamond Mills \$500,000 Hunter Prix in 2017. Damsire, Raphael, sired 1.60m jumpers and Grand Prix dressage horses, adding in nice movement to a big, beautiful jump. Lord Adonis offspring are consistently typey and amateur friendly, many started and shown by their owners. Lord Adonis son, Kanuck, won the free jump class at the Canadian Royal West with an 87. Ladicea (Lord Adonis/ Balou du Rouet) was USDF Sporthorse Horse of the Year Reserve Champion and Gold Medal recipient. Lord Adonis has many futurity champions and premium foals.

Bernstein's high-quality basic paces, excellent type and outstanding temperament instantly catch your attention. He is a model athlete with excellent neck conformation, great shoulder freedom, a strong back and a lot of power. The trot and canter are always uphill, and his clear walk offers excellent ground cover. Bernstein completed the Danish Warmblood 35-day stallion performance test, earning multiple scores of 8.0 and an 8.5 for capacity from his guest rider. In 2022, he added Hanoverian and Rhineland to his list of approvals. Bernstein's sire, Bonds, was named Oldenburg Champion Stallion in 2015 and earned impressive scores of 9.12 and 9.28 at his sport tests in 2017 and 2018. Bonds currently competes at advanced level and has nine licensed sons to his credit. Grandsire, Benicio, was a winner of the Bundeschampionat and developed into an accomplished FEI horse. He is highly regarded as a sire and highly ranked on both the German FN and Hanoverian Verband Dressage Sire Ranking lists. Bernstein's dam, Sunshine M, is by the influential stallion, Quaterback, who has numerous offspring competing internationally and is currently ranked No. 4 in the world on the WBFSH Dressage Sire Rankings. Sunshine M's damline is the exceptional Elfenblume line from Germany. The first Bernstein foals arrived in Europe in 2022 and were well received by breeders; they consistently show his beautiful type and expression. Bernstein's first breeding season in North America was very successful, with numerous breeders across the country expecting Bernstein foals.

Louisville was an early standout, winning the Colts of 2017 and the Dressage at Devon Foal Championship. At his stallion sport tests, Louisville earned strong scores each year, including highlights of 9.0 for his canter and rideability and an 8.5 for his trot. In 2022, Louisville was reserve champion for USDF All-Breeds at First Level, reserve champion at the USDF Region 1 Finals, and finished the year by winning the U.S. Dressage Finals. The 2023 show season saw Louisville confidently move up to Third Level, earning a median score of 71.5%, ranking first for the USDF All-Breeds Awards and earning a wildcard score for the U.S. Dressage Finals. Louisville's sire, Lord Leatherdale, sired multiple PAVO Cup winners, young horse world champions and international Grand Prix horses. Louisville's dam had a successful competition career that included USEF Intermediaire championships and Grand Prix wins. Her sire, Negro, is one of the most proven sires for producing Grand Prix offspring, including Valegro and Fendi T. Great-grandsire, Fruhling, was an advanced level show jumper whose influence is well established. The Lord Leatherdale-Negro combination is a particularly proven nick, which includes World Champion Glamourdale and Olympic medalist Everdale. The quality of Louisville's foals is apparent, with multiple Premium and Gold Medal foals to his credit. They're earning top ribbons at breed shows around the country. Louisville's offspring exhibit his expressive gaits, strong stamp on type, and outgoing personality. His first foal crop is being started under saddle in 2024.

Monterey was one of the most striking stallions at the 2018 Oldenburg stallion licensing in Vechta. Impressive in the arena, Monterey was revered with regard to his bloodlines and named Premium stallion, receiving cheers from the crowd. He is very rideable with a lot of charm and confidence, immaculate in his foundation and demonstrates amazing gaits. His sire, Morricone, was the Oldenburg Champion Stallion in 2014 and secured victory for the Oldenburg Main Premium in 2016. He won his stallion performance test and qualified for the German Championships with victories in competitions for young dressage horses. His dam, Special Diva, was German Champion in 2014 and won many dressage competitions at novice (A) and elementary (L) level. Monterey is half-brother to Total Diamond PS, owned by Helgstrand Dressage. Monterey's granddam, Die Minelli, has also produced stallions: Brillant (by Bretton Woods) was champion stallion of the Mecklenburg Licensing Days in 2014 and Decor Siebenstein (by Sir Donnerhall I)—selling for over €500,000 at the P.S.I. auction in 2011—was victorious in Intermediare II in the Netherlands. Fürst Diamond, by Fürst Romancier, was successful in the international small tour. His great grandsire, Diamond Hit, competed in international Grand Prix competitions with Emma Hindle (GBR) and produced more than 70 licensed stallions and 160 Premium mares. Monterey's first foal crop in the U.S. was a huge success, producing extremely typey, top moving, correct foals with very good temperaments. All of his foals inspected GOV went premium.

Nick of Diamond is a brilliant, young stallion with a future for the top world stage. Stunningly gorgeous, talent for the Grand Prix and the character of a true gentleman, Nick is already proving himself in the show ring in Wellington in 2022 in the 4-year-old Young Horse classes with scores of 88%. He was also 4-year-old champion at the KWPN-NA keuring with a whopping 83.5% for all of the U.S. and Canada! This is a major feat. Then in 2023, Nick won champion dressage stallion at the NA Stallion Sport Test at Hilltop Farm with a score of 86.5%. Nick's pedigree speaks loudly: his sire is Glock's Toto Jr. (Totilas/Desperados), one of only two North American stallions by him. Out of Diamant Heroique, a top producer of stallions and competition horses in Holland, her grandsires are Johnson/Gribaldi, and her dam has produced Grand Prix horses. Eyes are to the future for Nick with owner, Roxanne Christenson, as his trainer and main rider, with the help of Robert Dover on his exciting journey.

O'Frederic's pedigree is filled with Grand Prix talent—the first five stallions appearing in his pedigree competed through Grand Prix. O'Frederic's sire, For Romance I, is a two-time Oldenburg champion stallion and Grand Prix competitor. For Romance is a well-decorated competition horse with highlights including Bundeschampionat qualifier, Burg-Pokal Finalist and VTV Dressage Stallion of the Year. He has more than 60 approved stallions and numerous premium mares to his credit. O'Frederic's dam, Riana, is half sibling to the successful Grand Prix horse, Duke of Swing. Damsire, Fidertanz, is a Grand Prix competitor himself and has more than 400 offspring successful in sport, helping earn him the Hanoverian Stallion of the Year title in 2021 and a seventh place ranking on the WBFSH Dressage Sire Ranking for 2022. Further back in his pedigree, we find De Niro who was reserve champion of his performance test with a score of 141.93. De Niro had a wonderful sport career with more than 24 wins at S-Level and has been consistently ranked at the top of the WBFSH Dressage Sire Rankings for many years. O'Frederic completed his KWPN stallion performance test in 2022, earning scores of 9.0 for walk and rideability. Additional highlights included 8.5s for canter and talent as a dressage horse and 8.0 for trot and elasticity. In 2023, he competed in the competitive PAVO Cup Finals. He's a top choice for improving the walk and rideability with the arrival of his first foals in 2024.

Pedigree, performance and an incredibly proven record as a sire make Olivi a top contender for dressage breeders. Olivi was reserve champion of his KWPN stallion selection. His competition record includes placings in the PAVO Cup Finals, the French Young Rider Championships and the CDI Grand Prix level. Olivi's sire, Jazz, is one of the most significant sires in modern dressage breeding. An international competitor himself, Jazz has ranked in the top five of the WBFSH Dressage Sire Rankings for over 10 years and is the sire of international stars: Johnson, Parzival and Vancouver K. Olivi's dam descends from the famous Utopia mare line, one of Holland's prized mare families that produced famous stallions such as Vivaldi and Arko III. Olivi's damsire, Aktion, competed in the European Championships, World Equestrian Games and Olympics. Olivi's offspring have earned him the incredibly high dressage index of 175 and previously has been ranked No. 2 on the KWPN Sire Rankings and 18th on the WBFSH Dressage Sires list. He has sired many Keur/Elite daughters, two approved sons, and is the damsire for additional licensed stallions. His offspring are consistent winners from the Young Horse classes up through Grand Prix in both Europe and the U.S. In North America, his offspring are earning top placings in the USDF Horse of Year rankings and regional championships from breed shows through the FEI levels. To breed your next champion, start with a proven sire like Olivi.

Orbetello is bred for performance in international show jumping at the highest level. During his Oldenburg stallion licensing in Vechta, he scored the highest free-jumping score to date, received the honor of the 1c Premium designation and placed third among all stallions. At 4-years-old, during his 70-day stallion test in Munster-Handorf, Orbetello earned the exceptional score of 121.988. In September 2015, Orbetello was inspected and approved by the Belgian Sport Horse Studbook and received 9.5 for jumping, rideability, walk, canter, type and forelegs. At his American Hanoverian Society inspection in August 2021, he scored 9.0 for his head, neck and hindleg and 8.0 for conformation, typiness, frame, walk and canter—outstanding scores. In January 2023, he received the Belgian Warmblood (BWP) Elite stallion title for his show jumping performance record. Orbetello's sire, BWP Ambassador—Orlando, produces jumpers and breed champions. Heartbreaker, also in his sire line, is a Keur stallion and leader on the Dutch and Belgian jumping indexes, generating numerous upper-level jumpers (including the 2006 Belgian Stallion Selection Champion, Dulf Van Den Bisschop). On Orbetello's damline, the Holsteiner mare, Landkind, descends from Landgraf I by HLP Ladykiller XX, regarded as the most influential Thoroughbred stallion in German sport horse/jumping history. Orbetello proved his willing temperament and rideability excelling with international riders. With Margie Engle (USA), he earned the Winter Equestrian Festival 8-Year-Old Jumper Circuit Championship, then enjoyed success at 1.60m with Federico Sztyrle (ARG), Brianne Goutal-Martreau (USA) and Paul O'Shea (IRL).

From the breed show ring to the Grand Prix ring, Qredit has surpassed expectations each step of the way. He's been grand champion of Dressage at Devon, champion of his 70-day stallion test (earning ten scores of 9.0 or higher), reserve champion of the USEF Young Horse National Championships, two-time USDF Horse of the Year winner with many USDF All-Breeds titles, champion of the U.S. Dressage Finals, and winner of the Devon CDI4* Grand Prix and Freestyle. His pedigree is packed with Grand Prix dressage horses and includes jumping blood to offer versatility in breeding choices. Qredit's sire, Quaterback, was winner of the Bundeschampionat and competed to the FEI levels. Quaterback's record as a sire is his true highlight: ranking second on the WBFSH Dressage Sire Rankings. Qredit's dam comes from an exceptional mare family that has produced multiple licensed stallions and FEI horses. Damsire, Dream of Glory, competed to Grand Prix and sired licensed stallions, Bundeschampionat winners, high-priced auction offspring and many advanced-level dressage competitors. Qredit's offspring have won at Dressage at Devon, the USDF Breeders Series Championships and are frequent winners at inspections. From his early foal crops, Qennett HTF, Quinzy HTF and Quilana CF are shining at the FEI levels. Much like their sire, their versatility is also apparent with offspring winning in hunters, eventing and combined driving. Qredit crosses well on a variety of bloodlines and is a fantastic choice for adding suppleness and elasticity with clockwork rhythm.

Quidam Blue is an international grand prix jumper approved by the German Hanoverian Verband. He is a gem to have in the stable and a beautiful athlete who loves his work and his people. Quidam Blue started his show career by winning the 5-year-old Western Canadian Young Horse Championship. As a young head turner, he collected ribbons at venues such as Spruce Meadows (Canada) under his amateur rider, Beke Brinkmann, and played his way into the 1.30m division. In 2014, he quickly entered the 1.50m level with Olympic silver medalist, Jill Henselwood. Together their highlights include top-three finishes as part of the Canadian team at the Furusiyya FEI Nations Cup in Bratislava, Slovakia and the Wild Card SmartPak Grand Prix at Saugerties, New York, and winning the SynOil Energy Services CSI2* Cup at the Royal West in Calgary. He added numerous placings in the 1.60m level in the following years. During his own training, he always impressed his dressage and jumper coaches. Quidam Blue is known to pass on his natural ability for collection, clean gaits and a superb canter, with his offspring suiting both amateurs and professionals. Quidam Blue is the sire of the Champion Hanoverian Jumper Foal (Canada), the high-scoring filly of the Belgian Warmblood Association (North America) and the third-place jumper foal of all KWPN inspections in North America, just to name a few. His pedigree is filled with famous French, Holsteiner and Westfalen jumping bloodlines, including the names of Quidam de Revel, Landgraf I, Come On, Cantus, Pilot and Weinberg.

Rascalino completed the dressage portion of his Adelheidsdorf performance test with the knockout score of 153.37 and a jumping score of 103.56—making him the winner of the test with a final score of 149.29. He scored a 10 for trot and 9.0s for canter, walk and rideability and 8.0s for willingness and temperament. In fact, his respectable jumping score is probably a product of the Wedekind/Ferdinand and Wendekreis/Ferdinand that's in the background of the damsire, Velten Third. A further performance component is added through paternal grandsire, Rubinstein I, a line known for dressage excellence, but also with some talent at the jump. The sire of the second dam, World Cup III, ensures dressage excellence. Rascalino is a beautiful, elegant stallion with the best gaits and exceptional freedom of the shoulders, making his mark in modern dressage breeding in the hoofprints of his famous sire and grandsire. Rascalino is a proven breeding stallion with 15 licensed sons and 104 St.Pr. mares and ranks in the top 5% of the best dressage stallions in Germany with a breeding value index of 149.

Rassolini is a Grand Prix dressage stallion with wins and many placings. He was campaigned by Jan Ebeling, when owned by Ann Romney in a syndicate. As a 5-year-old, Rassolini placed fourth at the World Young Horse Championships and fourth in the Bundeschampionate Finals. He was also champion at the Nurnberger Burgpokal Finals at Prix St. Georges and a team silver medalist in the Young Rider championships with Christian Simonson. "I'm so thrilled and honored to have this opportunity with one of the best horses in the world," said Jan Ebeling in an interview with dressage-news.com, adding: "This is so exciting not only for us, but for dressage in America to have a horse of this quality." Rassolini has a solid R-line temperament and has offspring competing at Grand Prix. To read a more in-depth biography and book your mare to this super stallion, visit www.Eurequine.com.

Ribaldi delivers all his pedigree promises, with his dressage bloodlines on top and his jumper bloodlines on the bottom. Ribaldi has a huge heart and never says no to anything asked of him. Ribaldi is a very bold and talented jumper both in the ring and cross country. He is gifted with three super gaits with a particularly extravagant canter. Ribaldi has a very strong hind leg and would benefit many different types of mares. His first few crops of foals have won the title Best Young Horse multiple times. Ribaldi also was ranked No. 4 for the USEF hunter breeding stallion of the year in 2022. His sire, Rosenthal, was a leading producer of Premium foals of multiple breeds, adding both beauty and temperament. His offspring are simply stunning with beautiful conformation and excellent heads that catch the judges' eyes along with everyone else's. Rosenthal was ranked No.1 dressage breeding stallion in 2007 and then went on to be the No.1 hunter breeding stallion in 2017, 2018 and 2019. Ribaldi's grandsire, Totilas, earned three world records in the dressage arena along with three gold medals at the World Equestrian Games. He produced 28 licensed stallions and 36 Premium mares in his lifetime. Ribaldi ranked No. 3 in USEF Hunter Breeding Sires of the year for 2023.

Royal Prinz is an elegant, long-legged stallion that had a long FEI career, including CDI wins in Wellington, Tryon, Saugerties and San Juan Capistrano. He was the reserve champion of the USEF National Championships at Intermediaire; USDF All-Breeds Champion at Prix St. Georges; USDF All-Breeds Reserve Champion at Intermediaire I, and third in USDF Horse of the Year standings. Under several riders, he has proven his talent and consistency. Royal Prinz is sired by Royal Diamond, who earned attention as champion of his stallion performance test with an impressive 140 points overall and 150 points in dressage. He went on to win the Bundeschampionat and developed up to the Grand Prix level. Royal Diamond is a full-brother to Rohdiamant. Royal Prinz's damsire, Dream of Glory, has proven particularly influential as a damsire including as seen in CDI Grand Prix horse, Qredit Hilltop. Royal Prinz offspring have already succeeded well in dressage and eventing. From his earliest foal crop, the Oldenburg mare, Roma, won the 2022 USDF Region 7 Jr/YR Intermediaire I championship and was reserve champion in the USDF Horse of the Year for Jr/YR Intermediaire I. His foals very much impress with their type and high-quality movement across a variety of mares. He has multiple Premium and Gold Medal foals to his credit, as well as breed show winners. Royal Prinz's stamp is particularly evident in their impressive head/neck, overall expression and freedom of the shoulder.

Royal Tourmalet SPF, "Artie," is an excellent example of balanced conformation, pure gaits and power. He won the Dr. Robert Miller Memorial Perpetual Trophy as the Highest Scoring American-bred Stallion at the 2015 Dressage at Devon. Judges commented on his "walk's good use of topline with elasticity and swing"; "trot's good energy, suspension, cadence and ground cover"; and "modern type, attractive uphill build, well-set neck and well-angled hind leg." Artie possesses great presence and an unimpeachable temperament, and is producing foals with uphill builds, strong topline, powerful hind ends, pure gaits and wonderful temperaments. Royal Tourmalet SPF's career highlights include: 2023 Intermediare I scores to 75%; 2023 USEF Silver Stirrup Zone Champion Intermediare I and Intermediare I MFS-O; 2022 USEF Silver Stirrup National Grand Champion Prix St. Georges-O; 2022 USEF Silver Stirrup Zone champion at both Prix St. Georges-Open and Intermediare I-Open; 2020 USEF Silver Stirrup National Grand Champion Fourth Level-O; 2015 Dressage at Devon Born in the USA Champion Stallion; 2015 earned qualifying scores for the USEF National Young Horse Dressage Championships; 2015 USEF Silver Stirrup Zone Champion at both Training Level-O and Materiale; 2015 USEF Silver Stirrup Reserve National Grand Champion Training Level-O; 2015 NEDA Year-end Champion Materiale; 2014 Dressage at Devon Born in the USA Champion Materiale, 3-year-old stallions; 2014 USEF Silver Stirrup National Grand Champion Materiale and Reserve National Grand Champion Dressage Sport Horse Breeding (DSHB); 2014 USEF Silver Stirrup Zone champion in both Materiale and DSHB; and top foal at his 2011 AHS inspection.

At his 70-day stallion test, Rubinero was second in dressage with a score of 140+ points, finishing third overall. His character and rideability earned him perfect 10s. Rubinero qualified for the Bundeschampionat, was reserve champion at Rastede, and quickly rose to the advanced levels. Imported to the U.S. in 2013, Rubinero continued his winning ways, earning scores as high as 72.5% at Intermediaire I. He was the USDF Region 3 champion at Intermediaire and reserve champion at Prix St. Georges. His sire, Rubinstein, is a legend: more than 90 approved sons, over 140 States Premium daughters and offspring winning more than £2.5 million in competition. Rubinero's dam, Faola, passed her mare performance test with an overall score of 8.36, receiving a 9.0 for willingness to perform, canter, rideability and free jumping technique and a 10 for free jumping ability. She produced two licensed stallions, successful dressage horses, a 1.40m jumper, and is the granddam to a licensed stallion. With Ex Libris and Furioso in the mix, Rubinero offers a versatile pedigree. Year after year, breeders return to Rubinero for the type and outstanding temperaments he consistently produces. With a licensed stallion, States Premium mares and many Premium foals, Rubinero proves he produces consistent quality in his offspring. From young horse classes through the FEI levels, including competing at the World Equestrian Games and European Championships, Rubinero offspring shine. Their trainability, talent and jumping ability have proven them to be successful in the hunter ring as well.

At the 2020 Olympics in Tokyo, Sanceo earned the highest U.S. individual score and helped the team to a silver medal—the best team finish since 1948! Sanceo scored 81.596% in the Grand Prix Special, 78.416% for fifth in the individual test, and an impressive 84.300% for his emotive Grand Prix freestyle. Sabine Schut-Kery credits their success to Sanceo's desire to work for her and please. "He's there for me, and I really do feel we have an incredible partnership. He's sensitive, not over-reactive, he lets me guide him and be the leader," she said. Sanceo is one of the most decorated dressage stallions in North America today, achieving top marks with every goal set. Sanceo's type is gorgeous, balanced, leggy and harmonious, with a medium frame, correct legs and hooves. Sanceo's best attribute is his golden character: he's smart, sweet, calm, happy to work and learn. Sire, San Remo, is a leading dressage sire, eighth in the 2018 WBSH ranking and described as a modern dressage horse with quality movement, type, three outstanding gaits and a good nature. Sanceo's dam, SPS Rivera, is a Premium mare sired by Ramiro's Son II/Ramiro. Several of Sanceo's siblings are Premium mares, some have competed up to Intermediare I, and others jump up to 1.30m. Ramiro's Son II produced hard-working, sound, exquisite sport horses—many competing internationally. Sanceo's first foals are high quality in Europe and the U.S., earning several gold medals.

Sarkozy was licensed as a 2.5-year-old colt with the Oldenburg Society first, followed by the Hanoverian, Rhinelander, Westfalen and Mecklenburger Verband. He did his 30-day stallion performance test in Schlieckau in November 2008 and scored 9.01 for dressage and 6.88 for show jumping, finishing on a total of 8.03 points. Owned by Paul Schockemöhle, Sarkozy was first trained and competed by Anja Engelbart as a 4-year-old in 2009. A few months later, Eva Möller took over the ride and won the 2009 Hanoverian Young Horse Championships with him, followed by silver at the 2009 Bundeschampionate. In 2010, the pair was selected to represent Germany at the World Championships for Young Dressage Horses in Verden, where they placed 11th in the finals after ranking fifth in the preliminary round. At the Bundeschampionate a month later, they were fourth in the 5-year-old dressage horse finals.

ES Schroeder brings unique, world-class champion bloodlines to his FEI success and offspring, along with an easy character and trainability. Schroeder has competed to FEI Grand Prix dressage, and his offspring follow in his footsteps—being successful at Grand Prix dressage, hunters, breed shows and inspections. He's known for producing modern types, good topline, pretty heads, super rhythmic movers, leggy, tall, and correct conformation with characters perfect for the amateur. His sire, Sandro Hit, has been the No.1 sire of the WBFSH rankings, known for producing top Grand Prix horses, like Schroeder. Schroeder's dam, SPS Esmeralda, was the 2002 champion mare at the famous Louis-Wiegel Show and was named reserve champion of the Ratje-Niebulu Show in Germany. Schroeder's maternal grandsire, Escudo I, won his performance test and was the 6-year-old world jumping champion in Germany in 1997. We're glad to help you decide if Schroeder is a good fit for your mare and for your goals.

Serupgaards Cézanne is a black, 2019 Danish Warmblood stallion, bred in Denmark by Heidi Bickham. He was imported in 2021 and started in training with Willy Arts at DG Bar Ranch. He began his dressage career in 2023 with impressive results, qualifying for the USEF Festival of Champions 4-year-old developing horse competition, finishing fourth overall and winning his first class with a high point score of 88.8%—the highest score of the day. At the 2023 California Dressage Society championships, he won the 4-year-old dressage futurity class with a score of 78.4. In an interview after his win, Willy Arts described Cézanne as a very talented horse, a complete horse with good gaits, good character and good temperament. In October, he was presented at the West Coast North American Sport Stallion Test (NASST) in Solvang, California and won with a score of 8.76, including 9.0s for his trot and rideability. Cézanne was the overall winner of the 2023 NASST dressage competition with the highest score of all stallions, both east and west coast. Cézanne's competition results confirm his superb dressage aptitude as summed up by the following quote from a NASST KWPN judge, Floor Droge: "Cézanne is a well-developed stallion with three good gaits. He shows a remarkable natural balance, beautiful silhouette and top rideability. His trot is already adjustable and shows a lot of technique." Cézanne is licensed for the Hanoverian, Oldenberg, KWPN, Rineland, Westfalian and Danish stud books.

Sinatra Song is by one of the most legendary stallions in modern breeding: Sandro Hit, a German National Champion, World Champion of 6-year-old dressage horses and trained up to Grand Prix. Sinatra Song also has enjoyed many successes. In 2005, he was named Premium stallion and champion of his Hengste keuring. Sinatra was one of two 3-year-olds selected to represent the Hanoverian Verband at the Bundeschampionat. He finished in the reserve position and was the highest-scoring Hanoverian. He went directly to his 70-day test, scoring 121.14 points in dressage. Testing highlights include: 9s in character, temperament, walk, canter, gallop cross-country and jumping and 8.25 in rideability. Sinatra Song delivers what his pedigree promises. He has had numerous site champions, several foals named stallion prospects and some that were grand champion at breed shows.

This charismatic, handsome black stallion offers three high-quality gaits and is quickly building an impressive competition record. He has competed the last two years at the USEF Young Horse Championships and was ranked second at his stallion sport test with all categories earning an 8.5. In 2023, he ranked eighth nationally and first for All-Breeds awards in the FEI 5-year-olds, and was fifth nationally and second for All-Breeds at First Level with a median score of 75.81%. His walk is a true highlight, and it's anticipated he will add length of leg and an uphill frame to his foals, which will arrive in the spring of 2024. Sir Real is by the influential sire, Sir Donnerhall I, currently ranked No. 3 in the world on the WBFSH Dressage Sire Rankings. Sir Donnerhall has over 100 licensed sons, 200 premium mares and more than 200 offspring that have competed at the upper levels. Backing up the genetics of this line include the legendary stallions, Sandro Hit and Donnerhall, in a combination that was particularly effective and utilized with great success in breeding top dressage athletes. Sir Real's damsire, Fürst Heinrich, was champion of his 70-day test, reserve champion at Bundeschampionship Final and World Young Horse Champion as a 5-year-old. His influence in breeding is strongly felt with numerous state premium mares and over 40 approved sons. Sir Real's maternal granddam, Bella, has produced three licensed stallions, and grandsire, Brentano II, has sired top dressage horses.

Sternlicht immediately captures your attention with his stunning type and presence. He backs it up with an impressive show record that includes the USEF Young Horse Championships, many USDF regional championships, and winning the U.S. Dressage Finals three times to date. The 2023 season brought a reserve championship in the Intermediare Freestyle at regionals and a third place finish in the Intermediare Freestyle at the U.S. Dressage Finals. Sternlicht's sire, Soliman de Hus, was champion of his licensing and performance test, and competed to Grand Prix. He has many approved stallions and high-priced auction horses to his record. Grandsire, Sandro Hit, has ranked in the top 10 of the WBFSH Dressage Sire Rankings since 2012. Great-grandsire, Donnerhall, has created his own legacy as a top international Grand Prix horse and exceptional producer of dressage talent. Sternlicht's dam is an eighth generation Elite/SPS mare and has produced two licensed stallions. Sternlicht has sired Premium foals, inspection site champions, and USDF breed show winners. His oldest offspring are showing under saddle with multiple top 10 finishes at USDF regional championships and division championships in the hunter ring. In 2023, Starburszt SWF was the USDF Southwest Breeders Series Filly Champion. Sternlicht's positive contributions are adding length of leg, an uphill frame and a strong topline.

Toronto is a powerful bay stallion that descends from the jumping horse producer and successful competitor, Now or Never M, who is stationed in Holland. Toronto's scope and athleticism can certainly be attributed to his sire. Now or Never M has many approved sons and is well on his way to establishing his own line in Hanoverian breeding. He currently has a high breeding value of 152 points for jumping on the German FN's ranking system, showing to consistently improve the canter. Toronto's grandsire, Voltaire, a highly successful international show jumper, is a consistent sire of top-ranked jumpers with temperaments of gold. Toronto's damsire is Belisar, by Saros xx, a full brother to Swazi xx, the sire of the Trakehner stallion, Consul. Saros xx comes from a strong line of successful steeplechasers, race winners and sport horses. The Now or Never M nick with Belisar/Saros xx daughters has proven to be an undeniably successful cross, producing the approved stallions Valentino, Winston Uccello, Alchemist and Vallado, in addition to Toronto. At his performance test, Toronto won the jumping phase of the test with an outstanding overall 9.3, which could be expected because of his outstanding pedigree. He scored an impressive perfect 10 on cross-country, 9.0s for natural jumping ability and jumping manner, 8.83 for free jumping and 8.67 for jumping technique. He gained the following scores: 8.0s for character, temperament, willingness to perform, conformation and canter, 6.33 for trot and 7.67 for walk.

Utopie is an international show jumper with great rideability and a fantastic disposition. He was successful at 1.60m with Marc Houtzager (NL), Candice King, Nicole Bellissimo and Kirsten Coe. He won the stallion competition in 2006/07 and was the first KWPN stallion of his licensing class to debut in the 1.60m with two clean rounds. Despite his focus on showing, he was sixth on the KWPN list for leading sires of offspring jumping 1.30m or higher, following closely behind Heartbreaker, Mr. Blue and Cantos—with 27.9% competing above that level. Utopie, a light type with correct conformation, has 56.4% consolidated Thoroughbred performance blood, combining Ramiro (Ramzes A) blood on top with Thoroughbred blood from Dutch toppers Lucky Boy xx, Upper-cut xx and Tangelo xx and French blood from Calvados (Ibrahim AA) and Rigoletto (Ramzes AA). His sire Jacomar's 1.60m successes include third at the 2003 CSI05* Nations Cup in Dublin and first at the 2002 CSIO Grand Prix of Dublin. His dam, Pherma, competed at 1.60m, scoring 9.0 and 8.5 for her jumping on her IBOP. This line produced many grand prix jumpers. Granddam Cerna had five siblings jumping at the highest national level. Utopie was awarded KWPN top keuring sire, producing KWPN Star mares and several sons making it to the second and third round KWPN testing. In 2022, his offspring won the highest total in the U.S.—\$150,000 in winnings, making Utopie the top producer.

Velantis is an exciting choice for breeders. His pedigree is highly sought after in the European breeding scene. Horses carrying his lines show quality, ridability and are sold at record prices. In 2022, Vitalis and Floriscount produced numerous top licensing candidates and sales for several European breed societies. Besides the high scores and rapid ascent to top performance, the rideability and ease in which they adapt to their environment is unequaled, making these young horses fantastic for anyone to ride and own. Velantis is true to his pedigree—focused, intelligent and a quick learner no matter what is asked of him. In his debut season, Velantis received scores in the 70-80% range, winning both the California Dressage Society (CDS) and USDF Open Training Level Championship at the California Annual Show. This success was followed by his stallion licensing, scoring 8.0, 7.5, 8.0, 8.0, 8.0 with a 7.9 overall, ranking him in the top five in North America in 2022. Velantis defended both championship titles at the California Annual Show, earning blue ribbons for both CDS and USDF in the First Level Open division in 2023. Throughout the 2023 season, Velantis earned top scores as high as 87.5% in the FEI 5-year-old tests, making him a top qualifier for the Festival of Champions USDF's Young Horse National Championships. Velantis's numerous scores above 80% in the FEI classes fulfilled his performance requirements, granting him lifetime breeding approval. An exciting first foal crop is arriving in 2024.

Vilancio is a striking, first-class stallion in an impressive dark chocolate chestnut coat. Always supple with an irresistible look-at-me factor, Vilancio is 16.3h and possesses maximum balance in all three gaits, an attribute that he demonstrates under saddle. Vilancio completed his 30-day test with the key aspect on dressage with a total score of 9.23 (9.63 interior, 9.0 trot, 8.75 canter, 10 walk, 10 conformation and 9.25 rideability). His breeding history is mostly in Sweden (Flyinge Stud), with at least three licensed sons in Germany with Vilanciano (dam by San Amour I, LB Warendorf), Veuve Cliquot HS (dam by Stedinger) and Verlaine by Fidertanz. Vitalis has 33 licensed sons. Vilancio's dam's sire, Lancet, participated at two Olympic games. In Athens in 2004, he finished 11th individually with Imke Schellekens-Bartels, and in 2008 in Hong Kong, he finished sixth individually with Emma Hindle and second with the British team. In 2009, he once again earned team silver at the European Championships in Windsor. Vilancio has had many premium and Gold Medal foals since coming to North American. His son, Vitali (out of a Jazz Time mare), was Fourth Level champion and Prix St. Georges reserve champion at 2023 USDF Dressage Nationals in Kentucky with his AA owner/rider Bonnie Canter.

Warcloud is a Hanoverian stallion with good bone and medium frame. Warcloud received his Hanoverian and Oldenburg NA licenses as a 3-year-old, with high scores of all 8.0s for conformation, typiness, impulsion, elasticity and walk. On the same day as his licensing, Warcloud won the Cosequin Breeders' Championship in the 3-Year-Old Colts/Geldings division. Warcloud performed through Prix St. Georges with his owner. Warcloud's sire, licensing champion Wolkentanz I/Weltmeyer, is a prominent sire of successful dressage horses and was Bundeschampionat for 3-year-old stallions in Warendorf. Wolkentanz I garnered an impressive 140.53 points in dressage and 133.78 overall, second of 35 at his stallion test. By 2020, he had 575 successful Hanoverian offspring earning well over £600,000, with 47 of them competing at the highest national levels in Germany. Wolkentanz's breed values give him a Hanoverian dressage score of over 134, with an incredible 154 for correctness and 146 for limbs. His FN breed value (nationwide, all breeds) as a sire of competing dressage horses was 145! Warcloud's dam, EM Bollonne, was an Elite Hanoverian mare, a broodmare and shown in between having foals. Ballonne's daughter, Wardance—a full sibling to Warcloud, was also shown successfully through Prix St. Georges with her owner. Warcloud's career focus and success have taken his rider to Prix St. Georges, rather than breeding. Warcloud sired a limited number of progeny while competing who have done well in dressage with some winning hunter and equitation championships.

Designated as Premium at his 2000 stallion licensing, Widmark finished third overall at the 2001 Adelheidsdorf 70-day test, earning 9.0s for trot and canter. Widmark competed in Grand Prix dressage with his rider/owner Meg Williams in 2015. A true gentleman, Widmark stamps his get with looks, talent and temperament. His offspring have been successful in breed shows and dressage, as well as in the hunter ring, with both professional and amateur owners. Widmark foals have been named Top Foals at Hanoverian, Oldenburg and Swedish inspections, with many going on to win at several top breed shows in the U.S. EMC Wrazzle Dazzle was the top-scoring mare at the Oakwood Farms inspection, won the 4-year-old maiden mare class with an 80% at Dressage at Devon and was reserve champion mare. She also won the Dressage at Devon Perpetual trophy for the highest scoring Hanoverian. In 2013, Widmark daughters won or were reserve champions for the Dr. Hartwig Award, making him the only stallion to produce four winners. He has sired three Elite Mares and 24 Elite Mare Candidates. He has sired multiple American Hanoverian Society mare performance test winners and inspection mare winners. A Widmark daughter, Willow CBF, was champion at the Capital Challenge Horse Show in the Future Hunter Mare division and has won several show championships in the amateur/owner and First Year Green divisions. Not only has Widmark proven himself, his offspring are winning as well.

Hanoverian stallion, Worthy Opponent, is successful through advanced level eventing. He produces versatile offspring, successfully competing in dressage through Intermediare I and FEI events. Worthy Opponent was reserve champion of his 100-day stallion test, receiving comments on his incredible elasticity, adjustability and rideability. He scored an impressive 135.2 overall, with five 9.0s for character, temperament, canter, jumping and ability to work, earning him the high-scoring Hanoverian award and winner of the jumping portion. His owner successfully evented him through advanced level, earning the AHS Horse of the Year at Preliminary-Intermediate Level four times (2010-2014). Worthy Opponent's sire, Waikiki (Weltmeyer), was third of 33 in his stallion test with 143.08 for dressage—father and son share great talent and versatility. Dam, granddam and great granddam were all States Premium mares. Dam, Hoheit, earned her Premium title at the young age of 4, earning 9.0s in rideability and jumping. Hoheit is by Hohenstein, Trakehner Stallion of the Year, a refining stallion known for improving type and rideability. He was stallion test champion and successful to Grand Prix. Hoheits' damsire is Archipel, known for outstanding type and rideability. Worthy Opponent's multiple Premium foals and site champions show he passes on amazing necks in length and arch, strong topline and amazing movement. Successful offspring include 4* eventer, Whiskey Up, out of a Lavita dam; Worthy Aspirations (out of a Don Frederico dam) who competed at Prix St. Georges; Wred Baron, an Oldenburg gelding competing at Prix St. Georges; and many others.

DANNEBROG

Don Schufro/Donnerhall/Brentano II

Hanoverian, 16.1-1/2 hh,

VhW, AHS, ARS, GOV, KWPN-NA

Congratulations to Nat and Lynn Masin and Denali SDSF (Dannebrog/Rascalino/DeLaurentis). Denali SDSF won the 2023 USDF Traveling Trot Trophy, recognizing the highest median score of all Dressage Sport Horse Breeding champions with her score of 84.400%.

Dannebrog is ranked #2 in the 2023 USEF Leading Sires for Dressage Breeding.

Pangaea's newest stallion:

BLUE HORS FLORENT

Floriscourt/Desperados FRH/Lantham

Hanoverian, 17.1-3/4 hh,

WFPS N/N • Black

*Thank you for a successful season for Florent in 2023.
We are very excited to see his first U.S. foal crop in 2024!*

Florent was Reserve Champion stallion of his 50-Day Test in Adelheidsdorf, where he achieved very good grades, especially for rideability and willingness to perform, canter and overall impression. Florent's 8.5 for jumping makes him a good option for adding jump to your dressage horse! He is a stallion who continues to develop and excel with plenty of potential for the future.

VILANCIO

(Vitalis/Vivaldi/Lancet)

Oldenburg, 16.3 hh, GOV, VhW, AHS, ARS, KWPN-NA

Pangaea congratulates Bonnie Canter and Vitali (Vilancio/Jazz Time)

2023 USDF 4th Level Champion and

2023 USDF PSG Level Reserve Champions!

FEINRICH

(Fürst Heinrich/Florestan I/Sir Donnerhall I)

Oldenburg, 17 hh, VhW, AHS, ARS, IIV, GOV, Westfalen

We salute Fidelis QC (Feinrich/Scolari) bred by Quinten Alston of Quantico Sporthorses for winning a 2023 Born in the USA award and was crowned the 2023 Dressage at Devon Foal Champion.

Dannebrog, Feinrich, Florent and Vilancio are all proven producers of the highest quality dressage sport horses.

Each excelled in their individual stallion testings not only in quality of gait, but in temperament, rideability and trainability, which they pass to their offspring. Read about our stallions' successful offspring on Facebook at Pangaea Farm Stallions' Offspring.
