PRESIDENT'S MESSAGE

From the PRESIDENT

As we begin a new year, it's an ideal moment to reflect on how far the American Hanoverian Society has come and to look ahead with excitement to all that lies before us. Our Society stands on a foundation that reaches back to the rich traditions of horse breeding in 19th-century Germany. That legacy continues to guide us today, but we are equally committed to being a modern studbook that meets the needs of today's breeders, riders and owners of Hanoverian and Rhineland horses.

Over the past year, we've seen tremendous progress in advancing that mission. Both the Hanoverian and Rhineland studbooks have expanded to include an Annex Studbook (often referred to as Studbook II in other registries), offering greater flexibility in registration options, while maintaining our commitment to quality and integrity in breeding. The debut of the American Hanoverian Riding Pony Studbook also occurred in 2025, a long-awaited addition that has already attracted a wave of enthusiastic new members and supporters to our community.

Our breeders remain the heart of the Society, and the new Breeder of Excellence Awards are a long overdue way to recognize the dedication and achievement that span a lifetime of breeding. Every foal, mare and stallion featured in these pages is a reflection of your passion and persistence. It's that shared devotion that keeps the Hanoverian and Rhineland breeds thriving across North America.

Behind the scenes, we've made important strides to ensure the Society continues to evolve with the times. First, the ongoing database development is opening new possibilities for digital scoring, more robust reporting and streamlined office operations—

freeing our team to spend more time connecting with members and supporting your goals, rather than being buried in paperwork. Second, our social media and digital communications have reached new heights, creating a vibrant online community that celebrates the achievements of our horses and ponies and connects breeders, riders and enthusiasts across the equestrian world like never before.

Third, the dedication of our Editorial Committee, led by Caryn Vesperman, ensures the continued excellence of both this *Stallion Directory* and our spring *Awards Magazine*. Finally I also extend my deepest appreciation to our volunteers, site hosts, committee and board members, and the AHS Office staff; each of you plays an essential role in the Society's success.

As we look forward to the coming foaling and breeding seasons, excitement is building for our Annual Meeting and Symposium Feb. 21 at Haras Hacienda in Magnolia, Texas. (Thank you to the hard-working organizing committee!) This one-day event will feature USEF "S" dressage judge and retired international 5* FEI judge, Lilo Fore, who will lead an engaging symposium on training and development through the levels—an inspiring opportunity for all attendees!

Together, we honor the rich traditions that built our past, while embracing the innovation that will define our future. The American Hanoverian Society's strength lies in our shared commitment to our horses, breeding programs and one another as a community. I look forward to all we will achieve together in the year ahead. 🐾

Warm regards,

Natalie DiBerardinis

YOUNG HORSE PROGRAM: WHAT THE NUMBERS TELL US

By Sioban Byrne

Brittany Burson competed on her own Hanoverian gelding, Venturini (Vitalis x Ananda/Apache) in the 4-year-old Young Horse class at the U.S. Dressage Festival of Champions in 2025.
Photo by Susan Stickle

“Horses that compete in those classes never go beyond the Young Horse classes.”

“Horses that do well in those divisions don’t make it to Grand Prix.”

These are some statements I’ve heard regarding the Markel/USEF Young and Developing Horse Program. As a self-described nerd and a dressage trainer myself, I decided to dig into the data to see if these statements were actually true. Personally, I’m fairly neutral on these programs. My current Grand Prix horse wasn’t started under saddle until age five (in fact, he wasn’t even halter broke until he was four), so I’m a firm believer that there isn’t just one pathway to the FEI levels.

DO YOUNG HORSE COMPETITORS MAKE IT TO THE FEI LEVELS?

I collected data on horses that participated from 2002-2024, and narrowed my focus on a timeframe that would allow all participants to be old enough to compete at Grand Prix (2002-2020), a total of 555 horses.

I looked at the competitive record of each horse and considered them to have competed at FEI if they competed at any of the senior FEI levels (PSG, I-1, I-2, I-A, I-B, Grand Prix) at either a national show or CDI. Nearly 70% (69.5%) made it to FEI, 20.7% competed at the USEF levels, and only 9.7% never competed at any level other than a Young Horse division. Specifically, 27% of these horses (150) made

it to Grand Prix, with most averaging scores between 60-70%. For perspective, in 2024 only 9.2% (225 out of 2,456 horses) who met the requirements for a “Horse of the Year” ranking with the United States Dressage Federation (USDF) were competing at Grand Prix. Not every horse will be a Grand Prix horse, and even fewer will be competitive on an international stage.

OVERALL PLACING AND FEI COMPETITION

Are horses placing in the top half of their division versus the lower half more likely to make it to FEI? To answer this question, I looked at the overall placings of the horses that made it to the FEI levels, and used the median overall placing (7) as my dividing line. For horses that competed at the championships multiple years, I considered a horse to be in the top half group if it placed in the top half at least once.

The data show a correlation between placing and FEI achievement: 55.4% of horses that made it to the FEI levels placed in the top half of their division at the championships. A chi-square test of independence showed a significant relationship between a top half placing and competing at the FEI levels ($p = .01$).

When we look at horses that competed to Grand Prix (150 total), the correlation between a top half placing and level achievement is even stronger: 65.3% of these horses placed in the top half of their division. A chi-square test of independence showed a significant relationship between a top half placing and competing at the Grand Prix level ($p < .001$).

Champion of the 6-year-old Young Horse class at the 2025 U.S. Dressage Festival of Champions — and champion of the 5-year-olds in 2024 — was Deambulo PWD (Don Martillo x Franka/Fahrenheit), ridden by Petra Warlimont, with a final score of 83.88%.

OVERALL SCORE AND FEI ACHIEVEMENT FOR YOUNG HORSE DIVISION COMPETITORS

Does a higher overall score correlate with a horse making it to FEI? To answer this question, I separated FEI horses into two categories: those that had an overall score of 7.45 (the mean score across the dataset) or above, and those that scored below that threshold. If a horse competed at the championships more than once, I considered them to be in the 7.45 and above group, as long as one of their scores met that criteria.

Close to 60% of horses (59.1%) that made it to FEI achieved an overall score of 7.45 or higher. A chi-square test of independence showed no significant association between an overall score over 7.45 and competing at the FEI levels ($p = .05$). However, a higher overall score does correlate with a horse making it to Grand Prix—the highest FEI level: 66.7% of horses that made it to Grand Prix achieved an overall score of 7.45 or higher. A chi-square test of independence showed there was a significant association between an overall score over 7.45 and a horse going on to compete at Grand Prix ($p = .003$).

FORMER YOUNG HORSE COMPETITORS ON INTERNATIONAL TEAMS

As one purported aim of these championships is to identify horses that could represent the USA one day, I wanted to see how many horses had gone on to make an international team (Olympics, Paralympics, World Equestrian Games or Pan American Games). Five horses (0.9%) went on to become team horses: Sanceo, Lucky Strike, Grandioso, Selten HW (for Denmark), and Sancette (for Australia).

At the 2020 Olympics, Sanceo (San Remo x Rivera/Ramiro's Son II) and Sabine Schut-Kery were on the U.S. team, winning a Silver Medal. Among his young horse successes, Sanceo and Sabine represented the U.S. in the 6-year-old young horse classes at the 2012 FEI Dressage World Championships in Verden.

FINAL THOUGHTS

The Young and Developing Horse Program is certainly not the only path to success. One needs to consider the horse as an individual when deciding the path up the levels. There are horses who can handle the requirements of these tests without undue stress, and those whose development doesn't align with the requirements of the tests. Both types of horses can make it to FEI and be successful, up to the international Grand Prix level. Considering the horse as an individual is extremely important to avoid losing promising horses to burnout or injury, due to being pressed to conform to the Young and Developing Horse Program mold. 🐾

Apiro was the 2007 USDF Mid-States Region Champion Mature Stallion with scores to 87.4%. In 2008, he competed successfully in the regular working classes against the nation's top hunters. Apiro is a son of the legendary Argentinus, a successful advanced-level show jumper. Argentinus sired numerous approved sons, States Premium mares and became Germany's youngest millionaire, based on money won by his progeny. He was renowned for passing on his willing temperament to his offspring. Argentinus' sire, Argentan I, produced many approved sons and States Premium mares and was highly-regarded as a broodmare sire. From Argentinus' damsire, Duden II, come the dynamic movement and impulsion of Duellant. Apiro's dam, the States Premium mare, Pyrah, produced the States Premium mare, Airline; show jumpers Perle, Pandora and Power Girl; and Rocci Balboa, who has had success in young dressage horse classes. She also produced the approved stallion, River Phoenix, who won the Bavarian Championships and placed in the Bundeschampionat. Pyrah H is by the exceptional jumper sire, Pilot, the first show jumping stallion with progeny to earn DM1 million. Apiro's granddam, Ceda H, is by the Cyklon son, Cyrus. The Hanoverian-approved Trakehner, Cyklon, established a good jumper line and was regarded as a superior sport horse sire. Apiro is the sire of two approved stallions, Apiro's Boy and Appeal. His progeny are proving to be successful on the line as well as in the ring.

Branley Ash Nautilus is a talented pony stallion who has acquired an extensive sport record! He was a consistent competitor in-hand from his yearling year forward, earning top scores and placings, including winning the Pony Grand Championship at the prestigious Dressage at Devon in 2021. Nautilus returned to Devon in 2025, where he was named Reserve Stallion Champion and won the USDFBC East Coast Stallion Final. Partnered with Molly Maloney, Nautilus has been equally successful under saddle. He has been the USDFBC New England 4-Year-Old Materiale Champion, the USDF Region 8 Champion at First Level, and earned a fourth place at the US Dressage Finals. In 2025, he easily stepped up to Third Level, earning a third place in the USDF Region 8 Third Level Championship. Nautilus's pedigree highlights talent for the sport. His sire, FS Numero Uno, has been an exceptional producer with more than 70 approved sons and 73 premium mares. He has sired Bundeschampionat winners and has multiple International FEI Pony competitors to his credit. Nautilus's dam, an Elite Mare, has produced an Elite daughter, two licensed stallions, and is the maternal half-sibling to two licensed stallions. Damsire, Dornik B, was exceptionally successful in the dressage ring, winning the Bundeschampionat for four consecutive years and earning Individual Gold at the European Pony Championships three times. From the small number of Nautilus offspring produced in previous seasons, many are earning top finishes in-hand. The 2024 foal, Aphrodite, was winner of the USDFBC North East Foal Final with an impressive score of 81.9%. We look forward to seeing more Nautilus offspring in the show ring in the coming years!

Beltano was licensed in Verden, and at his 30-day Test (Schlieckau, Germany), he earned impressive rideability scores of 10 from both test riders as well as 9.0 for temperament, 8.75 for canter and 8.5 for trot. With these scores, Beltano placed second in the dressage phase with a total of 145 points. Beltano won several young horse championships, including the young horse championship of Bärnau and received the Golden Knopf award. He qualified for the 2014 Bundeschampionat, thus becoming fully licensed by the Hanoverian Verband. His sire, Belissimo M, has had a successful career, earning Bundeschampion for dressage horses and placed fifth in the World Young Horse Breeding Championships. Beltano's dam, SPS Heavenly, is a daughter of the celebrated Trakehner, Hohenstein I, of the legendary Donnerhall bloodline. Beltano was imported to the U.S. and is being developed as an international Grand Prix prospect by three-time Olympian, Guenter Seidel. In 2019, the pair debuted at the Adequan Global Dressage Festival (AGDF 3) in Wellington, placing second at the CDI1* Prix St. Georges with a 71.324%. Beltano returned to AGDF 5 and won the CDI1* Prix St. Georges (72.892%). They also were successful at Intermediare II at the 2022 AGDF and placed third in the USDF Dressage Horse of the Year. Beltano's foals in Germany were very successful at foal shows. They're tall with modern type and beautiful gaits, showing much promise as future dressage prospects. Two sons are also in training with Seidel, Benson Boy and Bogart who is at FEI PSG.

Descending from the ever-growing Bolero line, Black Tie shares a pedigree with greats such as Beauvalais, Brentina and Bonaparte, to name a few. His sire, Baroncelli, was the performance test winner in Münster Handorf, 2002 Best Stallion of the Year, fourth at the 2004 World Championships and is now consistently in the ribbons at Grand Prix. Black Tie's dam, SPS Regina by Raphael, was a successful jumper and is a member of the German Jumper Breeding Program. The influence of Ramiro contributes greatly to Raphael's prepotency for siring top horses of diverse abilities, including Ramina, Rockefeller, Raphaelo, Ravallo and Radiator. Raphael is also seen in many top hunter pedigrees in the damlines of approved stallions. Black Tie's first foals arrived in 2007, with his firstborn being named Top Colt at the Rolling Stone Farm AHS inspection, and a second colt repeating the honor in 2008. His first foal crop is now under saddle with son, Bugaboo TFH, pinning in the baby green divisions. In 2005, Black Tie successfully completed his performance test at Adelheidsdorf with 8.0s in character and jumping ability. In the U.S., Black Tie's first year as a hunter brought many successes with wins in the baby green divisions at HITS Ocala. He had an exceptional 2007-2008 season in Ocala, finishing up at the Spring Premier in Lexington, Virginia, competing in the pre-green hunters and consistently in the ribbons. His successes awarded him the American Hanoverian Society's Hunter of the Year award.

Candola is an imported Holsteiner, licensed in 2008, and appreciated at the stallion selection for his fine conformation, presence and good movement. With his superb canter, the stallion showed extreme balance, a very powerful jump and used his hind quarters very well. In his 70-day test in Munster Handorf, Candola showed his quality with a third place in class 1, with high notes for jumping and character. Competing up to 1.40m in Germany before his importation, he has been competing in North America up to 1.30m. His pedigree reads like the who's who in show jumping! Just about every sire in his pedigree competed up to 1.60m, and many in his damline also had exemplary jumping careers. Candola's sire is the world-famous stallion, Caruso. Caruso displayed his fantastic qualities, for example, in the German championships for young horses in Warendorf, earning a splendid third place in the finals of the 6-year-olds under Ulrich Kirchhoff in 2002. Caruso belongs to the most promising sporthorses of his generation. He has many placings in 1.50m and 1.60m classes and qualified for the Olympics in Qatar and Lummen. Caruso was at the Olympics as a team member for Saudi Arabia. With his superb temperament, outstanding jumping ability, form and can-do attitude, Candola D will make an exceptional cross for North American breeders.

Dannebrog is sired by legendary dressage stallion, Don Schufro, out of the outstanding dam, St.Pr. Byzantina—a very strong dam line. Dannebrog has a super temperament, improves topline and rideability. His foals tend to bear his trademark friendly disposition and high-quality movement. Bred for dressage, Dannebrog's well-rounded body type also produces a very pretty hunter-type horse when bred type to type. Dannebrog has produced licensed sons including Duran Duran (Florencio/Hohenstein), Diamant (x Fabriano) and ZFDP Premium Hengst Donaldson (x Worldly), plus States Premium daughters. His full sister, Diva Dannebrog, produced the Westphalian stallion licensing reserve champion. Dannebrog sired many AHS Gold Medal foals in 2023: Denali SDSF (out of a Rascalino/DeLaurentis mare), a USDF Horse of the Year-Current Year Filly Champion (84.40) who also won the USDF Traveling Trot Trophy, which recognizes the highest median score of all dressage sport horses. Dannebrog completed his 300-day stallion test at Adelheidsdorf in 2010, finishing third in dressage with an index of 135.74. His individual scores highlight his fantastic mind and overall high quality: 9.0s on walk, trot, character and rideability, 8.0s on canter, temperament, willingness to work and constitution. His test rider marks were equally good with no score under 8.0, including jumping course canter 8.0. This 300-day test highlighted his extraordinary character, fantastic rideability, and three supple and elastic gaits. Dannebrog has ranked in the top five USEF Dressage Breeding Sires since 2023, his first year of being recorded.

A pedigree aimed for the upper levels, three high-quality paces, and a superb character make Denmark a top young stallion. Denmark's first competition season included a trip to the U.S. Young Horse Championships, a fourth place ranking nationally for USEF 4-year olds, and highlight scores of 8.0 for walk and rideability at his Stallion Sport Test. Denmark easily stepped up to the FEI 5-Year-Old classes, earning an eighth place finish at the US Young Horse Championships and scored in the 70s in all First Level tests. In 2025, Denmark qualified for the FEI 6-Year-Old Championship and earned a 3rd place finish in the Third Level Freestyle Championship at US Dressage Finals. Denmark's sire, Desperado, was successful from FEI Young Horse tests to Grand Prix CDIs with scores as high as 85%. Desperado made a significant mark as a sire with many approved sons and multiple FEI competitors to his credit. Denmark's dam, Uforia, was a successful Grand Prix horse and exceptional producer including approved stallion-Louisville, a Premium daughter, and with her oldest offspring winning at the FEI levels. Damsire, Negro, is one of the most proven sires for his record of Grand Prix offspring. The quality of Denmark's first foals from a diverse selection of pedigrees and types shows excellent elasticity and quality of gaits, and the type shows an influence of the Vivaldi blood on his sire's side. Denmark has multiple AHS Gold Medal Foals to his credit and breeders have given us excellent feedback on their offspring.

In addition, dam, Ria Grande, also produced international Grand Prix mare, Daianira van de Helle. In 2013, Ria Grande was awarded the prestigious Hanoverian Mare of the Year title, one of five dressage mares ever to receive this coveted award from the Hanoverian Verband. Diesel's quality, temperament, work ethic and rideability have proven to be exceptional. Diesel has been highly competitive in sport with highlights including reserve champion USDF Horse of the Year at Second Level (median 73.485%) in 2017 and Fourth Level (median 72.389%) in 2018. Keystone Farms is excited to offer Ebony MSF (Loro Piana Ebony MSF) to breeders in both Canada and the US! This sporty stallion had a successful career competing in grand prix jumping with his amateur owner in both national and international competitions up to 1.55m. A son of the 1.60m stallion, Warrant (sire of Bezie Madden's top horse, Garant) and grandson of the mighty Numero Uno, Ebony is a rare maternal grandson of the historic stallion Jasper, who, as Little One, competed with Hugo Simon to the highest level of the sport. He is especially interesting for Holsteiner-bred mares who possess a high concentration of Capitol and Corde blood—you do not find any C-line breeding in his pedigree until Calando I in the seventh generation, which means this rare stallion has exactly one cross to Cor de la Bryere and no Capitol. He is a compact, modern-type stallion with sharp reflexes, a great mind and big heart. Ebony is also drop-dead gorgeous and an incredible mover with a flat kneed trot and lofty ground-covering canter, making him a great stallion to use on both hunter and jumper mares. He's a very sweet and laid-back stallion, and we feel incredibly lucky to have him in our barn. Ebony is available by the dose, as well as with a two-year live foal guarantee, and available to breeders seven days a week from April 1 to Oct. 1 with no show schedule impacting his availability.

The immensely charming Fabregas has produced many inspection and show champions in Germany, Great Britain, Canada and the United States. He consistently passes on correctness, typey looks, elasticity and beautiful gaits. Fabregas's pedigree speaks for itself. His sire, Florencio I, is undoubtedly one of the most interesting dressage sires on the European stage; damsire, De Niro, was a successful Grand Prix stallion and has been repeatedly ranked No. 1 in the WBFSH Dressage Sire Rankings. Fabregas himself has shown his value as a highly successful sport horse, winning at CDIs and small tour championships with scores in the 70s. His Grand Prix career began in 2019 in Canada and continued following his move to the U.S., where he has had multiple Grand Prix wins including the Region 2 Open Championship in 2021. While he is decidedly dressage bred, Fabregas loves to jump and possesses the necessary qualities for a hunter stallion as well. His offspring have excelled in North America, both in dressage and hunter rings. Notable offspring include Foo Fighter QC, Dressage at Devon champion foal 2021, and Felix, who returned from Dressage at Devon with top placings and scores in the 70s in 2023. Fabregas's correctness, elegance, rideability, and exceptional walk and canter make him a dressage stallion of a special class.

He became the crowd favorite with his spectacular performance, extravagant gaits, impressive jumping ability and willing temperament. Fairbanks completed his 30-day Test, placing third of 49 stallions with an overall score of 8.74. He repeated this success in 2011 at his 70-day Test as the only stallion to score over 100 in both jumping and dressage. His sire Flemmingh, a successful dressage stallion in the Netherlands, sired international dressage horses, Krack C and Lingh. Fairbanks' dam, SPS Identify, was highly praised at her mare performance test. Damsire Inselfürst won his stallion test and successfully showed in Advanced Level dressage. In 2011, Fairbanks' first foal crop in German represented himself: large, expressive foals with long lines, beautiful heads and necks, and outstanding movement. Fairbanks was awarded Premium due to his exceptional stallion test results, impressive foals and overall development as a top breeding stallion. This was remarkable as he was not breeding in the main Oldenburg region and had to stand up to strong competition for this award. He has sired many Elite/Premium foals: Flair Royal was twice French Young Horse Champion and hunter Fairly Luminescent was a Premium foal and site champion of a large Westfalen inspection. Imported to the U.S. in 2017, Fairbanks has rejuvenated interest in breeding versatile sport horses, producing a modern type and wonderful temperament for dressage, hunter and eventing.

FCF Oberons Vanity is an Arabian stallion, purposefully bred for sport horse traits. His pedigree is packed with old-fashioned CMK lineages known for producing athletic horses with high rideability, longevity and soundness. FCF Oberons Vanity is the highest scoring and highest placing Arabian-bred stallion to have ever completed the North American 70-day Stallion Performance Test where, as the only non-warmblood, he placed fifth out of 14. The German training director awarded FCF Oberons Vanity excellent scores including a 10 for character, 9.5 for constitution, 9.0s for willingness and rideability, 8.5s for cross country gallop and cross country jumping technique, and 8.0 for trot. He has competed successfully through Intermediare II at USDF shows in the open division in the highly competitive USDF Region 8 and was the Arabian 2020 USDF All-Breed Open Champion for Intermediare I. He was the reserve champion stallion on the American Trakehner Association's 2021 inspection tour. His rideability is further demonstrated through serving as a schoolmaster for students learning upper-level movements and competing one season with a young rider. FCF Oberons Vanity is siring foals with strong, balanced feet, good bone and substance, elastic gaits, classic elegance, exemplary character and willingness. He is heterozygous for gray and has sired chestnuts and bays. FCF Oberons Vanity is tested clear for SCID, CA, LFS, OAAM and FFS.

Feinrich was the winner of his 2015 licensing, completing his stallion performance test with flying colors. In 2018, he won young horse dressage competitions, qualified for the German championships, achieved top placings in Intermediare dressage with Brandi Roenick/USA and has been trained to a high level. To date, Feinrich has six licensed sons. He also is the sire of the 2021 Oldenburg champion and regional champion mare, Faraglioni OLD. Numerous youngsters from his first generations recorded victories and placings in young horse competitions including Fidelis QC (Feinrich x Scolari x Weltmeyer), bred by Quantico Sporthorses, and recipient of one of the 2023 Born in the USA awards and crowned Dressage at Devon Foal Champion. Feinrich's breeding is very special: his sire, Fürst Heinrich, the paternal line of the great Furioso II, is combined with that of probably the most important mare in modern Oldenburg breeding history—El.St. Gesina. Fürst Heinrich was champion stallion in 2001, winner of the main premium in 2002, World Champion of 5-year-old dressage horses in 2003 and produced more than 50 licensed stallions, including Fürstenball—licensing and main premium champion, German champion and elite sire, as well as Fürst Romancier, a main premium winner. His dam, El.St. Gesina, produced licensed sons: For Romance I OLD, For Romance II, For Romance III, Feinrich, Despacito, Don Romance, Face Time PS, Forever Romance, Fürst Donnerhall PS and Viva Romance PS. Feinrich is in full training with Tom Dvorak; his breeding schedule is dependent on his show calendar.

Fiti's desire to perform, compact size, and talent for collection, have allowed his amateur rider to easily develop him up the levels, consistently earning All-Breeds awards in both the Adult Amateur and Open divisions from Prix St. Georges through Grand Prix and successfully competing at the CDI level. At the 2021 US Dressage Finals, Fiti earned third and fourth place in the Grand Prix Freestyle AA Championship and Grand Prix AA Championship, respectively. At 20-years-old, Fiti made a clean sweep of the Region 3 Grand Prix AA and Grand Prix Freestyle Championship. A true testament to the breed's longevity and soundness, Fiti seems to keep getting better with time! Fiti AL has a natural talent for the collected work with piaffe, passage, and pirouettes seeming like a game for him. His compact size combined with elastic and supple movement give his rider a very good feeling. Fiti is intelligent, sensible, and an absolute pleasure to work around. Fiti AL is approved for breeding with the ANCCE and IALHA, and due to his competition record and quality, he became the first PRE to be approved by the Oldenburg Verband and the American Rhineland Studbook. His oldest offspring are now undersaddle and are showing their sire's intelligence and trainability. The PRE x warmblood crosses continue gaining interest around the globe, and Fiti appeals to both Iberian and warmblood breeders seeking an outcross for their breeding programs. A limited amount of frozen semen is available.

Glamourdale continues to captivate dressage breeders and riders alike! He won Individual and Team Bronze at the 2024 Paris Olympics, but that was hardly his first time in the spotlight. He was previously named Champion of his KWPN keuring, placed second at his Stallion Performance Test, and commandingly won the FEI World Championships for Young Horses. Seemingly unstoppable since their commanding win of the Team Silver and Individual Gold Medal in the Special and the Freestyle at 2022 FEI World Championships, Glamourdale and Charlotte Fry have continued to bring home top ribbons and impressive scores as high as 92%. Glamourdale's sire, Lord Leatherdale, was Reserve Champion of his Stallion Performance Test and a successful FEI competitor; as well as a sire of Olympic medalist, Everdale. His dam is half-sister to the approved stallion, Numberto, and has been an exceptional producer. Damsire, Negro, is a proven choice for producing Grand Prix horses, including the Olympic Gold Medalist, World Cup Winner, and World Equestrian Games Gold Medalist, Valegro. Glamourdale offspring have been selected for the World Breeding Championships for Young Horses, US National Young Horse Championships, PAVO Cup Finals, and many are now at the FEI levels. In the US, his offspring are winning USDF Breeders Series, Regional and National Championships, and earning top Horse of the Year rankings. Glamourdale has an impressive 37 approved sons and 45 elite mares to his credit. With power and scope to the movement, and a super character, Glamourdale offers the quality and name recognition dressage breeders are seeking.

Goldjunge, a stunning palomino pony stallion, was bred by Heiner Rohmann in Germany. He is the son of the famous Bundeschampion, Golden West (now standing in Australia), and his damsire is the legendary pony jumping stallion, Oösteinds Ricky. Goldjunge was licensed as a stallion and competed successfully in Germany. Purchased in December 2022 by Heidi Humphrey after competing successfully at the L level, Goldjunge was imported to Ashland Farm in Canada. He competed in the summer of 2023 in Canada, earning First and Second Level scores consistently over 70%. He has impressed many with his easygoing nature and wonderful movement. Goldjunge enjoys giving pony rides to children and loves to jump!

After only being in the U.S. for two weeks, Goldjunge won Pony Grand Champion and USDFBC North East Champion Stallion Champion at the 2023 NEDA Breed Show III with very positive comments from the judges. Goldjunge then went on to Devon where he was the 2023 Pony Stallion Champion, Mature Pony Champion, and Pony Grand Champion.

In 2024, he was Second Level Highpoint at GMHA Dressage Days I and II. In 2025, Goldjunge received his permanent pony card and competed successfully at Third Level, scoring into the 70s and winning all his performance classes. Judges admired his "masculinity" as well as his rideability and calm demeanor.

Gorgeous Latino is a black GLOCK's Toto Jr. son out of the highly successful Manda line from Stal Hexagon. Latino holds a Dutch record, earning 95 points during his approvals—the highest score ever given by the NRPS, and acing the stallion test, earning 8.25 with a junior rider. Edward Gal voiced why Dutch national Champion Toto Jr. is one of Totilas's most popular sons: "I have the feeling that Toto Jr. can be even better than sire, Totilas. In the walk, demonstrating outstanding ground cover, the trot and canter, his light-footedness, balance and strong uphill tendency are captivating. His nature is outstanding." Dam, Blackmanda, has three generations of mares that performed at the highest levels and produced Grand Prix horses and licensed stallions. Damsire, Dutch Champion Rubiquil, won gold at the European Championships. Latino and Sabine Schut-Kery earned 87.9% and subsequently 91.5% in the FEI 6-year-old test—the highest qualifying scores in the U.S. Representing the U.S. at the FEI/WBFSH Dressage World Breeding Championships in Ermelo, Netherlands, they placed fourth in the small final on the world stage. In 2022, 2023 and 2024, Latino was the highest-ranking U.S. FEI horse in his age group. In 2023, Latino was the seven-year-old dressage national champion. In 2024, Latino was the national Prix St. Georges champion, while his sire, Toto Jr., competed at the Olympics. Gorgeous Latino foals show quality and superb character and several have received the coveted Gold Medal Foal award. Latino's first offspring that are under saddle show quality and promise and have been easy to start.

His Highness was the undisputed Hanoverian licensing champion in 2002. Though he was in high demand as a breeding stallion, he began his dressage career under Klaus Balkenhol. At the Danish licensing in 2005, he was champion of the 4-year-old dressage stallions. In 2003, he was champion of his 30-day Stallion Test and his 70-day Test, receiving the outstanding score of 149.24. His sire, Hohenstein I, named 2002 Trakehner Sire of the Year, was a Premium stallion at his licensing and reserve champion at his stallion performance test at Adelheidsdorf, receiving the highest dressage index of 148.29 of 52 stallions. His dam, SPS Daireen, was a multiple champion at breed shows. Her sire, Donnerhall, had incredible success as a breeding and sport stallion, earning two Gold medals at World championships and producing licensed sons and States Premium mares. His Highness stood at Hengststation Jens Meyer in Germany for only five seasons, leaving an indelible influence on Hanoverian breeding. His progeny include 16 licensed stallions, 69 State Premium mares, and an ever-increasing number of performers in upper level dressage. Fully approved Hanoverian stallion, Hampton, was reserve champion of his 70-day Test and successful up to Intermediare I. Two other His Highness' sons, Hayden and Hampton, were finalists at the prestigious Nuremberg Burgpokal in Frankfurt. Happiness was reserve champion of the Herwart von der Decken Show. SPS Hila was champion mare of the Louis Wiegels Show. Owners of his offspring compliment their sweet temperaments, beautiful toelines and extraordinary gaits.

An excellent performance record, proven pedigree and exceptional production record make Iceman de Muze a top consideration. Iceman has an extensive FEI performance record under multiple riders through 1.60m. As a 6-year-old, he competed at the World Breeding Championships and advanced to CSI2* and CSI3* with top placings at premier shows across Europe. In the US, Iceman took top placings at WEF, Devon, New York, Tryon, and Lexington and, when paired with young rider Ellie Yeager, had great success at Grand Prix and U25 Grand Prix. Iceman's sire, Erco van't Roosakker, is an accomplished Grand Prix competitor with top finishes at the CSI5* level, Nations Cup teams, European Championships, and World Cup qualifiers. Erco combines the proven jumping blood of Darco and Kannan. Iceman's dam has a competition record through the 1.45m jumpers, produced three licensed stallions, and has multiple competition horses to her credit. Damsire, For Pleasure, was a medalist at the European Championships, World Cup Finals, and Olympics. Iceman descends from the great mare, Qerly Chin. Iceman produced a limited number of offspring early in his career before focusing solely on sport, but due to their quality and success, he was awarded the Elite title from the BWP. He has 13 FEI competitors to his record, Icen and HHS Ice Flo both competed at the World Breeding Championships, and Isla de Muze competed through 1.60m. In North America, we're seeing his offspring show successfully in the jumpers, hunters, and equitation rings and his foals have been well received at inspections with both Premium and Top Foals to his credit.

Indian Rock has an exceptional sport record, fashionable pedigree, and an exceptionally beautiful exterior. Indian Rock was Champion of his KWPN Stallion Licensing and completed his Stallion Performance Test, earning highlight scores of 9.0 for canter and 8.5s for posture and balance, and rideability, and attitude. Indian Rock's talent and reliability in the show ring put him on the international stage from a young age, with top placings at the World Championships for Young Horses, Nations Cup Competitions, World Cup qualifiers, the FEI World Championships, European Championships, and Paris Olympics under the guidance of Emmelie Scholtens. Partnered in 2025 with U.S. rider, Christian Simonson, Indian Rock convincingly won the U.S. Grand Prix National Championship. Indian Rock's sire, Apache, was an international Grand Prix stallion who competed at the World Equestrian Games and World Cup Finals. He has 28 approved sons and more than 60 FEI competitors to his credit, including two-time World Young Horse Champion Jovian, Adrienne Lyle's 2024 Olympic mount Helix, and Tokyo Olympic Bronze Medalist Gio. Indian Rock's damsire, Vivaldi, has established himself as one of the most popular dressage breeding lines in the world through sons such as Vitalis, Desperado and Dream Boy. Indian Rock's offspring have been well received by breeders and riders. The stunning type and elastic movement have resulted in Premium foals, licensed stallions, and Ster/Elite daughters. His oldest offspring are already winning at Medium level. Indian Rock is a top consideration for breeders seeking to add front, improve the canter, and add size.

With a pedigree packed with top performers, Jayson is sure to catch dressage breeder's attention. His sire, Johnson, had an impressive career, including the World Equestrian Games, Olympics and European Championships. Johnson's exceptional production record has earned him the coveted No. 1 ranking in the world on the WBFSH Dressage Sire rankings, ahead of his sire—the influential stallion, Jazz, who has ranked in the top five of the WBFSH Dressage Sire rankings for more than 10 years. Jayson's dam, Zamora B, has produced two approved sons, as well as an Elite and Ster daughter. Zamora's oldest offspring, Esperanto, successfully moved up to Grand Prix in 2023, after winning the USDF Region 1 Finals at Intermediate 1 in 2021. Zamora's sire is the revered stallion, Negro. An impressive FEI competitor himself, Negro has an incredible record for siring Grand Prix horses, including Olympic and World Cup Champion, Valegro, and two-time World Young Horse Champion, Kjento. Jayson convincingly won his NRPS Stallion Performance Test and went on to complete the KWPN Short-Term Performance Test, earning multiple scores of 8.0 or above and 9.0s for rideability and attitude. Jayson placed sixth in the PAVO Cup Finals in 2018 and 11th in 2019, and was an alternate for the WBFSH Young Horse Championships. In 2024 he made his CDI small tour debut with Charlotte Fry. His early foals have impressed in both Holland and the US with their modern type and strong movement. To add size, improve suppleness, strength, carriage and rideability, Jayson should be a top consideration.

Sonnenberg's Jersey is a fully approved KWPN stallion by the legendary Preferent stallion, Vivaldi. Jersey passed his KWPN performance test as a 3-year-old and was the highlight of the KWPN Stallion Select Sale, purchased for development by Stoeterij Turfhorst. Jersey's test scores included: 7.5 walk, 8.0 trot, 9.0 canter, 8.0 elasticity, 8.5 posture and balance, rideability and talent. Jersey was champion of the small final FEI WBFSH Young Horse Championships in 2021 and ZZ National Champion in 2022. Jersey's sire, Vivaldi, was reserve champion of his performance test; winner of the KWPN finals—scoring a 10 trot, and showed internationally with success. He produced 35 licensed sons and many internationally successful offspring. He shattered all records with a 2-year-old son at the 2019 Hanoverian auction, selling for 2.01 million euros. Jersey's dam—a highly predicated KWPN mare (Keur,Pref,Prest)—produced five offspring shown successfully at PSG/I1 and Grand Prix dressage. She is by Preferent Olympic Ferro—team silver, European and World Cup finalist, adding a dash of Thoroughbred to the mix. In 2023, Jersey ranked No. 1 in the U.S. at Prix St. George, averaging 73.6%, and was U.S. National Champion Developing Horse Prix St. Georges. In 2024, Jersey ranked No.1 in the U.S. showing in the small tour, and at Lamplight was the U.S. National Champion at Intermediare 1 with Sabine Schut-Kery. Piaffe and passage will be one of his highlights when he competes in the big tour.

This beautiful black stallion was designated Premium at the 2018 KWPN stallion show and finished third overall with 84 total points at the 2019 KWPN stallion performance test in Ermelo. In 2018, he finished fourth in the VSN Trophy Finals, a talent-spotting competition for 3-year-old dressage horses. In 2020, Kaiman was on the Dutch team's long list for the World Championships for Young Horses. In 2021, he scored 81.4% in the Pavo Cup Semi-Finals for 6-year-old dressage horses. In 2024, Kaiman competed at Fourth Level with scores in the 70s. With 8.5s on his trot, canter, elasticity, balance, rideability and talent as a dressage horse and an 8.0 on his walk, Kaiman demonstrates self-carriage, balance and suppleness in all three gaits. His walk is pure, active with good scope. His trot is supple with good cadence. He's known around the barn for his good attitude, kind nature and willingness to work. Kaiman comes from strong dressage bloodlines: sire, Dark Pleasure, was a successful small tour horse, carrying the Olympic genes of Ferro and Preferent, and dam is Elite, Preferent mare, Franciska, daughter of legend, Gribaldi and granddaughter of standout, Krack C—also known as an important damsire. Franciska is a full sister of small tour horse, Eye Catcher, and half-sister to Geronimo, who's competing at the ZZ-Zwaar level. The approved KWPN stallions, Redford and Foundation, come from the same family. With all that talent, Kaiman will add movement, suppleness, rideability and good character for your next dressage prospect. His son, Ohio, was licensed Oldenburg in Vechta in 2021.

King Kolibri is an internationally proven competitor with a noteworthy pedigree. His sire, Kolibri, called “Landgraf of the East,” is an important stallion in eastern Europe where he sired many show jumpers. King Kolibri’s dam, Fixdesign Athletica (Liberio H), won the final of the Toscana Tour for 7-year-olds and jumped up to 1.60m including in the 2007 European Championships. Athletica’s dam had a record through 1.50m and brings the blood of Pit I, Grannus and Argentinus. As a young stallion, King Kolibri, was described as a noble, elastic stallion with great show jumping potential. His career started with Olympian Jos Lansink who took King Kolibri to the 5* level with impressive results including sixth place in the CSI5* Prix Europa of Aachen, seventh in the CSI5* Dublin Grand Prix, and third in the CSI5* St Gallen Grand Prix. He was sold to American rider, Lauren Tisbo, in the fall of 2011. They had a successful career including fifth place in the \$500,000 CSI5* Grand Prix in Wellington, FL and fourth in the CSI5* Queens Cup at Spruce Meadows. He has produced jumpers with records through 1.60m—including 1.60m Bjorn H, 1.50m King Julio, 1.50m Katinka Dree Boeken, 1.45m Dean and 1.45m Lady Kolibri, and high-level eventers including Team Bronze Paris Olympics Medalist Cekatinka JRA, El Kolibri (CCI4*-L) and Etokwick (CCI4*-S). His offspring are easy to start, have good minds, balanced gaits and nice mouths. He’s an excellent option for high energy blood-type mares.

Kjento's pedigree, type, powerful gaits, and rideability have captivated breeders since his approval. He was named Champion of his KWPN Stallion Test, earning no score less than 8.5, five scores of 9.0, and a 9.5 for his canter. He finished as Reserve Champion at the PAVO Cup Finals, won the World Championships for Young Horses twice, and has been named the KWPN Stallion of the Year. The young stallion is now showing well at Prix St. Georges/Intermediare and is training all the Grand Prix work with ease. Kjento is by the preferent stallion, Negro, top sire of FEI Grand Prix horses. Kjento's dam competed through Z-level dressage, was third at the National Mare Show at 3 years old, and earned an impressive score of 90 at her IBOP. She has nine Ster/Elite daughters, three approved sons, and is the granddam to three approved stallions. Her sire was an international Grand Prix competitor with one of the strongest records in the world for siring FEI offspring. From Kjento's earliest foal crops, he already has multiple approved sons and elite daughters. His oldest offspring are winning PAVO Cup Qualifiers, stallion competitions, and earning top placings at the Bundeschampionate. In 2025, Pjethro finished as Reserve Champion in the PAVO Cup Finals for 5-Year Olds. Kjento is an excellent choice for improving movement mechanics, impulsion, use of body and talent for the collected work. His offspring show his beautiful type, good length of leg, expressive gaits and sensible character.

Lagoheidor is a rare combination—winning both his Keuring and stallion performance test, competing successfully at both international FEI show jumping and FEI dressage, and producing numerous international FEI jumping and dressage offspring. Lagoheidor was supreme champion stallion of the 1994 Oldenburg approvals. A year later, he dominated at the stallion performance test in Medingen, Germany, against tough competition with a score of 140.75 points. He won the total classification with equally high points in all criteria including achieving two perfect scores of 10 in jumping. Lagoheidor is a full brother to the approved stallions, Landwerder and Landor S, who became the German National Champion of 6-year-old jumpers and best Oldenburger jumping sire in the world in 2010-2012 (WBFSh Ranking). Lagoheidor won his 2001 stallion class at Dressage at Devon before he and his owner/rider relocated back to Germany. They successfully competed in FEI dressage for six years in Europe, then returned to New Jersey to continue his breeding career and compete at the Grand Prix level. Lagoheidor has sired two approved stallions, Living and Lord Oldenburg—who was reserve champion at his stallion performance test in Germany and sold at the 2001 Elite Auction for DM200,000. Lagoheidor produces friendly, modern, true-to-type foals. His Grand Prix dressage son, Lonevan, trained by Ingrid Klimke, is listed on the FEI WBFSh World Ranking List as well as Shenandoah, and daughters, Penny Lane and Baloubetta Du Soleil, are on the jumping list. Lagoheidor was selected for the AHS Jumper Breeding Program (JBP).

Lantanas' exquisite type and expressive gaits instantly capture attention. He received an excellent report at his KWPN Stallion Test, earning 8.0s or higher for all three gaits and praised for willingness to work, talent for dressage, and uphill balance. He's competed in stallion competitions and young horse classes, including earning a score of 81.4 points at the PAVO Cup Finals. His sire, Sir Donnerhall, has more than 100 approved sons, 221 States Premium daughters, Young Horse champions, and many Grand Prix CDI horses to his record. Sir Donnerhall has ranked as high as third on the WBFSh Dressage Sire Rankings and his sire, Sandro Hit, held a top ten placing for more than a decade. Sir Donnerhall's damsire, Donnerhall, has had an incredible impact on dressage breeding, and the Sandro Hit-Donnerhall combination has been an effective breeding nick. Lantanas is out of the Prestatie mare, Lantana V, who produced two licensed stallions, the Grand Prix mare, Vitana V, and is granddam of Grand Prix stallion Cennin. Her sire, Hemmingway, competed at the World Championships for Young Horses and through 1.40m in jumping. This jumping blood is important to infuse into dressage breeding, and Hemmingway sired offspring successful in multiple disciplines as befits his versatile Holsteiner roots. Lantana's influence on type and movement is seen in his offspring. His daughters in Holland were well received at IBOP tests in 2025, with Sivieta S and Santana both earning elite status and scores over 80. He already has two approved sons and 13 Ster mares to his credit.

Lord Adonis was raised and developed in Germany by renowned international grand prix jumper, Rene Tebbel. Tebbel presented him for licensing at the Oldenburg Hengst-Tage. Just two months after import, he attended the North American Stallion Sport Test where judges remarked, “Lord Adonis impressed because of his good type and his long legs...In jumping, his ability was especially impressive; in dressage, he received high rideability values.” Highlights included: 9.0s for character, constitution, stadium jumping and free jumping and 8.5s for temperament, cross country and walk. His modern type, confident yet quiet demeanor, and versatile talents have him licensed with most studbooks. Sire Lordanos, a USEF Leading Jumping Sire successful in 1.40m and 1.50m classes for 11 years, has more than 34 offspring that jumped at the 1.60m level. Lordan/Lordanos won the Zoetis \$1 million Grand Prix at HITS Saugerties (NY) twice and was reserve a third time. Undeniable, by Lordanos, won the HITS/ Diamond Mills \$500,000 Hunter Prix in 2017. Damsire, Raphael, sired 1.60m jumpers and Grand Prix dressage horses, adding in nice movement to a big, beautiful jump. Lord Adonis offspring are consistently typey and amateur friendly, many started and shown by their owners. Lord Adonis son, Kanuck, won the free jump class at the Canadian Royal West with an 87. Ladicea (Lord Adonis/Balou du Rouet) was USDF Sporthorse Horse of the Year Reserve Champion and Gold Medal recipient. Lord Adonis has several AHS futurity champions, Gold Medal and Premium foals. Monterey was one of the most striking stallions at the 2018 Oldenburg stallion licensing in Vechta. Impressive in the arena, Monterey was revered with regard to his bloodlines and named Premium stallion, receiving cheers from the crowd. He is very rideable with a lot of charm and confidence, immaculate in his foundation and demonstrates amazing gaits. His sire, Morricone, was the Oldenburg Champion Stallion in 2014 and secured victory for the Oldenburg Main Premium in 2016. He won his stallion performance test and qualified for the German Championships with victories in competitions for young dressage horses. His dam, Special Diva, was German Champion in 2014 and won many dressage competitions at novice (A) and elementary (L) level. Monterey is half-brother to Total Diamond PS, owned by Helgstrand Dressage. Monterey's granddam, Die Minelli, has also produced stallions: Brillant (by Bretton Woods) was champion stallion of the Mecklenburg Licensing Days in 2014 and Decor Siebenstein (by Sir Donnerhall I)—selling for over €500,000 at the P.S.I. auction in 2011—was victorious in Intermediare II in the Netherlands. Fürst Diamond, by Fürst Romancier, was successful in the international small tour. His great grandsire, Diamond Hit, competed in international Grand Prix competitions with Emma Hindle (GBR) and produced more than 70 licensed stallions and 160 Premium mares. Monterey's first foal crop in the U.S. was a huge success, producing extremely typey, top moving, correct foals with very good temperaments. All of his foals inspected GOV went premium.

A full-brother to the popular stallion Vitalis, My Vitality is a newly imported stallion with a tremendous future ahead of him! Sired by the Preferent stallion Vivaldi, producer of more than 70 approved stallions and nearly 50 Grand Prix offspring, the success of Vivaldi's offspring has earned him a top 15 ranking on the WBFSH Dressage Sire list for the last five years. The combination of Vivaldi with My Vitality's dam, Tolivia, has resulted in three licensed sons. Tolivia is by the Oldenburg stallion D-Day, winner of the dressage portion of his Stallion Performance Test and producer of Grand Prix dressage horses. Further back in her pedigree, we see the versatile blood of Argus who competed as both a Grand Prix show jumper and intermediate-level dressage horse. My Vitality was named a premium stallion at his Danish licensing in 2020 and continued on to become winner of his Stallion Performance Test, receiving impressive scores of 9.5 for rideability and canter, and a 9.0 for trot. In 2021, he won the Danish Young Horse Championships for 4-Year-Olds. He competed at the World Breeding Championships for Young Horses in both his 6- and 7-year-old years, earning 8th place in the 6-year-old final in 2023 and 12th place in the consolation final as a 7-year-old. My Vitality is now partnered with US Olympian Adrienne Lyle. His first foals arrived in 2021, and his early breedings have already produced two licensed sons, showing the consistency and production record of this impressive family line.

It's rare we see a pedigree as star studded as Nalegro's! Nalegro is sired by Olympic Games, World Equestrian Games and World Cup competitor, Painted Black, who was a standout at the FEI levels with a lengthy career at Grand Prix, including 27 career wins in FEI competition under two different riders. Painted Black has proven himself in breeding, with 16 approved sons and a number of Grand Prix offspring. Painted Black is by the influential stallion, Gribaldi, who has produced numerous FEI horses and notable sires, Totilas and Hofrat. Nalegro's dam is a full sibling to Valegro, the Olympic Games, World Equestrian Games and World Cup Champion. This same mareline includes the licensed stallions, U-Genius and Ilegro. Nalegro's damsire is the preferent stallion Negro, an impressive FEI competitor himself and a proven sire of FEI Grand Prix horses. Nalegro completed the KWPN Stallion Performance Test in 2021, where he finished as Reserve Champion overall. Nalegro's canter was a highlight, earning an impressive score of 9.0, and Nalegro earned no score less than 8.0, with scores of 8.5 for walk, trot, rideability, and talent as a dressage horse. Nalegro convincingly won the 2024 KWPN Stallion Competition Finals for 6-Year-Olds with a 10-point lead and scores of 9.0 for trot, canter, harmony, and general impression. In 2025, he easily transitioned from the young horse classes to the FEI ring with a successful debut at Prix St. Georges/Intermediare I. For performance-focused breeders, this young stallion has to be a standout.

Nick of Diamond is a brilliant, young stallion with a future for the top world stage. Stunningly gorgeous, talent for the Grand Prix and the character of a true gentleman, Nick is already proving himself in the show ring in Wellington in 2022 in the 4-year-old Young Horse classes with scores of 88%. He was also 4-year-old champion at the KWPN-NA keuring with a whopping 83.5% for all of the U.S. and Canada! This is a major feat. Then in 2023, Nick won champion dressage stallion at the NA Stallion Sport Test at Hilltop Farm with a score of 86.5%. Nick's pedigree speaks loudly: his sire is Glock's Toto Jr. (Totilas/Desperados), one of only two North American stallions by him. Toto Jr., a leading contender for the Dutch Olympic team in Paris 2024, delivered a strong performance under Hans Peter Minderhoud, earning a score of 72.644 and contributing to the team's fourth-place finish. Today, Nick's maternal grandsire line continues to shine, with Johnson (by Jazz) once again topping the WBFSH rankings and Totilas close behind in second. Out of Diamant Heroique, a top producer of stallions and competition horses in Holland, her grandsires are Johnson/Gribaldi, and her dam has produced Grand Prix horses. Eyes are to the future for Nick with owner, Roxanne Christenson, as his trainer and main rider, with the help of Robert Dover on his exciting journey.

Grandsire Heartbreaker, Keur stallion and leader on both Dutch and Belgian jumping indexes, produces upper-level jumpers and eventers. His damline, Holsteiner mare Landkind, descends from Landgraf I by Ladykiller xx—the most influential Thoroughbred stallion in German sporthorse history. Legendary Nimmerdor and Darco round out his exceptional pedigree. Orbetello impressed throughout his competitive years, retiring sound at age 18. With Margie Engle (USA), he earned the Winter Equestrian Festival 8-Year-Old Jumper Circuit Championship, then excelled at 1.60m with Federico Style (ARG), Brianne Goutal-Marteau (USA) and Paul O'Shea (IRE). Orbetello's proven lineage, impeccable temperament with competitive longevity and soundness, has strong appeal to breeders of warmblood and Thoroughbred mares. We look forward to following the success of his young and upcoming offspring in dressage, eventing and show jumping.

Rascalino completed the dressage portion of his Adelheidsdorf performance test with the knockout score of 153.37 and a jumping score of 103.56—making him the winner of the test with a final score of 149.29. He scored a 10 for trot and 9.0s for canter, walk and rideability and 8.0s for willingness and temperament. In fact, his respectable jumping score is probably a product of the Wedekind/Ferdinand and Wendekreis/Ferdinand that's in the background of the damsire, Velten Third. A further performance component is added through paternal grandsire, Rubinstein I, a line known for dressage excellence, but also with some talent at the jump. The sire of the second dam, World Cup III, ensures dressage excellence. Rascalino is a beautiful, elegant stallion with the best gaits and exceptional freedom of the shoulders, making his mark in modern dressage breeding in the hoofprints of his famous sire and grandsire. Rascalino is a proven breeding stallion with 15 licensed sons and 104 St.Pr. mares and ranks in the top 5% of the best dressage stallions in Germany with a breeding value index of 149. Many of Rascalino's offspring produced here in the U.S. end up as fancy hunters.

Renzo is another fantastic young stallion sired by Kjento! Champion of his KWPN Stallion Test, winner of the World Young Horse Championships twice, 2022 KWPN Horse of the Year, and now competing at FEI, Kjento has met each milestone in his career with remarkable success, and his oldest offspring are now following in his footsteps. The Kjento offspring are showing successfully under saddle with top placings in PAVO Cup qualifiers and at the Bundeschampionate. Damsire, Rousseau, was a Silver Medalist at the Young Horse Championships and has proven a top producer of dressage horses with 19 approved sons to his credit. Renzo is out of the Elite mare, Aronia, who has already produced the FEI horses, Indian Summer and Journalist. Grandsire, Saros, offers an infusion of versatile Thoroughbred blood and refinement. Renzo offers a lot of charisma, a harmonious exterior, and a pedigree with a bit of blood—the perfect combination for modern sporthorse breeding. At his performance test, he was praised for his natural balance, freedom in the shoulder, and attention to his work. In 2025, Renzo earned a sixth place finish at the competitive PAVO Cup Finals for 4-Year-Olds. Renzo's first foals arrived in Holland in 2025. Under the guidance of Van Olst Horses, we anticipate a bright future in both breeding and sport for this charming black stallion!

Ribaldi delivers all his pedigree promises, with his dressage bloodlines on top and his jumper bloodlines on the bottom. Ribaldi has a huge heart and never says no to anything asked of him. Ribaldi is a very bold and talented jumper both in the ring and cross country. He is gifted with three super gaits with a particularly extravagant canter. Ribaldi has a very strong hind leg and would benefit many different types of mares. His first few crops of foals have won the title, Best Young Horse, multiple times. Ribaldi also was ranked No. 4 for the USEF hunter breeding stallion of the year in 2022. His sire, Rosenthal, was a leading producer of Premium foals of multiple breeds, adding both beauty and temperament. His offspring are simply stunning with beautiful conformation and excellent heads that catch the judges' eyes along with everyone else's. Rosenthal was ranked No.1 dressage breeding stallion in 2007 and then went on to be the No.1 hunter breeding stallion in 2017, 2018 and 2019. Ribaldi's grandsire, Totilas, earned three world records in the dressage arena along with three gold medals at the World Equestrian Games. Royal Prinz is an elegant, long-legged stallion that had a long FEI career including CDI wins in Wellington, Tryon, Saugerties and San Juan Capistrano. He was the Reserve Champion of the USEF National Championships at Intermediaire, USDF All-Breeds Champion at Prix St. Georges, USDF All-Breeds Reserve Champion at Intermediaire I, and third in USDF Horse of the Year standings. Under several riders, he has proven his talent and consistency. Royal Prinz's sire, Royal Diamond, earned attention as Champion of his Stallion Performance Test with an impressive 140 points overall and 150 points in dressage. He went on to win the Bundeschampionat and developed up to the Grand Prix level. Royal Diamond is a full-brother to Rohdiamant. Royal Prinz's damsire, Dream of Glory, has proven particularly influential as a damsire, as seen in CDI Grand Prix horse, Qredit Hilltop. Royal Prinz offspring have already succeeded in dressage and eventing. From his earliest foal crop, the Oldenburg mare, Roma, has successfully competed at Prix St. Georges and Intermediate I with a junior rider, earning multiple USDF Regional Championships. The Royal Prinz daughter, Royal Prinzess SCF, won the 4-Year-Old Mare Materiale at the prestigious Dressage at Devon. His foals very much impress us with their type and high-quality movement across a variety of mares. He has multiple Premium and Gold Medal foals, as well as breed show winners. Royal Prinz's stamp is particularly evident in their impressive head/neck, overall expression, and freedom of the shoulder.

Salvino's rise to the top of sport started in the FEI Young Horse competitions, earning top placings in the 5 and 6-year-old classes with scores as high as 83%. After his importation, Salvino was paired with Adrienne Lyle who brought the stallion to great success competing Grand Prix internationally. His unmatched performance record includes representing the US at the World Cup Finals, finishing 6th individually at the 2022 World Equestrian Games in both the Grand Prix and the Freestyle, and earning a Team Silver Medal at the Tokyo Olympics. Salvino has also been the US Equestrian's International Horse of the Year. Salvino's sire, Sandro Hit, is one of the most influential sires of dressage breeding with more than 200 S-Level competitors, 190 approved sons, and 300 premium mares. Sandro Hit has maintained a top 10 position on the WBFSH Dressage Sire Rankings for the last ten years—with no less than 10 Olympic competitors to his record. Damsire, Donnerhall, is another exceptional producer for dressage with more than 100 Grand Prix competitors and 120 licensed sons. The combination of Sandro Hit and Donnerhall has proven to be an exceptionally successful breeding nick. Salvino's first foals arrived in 2025 and show his beautiful type, refinement, and gaits. From his first foal crop, Sazerac CF was the USDF East Coast Breeder Series Foal Reserve Champion with an impressive score of 82%. With his exceptional performance record and proven pedigree, we feel Salvino is a wonderful asset to breeders in North America.

At the 2020 Olympics in Tokyo, Sanceo earned the highest U.S. individual score and helped the team to a silver medal—the best team finish since 1948! Sanceo scored 81.596% in the Grand Prix Special, 78.416% for fifth in the individual test, and an impressive 84.300% for his emotive Grand Prix freestyle. Sabine Schut-Kery credits their success to Sanceo's desire to work for her and please. "He's there for me, and I really do feel we have an incredible partnership. He's sensitive, not over-reactive, he lets me guide him and be the leader," she said. Sanceo is one of the most decorated dressage stallions in North America today, achieving top marks with every goal set. Sanceo's type is gorgeous, balanced, leggy and harmonious, with a medium frame, correct legs and hooves. Sanceo's best attribute is his golden character: he's smart, sweet, calm, happy to work and learn. Sire, San Remo, is a leading dressage sire, eighth in the 2018 WBSH ranking and described as a modern dressage horse with quality movement, type, three outstanding gaits and a good nature. Sanceo's dam, SPS Rivera, is a Premium mare sired by Ramiro's Son II/Ramiro. Several of Sanceo's siblings are Premium mares, some have competed up to Intermediare I, and others jump up to 1.30m. Ramiro's Son II produced hard-working, sound, exquisite sport horses—many competing internationally. Sanceo's first foals are high quality in Europe and the U.S., earning several gold medals.

Secret's sensational son, Segreto 66, was presented the coveted Premium Award at the 2020 Verden licensing. The National Stud of Warendorf requested to buy him back the next day. It was a confirmation that he is an exceptional stallion to have in the U.S. He possesses the same elastic, uphill canter as his father, the extremely popular 2020 Bundeschampionate, Secret (Sezuan x St. Moritz x Rotspón). Secret is known for his outstanding type and three gaits of the highest quality, rectangular frame and sturdy joints. On the dam side, Stedinger, by Sandro Hit, is known for his modern type and incredibly agile, graceful offspring. Segreto 66 has a workmanlike, straightforward character and a wonderful temperament. He is developing into a powerhouse in a compact package. An extremely well-balanced agile sport horse, he achieved an 81.04% in his first materiale class. He received a 9.0 and "WOW!" for general impression, 8.5 for canter, 8.0 for trot and 8.2 for the walk. In addition, his quality has been further affirmed by his North American Stallion Sport Test at Hilltop Farm in 2024, where he was named champion stallion. Segreto 66 is fully approved with the American Hanoverian Society, Rhineland Studbook, Hanoverian Verband, Westfalen NA and Oldenburg NA. Segreto's first foals are already demonstrating remarkable promise, including an AHS Gold Medal Foal. His second crop, born this year, continues that standard of excellence, highlighted by 2025 Gold Medal Foal winner Supernova MS, and premium filly, Sina, receiving terrific comments from her judges with an 8.0 for quality of conformation and 8.5 for swing and elasticity!

Willy Arts described Cezanne as a very talented horse, a complete horse with good gaits, good character and good temperament. He was presented at NASST again in 2024 as a 5-year-old, scoring 86.0. “Cezanne is a well-developed stallion with three good gaits. He shows a remarkable natural balance, beautiful silhouette and a top rideability. His trot is already adjustable and shows a lot of technique,” said NASST KWPN judge, Floor Droge. His first foal arrived in 2025 with more on the way for 2026. In 2026 he will be competing in the Markel/USEF 7-year-old National Young Horse Dressage Championships.

Soho won the final qualification for 4-year-old stallions in Verden with a total score of 8.6 and placed third at the Verden Stallion Test. Imported in 2023 and new to competitions in the U.S., Soho's first year reflects his exceptional quality. In 2025, he competed at the Markel/USEF Young Horse Dressage National Championships in the 6-year-old division, earning scores in the 8s, solidifying his potential as an FEI dressage contender. At Region 1 regional championships, Soho won at Third Level, prevailing in a large, competitive class, and was awarded Reserve at the North American Stallion Sport Test. Soho is emerging as an exciting young sire, has numerous foals in Europe, most now 2 and 3 years old, and already showing great promise and quality. With his pedigree, temperament and performance, Soho has uncommon quality and distinction.

Solierè—a black Hanoverian stallion, bred and licensed in Germany in 2006—combines the modern brilliance of Sandro Hit with the proven influence of Donnerhall. His dam, Donatella, was an Elite Mare, and his granddam, Premium mare, St. Pr. Elfe, produced the stallion, Fidermark. Solierè's career began under German rider Eva Möller: winning two classes at the 2008 World Championships for Young Horses in Verden, claiming two victories at the Hanoverian Riding Horse Championships in Verden in 2010, and becoming Vice Champion at the Federal Championships in Warendorf with an 8.0 for trot and canter, 9.0 for conformation and 8.0 for overall presentation. Solierè and Möller won the Silver medal at the World Breeding Dressage Championships for Young Horses with a 9.12 and placed fifth in the Small Tour at the CDI Fritzens in 2014 with Borja Carrascosa Martinez. In the U.S. with Katherine Mathews, Solierè earned the 2020 Reserve National Championship at the Festival of Champions in the Young Rider division, scoring 70.809% and winning the Team test. In 2021, Kate and Solierè represented Team USA on the Young Rider European Tour in Germany, earning team and individual Bronze medals, and then won team Gold at the North American Youth Championships. Solierè has an exceptional temperament, three outstanding gaits and a natural talent for collection, yet remains one of the kindest and most personable horses in the barn.

Utopie is an international show jumper with great rideability and a fantastic disposition. He was successful at 1.60m with Marc Houtzager (NL), Candice King, Nicole Bellissimo and Kirsten Coe. He won the stallion competition in 2006/07 and was the first KWPN stallion of his licensing class to debut in the 1.60m with two clean rounds. Despite his focus on showing, he was sixth on the KWPN list for leading sires of offspring jumping 1.30m or higher, following closely behind Heartbreaker, Mr. Blue and Cantos—with 27.9% competing above that level. Utopie, a light type with correct conformation, has 56.4% consolidated Thoroughbred performance blood, combining Ramiro (Ramzes A) blood on top with Thoroughbred blood from Dutch toppers Lucky Boy xx, Uppercut xx and Tangelo xx and French blood from Calvados (Ibrahim AA) and Rigoletto (Ramzes AA). His sire Jacomar's 1.60m successes include third at the 2003 CSI05* Nations Cup in Dublin and first at the 2002 CSIO Grand Prix of Dublin. His dam, Pherna, competed at 1.60m, scoring 9.0 and 8.5 for her jumping on her IBOP. This line produced many grand prix jumpers. Granddam Cerna had five siblings jumping at the highest national level. Utopie was awarded KWPN top keuring sire, producing KWPN Star mares and several sons making it to the second and third round KWPN testing. In 2022, his offspring won the highest total in the U.S.—\$150,000 in winnings, making Utopie the top producer. Utopie also has produced several Gold Medal foals. Fresh available any day.

Valentino BF is a rising star from the 30+ years Branscomb Farm has had a breeding program in California. In his five-year-old year and showing lightly, this fourth generation Branscomb stallion achieved national championship status in both the show hunter and jumper disciplines, having been named Jumper Champion of the North American Sporthorse Stallion Test (NASST West) in 2024 and 2025 and qualified for the 2025 USEF Young Jumper Finals at Traverse City. More impressively, at the prestigious USHJA National Championships in Las Vegas this fall, against some of the best show hunters in the country, this youngest with the legendary John French aboard, claimed the win in the invitational USHJA National Open Hunter Derby Championships under the lights in the South Pointe Arena. Performing flawlessly all week, Valentino BF also took the 3'3" Green Hunter Division Championship, a win in the Classic, High Point Hunter of the week and, ultimately, Grand Hunter Championship of the show. Athletic, brave and intelligent, he shows a level of calm, cooperation and confidence well beyond his years. His first foal crop will be in 2026. He has excellent fresh and frozen semen available by private treaty, subject to competition schedule.

Warcloud is a Hanoverian stallion with good bone and medium frame. Warcloud received his Hanoverian and Oldenburg NA licenses as a 3-year-old, with high scores of all 8.0s for conformation, typiness, impulsion, elasticity and walk. On the same day as his licensing, Warcloud won the Cosequin Breeders' Championship in the 3-Year-Old Colts/Geldings division. Warcloud performed through Prix St. Georges with his owner. Warcloud's sire, licensing champion Wolkentanz I/Weltmeyer, is a prominent sire of successful dressage horses and was Bundeschampionat for 3-year-old stallions in Warendorf. Wolkentanz I garnered an impressive 140.53 points in dressage and 133.78 overall, second of 35 at his stallion test. By 2020, he had 575 successful Hanoverian offspring earning well over £600,000, with 47 of them competing at the highest national levels in Germany. Wolkentanz's breed values give him a Hanoverian dressage score of over 134, with an incredible 154 for correctness and 146 for limbs. His FN breed value (nationwide, all breeds) as a sire of competing dressage horses was 145! Warcloud's dam, EM Bollonne, was an Elite Hanoverian mare, a broodmare and shown in between having foals. Bollonne's daughter, Wardance—a full sibling to Warcloud, was also shown successfully through Prix St. Georges with her owner. Warcloud's career focus and success have taken his rider to Prix St. Georges, rather than breeding. Warcloud sired a limited number of progeny while competing who have done well in dressage with some winning hunter and equitation championships.
